COMMITTEE OF THE FULL BOARD: DISCUSSION
STATE BOARD OF EDUCATION: NO ACTION

SUMMARY: A public hearing before the State Board of Education (SBOE) is scheduled for Tuesday, April 5, 2022, in the William B. Travis Building, Room 1-104. Testimony will be presented regarding proposed new 19 Texas Administrative Code (TAC) Chapter 126, Texas Essential Knowledge and Skills for Technology Applications, Subchapter A, Elementary, §§126.1-126.3 and 126.8-126.10; and Subchapter B, Middle School, §§126.17-126.19. In accordance with SBOE operating procedures, oral testimony will be limited to two minutes per person.

STATUTORY AUTHORITY: Texas Education Code (TEC), §7.102(c)(4); and §28.002(a), (c), (c-3), and (z).

TEC, §7.102(c)(4), requires the SBOE to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.002(c), requires the SBOE to by rule identify the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

TEC, §28.002(c-3), requires the SBOE to include coding, computer programming, computational thinking, and cybersecurity in the Texas Essential Knowledge and Skills (TEKS) for technology applications for kindergarten through grade eight. This section also requires that, as needed, the SBOE review and revise the technology applications TEKS every five years to ensure that the standards are relevant to student education and align current or emerging professions.

TEC, §28.002(z), requires the SBOE to require each school district to incorporate instruction in digital citizenship into the district's curriculum, including information regarding the potential criminal consequences of cyberbullying.

The full text of statutory citations can be found in the statutory authority section of this agenda.

BACKGROUND INFORMATION AND JUSTIFICATION: In accordance with statutory requirements that the SBOE by rule identify the essential knowledge and skills of each subject in the required curriculum, the SBOE follows a board-approved cycle to review and revise the essential knowledge and skills for each subject. Technology applications is part of the required curriculum for
Kindergarten-Grade 8 only. In 2020, the SBOE approved the consolidation of the high school technology applications courses into the career and technical education (CTE) TEKS.

At the January 2021 meeting, SBOE members were asked to designate content advisors for the review and revision of the technology applications TEKS. Applications to serve on the TEKS review work groups were posted on the Texas Education Agency (TEA) website in March 2021. In April 2021, TEA distributed a survey to collect information from educators regarding the review and revision of the technology applications TEKS. TEA staff provided applications for the technology applications review work groups to SBOE members on a monthly basis from May 2021 to September 2021.

Technology applications TEKS review content advisor and work group meetings convened in 2021 were conducted virtually. In July 2021, technology applications TEKS review content advisors met virtually to develop consensus recommendations regarding revisions to the technology applications TEKS and met with representatives from Work Group A to discuss their recommendations. Also in July 2021, Work Group A convened to discuss the consensus recommendations, review survey results, and develop recommendations for how subsequent technology applications TEKS review work groups could address the feedback received. Work Group B was convened in September 2021 and was charged with developing recommendations for a new strand framework. The work group recommended six new strands and reorganized the current technology applications TEKS into the proposed new strands. Work Group C was convened in October 2021 to draft recommendations for student expectations for two of the strands in the proposed new strand framework. Work Group D was convened at the end of October 2021 to draft recommendations for the remaining four proposed new strands. The work group recommended eliminating one of the strands, which would reduce the original proposed strand framework to a total of five strands. Work Group E was convened for a virtual meeting in December 2021 to review the vertical alignment of the strands across all grade levels and to ensure the proposed new standards could be reasonably taught in an academic year. In December 2021, content advisors were sent the draft recommendations for review. A discussion item on the draft recommendations was presented to the board at the January 2022 SBOE meeting.

Proposed new 19 TAC §§126.1-126.3, §§126.8-126.10, and §§126.17-126.19 is presented for first reading and filing authorization as a separate item in this agenda.

COMMITTEE OF THE FULL BOARD: DISCUSSION
STATE BOARD OF EDUCATION: NO ACTION

SUMMARY: A public hearing before the State Board of Education (SBOE) is scheduled for Tuesday, April 5, 2022, in the William B. Travis Building, Room 1-104. Testimony will be presented regarding proposed new 19 Texas Administrative Code (TAC) Chapter 127, Texas Essential Knowledge and Skills for Career Development, Subchapter O, Science, Technology, Engineering, and Mathematics, §§127.788, Fundamentals of Computer Science (One Credit), Adopted 2022, §127.789, Computer Science I (One Credit), Adopted 2022, §127.790, Computer Science II (One Credit), Adopted 2022, and §127.791, Computer Science III (One Credit), Adopted 2022; §127.792, Foundations of Cybersecurity (One Credit), Adopted 2022, §127.793, Digital Forensics (One Credit), Adopted 2022, §127.794, Cybersecurity Capstone (One Credit), Adopted 2022. In accordance with SBOE operating procedures, oral testimony will be limited to two minutes per person.

STATUTORY AUTHORITY: Texas Education Code (TEC), §§7.102(c)(4); 28.002(a), (c), (c-3), and (f)(2); and 28.025(a), (c-1)(1) and (c-10).

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.002(c), requires the SBOE to by rule identify the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

TEC, §28.002(c-3), requires the SBOE to adopt rules for technology applications in kindergarten through grade 8 that include coding, computer programming, computational thinking, and cybersecurity.

TEC, §28.002(f)(2), requires the SBOE to approve courses in cybersecurity for credit for high school graduation.

TEC, §28.025(a), requires the SBOE to by rule determine the curriculum requirements for the foundation high school graduation program that are consistent with the required curriculum under TEC, §28.002, and to designate the specific courses in the foundation curriculum that are required under the foundation high school program.

TEC, §28.025(c-1)(1), establishes that an endorsement may be earned in science, technology, engineering, and mathematics (STEM), which includes courses related to science, including environmental science; technology, including computer science, cybersecurity, and computer coding; engineering; and advanced mathematics.

TEC, §28.025(c-10), requires the SBOE to adopt or select five technology applications courses on cybersecurity to be included in a cybersecurity pathway for the STEM endorsement.
The full text of statutory citations can be found in the statutory authority section of this agenda.

**BACKGROUND INFORMATION AND JUSTIFICATION:** The 85th Texas Legislature, Regular Session, 2017, passed House Bill (HB) 3593, requiring that the SBOE approve courses in cybersecurity for credit for high school graduation. The legislation also added cybersecurity and computer coding to the courses to be included in a STEM endorsement and required that the SBOE adopt or select five technology applications courses on cybersecurity to be included in a cybersecurity pathway for the STEM endorsement.

In August 2018, a committee of secondary and postsecondary educators and business and industry representatives was selected to develop recommended TEKS for new cybersecurity courses for the required pathway. In April 2019, the SBOE approved for second reading and final adoption TEKS for two new cybersecurity courses, Foundations of Cybersecurity and Cybersecurity Capstone. At the June 2019 meeting, the board approved revisions to the TEKS for the existing Digital Forensics course so that it would better align with the new pathway. In 2020, the SBOE approved the consolidation of the high school technology applications courses, which included these three courses, into the CTE TEKS. A discussion of proposed new TEKS for these STEM courses was presented to the board at the January 2022 SBOE meeting.

Proposed new 19 TAC §§127.788-127.794 is presented for first reading and filing authorization as a separate item in this agenda.

Public Hearing on Proposed New 19 TAC Chapter 113, Texas Essential Knowledge and Skills for Social Studies, Subchapter C, High School, §113.76, Personal Financial Literacy and Economics

April 5, 2022

COMMITTEE OF THE FULL BOARD: DISCUSSION
STATE BOARD OF EDUCATION: NO ACTION

SUMMARY: A public hearing before the State Board of Education (SBOE) is scheduled for Tuesday, April 5, 2022, in the William B. Travis Building, Room 1-104. Testimony will be presented regarding proposed new 19 Texas Administrative Code (TAC) Chapter 113, Texas Essential Knowledge and Skills for Social Studies, Subchapter C, High School, §113.76, Personal Financial Literacy and Economics (One-Half Credit), Adopted 2022. In accordance with SBOE operating procedures, oral testimony will be limited to two minutes per person.

STATUTORY AUTHORITY: Texas Education Code (TEC), §§7.102(c)(4), 28.002(a) and (c), and 28.025(b-1) and (b-22), as amended and added by SB 1063, 87th Texas Legislature, Regular Session, 2021.

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.002(c), requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

TEC, 28.025(b-1), as amended by SB 1063, 87th Texas Legislature, Regular Session, 2021, requires the SBOE to determine by rule specific courses for graduation under the foundation high school program.

TEC, 28.025(b-22), as added by SB 1063, 87th Texas Legislature, Regular Session, 2021, requires that in adopting TEKS for a personal financial literacy and economics course, the SBOE must ensure that the required curriculum allocates two-thirds of instruction time to instruction in personal financial literacy and one-third of instruction time to instruction in economics.

The full text of statutory citations can be found in the statutory authority section of this agenda.

BACKGROUND INFORMATION AND JUSTIFICATION: In accordance with statutory requirements that the SBOE by rule identify the essential knowledge and skills of each subject in the required curriculum, the SBOE follows a board-approved cycle to review and revise the essential knowledge and skills for each subject.

The 83rd Texas Legislature passed House Bill (HB) 2662, amending TEC, §28.0021, to require school districts and open-enrollment charter schools offering a high school program to provide a one-half credit elective course in personal financial literacy. In 2016, the SBOE adopted the proposed new personal financial literacy course. The course, 19 TAC §113.49, Personal Financial Literacy (One-Half Credit), Adopted 2016, was implemented beginning with the 2016-2017 school year.
In 2021, the 87th Texas Legislature passed SB 1063, amending TEC, §28.025, to add a one-half credit course in personal financial literacy and economics as an option to meet the one-half credit graduation requirement for economics under the Foundation High School Program. SB 1063 requires that the SBOE adopt TEKS for the personal financial literacy and economics course and that the required curriculum for the course allocate two-thirds of the instructional time to personal financial literacy and one-third of instructional time to economics.

A TEKS review work group convened twice in January 2022 and once in February 2022 to draft recommendations for the proposed new course. The work group's charge includes developing recommendations for revisions to §113.49, Personal Financial Literacy (One-Half Credit), Adopted 2016; §113.31, Economics with Emphasis on the Free Enterprise System and Its Benefits, High School (One-Half Credit), Adopted 2018, and §113.31, Economics Advanced Studies (One-Half Credit), which will be presented to the SBOE for discussion at a future meeting.

Proposed new 19 TAC §113.76 is presented for first reading and filing authorization as a separate item in this agenda.

(Second Reading and Final Adoption)

April 8, 2022

COMMITTEE OF THE FULL BOARD: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item presents for second reading and final adoption proposed amendments to 19 Texas Administrative Code (TAC) Chapter 74, Curriculum Requirements, Subchapter B, Graduation Requirements. The proposed amendments would update the high school graduation requirements to align with Senate Bill (SB) 369 and SB 1063, 87th Texas Legislature, Regular Session, 2021; update course titles; add new courses to satisfy specific graduation requirements; and make technical edits.

STATUTORY AUTHORITY: Texas Education Code (TEC), §§7.102(c)(4); 28.025(a), (b-1), as amended by SB 1063, 87th Texas Legislature, Regular Session, 2021, (b-3), (b-14), (b-17), (c), (c-1), (c-2), and (c-5); and 28.0256(a) and (b) and (d), as amended by SB 369, 87th Texas Legislature, Regular Session, 2021.

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.025(a), requires the SBOE to determine by rule the curriculum requirements for the foundation high school program that are consistent with the required curriculum and requires the SBOE to designate specific courses that are required for the foundation high school program.

TEC, §28.025(b-1), as amended by SB 1063, 87th Texas Legislature, Regular Session, 2021, requires the SBOE to determine by rule specific courses for graduation under the foundation high school program.

TEC, §28.025(b-3), requires the SBOE to approve a variety of advanced English, mathematics, and science courses that can be taken to fulfill the foundation high school program.

TEC, §28.025(b-14), requires the SBOE to allow a student receiving special education services to substitute the languages other than English requirement with two credits in English language arts, mathematics, science, or social studies or two credits in career and technology education, technology applications, or other academic electives.

TEC, §28.025(b-17), requires the SBOE to adopt rules that ensure a student who successfully completes an advanced career and technical education course, including a course that may lead to an industry-recognized credential or certificate or an associate degree may comply with elective requirements for graduation.

TEC, §28.025(c), requires that, in order to receive a high school diploma, a student must complete the curriculum requirements identified by the SBOE and comply with the financial aid application requirement in accordance with TEC, §28.0256.

TEC, §28.025(c-1), requires the SBOE to adopt rules regarding earning an endorsement.

TEC, §28.025(c-2), requires the SBOE to adopt rules for earning an endorsement that include four credits in mathematics and four credits in science.
TEC, §28.025(c-5), permits a student to earn a performance acknowledgment for outstanding performance in a dual credit course; in bilingualism and biliteracy; on a college advanced placement test or international baccalaureate examination; on an established, valid, reliable, and nationally norm-referenced preliminary college preparation assessment instrument used to measure a student's progress toward readiness for college and the workplace; or on an established, valid, reliable, and nationally norm-referenced assessment instrument used by colleges and universities as part of their undergraduate admissions process by satisfying the requirements for that acknowledgment adopted by the State Board of Education by rule.

TEC, §28.0256(a), requires each student to complete and submit a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA) before graduating from high school.

TEC, §28.0256(b), provides an exception to students to opt out of the financial aid application requirement under TEC, §28.0256(a), by submitting a form signed by a parent, guardian, or student aged 18 years old or older, that authorizes the student to decline to comply with the financial aid application graduation requirement. A high school counselor may also authorize a student to decline to comply with the financial aid application graduation requirement for good cause.

TEC, §28.0256(d), as amended by SB 369, 87th Texas Legislature, Regular Session, 2021, specifies that if a school counselor notifies a school district whether a student has complied with the requirement under TEC, §28.0256(a) or (b), the school counselor may only indicate whether the student has complied with this section and may not indicate the manner in which the student complied. A school counselor may not indicate that a student has not complied with the requirement if the school district or charter school fails to provide the form.

The full text of statutory citations can be found in the statutory authority section of this agenda.

EFFECTIVE DATE: The proposed effective date of the proposed amendments is August 1, 2022. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2022-2023 school year. The earlier effective date will allow districts of innovation that begin school prior to the statutorily required start date to implement the proposed rulemaking when they begin their school year.

PREVIOUS BOARD ACTION: At the January 2022 SBOE meeting, the board approved for first reading and filing authorization the proposed amendments to 19 TAC Chapter 74, Subchapter B.

BACKGROUND INFORMATION AND JUSTIFICATION: SB 369, 87th Texas Legislature, Regular Session, 2021, amended TEC, §28.0256(d), to specify that a school counselor may not indicate that a student has not complied with the financial aid requirement for high school graduation if the school district or open-enrollment charter school fails to provide an opt-out form to the student or the student's parent or other person standing in parental relation to the student. Section 74.11 would be updated to add the new statutory provision.

SB 1063, 87th Texas Legislature, Regular Session, 2021, amended TEC, §28.025(b-1), to add a personal financial literacy and economics course as an option to satisfy graduation requirements for social studies under the foundation high school program. Section 74.12 would be updated to add the new credit option.

At the November 2020 SBOE meeting, the board approved for second reading and final adoption 19 TAC Chapter 116, Texas Essential Knowledge and Skills for Physical Education. The effective date for the new Texas Essential Knowledge and Skills (TEKS) for physical education is August 1, 2022. The board approved the inclusion of new TEKS for three new high school physical education courses in Lifetime
Fitness and Wellness Pursuits, Lifetime Recreation and Outdoor Pursuits, and Skill-based Lifetime Activities that will replace Foundations of Personal Fitness, Adventure/Outdoor Education, Aerobic Activities, and Team or Individual Sports. Section 74.12 would be updated to add the new physical education courses to satisfy specific graduation requirements.

At the June 2021 SBOE meeting, the board approved for second reading and final adoption 19 TAC §112.51, Specialized Topics in Science, with an effective date of August 1, 2022. The board also amended the title of the Earth and Space Science course to Earth Systems Science. Section 74.12 and §74.13 would be updated to add the new course and update the course title to satisfy specific graduation requirements.

At the November 2021 SBOE meeting, the board approved for second reading and final adoption revised career and technical education (CTE) TEKS, which have historically been codified in 19 TAC Chapter 130. To accommodate the addition of these new courses and future courses, the SBOE took action to move the CTE TEKS in Chapter 130 to existing 19 TAC Chapter 127, Texas Essential Knowledge and Skills for Career Development, and to rename the chapter "Texas Essential Knowledge and Skills for Career Development and Career and Technical Education." The move of all CTE subchapters from Chapter 130 to Chapter 127 will take place over time as the TEKS in each subchapter are revised. In November 2021 the board gave final approval to new 19 TAC Chapter 127, Subchapters G, I, J, M, and O. At the January 2022 SBOE meeting, the board took action to repeal the associated subchapters from Chapter 130 and move the sections to Chapter 127. Section 74.11 and §74.13 would be updated to reflect the move of CTE TEKS from Chapter 130 to Chapter 127 as well as the proposed new title for Chapter 127.

Proposed amendments to 74.14 would update references to the College Board's student commendation programs, add a new college preparation assessment instrument, and adjust scores on all college preparation assessment instruments to ensure the scores on the different assessments are comparable. A student may earn a performance acknowledgment on the student's transcript for outstanding performance on an established, valid, reliable, and nationally norm-referenced preliminary college preparation assessment instrument used to measure a student's progress toward readiness for college and the workplace or on an established valid, reliable, and nationally norm-referenced assessment instrument used by colleges and universities. Section 74.14 would be amended to update references to two College Board programs and to adjust scores that would qualify for a performance acknowledgement to ensure all scores reflect outstanding performance.

Three changes are recommended since approved for first reading and filing authorization. It is recommended that the SBOE eliminate a reference in §74.12(b)(2)(A) to Robotics Programming and Design, a course that was repealed in 2020. Additionally, it is recommended that the term English learner be changed to emergent bilingual student in §74.14(b)(2) to align with recent changes in statute. Finally, it is recommended that the SBOE approve the correction of a typographical error in §74.14(d)(2) related to the composite score required on the ACT Aspire™ examination for a student to earn a performance acknowledgment. At its January 2022 meeting, the SBOE approved a score of 441. However, the proposal filed with the Texas Register specified a score of 41.

The attachment to this item reflects the text of proposed amendments to 19 TAC Chapter 74, Subchapter B, for consideration by the SBOE for second reading and final adoption.

(b) Beginning with students enrolled in Grade 12 during the 2021-2022 school year, each student in Grade 12 must complete and submit a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA) before graduating from high school.

(1) A student may graduate under the Foundation High School Program without completing a financial aid application if:

(A) the student's parent or other person standing in parental relation submits a signed form, approved by the Texas Education Agency (TEA), indicating that the parent or other person declines to complete and submit the application or authorizes the student to decline to complete and submit the financial aid application;

(B) the student signs and submits the form described by paragraph (1) of this subsection on the student's own behalf if the student is 18 years of age or older or has been emancipated under Texas Family Code, Chapter 31; or

(C) a school counselor authorizes the student to decline to complete and submit the financial aid application for good cause, as determined by the school counselor. [If a school counselor notifies a school district that a student has declined to complete and submit a financial aid application for good cause, the school counselor may not indicate details regarding what constitutes good cause.]

(2) A school counselor may not indicate that a student has not complied with this subsection if the school district or open-enrollment charter school fails to provide the form described by paragraph (1)(A) of this subsection to the student or the student's parent or guardian.

(c) A school district shall clearly indicate the distinguished level of achievement under the Foundation High School Program, an endorsement, and a performance acknowledgment on the transcript or academic achievement record (AAR) of a student who satisfies the applicable requirements.

COMMITTEE OF THE FULL BOARD: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item presents for second reading and final adoption the proposed repeal of 19 Texas Administrative Code (TAC) Chapter 120, Other Texas Essential Knowledge and Skills, Subchapter A, Character Traits, §120.1, Implementation of Texas Essential Knowledge and Skills for Positive Character Traits; and proposed amendments to §120.3, Texas Essential Knowledge and Skills for Positive Character Traits, Kindergarten-Grade 2, Adopted 2020; §120.5, Texas Essential Knowledge and Skills for Positive Character Traits, Grades 3-5, Adopted 2020; §120.7, Texas Essential Knowledge and Skills for Positive Character Traits, Grades 6-8, Adopted 2020; and §120.9, Texas Essential Knowledge and Skills for Positive Character Traits, Grades 9-12, Adopted 2020. The proposed revisions would update the standards for positive character traits to align with the requirements of Senate Bill (SB) 123, 87th Texas Legislature, Regular Session, 2021. No changes are recommended since approved for first reading.

STATUTORY AUTHORITY: Texas Education Code (TEC), §§7.102(c)(4); 28.002(a) and (c); and 29.906, as amended by SB 123, 87th Texas Legislature, Regular Session, 2021.

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.002(c), requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

TEC, §29.906, as amended by SB 123, 87th Texas Legislature, Regular Session, 2021, requires the SBOE to integrate positive character traits and personal skills into the essential knowledge and skills adopted for Kindergarten-Grade 12, as appropriate.

The full text of statutory citations can be found in the statutory authority section of this agenda.

EFFECTIVE DATE: The proposed effective date of the proposed revisions is August 1, 2022. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2022-2023 school year. The earlier effective date will allow districts of innovation that begin school prior to the statutorily required start date to implement the proposed rulemaking when they begin their school year.

PREVIOUS BOARD ACTION: The SBOE adopted the TEKS for positive character traits effective August 1, 2019, for implementation beginning with the 2021-2022 school year. A discussion item on the proposed revisions to Chapter 120, Subchapter A, was presented to the Committee of the Full Board at the November 2021 SBOE meeting. The board approved the proposed revisions for first reading and filing authorization at its January 2022 meeting.
BACKGROUND INFORMATION AND JUSTIFICATION: In 2019, the 86th Texas Legislature passed House Bill 1026, requiring the SBOE to integrate positive character traits into the essential knowledge and skills adopted for Kindergarten-Grade 12, as appropriate. The legislation required the SBOE to include the following positive character education traits in the standards: courage; trustworthiness, including honesty, reliability, punctuality, and loyalty; integrity; respect and courtesy; responsibility, including accountability, diligence, perseverance, and self-control; fairness, including justice and freedom from prejudice; caring, including kindness, empathy, compassion, consideration, patience, generosity, and charity; good citizenship, including patriotism, concern for the common good and the community, and respect for authority and the law; school pride; and gratitude. The legislation also required school districts and open-enrollment charter schools to adopt a character education program that includes the required positive character traits. At the January 2020 SBOE meeting, a discussion item on character traits instruction was presented to the Committee of the Full Board. The committee requested that staff prepare a proposal to add essential knowledge and skills for positive character traits as a new chapter in the TAC. The SBOE adopted the TEKS for positive character traits effective August 1, 2019. The new TEKS were implemented beginning with the 2021-2022 school year.

The 87th Texas Legislature, Regular Session, 2021, passed SB 123, which required the SBOE to add personal skills to the TEKS for positive character traits. The legislation added responsible decision-making skills, interpersonal skills, and self-management skills to the required topics to be addressed in the standards.

The proposed amendments to §§120.3, 120.5, 120.7, and 120.9 would add the required new topics to the TEKS for positive character traits in Kindergarten-Grade 12. The changes are proposed to be implemented beginning with the 2022-2023 school year.

In addition, §120.1, which contains implementation language for the subchapter, is proposed for repeal. Implementation language would be added as new subsection (a) for each course.

No changes are recommended since approved for first reading.

FISCAL IMPACT: No changes have been made to this section since published as proposed.

The TEA has determined that there are no additional costs to state or local government required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: No changes have been made to this section since published as proposed.

The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: No changes have been made to this section since published as proposed.

The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: No changes have been made to this section since published as proposed.
The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

**TAKINGS IMPACT ASSESSMENT:** No changes have been made to this section since published as proposed.

The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

**GOVERNMENT GROWTH IMPACT:** No changes have been made to this section since published as proposed.

TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. The proposed rulemaking would expand existing regulations by updating the standards for positive character traits to align with the requirements of SB 123, 87th Texas Legislature, Regular Session, 2021, and adding implementation language to each course. The proposed rulemaking would also repeal an existing regulation by removing separate implementation language in §120.1.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not limit an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

**PUBLIC BENEFIT AND COST TO PERSONS:** No changes have been made to this section since published as proposed.

The proposal would update the standards for positive character traits to align with statute. There is no anticipated economic cost to persons who are required to comply with the proposal.

**DATA AND REPORTING IMPACT:** No changes have been made to this section since published as proposed.

The proposal would have no new data and reporting impact.

**PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS:** No changes have been made to this section since published as proposed.

The TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

**PUBLIC COMMENTS:** Following the January 2022 SBOE meeting, notice of proposed revisions to 19 TAC Chapter 120, Subchapter A, was filed with the Texas Register, initiating the public comment period. The public comment period began February 25, 2022, and ended at 5:00 p.m. on April 1, 2022. No comments had been received at the time this item was prepared. A summary of public comments received will be provided to the SBOE prior to and during the April 2022 meeting. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in April 2022 in accordance with the SBOE board operating policies and procedures.

The character traits and personal skills reflect positive beliefs, attitudes, and mindsets; provide opportunities for self-reflection; and permit students to apply effective strategies to make decisions, solve problems, and behave responsibly.

(2) The standards for positive character traits and personal skills are comprised of four strands: trustworthiness, responsibility, caring, and citizenship. Each strand consists of the following character traits and personal skills.

(A) Trustworthiness: honesty, [loyalty,] integrity, loyalty, punctuality, and reliability [and punctuality].

(B) Responsibility: accountability, diligence, perseverance, [diligence, and] self-control, and self-management.

(C) Caring: interpersonal skills, including [kindness, empathy,] charity, compassion, consideration, cooperation, empathy, generosity, kindness, and patience [and compassion].

(D) Good citizenship: having [Citizenship: respect, courtesy,] concern for the common good and the community; having respect for authority; [fairness, freedom from prejudice,] justice, patriotism, school pride, respect for authority and law, justice, and the rights of
others; being free from prejudice; having gratitude and school pride; being courteous, fair, and patriotic; and making responsible decisions.

(3) Students are expected to develop an awareness of self-identity as well as recognize multiple perspectives, differences, diversity, biases, and the social and cultural context in which they live.

(4) The knowledge and skills for positive character traits and personal skills are organized in the following grade bands: Kindergarten-Grade 2, Grades 3-5, Grades 6-8, and Grades 9-12. However, due to the complexity of the concepts, student expectations and knowledge and skills statements cannot be taught, discussed, or viewed in isolation.

COMMITTEE OF THE FULL BOARD: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item presents for second reading and final adoption proposed new 19 Texas Administrative Code (TAC) Chapter 127, Texas Essential Knowledge and Skills for Career Development, Subchapter G, Education and Training, §127.317, Child Development; §127.318, Child Guidance; and §127.323, Human Growth and Development; and Subchapter O, Science, Technology, Engineering, and Mathematics, §127.783, Engineering Design and Presentation I; and §127.784, Engineering Design and Presentation II. The proposed new sections would update the career and technical education (CTE) Texas Essential Knowledge and Skills (TEKS) for courses in the career clusters for education and training and science, technology, engineering, and mathematics (STEM) to ensure the standards are up to date. No changes are recommended since approved for first reading.

STATUTORY AUTHORITY: Texas Education Code (TEC), §§7.102(c)(4); 28.002(a), (c), (n), and (o); and 28.025(a), (b-2) and (b-17).

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.002(c), requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

TEC, §28.002(n), allows the SBOE to by rule develop and implement a plan designed to incorporate foundation curriculum requirements into the CTE curriculum required in TEC, §28.002.

TEC, §28.002(o), requires the SBOE to determine that at least 50% of the approved CTE courses are cost effective for a school district to implement.

TEC, §28.025(a), requires the SBOE to determine by rule the curriculum requirements for the foundation high school graduation program that are consistent with the required curriculum under TEC, §28.002.

TEC, §28.025(b-2), requires the SBOE to allow by rule a student to comply with the curriculum requirements for the third and fourth mathematics credits under TEC, §28.025(b-1)(2), or the third and fourth science credits under TEC, §28.025(b-1)(3), by successfully completing a CTE course designated by the SBOE as containing substantially similar and rigorous content.

TEC, §28.025(b-17), requires the SBOE to ensure by rule that a student may comply with curriculum requirements under TEC, §28.025(b-1)(6), by successfully completing an advanced CTE course, including a course that may lead to an industry-recognized credential or certificate or an associate degree.
The full text of statutory citations can be found in the statutory authority section of this agenda.

**EFFECTIVE DATE:** The proposed effective date of the proposed new sections is 20 days after filing as adopted with the Texas Register. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2022-2023 school year. The earlier effective date will enable districts to begin preparing for implementation of the revised CTE TEKS.

**PREVIOUS BOARD ACTION:** The SBOE adopted the TEKS for CTE, including career development, effective September 1, 1998. The CTE TEKS were amended effective August 23, 2010. In April 2015 and July 2015, the board approved for second reading and final adoption proposed revisions to the CTE TEKS. At the September 2015 meeting, the board approved for second reading and final adoption proposed new CTE TEKS for an Advanced Marketing course and second-level practicum and automotive technology courses. The revised CTE TEKS were implemented at the start of the 2017-2018 school year.

The SBOE approved proposed revisions to 19 TAC Chapter 130, Subchapters B, H, J, M, and O, for second reading and final adoption at the January-February 2018 meeting. The revised CTE courses were implemented at the start of the 2018-2019 school year.

In November 2021, the board approved for second reading and final adoption proposed new CTE TEKS for certain courses in the health science; education and training; hospitality and tourism; law and public safety; and STEM programs of study. The new CTE TEKS will be implemented over the course of three school years from 2022-2023 to 2024-2025.

At the January 2022 SBOE meeting, the board approved for first reading and filing authorization proposed new 19 TAC §§127.317, 127.318, 127.323, 127.783, and 127.784.

**BACKGROUND INFORMATION AND JUSTIFICATION:** In accordance with statutory requirements that the SBOE identify by rule the essential knowledge and skills of each subject in the required curriculum, the SBOE follows a board-approved cycle to review and revise the essential knowledge and skills for each subject.

At the January 2021 meeting, the board held a work session to discuss the timeline for the TEKS review and revision process and associated activities, including updates to State Board for Educator Certification teacher assignment rules and certification examinations, adoption of instructional materials, and the completion of the Texas Resource Review. Texas Education Agency (TEA) staff provided an overview of CTE programs of study and a skills gap analysis that is being completed to inform review and revision of the CTE TEKS.

Also during the January 2021 meeting, staff provided an update on plans for the review and revision of CTE courses that satisfy a science graduation requirement as well as certain courses in the health science; education and training; and STEM programs of study. Applications to serve on these CTE TEKS review work groups were posted on the TEA website in December 2020. TEA staff provided SBOE members applications for approval to serve on a CTE work group at the January 2021 SBOE meeting. Additional applications were provided to SBOE members in February and March 2021. Work groups were convened from March-July 2021 to develop recommendations for the CTE courses. At the June 2021 SBOE meeting, a discussion item for proposed new 19 TAC Chapter 130 was presented to the board. At the September 2021 SBOE meeting, one representative from each CTE TEKS review committee provided invited testimony to the SBOE Committee of the Full Board.
The SBOE postponed first reading and filing authorization for a selection of courses from the education and training and STEM programs of study: §127.317, Child Development; §127.318, Child Guidance; §127.323, Human Growth and Development; §127.783, Engineering Design and Presentation I; and §127.784, Engineering Design and Presentation II, to allow additional time to review and finalize recommendations. Education and training CTE TEKS work groups met in October and November 2021 to continue finalizing their recommendations for revisions to the CTE TEKS.

Proposed new 19 TAC §§127.317, 127.318, 127.323, 127.783, and 127.784 would update the CTE TEKS to ensure the standards for the courses are up to date. In order to avoid confusion regarding the year of implementation, the proposed new sections would include an implementation subsection with specific implementation language for each course.

Currently, CTE courses are codified in 19 TAC Chapter 130. Due to the current structure of 19 TAC Chapter 130, there are not enough section numbers available in Chapter 130 to add all of the proposed new courses in their assigned subchapters. To accommodate the addition of these new courses and future courses, the CTE TEKS in Chapter 130 are being moved to existing 19 TAC Chapter 127, Texas Essential Knowledge and Skills for Career Development, and that chapter is being renamed "Texas Essential Knowledge and Skills for Career Development and Career and Technical Education." The move of CTE subchapters from Chapter 130 to Chapter 127 will take place over time as the TEKS in each subchapter are revised. In order to avoid confusion regarding the year of implementation, the proposed new sections would include an implementation subsection with specific implementation language for each course.

No changes are recommended since approved for first reading.

Proposed Repeal of 19 TAC Chapter 127, Texas Essential Knowledge and Skills for Career Development, §§127.310, 127.312, 127.313, 127.409, 127.753, 127.755, 127.761, 127.764; and Chapter 130, Texas Essential Knowledge and Skills for Career and Technical Education, §130.277, is presented for first reading and filing authorization as a separate item in this agenda.

**FISCAL IMPACT:** No changes have been made to this section since published as proposed.

TEA has determined that for the first five years the proposal is in effect (2022-2026), there are no fiscal implications to the state. However, there will be implications for TEA if the state develops professional development to help teachers and administrators understand the revised TEKS. Any professional development that is created would be based on whether TEA received an appropriation for professional development in the next biennium.

There may be fiscal implications for school districts and charter schools to implement the proposed revisions to the TEKS, which may include the need for professional development and revisions to district-developed databases, curriculum, and scope and sequence documents. Since curriculum and instruction decisions are made at the local district level, it is difficult to estimate the fiscal impact on any given district.

**LOCAL EMPLOYMENT IMPACT:** No changes have been made to this section since published as proposed.

The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.
SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: No changes have been made to this section since published as proposed.

The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: No changes have been made to this section since published as proposed.

The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

TAKINGS IMPACT ASSESSMENT: No changes have been made to this section since published as proposed.

The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

GOVERNMENT GROWTH IMPACT: No changes have been made to this section since published as proposed.

TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would create new regulations by proposing new CTE TEKS required to be taught by school districts and charter schools offering the courses.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not expand, limit, or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: No changes have been made to this section since published as proposed.

The proposal would better align the TEKS and coordinate the standards with the adoption of instructional materials. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: No changes have been made to this section since published as proposed.

The proposal would have no data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: No changes have been made to this section since published as proposed.

TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.
PUBLIC COMMENTS: Following the January 2022 SBOE meeting, notice of proposed new 19 TAC §§127.317, 127.318, 127.323, 127.783, and 127.784, was filed with the Texas Register, initiating the public comment period. The public comment period began February 25, 2022, and ended at 5:00 p.m. on April 1, 2022. No comments had been received at the time this item was prepared. A summary of public comments received will be provided to the SBOE prior to and during the April 2022 meeting. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in April 2022 in accordance with the SBOE board operating policies and procedures.

MOTION TO BE CONSIDERED: The State Board of Education:

Approve for second reading and final adoption proposed new 19 TAC Chapter 127, Texas Essential Knowledge and Skills for Career Development, Subchapter G, Education and Training, §127.317, Child Development; §127.318, Child Guidance; and §127.323, Human Growth and Development; and Subchapter O, Science, Technology, Engineering, and Mathematics, §127.783, Engineering Design and Presentation I; and §127.784, Engineering Design and Presentation II; and

Make an affirmative finding that immediate adoption of the proposed new 19 TAC Chapter 127, Texas Essential Knowledge and Skills for Career Development, Subchapter G, Education and Training, §127.317, Child Development; §127.318, Child Guidance; and §127.323, Human Growth and Development; and Subchapter O, Science, Technology, Engineering, and Mathematics, §127.783, Engineering Design and Presentation I; and §127.784, Engineering Design and Presentation II, is necessary and shall have an effective date of 20 days after filing as adopted with the Texas Register. (Per TEC, §7.102(f), a vote of two-thirds of the members of the board is necessary for an earlier effective date.)

COMMITTEE OF THE FULL BOARD: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item presents for first reading and filing authorization proposed new 19 Texas Administrative Code (TAC) Chapter 127, Texas Essential Knowledge and Skills for Career Development, Subchapter O, Science, Technology, Engineering, and Mathematics, §§127.788, Fundamentals of Computer Science (One Credit), Adopted 2022; §127.789, Computer Science I (One Credit), Adopted 2022; §127.790, Computer Science II (One Credit), Adopted 2022; §127.791, Computer Science III (One Credit), Adopted 2022; §127.792, Foundations of Cybersecurity (One Credit), Adopted 2022; §127.793, Digital Forensics (One Credit), Adopted 2022; and §127.794, Cybersecurity Capstone (One Credit), Adopted 2022. The proposed new rules would update the Texas Essential Knowledge and Skills (TEKS) for the high school cybersecurity and computer science courses to ensure the standards remain current.

STATUTORY AUTHORITY: Texas Education Code (TEC), §§7.102(c)(4); 28.002(a), (c), (c-3), and (f)(2); and 28.025(a), (c-1)(1) and (c-10).

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.002(c), requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

TEC, §28.002(c-3), requires the SBOE to adopt rules for technology applications in Kindergarten-Grade 8 that include coding, computer programming, computational thinking, and cybersecurity.

TEC, §28.002(f)(2), requires the SBOE to approve courses in cybersecurity for credit for high school graduation.

TEC, §28.025(a), requires the SBOE to determine by rule the curriculum requirements for the foundation high school graduation program that are consistent with the required curriculum under TEC, §28.002, and to designate the specific courses in the foundation curriculum that are required under the foundation high school program.

TEC, §28.025(c-1)(1), establishes that an endorsement may be earned in science, technology, engineering, and mathematics (STEM), which includes courses related to science, including environmental science; technology, including computer science, cybersecurity, and computer coding; engineering; and advanced mathematics.

TEC, §28.025(c-10), requires the SBOE to adopt or select five technology applications courses on cybersecurity to be included in a cybersecurity pathway for the STEM endorsement.
The full text of statutory citations can be found in the statutory authority section of this agenda.

**EFFECTIVE DATE:** The proposed effective date of the proposed new sections is 20 days after filing as adopted with the Texas Register. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2023-2024 school year. The earlier effective date will enable districts to begin preparing for implementation of the revised career and technical education (CTE) TEKS.

**PREVIOUS BOARD ACTION:** The SBOE adopted the technology applications TEKS effective September 1, 1998. In April 2011, the SBOE adopted revisions to the technology applications TEKS effective September 26, 2011. The SBOE adopted the TEKS for Foundations of Cybersecurity and Cybersecurity Capstone effective for the 2019-2020 school year. In 2020, the SBOE approved the consolidation of the high school technology applications courses, which included courses in computer science, cybersecurity, and digital forensics, into the CTE TEKS. A discussion item on proposed revisions to the computer science courses was presented to the board at the June 2021 SBOE meeting. A discussion item on proposed revisions to the TEKS for the three cybersecurity courses was presented to the board at the January 2022 SBOE meeting.

In November 2021, the board approved for second reading and final adoption proposed new CTE TEKS for certain courses in the health science, education and training, hospitality and tourism, law and public safety, and STEM programs of study. The new CTE TEKS will be implemented over the course of three school years from 2022-2023 to 2024-2025.

**BACKGROUND INFORMATION AND JUSTIFICATION:** In accordance with statutory requirements that the SBOE by rule identify the essential knowledge and skills of each subject in the required curriculum, the SBOE follows a board-approved cycle to review and revise the essential knowledge and skills for each subject.

At the January 2021 meeting, the board held a work session to discuss the timeline for the TEKS review and revision process and associated activities, including updates to State Board for Educator Certification teacher assignment rules and certification examinations, adoption of instructional materials, and the completion of the Texas Resource Review. Texas Education Agency (TEA) staff provided an overview of CTE programs of study and a skills gap analysis that is being completed to inform review and revision of the CTE TEKS.

Also during the January 2021 meeting, staff provided an update on plans for the review and revision of CTE courses that satisfy a science graduation requirement as well as certain courses in the health science, education and training, and STEM programs of study. Applications to serve on these CTE TEKS review work groups were posted on the TEA website in December 2020. TEA staff provided SBOE members applications for approval to serve on a CTE work group at the January 2021 SBOE meeting. Additional applications were provided to SBOE members in February and March 2021. Work groups were convened from March-July 2021 to develop recommendations for the CTE courses. At the June 2021 SBOE meeting, a discussion item for proposed new 19 TAC Chapter 130 was presented to the board. At the September 2021 SBOE meeting, one representative from each CTE TEKS review committee provided invited testimony to the Committee of the Full Board.

The SBOE postponed first reading and filing authorization for a selection of courses from the education and training and STEM programs of study, including §127.783, Engineering Design and Presentation I, and §127.784, Engineering Design and Presentation II, to allow additional time to review and finalize recommendations. The programming and software development work group met in February and March.
2022 to finalize their recommendations and to align the standards for the computer science courses with the Kindergarten-Grade 8 Technology Applications TEKS.

The 85th Texas Legislature, Regular Session, 2017, passed House Bill 3593, requiring that the SBOE approve courses in cybersecurity for credit for high school graduation. The legislation also added cybersecurity and computer coding to the courses to be included in a STEM endorsement and required that the SBOE adopt or select five technology applications courses on cybersecurity to be included in a cybersecurity pathway for the STEM endorsement.

In August 2018, a committee of secondary and postsecondary educators and business and industry representatives was selected to develop recommended TEKS for new cybersecurity courses for the required pathway. In April 2019, the SBOE approved for second reading and final adoption TEKS for two new cybersecurity courses: Foundations of Cybersecurity and Cybersecurity Capstone. At the June 2019 meeting, the board approved revisions to the TEKS for the existing Digital Forensics course so that it would better align with the new pathway. In 2020, the SBOE approved the consolidation of the high school technology applications courses into the CTE TEKS. A discussion item was presented to the board at the January 2022 SBOE meeting.

A separate exhibit to this item reflects the text of proposed new 19 TAC §§127.788-127.794 for consideration by the SBOE for first reading and filing authorization. The proposed new sections would update the TEKS for the high school cybersecurity and computer science courses to ensure the standards remain current.

**FISCAL IMPACT:** TEA has determined that for the first five years the proposal is in effect (2022-2026), there are no fiscal implications to the state. However, there will be implications for TEA if the state develops professional development to help teachers and administrators understand the revised TEKS. Any professional development that is created would be based on whether TEA received an appropriation for professional development in the next biennium.

There may be fiscal implications for school districts and charter schools to implement the proposed revisions to the TEKS, which may include the need for professional development and revisions to district-developed databases, curriculum, and scope and sequence documents. Since curriculum and instruction decisions are made at the local district level, it is difficult to estimate the fiscal impact on any given district.

**LOCAL EMPLOYMENT IMPACT:** The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

**SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT:** The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

**COST INCREASE TO REGULATED PERSONS:** The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.
TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would create new regulations by proposing new CTE TEKS required to be taught by school districts and charter schools offering the courses.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not expand, limit, or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: The proposal would better align the TEKS and coordinate the standards with the adoption of instructional materials. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins May 6, 2022, and ends at 5:00 p.m. on June 10, 2022. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in June 2022 in accordance with the SBOE board operating policies and procedures. A request for a public hearing on the proposal submitted under the Administrative Procedure Act must be received by the commissioner of education not more than 14 calendar days after notice of the proposal has been published in the Texas Register on May 6, 2022.

SUMMARY: This item presents for first reading and filing authorization proposed new 19 Texas Administrative Code (TAC) Chapter 126, Texas Essential Knowledge and Skills for Technology Applications, Subchapter A, Elementary, §126.1, Technology Applications, Kindergarten, Adopted 2022; §126.2, Technology Applications, Grade 1, Adopted 2022; §126.3, Technology Applications, Grade 2, Adopted 2022; §126.8, Technology Applications, Grade 3, Adopted 2022; §126.9, Technology Applications, Grade 4, Adopted 2022; and §126.10, Technology Applications, Grade 5, Adopted 2022; and Subchapter B, Middle School, §126.17, Technology Applications, Grade 6, Adopted 2022; §126.18, Technology Applications, Grade 7, Adopted 2022; and §126.19, Technology Applications, Grade 8, Adopted 2022. The proposed new rules would update the technology applications standards to ensure the standards remain current.

STATUTORY AUTHORITY: Texas Education Code (TEC), §7.102(c)(4) and §28.002(a), (c), (c-3), and (z).

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.002(c), requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

TEC, §28.002(c-3), requires the SBOE to include coding, computer programming, computational thinking, and cybersecurity in the Texas Essential Knowledge and Skills (TEKS) for technology applications for Kindergarten-Grade 8. The statute also requires that, as needed, the SBOE review and revise the technology applications TEKS every five years to ensure that the standards are relevant to student education and align current or emerging professions.

TEC, §28.002(z), requires the SBOE to adopt rules to require school districts to incorporate instruction in digital citizenship, including information regarding the potential criminal consequences of cyberbullying, into the district's curriculum.

The full text of statutory citations can be found in the statutory authority section of this agenda.

EFFECTIVE DATE: The proposed effective date of the proposed new sections is 20 days after filing as adopted with the Texas Register. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2023-2024 school year. The earlier effective date will enable districts to begin preparing for implementation of the revised elementary and middle school technology applications TEKS.
PREVIOUS BOARD ACTION: The SBOE originally adopted the TEKS for technology applications effective September 1, 1998. The SBOE adopted revisions to the technology TEKS effective September 26, 2011. In January 2020, the SBOE adopted revisions to technology applications to consolidate high school technology applications courses into the career and technical education (CTE) TEKS in 19 TAC Chapter 130 effective August 1, 2020.

A discussion item on proposed new 19 TAC §§126.1-126.3, 126.8-126.10, and 126.17-126.19 was presented to the Committee of the Full Board at the January 2022 SBOE meeting.

BACKGROUND INFORMATION AND JUSTIFICATION: In accordance with statutory requirements that the SBOE identify by rule the essential knowledge and skills of each subject in the required curriculum, the SBOE follows a board-approved cycle to review and revise the essential knowledge and skills for each subject. Technology applications is part of the required curriculum for Kindergarten-Grade 8 only. In 2020, the SBOE approved the consolidation of the high school technology applications courses into the CTE TEKS.

At the January 2021 meeting, SBOE members were asked to designate content advisors for the review and revision of the technology applications TEKS. Applications to serve on the TEKS review work groups were posted on the Texas Education Agency (TEA) website in March 2021. In April 2021, TEA distributed a survey to collect information from educators regarding the review and revision of the technology applications TEKS. TEA staff provided applications for the technology applications review work groups to SBOE members on a monthly basis from May-September 2021.

Technology applications TEKS review content advisor and work group meetings convened in 2021 were conducted virtually. In July 2021, technology applications TEKS review content advisors met virtually to develop consensus recommendations regarding revisions to the technology applications TEKS and met with representatives from Work Group A to discuss their recommendations. Also in July 2021, Work Group A convened to discuss the consensus recommendations, review survey results, and develop recommendations for how subsequent technology applications TEKS review work groups could address the feedback received. Work Group B was convened in September 2021 and was charged with developing recommendations for a new strand framework. The work group recommended six new strands and reorganized the current technology applications TEKS into the proposed new strands. Work Group C was convened in October 2021 to draft recommendations for student expectations for two of the strands in the proposed new strand framework. Work Group D was convened at the end of October 2021 to draft recommendations for the remaining four proposed new strands. The work group recommended eliminating one of the strands, which would reduce the original proposed strand framework to a total of five strands. Work Group E was convened for a virtual meeting in December 2021 to review the vertical alignment of the strands across all grade levels and to ensure the proposed new standards could be reasonably taught in an academic year. In December 2021, content advisors were sent the draft recommendations for review. A discussion item on the draft recommendations was presented to the board at the January 2022 SBOE meeting.

A public hearing on proposed new Chapter 126, Subchapters A and B, is presented as a separate item in this agenda.

A separate exhibit to this item reflects the text of proposed new Chapter 126, Subchapter A, §§126.1-126.3 and 126.8-126.10, and Subchapter B, §§126.17-126.19, for consideration by the SBOE for first reading and filing authorization. The proposed new sections would adopt updated technology applications standards to ensure the standards remain current.
**FISCAL IMPACT:** TEA has determined that for the first five years the proposal is in effect (2022-2026), there are no fiscal implications to the state. There will be implications for TEA if the state develops professional development to help teachers and administrators understand the revised TEKS. Any professional development that is created would be based on whether TEA received an appropriation for professional development in the next biennium.

There may be fiscal implications for school districts and charter schools to implement the proposed new TEKS, which may include the need for professional development and revisions to district-developed databases, curriculum, and scope and sequence documents. Since curriculum and instruction decisions are made at the local district level, it is difficult to estimate the fiscal impact on any given district.

**LOCAL EMPLOYMENT IMPACT:** The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

**SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT:** The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

**COST INCREASE TO REGULATED PERSONS:** The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

**TAKINGS IMPACT ASSESSMENT:** The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

**GOVERNMENT GROWTH IMPACT:** TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would create new regulations by adopting new technology applications TEKS required to be offered by school districts and charter schools.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not expand, limit, or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

**PUBLIC BENEFIT AND COST TO PERSONS:** The proposal would better align the TEKS and coordinate the standards with the adoption of instructional materials. There is no anticipated economic cost to persons who are required to comply with the proposal.

**DATA AND REPORTING IMPACT:** The proposal would have no data and reporting impact.

**PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS:** TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

**PUBLIC COMMENTS:** The public comment period on the proposal begins May 6, 2022, and ends at 5:00 p.m. on June 10, 2022. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in June 2022 in accordance with the SBOE board operating policies.

TEC, §28.002(c), requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

TEC, 28.025(b-1), as amended by SB 1063, 87th Texas Legislature, Regular Session, 2021, requires the SBOE to determine by rule specific courses for graduation under the foundation high school program.

TEC, 28.025(b-22), as added by SB 1063, 87th Texas Legislature, Regular Session, 2021, requires that in adopting TEKS for a personal financial literacy and economics course, the SBOE must ensure that the required curriculum allocates two-thirds of instruction time to instruction in personal financial literacy one-third of instruction time to instruction in economics.

The full text of statutory citations can be found in the statutory authority section of this agenda.

EFFECTIVE DATE: The proposed effective date of the proposed new section is 20 days after filing as adopted with the Texas Register. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2023-2024 school year. The earlier effective date will enable districts to begin offering the new course in the 2022-2023 school year in accordance with statute.

PREVIOUS BOARD ACTION: The SBOE adopted 19 TAC §113.49, Personal Financial Literacy (One-Half Credit), Adopted 2016, effective August 22, 2016. A discussion item on a proposed new section for personal financial literacy and economics to implement SB 1063 was presented to the Committee of the Full Board at the January 2022 SBOE meeting.
BACKGROUND INFORMATION AND JUSTIFICATION: The 83rd Texas Legislature passed House Bill (HB) 2662, amending TEC, §28.0021, to require school districts and open-enrollment charter schools offering a high school program to provide a one-half credit elective course in personal financial literacy. In 2016, the SBOE adopted the proposed new personal financial literacy course. The course, 19 TAC §113.49, Personal Financial Literacy (One-Half Credit), Adopted 2016, was implemented beginning with the 2016-2017 school year.

In 2021, the 87th Texas Legislature passed SB 1063, amending TEC, §28.025, to add a one-half credit course in personal financial literacy and economics as an option to meet the one-half credit graduation requirement for economics under the Foundation High School Program. SB 1063 requires that the SBOE adopt TEKS for the personal financial literacy and economics course and that the required curriculum for the course allocate two-thirds of the instructional time to personal financial literacy and one-third of instructional time to economics.

A personal financial literacy and economics TEKS review work group convened twice in January 2022 and once in February 2022 to draft recommendations for the proposed new course. The work group’s charge included developing recommendations for revisions to §113.49, Personal Financial Literacy (One-Half Credit), Adopted 2016; §113.31, Economics with Emphasis on the Free Enterprise System and Its Benefits, High School (One-Half Credit), Adopted 2018, and §113.61, Economics Advanced Studies (One-Half Credit), which will be presented to the SBOE for discussion at a future meeting.

The attachment to this item reflects the text of proposed new 19 TAC §113.76 for consideration by the SBOE for first reading and filing authorization.

FISCAL IMPACT: The Texas Education Agency (TEA) has determined that for the first five years the proposal is in effect (2022-2026), there are no fiscal implications to the state. However, there will be implications for TEA if the state develops professional development to help teachers and administrators understand the revised TEKS. Any professional development that is created would be based on whether TEA received an appropriation for professional development in the next biennium.

There may be fiscal implications for school districts and charter schools to implement the proposed revisions to the TEKS, which may include the need for professional development and revisions to district-developed databases, curriculum, and scope and sequence documents. Since curriculum and instruction decisions are made at the local district level, it is difficult to estimate the fiscal impact on any given district.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.
GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would create a new regulation by proposing new social studies TEKS required to be taught by school districts and charter schools offering the course.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not expand, limit, or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: The proposed new rule would add TEKS for a new social studies course to comply with the requirements of SB 1063, 87th Texas Legislature, Regular Session, 2021, and would allow students to fulfill their economics graduation requirement by successfully completing this course. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins May 6, 2022, and ends at 5:00 p.m. on June 10, 2022. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in June 2022 in accordance with the SBOE board operating policies and procedures. A request for a public hearing on the proposal submitted under the Administrative Procedure Act must be received by the commissioner of education not more than 14 calendar days after notice of the proposal has been published in the Texas Register on May 6, 2022.

Attachment:
Text of Proposed New 19 TAC Chapter 113, Texas Essential Knowledge and Skills for Social Studies, Subchapter C, High School, §113.76, Personal Financial Literacy and Economics
§113.76. Personal Financial Literacy and Economics (One-Half Credit).

(a) General requirements. This course is recommended for students in Grades 11 and 12. Students shall be awarded one-half credit for successful completion of this course.

(b) Introduction.

(1) The Personal Financial Literacy and Economics Course emphasizes the economic way of thinking, which serves as a framework for the personal financial decision-making opportunities introduced in the course. Students will demonstrate the ability to anticipate and address financial challenges as these challenges occur over their lifetime. In addition, students are introduced to common economic and personal financial planning terms and concepts. As a result of learning objective concepts and integrating subjective information, students gain the ability to lead productive and financially self-sufficient lives.

(2) Personal Financial Literacy and Economics builds on and extends the economic content and concepts studied in Kindergarten-Grade 12 social studies in Texas. The course provides a foundation in both microeconomics and macroeconomics. Students will survey the impact of demand, supply, various industry structures, and government policies on the market for goods, services, and wages for workers. Macroeconomic study involves economic systems with an emphasis on free enterprise market systems, goals of full employment, price stability, and growth while examining problems such as unemployment and inflation and the policies enacted to address them. The course also builds on and extends the personal finance content and concepts studied in Kindergarten-Grade 8 in mathematics in Texas. It is an integrative course that applies the same economic way of thinking developed to making choices about how to allocate scarce resources in an economy to how to make them at the personal level. The course requires that students demonstrate critical thinking by exploring how to invest in themselves with education and skill development, earn income, and budget for spending, saving, investing, and protecting. Students will examine their individual responsibility for managing their personal finances and understand the impact on standard of living and long-term financial well-being. Further, students will connect how their financial decision making impacts the greater economy.

(3) This course was created in response to Texas Education Code (TEC), §28.025(b-22), satisfies the high school requirement, and meets the two-thirds of instructional time in personal financial literacy and one-third of instructional time in economics. In addition, the course addresses new financial challenges of modern economy.

(4) State and federal laws mandate a variety of celebrations and observances, including Celebrate Freedom Week.

(A) Each social studies class shall include, during Celebrate Freedom Week as provided under TEC, §29.907, or during another full school week as determined by the board of trustees of a school district, appropriate instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution, including the Bill of Rights, in their historical contexts. The study of the Declaration of Independence must include the study of the relationship of the ideas expressed in that document to subsequent American history, including the relationship of its ideas to the rich diversity of our people as a nation of immigrants, the American Revolution, the formulation of the U.S. Constitution, and the abolitionist movement, which led to the Emancipation Proclamation and the women's suffrage movement.
Each school district shall require that, during Celebrate Freedom Week or other week of
instruction prescribed under subparagraph (A) of this paragraph, students in Grades 3-12
study and recite the following text: "We hold these Truths to be self-evident, that all Men
are created equal, that they are endowed by their Creator with certain unalienable Rights,
that among these are Life, Liberty and the Pursuit of Happiness--That to secure these
Rights, Governments are instituted among Men, deriving their just Powers from the
Consent of the Governed."

Students identify and discuss how the actions of U.S. citizens and the local, state, and federal
governments have either met or failed to meet the ideals espoused in the founding documents.

Students understand that a constitutional republic is a representative form of government whose
representatives derive their authority from the consent of the governed, serve for an established
tenure, and are sworn to uphold the constitution.

Statements that contain the word "including," reference content that must be mastered, while those
containing the phrase "such as" are intended as possible illustrative examples.

Proposed Amendment to 19 TAC Chapter 74, Curriculum Requirements, Subchapter A, Required Curriculum, §74.3, Description of a Required Secondary Curriculum
(First Reading and Filing Authorization)

April 8, 2022

COMMITTEE OF THE FULL BOARD: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item presents for first reading and filing authorization a proposed amendment to 19 Texas Administrative Code (TAC) Chapter 74, Curriculum Requirements, Subchapter A, Required Curriculum, §74.3, Description of a Required Secondary Curriculum. The proposed amendment would update the list of high school courses for social studies and physical education that are required to be offered to students.

STATUTORY AUTHORITY: Texas Education Code (TEC), §§7.102(c)(4), 28.002(a), and 28.025(b-1)(4) and (b-22), as added by SB 1063, 87th Texas Legislature, Regular Session, 2021.

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.025(b-1)(4), requires the SBOE to by rule require as part of the foundation high school program that students successfully complete three credits in social studies, including one credit in United States history, at least one-half credit in government and at least one-half credit in economics or personal financial literacy & economics, and one credit in world geography or world history.

TEC, §28.025(b-22), as added by SB 1063, 87th Texas Legislature, Regular Session, 2021, requires that in adopting TEKS for a personal financial literacy and economics course, the SBOE must ensure that the required curriculum allocates two-thirds of instruction time to instruction in personal financial literacy one-third of instruction time to instruction in economics.

The full text of statutory citations can be found in the statutory authority section of this agenda.

EFFECTIVE DATE: The proposed effective date of the proposed amendment is 20 days after filing as adopted with the Texas Register. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2023-2024 school year. The earlier effective date would update the rule to address new physical education and social studies courses as soon as possible.

PREVIOUS BOARD ACTION: The SBOE adopted 19 TAC Chapter 74, Subchapter A, effective September 1, 1996. Section 74.3 was last amended effective October 25, 2020.

BACKGROUND INFORMATION AND JUSTIFICATION: The 87th Texas Legislature, Regular Session, 2021, passed Senate Bill (SB) 1063, amending TEC, §28.025, to add a one-half credit course in personal financial literacy and economics as an option to meet the one-half credit graduation requirement for economics under the Foundation High School Program. SB 1063 requires that the SBOE adopt Texas Essential Knowledge and Skills (TEKS) for a combined personal financial literacy and economics course to be offered beginning with the 2022-2023 school year. To ensure that students have the option of satisfying the economics graduation requirement with the new Personal Financial Literacy and Economics course, it is recommended that the SBOE add the new course to the list of social studies courses that districts are required to offer.

I-82
Additionally, in 2020 the SBOE adopted new Kindergarten-Grade 12 physical education TEKS, which will be implemented beginning with the 2022-2023 school year. The new TEKS replaced the existing high school physical education courses with three new courses.

The proposed amendment would add a requirement in subsection (b)(2)(D) that districts offer the new Personal Financial Literacy and Economics course and align the required secondary curriculum in subsection (b)(2)(E) with the changes to the high school physical education course offerings.

The attachment to this item reflects the text of proposed amendment to §74.3 for consideration by the SBOE for first reading and filing authorization.

The proposed amendment was not presented as a discussion item. The SBOE, however, may wish to consider this item for first reading and filing authorization as authorized under its operating procedures. Therefore, this item is presented for consideration for first reading and filing authorization at this meeting. It is recommended the SBOE consider this item for first reading and filing authorization to update the rule to address new physical education and social studies courses as soon as possible.

**FISCAL IMPACT:** The Texas Education Agency (TEA) has determined that there are no additional costs to state or local government required to comply with the proposal.

**LOCAL EMPLOYMENT IMPACT:** The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

**SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT:** The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

**COST INCREASE TO REGULATED PERSONS:** The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

**TAKINGS IMPACT ASSESSMENT:** The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

**GOVERNMENT GROWTH IMPACT:** TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would expand an existing regulation by updating the list of high school courses required to be offered.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not limit or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

**PUBLIC BENEFIT AND COST TO PERSONS:** The proposal would update the rule regarding secondary courses required to be offered in order to provide additional flexibility for students in meeting high school graduation requirements and to avoid confusion for districts and schools regarding course names. There is no anticipated economic cost to persons who are required to comply with the proposal.

**DATA AND REPORTING IMPACT:** The proposal would have no new data and reporting impact.
PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins May 6, 2022, and ends at 5:00 p.m. on June 10, 2022. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in June 2022 in accordance with the SBOE board operating policies and procedures. A request for a public hearing on the proposal submitted under the Administrative Procedure Act must be received by the commissioner of education not more than 14 calendar days after notice of the proposal has been published in the Texas Register on May 6, 2022.

MOTION TO BE CONSIDERED: The State Board of Education:

    Suspend the board operating procedures in accordance with §5.2(a) to allow consideration at first reading and filing authorization; and

    Approve for first reading and filing authorization the proposed amendment to 19 TAC Chapter 74, Curriculum Requirements, Subchapter A, Required Curriculum, §74.3, Description of a Required Secondary Curriculum.

The district must provide students the opportunity each year to select courses in which they intend to participate from a list that includes all courses required to be offered in subsection (b)(2) of this section. If the school district will not offer the required courses every year, but intends to offer particular courses only every other year, it must notify all enrolled students of that fact. A school district must teach a course that is specifically required for high school graduation at least once in any two consecutive school years. For a subject that has an end-of-course assessment, the district must either teach the course every year or employ options described in Subchapter C of this chapter (relating to Other Provisions) to enable students to earn credit for the course and must maintain evidence that it is employing those options.

April 8, 2022

COMMITTEE OF THE FULL BOARD: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item provides an opportunity for the State Board of Education (SBOE) to issue Proclamation 2024, calling for instructional materials for science, technology applications, and specified courses in career and technical education. Instructional materials submitted in response to Proclamation 2024 would be scheduled for adoption by the SBOE in November 2023.

STATUTORY AUTHORITY: Texas Education Code (TEC), §31.022.

TEC, §31.022 requires the SBOE to adopt rules to provide for a full and complete investigation of instructional materials for each subject in the foundation curriculum and for each subject in the enrichment curriculum.

The full text of statutory citations can be found in the statutory authority section of this agenda.

BACKGROUND INFORMATION AND JUSTIFICATION: In May 2010, the board voted to postpone Proclamation 2012 indefinitely. In its place, the board issued a Request for Supplemental Science Materials for science, grades 5–8, Biology, Chemistry, Integrated Physics and Chemistry (IPC), and Physics. Proclamation 2014 was issued by the SBOE in April 2012, calling for instruction materials for math, K–8; Spanish Math, K–5; technology applications, K–12; science, K–8; Spanish science, K–5; and high school science. All career and technical education (CTE) courses were included as part of Proclamation 2017, issued in April 2015. After Proclamation 2017, the board decided to spread the future requests for CTE instructional materials across multiple proclamations. A draft of Proclamation 2024 was presented to the board at the January 2022 meeting and posted for public comment.

A revised adoption cycle for instructional materials was approved by the SBOE in January 2012. The cycle was adjusted in July 2017. The adoption cycle was revised again in September 2019. The SBOE most recently revised the adoption cycle in April 2021.

The board also gave final approval in November 2020 to TEKS for four high school science courses to be implemented beginning with the 2023-2024 school year. At the June 2021 meeting, the SBOE gave final approval to TEKS for five additional high school science courses. At the December 2021 SBOE meeting, the board gave final approval to the TEKS for Kindergarten-Grade 8 science.
At the June 2019 SBOE meeting, the board held a work session to discuss updating the TEKS and instructional materials review and adoption schedule. At the September 2019 meeting, the board approved the schedule through the 2030-2031 school year. The board held another work session to discuss updates to the TEKS and instructional materials review and adoption schedule at the January 2021 meeting. The board approved updates to the TEKS and instructional materials review and adoption schedule at the April 2021 meeting.

BACKGROUND INFORMATION AND JUSTIFICATION: The board received training from a standards writing advisor at the July 2014 meeting. The standards writing advisor provided additional training to Texas Education Agency (TEA) staff in October 2014 to support future facilitation of the TEKS review committees.

In 2017, the SBOE significantly revised the process for the review and revision of the TEKS. The 2017 TEKS review process was used for the streamlining of the social studies TEKS. At the November 2018 meeting, the SBOE approved updates to the 2017 TEKS review and revision process to better clarify the process. The updated process was used for the review of the physical education, health education, and science TEKS.

The SBOE began the review of the English Language Proficiency Standards (ELPS) in early 2019, in accordance with the SBOE's approved TEKS and instructional materials review schedule. Applications to serve on ELPS review work groups were posted on the TEA website in December 2018. Also in December 2018, TEA distributed a survey to collect information from educators regarding the review and revision of the ELPS.

At the January 2021 meeting, the board held a work session to discuss the timeline for the TEKS review and revision process and associated activities, including updates to State Board for Educator Certification teacher assignment rules and certification exams, adoption of instructional materials, and the completion of the Texas Resource Review. TEA provided an overview of career and technical education (CTE) programs of study and a skills gap analysis that is being completed to inform review and revision of the CTE TEKS. The board discussed potential adjustments to the TEKS and Instructional Materials Review and Adoption Schedule.

At the November 2021 meeting, the SBOE gave final approval of certain CTE courses that satisfy a science graduation requirement as well as certain courses in the health science, education and training, and science, technology, engineering, and mathematics (STEM) programs of study. TEKS for additional education and training and STEM courses will be considered by the SBOE for first reading and filing authorization as a separate item in this agenda.

In May 2021, the board nominated individuals to serve as content advisors for the review of the TEKS for technology applications. An application was posted on the TEA website in April 2021. TEA staff provided SBOE members applications for approval to serve on the technology applications work groups in May, June, and August 2021. Work groups were convened in July, September, October, November, and December 2021. Proposed new TEKS for Kindergarten-Grade 8 technology applications will be considered by the SBOE for first reading and filing authorization as a separate item in this agenda.

At the June and November 2021 SBOE meetings, the board discussed the review of the social studies TEKS. Board members designated content advisors for the social studies TEKS review in August 2021. An application to serve on work groups was posted on the TEA website in September 2021. Additionally, in September 2021, a survey was posted on the TEA website to ask for feedback on the current TEKS for social studies. TEA staff provided SBOE members applications for approval to serve on the social studies work groups in September, October, and November 2021 and January 2022. The content advisors
convened to discuss consensus recommendations in December 2021 and January 2022. Work groups were convened to develop recommendations for the social studies TEKS in January, February, and March 2022.

April 6, 2022

COMMITTEE OF THE FULL BOARD: DISCUSSION
STATE BOARD OF EDUCATION: NO ACTION

SUMMARY: This item provides an opportunity for staff to update the committee on feedback received for the planned revisions of the 2018-2023 Long-Range Plan for Technology (LRPT).

STATUTORY AUTHORITY: Texas Education Code, (TEC) §32.001.

TEC, §32.001 requires the State Board of Education (SBOE) to develop a long-range plan for technology and shall update the plan at least every five years.

The full text of statutory citations can be found in the statutory authority section of this agenda.

FUTURE ACTION EXPECTED: The SBOE will review and approve updates for the LRPT.

BACKGROUND INFORMATION AND JUSTIFICATION: Over the last 3 years, since the Texas Education Agency (TEA) issued its 2018-2023 LRPT, how we think about the role of technology in education has been transformed; the definition and scope of educational technology itself has fundamentally changed. For this reason, and to honor our commitment to reevaluate, revise, and update the plan at least every five years as required by the statute, the TEA reconvened the original 2018-2023 LRPT Advisory Committee plus a number of additional subject matter experts, to evaluate, revise and add to the 2018 plan to accurately reflect the needs of Local Education Agencies (LEAs) today.

STATUTORY AUTHORITY: Texas Education Code (TEC), §7.102(c)(4) and §28.002(a) and (c).

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.002(c), requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

The full text of statutory citations can be found in the statutory authority section of this agenda.

EFFECTIVE DATE: The proposed effective date of the proposed repeals is August 1, 2022. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2023-2024 school year. The earlier effective date would repeal superseded TEKS to avoid confusion with new TEKS that are being implemented at the beginning of the 2022-2023 school year.

PREVIOUS BOARD ACTION: The SBOE adopted the TEKS for health education effective September 1, 1998. On August 26, 2013, and August 28, 2017, the SBOE adopted amendments to the TEKS for Chapter 115, Subchapter B. Additionally, on August 28, 2017, the SBOE adopted revisions to the TEKS for Chapter 115, Subchapter C. A discussion item was presented to the Committee of the Full Board at the June-July 2020 SBOE meeting. At the September 2020 SBOE meeting, the board approved for first reading and filing authorization proposed new §§115.11-115.17, 115.25-115.28, and 115.37-115.40. At
the November 2020 SBOE meeting, the board approved for second reading and final adoption proposed new §§115.11-115.17, 115.25-115.28, and 115.37-115.40 with an effective date of August 1, 2022.

**BACKGROUND INFORMATION AND JUSTIFICATION:** In accordance with statutory requirements that the SBOE by rule identify the essential knowledge and skills of each subject in the required curriculum, the SBOE follows a board-approved cycle to review and revise the essential knowledge and skills for each subject.

The proposed repeals would remove sections that will be superseded by §§115.11-115.17, 115.25-115.28, and 115.37-115.40 effective August 1, 2022.

The text of the proposed repeal of Chapter 115, Subchapter A, §§115.1-115.7, Subchapter B, §§115.21-115.23, and Subchapter C, §§115.31-115.33, is not included as an attachment to this item due to the volume of rules; however, the rules are viewable on the Texas Education Agency (TEA) website at https://tea.texas.gov/about-tea/laws-and-rules/texas-administrative-code/19-tac-chapter-115.

The proposed repeal was not presented as a discussion item. The SBOE, however, may wish to consider this item for first reading and filing authorization as authorized under its operating procedures. It is recommended that the SBOE consider this item for first reading and filing authorization to ensure that the existing rules in Chapter 115 can be repealed beginning with the 2022-2023 school year.

**FISCAL IMPACT:** TEA has determined that there are no additional costs to state or local government required to comply with the proposal.

**LOCAL EMPLOYMENT IMPACT:** The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

**SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT:** The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

**COST INCREASE TO REGULATED PERSONS:** The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

**TAKINGS IMPACT ASSESSMENT:** The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

During the first five years the proposed rulemaking would be in effect, it would repeal existing regulations by removing health education TEKS that will be superseded by a newly adopted set of TEKS.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand or limit an

The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in June 2022 in accordance with the SBOE board operating policies and procedures. A request for a public hearing on the proposal submitted under the Administrative Procedure Act must be received by the commissioner of education not more than 14 calendar days after notice of the proposal has been published in the *Texas Register* on May 6, 2022.

PREVIOUS BOARD ACTION: The SBOE adopted 19 TAC §74.27, Innovative Courses and Programs, to be effective September 1, 1996, with amendments to be effective September 1, 1998, and December 25, 2007. In November 2019, the SBOE adopted additional amendments to 19 TAC §74.27 to be effective December 25, 2019.

From May 1998 through July 2003, the SBOE approved a total of 45 new innovative courses that do not fall within any of the subject areas of the foundation or enrichment curriculum through the annual approval process. In May 2004, July 2007, July 2009, January 2011, January 2012, January 2013, and July 2014 the SBOE approved the renewal of innovative courses in addition to approving new courses. In April 2005, April 2006, May 2008, May 2010, and April 2014 the SBOE approved renewal of innovative courses. In July 2010, the SBOE approved one new course. In April 2015, the SBOE approved for a period of five years three expiring course series submitted for renewal. In April 2016, the SBOE approved one new course for a period of three years and one new course for a one-year period. The SBOE approved for a period of five years each the renewal of three expiring innovative courses in November 2016. At the January-February 2017 meeting, the SBOE approved for renewal two expiring innovative courses for a period of five years, and at the April 2017 SBOE meeting, the SBOE approved for renewal three additional courses for a period of five years each. At the June 2017 SBOE meeting, the SBOE approved two new courses for a period of five years each. At the April 2018 SBOE meeting, the SBOE approved one new course for a period of three years. At the January-February 2019 SBOE meeting, the SBOE renewed one course for a period of three years and granted one course a one-year extension. At the April 2019 SBOE meeting, the board approved for renewal two courses for a period of three years and one course for a period of five years. At the June 2019 SBOE meeting, the board approved renewal of one course for a period of three years and one new course for a period of two years. The board approved renewal of eight innovative courses for a period of five years at the January 2020 SBOE meeting. At the June-July 2020 SBOE meeting, the SBOE renewed ten courses for a period of five years and granted one new course a two-year approval. In January 2021, the SBOE renewed one course for a period of five years. At the January 2022 SBOE meeting, the board approved renewal of one course for a period of three years and five courses for a period of five years.

BACKGROUND INFORMATION AND JUSTIFICATION: After the board adopted new rules concerning graduation requirements, the experimental courses previously approved were phased out as of
August 31, 1998. As a result of the adoption of the Texas Essential Knowledge and Skills (TEKS), districts now submit new requests for innovative course approval for courses that do not have TEKS.

The process outlined in 19 TAC §74.27 provides authority for the commissioner of education to approve discipline-based courses but reserves for SBOE review and approval those courses that do not fall within any of the subject areas of the foundation or enrichment curriculum.

A brief description of the courses submitted for SBOE review and consideration will be provided to SBOE members at the April 2022 meeting. If approved, the recommended effective date for the courses would be August 1, 2022. With the approval of the local board of trustees, the courses would be available for school districts' use beginning with the 2022-2023 school year.

PUBLIC BENEFIT AND COST TO PERSONS: Students would have access to courses that meet local district needs.

MOTION TO BE CONSIDERED: The State Board of Education:

   Approve the innovative courses that do not fall within any of the subject areas of the foundation or enrichment curriculum as shown in the separate exhibit.

(First Reading and Filing Authorization)

April 8, 2022

COMMITTEE ON INSTRUCTION: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item presents for first reading and filing authorization the proposed repeal of 19 Texas Administrative Code (TAC) Chapter 127, Texas Essential Knowledge and Skills for Career Development, Subchapter G, Education and Training, §127.310, Principles of Education and Training (One Credit), Adopted 2015; §127.312, Instructional Practices (Two Credits), Adopted 2015; and §127.313, Practicum in Education and Training (Two Credits), Adopted 2015; Subchapter I, Health Science, §127.409, Health Informatics (One Credit), Adopted 2015; and Subchapter O, Science, Technology, Engineering, and Mathematics, §127.753, Engineering Design and Problem Solving (One Credit), Adopted 2015; §127.755, Engineering Science (One Credit), Adopted 2015; §127.761, Fundamentals of Computer Science (One Credit); and §127.764, Computer Science III (One Credit); and Chapter 130, Texas Essential Knowledge and Skills for Career and Technical Education, Subchapter J, Human Services, §130.277, Child Development (One Credit), Adopted 2015. The proposed repeals would remove the Texas Essential Knowledge and Skills (TEKS) for nine career and technical education (CTE) courses that will be superseded by 19 TAC §§127.316, 127.317, 127.325, 127.326, 127.418, 127.782, 127.785, 127.788, and 127.791 beginning with the 2022-2023 school year.

STATUTORY AUTHORITY: Texas Education Code (TEC), §7.102(c)(4) and §28.002(a) and (c).

TEC, §7.102(c)(4), requires the State Board of Education (SBOE) to establish curriculum and graduation requirements.

TEC, §28.002(a), identifies the subjects of the required curriculum.

TEC, §28.002(c), requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

The full text of statutory citations can be found in the statutory authority section of this agenda.

EFFECTIVE DATE: The proposed effective date of the proposed repeals is August 1, 2022. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2023-2024 school year. The earlier effective date would repeal sections to avoid confusion with new TEKS that are being implemented at the beginning of the 2022-2023 school year.

PREVIOUS BOARD ACTION: The SBOE adopted the TEKS for CTE, including career development, in 19 TAC Chapters 119-125 and 127 effective September 1, 1998. The SBOE approved revisions to the CTE TEKS in Chapter 127 and new Chapter 130, Subchapters A-P, effective August 23, 2010. In 2015,
the CTE TEKS were amended effective August 28, 2017. In 2018, the SBOE adopted revisions to 19 TAC Chapter 130, Subchapters B, H, M, and O, effective March 27, 2018. The CTE TEKS were last amended in 2020 when the SBOE adopted revisions to 19 TAC Chapter 130, Subchapters A, C, K, O, and Q, effective August 1, 2020. At the November 2021 SBOE meeting, the board approved for first reading and filing authorization the proposed repeal of 19 TAC §§130.161-130.166, 130.201-130.211, 130.221-130.234, 130.251-130.263, 130.331-130.343, and 130.401-130.435, and proposed new 19 TAC §§127.309-127.314, 127.402-127.415, 127.468-127.480, 127.625-127.648, and 127.742-127.776.

BACKGROUND INFORMATION AND JUSTIFICATION: Currently, CTE TEKS for career development courses for middle and high school are codified in 19 TAC Chapter 127, Subchapters A and B. The TEKS for courses associated with 17 CTE career clusters are codified by subchapter in 19 TAC Chapter 130, Subchapters A-Q. In December 2020, the SBOE began initial steps to prepare for the review and revision of CTE courses in programs of study for the education and training, health science, and science, technology, engineering, and mathematics (STEM) career clusters. Two additional courses eligible to satisfy a graduation requirement in science were also part of the review. At the November 2021 SBOE meeting, the board approved for second reading and final adoption proposed new TEKS for these courses.

Due to the current structure of Chapter 130, there are not enough sections to add the new CTE courses under consideration in their assigned subchapters. To accommodate the addition of new and future courses, the CTE TEKS in Chapter 130 are being moved to existing 19 TAC Chapter 127, which is being renamed "Texas Essential Knowledge and Skills for Career Development and Career and Technical Education."

The proposed repeals would remove the TEKS for nine CTE courses that will be superseded by 19 TAC §§127.316, 127.317, 127.325, 127.326, 127.418, 127.782, 127.785, 127.788, and 127.791 beginning with the 2022-2023 school year.

The proposed repeal was not presented as a discussion item. The SBOE, however, may wish to consider this item for first reading and filing authorization as authorized under its operating procedures. It is recommended that the SBOE consider this item for first reading and filing authorization to ensure that the sections of Chapter 127 can be repealed beginning with the 2022-2023 school year.

FISCAL IMPACT: TEA has determined that there are no additional costs to state or local government required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.
GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would repeal existing regulations by removing CTE TEKS that will be superseded by a newly adopted set of TEKS.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand or limit an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: The proposed repeals would remove the TEKS for nine CTE courses that will be superseded by §§127.316, 127.317, 127.325, 127.326, 127.418, 127.782, 127.785, 127.788, and 127.791 beginning with the 2022-2023 school year. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins May 6, 2022, and ends at 5:00 p.m. on June 10, 2022. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in June 2022 in accordance with the SBOE board operating policies and procedures. A request for a public hearing on the proposal submitted under the Administrative Procedure Act must be received by the commissioner of education not more than 14 calendar days after notice of the proposal has been published in the Texas Register on May 6, 2022.

MOTION TO BE CONSIDERED: The State Board of Education:

Suspend the board operating procedures in accordance with §5.2(a) to allow consideration at first reading and filing authorization; and

Approve for first reading and filing authorization the proposed repeal of 19 TAC Chapter 127, Texas Essential Knowledge and Skills for Career Development, Subchapter G, Education and Training, §127.310, Principles of Education and Training (One Credit), Adopted 2015; §127.312, Instructional Practices (Two Credits), Adopted 2015; and §127.313, Practicium in Education and Training (Two Credits), Adopted 2015; Subchapter I, Health Science, §127.409, Health Informatics (One Credit), Adopted 2015; and Subchapter O, Science, Technology, Engineering, and Mathematics, §127.753, Engineering Design and Problem Solving (One Credit), Adopted 2015; §127.755, Engineering Science (One Credit), Adopted 2015; §127.761, Fundamentals of Computer Science (One Credit); and §127.764, Computer Science III (One Credit); and Chapter 130, Texas Essential Knowledge and Skills for Career and Technical Education, Subchapter J, Human Services, §130.277, Child Development (One Credit), Adopted 2015.

(b) Introduction.

(1) Career and technical education instruction provides content aligned with challenging academic standards and relevant technical knowledge and skills for students to further their education and succeed in current or emerging professions.

(2) The STEM Career Cluster focuses on planning, managing, and providing scientific research and professional and technical services, including laboratory and testing services, and research and development services.

(3) The Engineering Design and Problem Solving course is the creative process of solving problems by identifying needs and then devising solutions. The solution may be a product, technique, structure, or process depending on the problem. Science aims to understand the natural world, while engineering seeks to shape this world to meet human needs and wants. Engineering design takes into consideration limiting factors or "design under constraint." Various engineering disciplines address a broad spectrum of design problems using specific concepts from the sciences and mathematics to derive a solution. The design process and problem solving are inherent to all engineering disciplines.

(4) Engineering Design and Problem Solving reinforces and integrates skills learned in previous mathematics and science courses. This course emphasizes solving problems, moving from well-defined toward more open-ended, with real-world application. Students will apply critical-thinking skills to justify a solution from multiple design options. Additionally, the course promotes interest in and understanding of career opportunities in engineering.

(5) This course is intended to stimulate students' ingenuity, intellectual talents, and practical skills in devising solutions to engineering design problems. Students use the engineering design process cycle to investigate, design, plan, create, and evaluate solutions. At the same time, this course fosters awareness of the social and ethical implications of technological development.

(6) Science, as defined by the National Academy of Sciences, is the "use of evidence to construct testable explanations and predictions of natural phenomena, as well as the knowledge generated through this process." Students should know that some questions are outside the realm of science because they deal with phenomena that are not scientifically testable.

(7) Scientific inquiry is the planned and deliberate investigation of the natural world. Scientific methods of investigation are experimental, descriptive, or comparative. The method chosen should be appropriate to the question being asked.

(8) Scientific decision making is a way of answering questions about the natural world. Students should be able to distinguish between scientific decision-making methods (scientific methods) and ethical and social decisions that involve science (the application of scientific information).

(9) A system is a collection of cycles, structures, and processes that interact. All systems have basic properties that can be described in space, time, energy, and matter. Change and constancy occur in
systems as patterns and can be observed, measured, and modeled. These patterns help to make predictions that can be scientifically tested. Students should analyze a system in terms of its components and how these components relate to each other, to the whole, and to the external environment.

April 8, 2022

COMMITTEE ON INSTRUCTION: ACTION
STATE BOARD OF EDUCATION: CONSENT

SUMMARY: Texas Government Code (TGC), §2001.039, establishes a four-year rule review cycle for all state agency rules, including State Board of Education (SBOE) rules. This item presents the adoption of review of SBOE rules in 19 Texas Administrative Code (TAC) Chapter 89, Adaptations for Special Populations, Subchapter A, Gifted/Talented Education, Subchapter C, Texas Certificate of High School Equivalency, and Subchapter D, Special Education Services and Settings. The rules being reviewed relate to gifted/talented education, Texas certificate of high school equivalency, and special education services and settings.

STATUTORY AUTHORITY: The statutory authority for the rule review is the TGC, §2001.039. The statutory authority for 19 TAC Chapter 89, Subchapter A, is Texas Education Code (TEC), §29.122 and §48.109(b); for Subchapter C is TEC, §7.111; and for Subchapter D is TEC, §30.003(d) and (g) and §30.004.

TGC, §2001.039, requires all state agencies to review their rules at least once every four years.

TEC, §7.111, authorizes the SBOE to adopt rules for the development and delivery of high school equivalency examinations and the provision for the administration of the examinations online, including a procedure for verifying the identity of the person taking the examination and the establishment and required payment of fees.

TEC, §29.122, authorizes the SBOE to establish criteria each school district shall use to adopt a process for identifying and serving gifted and talented students in the district and to establish a program for those students in each grade level.

TEC, §30.003(d) and (g), authorizes the SBOE to set a date by rule on which school districts and state institutions shall provide to the commissioner the necessary information to determine the district's share of cost for a student's education at the Texas School for the Blind and Visually Impaired or Texas School for the Deaf and adopt rules as necessary to implement this section of the TEC.

TEC, §30.004, authorizes the SBOE to adopt rules prescribing the information that school districts shall provide to parents or other persons having lawful control of a student about programs and services available at the Texas School for the Blind and Visually Impaired or the Texas School for the Deaf. This information is to include the availability of programs offered by state institutions for which the student may be eligible; the eligibility requirements and admission conditions imposed by each of those state institutions; and the rights of students regarding admission to those state institutions and the appeal of admission decisions.

TEC, §48.109(b), authorizes the SBOE to adopt rules districts must use to account for the expenditure of state funds for the gifted and talented student allotment.

The full text of statutory citations can be found in the statutory authority section of this agenda.
PREVIOUS BOARD ACTION: The SBOE last adopted the review of 19 TAC Chapter 89, Subchapters A, C, and D, in April 2018, finding that the reasons for initially adopting the rules continued to exist. The proposed review of 19 TAC Chapter 89, Adaptations for Special Populations, was presented to the Committee on Instruction for discussion at the January 2022 meeting.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBOE rules in 19 TAC Chapter 89 are organized as follows: Subchapter A, Gifted/Talented Education; Subchapter C, Texas Certificate of High School Equivalency; and Subchapter D, Special Education Services and Settings. Following is a summary of each subchapter.

Subchapter A. Gifted/Talented Education

The rules in this subchapter provide for assessment and services for students; professional development for teachers, counselors, and administrators; and program accountability. The rules have been used as the foundation of the Texas State Plan for the Education of Gifted/Talented Students since November 1996.

Subchapter C. Texas Certificate of High School Equivalency

The rules in this subchapter provide for high school equivalency testing in the state, including the establishment of testing centers; eligibility requirements for the Texas Certificate of High School Equivalency; and requirements for examinee identification, retesting, testing accommodations for examinees with documented disabilities, and issuance of the certificate.

Subchapter D. Special Education Services and Settings

The rules in this subchapter establish procedures for contracting for residential educational placements for students with disabilities, support of students enrolled in the Texas School for the Blind and Visually Impaired and Texas School for the Deaf, and instructional arrangements and settings.

If authorized by the SBOE, the TEA will file the adopted review with the Texas Register stating that the SBOE finds the reasons for adopting 19 TAC Chapter 89, Subchapters A, C, and D, continue to exist. The filing of the adopted review stating that the reasons for adoption continue to exist would not preclude any amendments that may be proposed at different dates through a separate rulemaking process.

PUBLIC COMMENTS: TEA filed the notice of proposed review of 19 TAC Chapter 89, Subchapters A, C, and D, with the Texas Register following the January 2022 SBOE meeting. The public comment period on the proposed review began February 25, 2022, and ended at 5:00 p.m. on April 1, 2022. Public comments received will be provided to the SBOE during the April 2022 meeting. The SBOE will take registered oral and written comments on the proposed review at the committee meeting in April 2022 in accordance with the SBOE board operating policies and procedures.

MOTION TO BE CONSIDERED: The State Board of Education:

Adopt the review of 19 TAC Chapter 89, Adaptations for Special Populations.

Staff Members Responsible:
Monica Martinez, Associate Commissioner, Standards and Support Services
Monica Brewer, Statewide Coordinator, Gifted/Talented Education
Cindee Tonnesen, Assistant Director, Texas Certificate of High School Equivalency, College, Career, and Military Preparation

The full text of statutory citations can be found in the statutory authority section of this agenda.

EFFECTIVE DATE: The proposed effective date of the proposed amendment is 20 days after filing as adopted with the Texas Register. Under TEC, §7.102(f), the SBOE must approve the rule action at second
reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2023-2024 school year. The earlier effective date will ensure the provisions of the FASRG align with current governmental accounting and auditing standards for school districts and charter schools as soon as possible.

**PREVIOUS BOARD ACTION:** The current FASRG, Version 17.0, was adopted by reference in §109.41 effective June 21, 2021. At the January 2022 SBOE meeting, the committee discussed the proposed amendment to §109.41 and the proposed updates to the FASRG modules to be adopted by reference in the rule.

**BACKGROUND INFORMATION AND JUSTIFICATION:** The FASRG describes the rules of financial accounting for school districts, charter schools, and education service centers and is adopted by reference under §109.41. The proposed amendment to §109.41 would adopt Version 18.0 of the FASRG. Revisions to the FASRG would align the content with current governmental accounting and auditing standards, remove obsolete requirements, and remove descriptions and discussions of best practices and other non-mandatory elements.

Requirements for financial accounting and reporting are derived from generally accepted accounting principles (GAAP). School districts and charter schools are required to adhere to GAAP. Legal and contractual considerations typical of the government environment are reflected in the fund structure basis of accounting.

An important function of governmental accounting systems is to enable administrators to assure and report on compliance with finance-related legal provisions. This assurance and reporting means that the accounting system and its terminology, fund structure, and procedures must be adapted to satisfy finance-related legal requirements. However, the basic financial statements of school districts and charter schools should be prepared in conformity with GAAP.

School district and charter school accounting systems shall use the accounting code structure presented in the Account Code section of the FASRG (Module 1). Funds shall be classified and identified on required financial statements by the same code number and terminology provided in the Account Code section of the FASRG (Module 1).

The following changes would be made to Modules 1-6 of the FASRG.

**Module 1, Financial Accounting and Reporting (FAR) and FAR Appendices**

Module 1 would align with current governmental accounting standards. Proposed Module 1 would include the following significant changes. School districts and charter schools would be required to maintain proper budgeting and financial accounting and reporting systems. In addition, school districts would be required to establish principles and policies to ensure uniformity in accounting in conformity with GAAP established by the Governmental Accounting Standards Board (GASB) and the Financial Accounting Standards Board (FASB).

**Module 2, Special Supplement - Charter Schools**

Module 2 would align with current financial and accounting reporting standards. Proposed Module 2 would include the following significant changes. The proposed module would establish financial and accounting requirements for Texas public charter schools to ensure uniformity in accounting in conformity with GAAP. The proposed module would also include current guidance that complements the American Institute of Certified Public Accountants (AICPA) *Audit and Accounting Guide, State and
Local Governments and supplements the Government Auditing Standards of the United States Government Accountability Office (GAO). These requirements facilitate preparation of financial statements that conform to GAAP established by the FASB.

Module 3, Special Supplement - Non-profit Charter Schools Chart of Accounts

Module 3 would align with current governmental accounting standards. Proposed Module 3 would include the following significant changes. Charter schools would be required to maintain proper budgeting and financial accounting and reporting systems that are in conformity with Texas Education Data Standards (TEDS) in the Texas Student Data Systems (TSDS) PEIMS. In addition, charter schools would be required to establish principles and policies to ensure uniformity in accounting in conformity with GAAP established by the FASB. The proposed module would also include current auditing guidance that complements the AICPA Audit and Accounting Guide, State and Local Governments and supplements the Government Auditing Standards of the United States GAO. These requirements facilitate preparation of financial statements that conform to GAAP established by the FASB.

Module 4, Auditing

Module 4 would align with current governmental auditing standards. Proposed Module 4 would include the following significant changes. The proposed module would establish auditing requirements for Texas public school districts and charter schools and include current requirements from TEC, §44.008, as well as Title 2, Code of Federal Regulations, Part 200, Subpart F, Audit Requirements, that implement the federal Single Audit Act. The proposed module would also include current auditing guidance that complements the AICPA Audit and Accounting Guide, State and Local Governments and supplements the Government Auditing Standards of the United States GAO. These requirements facilitate preparation of financial statements that conform to GAAP established by the GASB.

Module 5, Purchasing

Module 5 would align with current purchasing laws and standards. Proposed Module 5 would include the following significant changes. School districts and charter schools would be required to establish procurement policies and procedures that align with their unique operating environment and ensure compliance with relevant statutes and policies.

Module 6, Compensatory Education, Guidelines, Financial Treatment, and an Auditing and Reporting System

Module 6 would align with current governmental accounting standards. Proposed Module 6 would include the following significant changes. School districts and charter schools would be required to maintain proper budgeting and financial accounting and reporting systems. The module would provide current information to assist local school officials' understanding of the numerous options for use of the state compensatory education allotment and provide current guidance for compliance.

The proposal would amend requirements and provide updated governmental accounting and auditing standards. In some instances, the proposed changes would add information, and in some instances, information would be removed.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: The proposal would ensure that the provisions of the FASRG align with current governmental accounting and auditing standards for school districts and charter schools. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins May 6, 2022, and ends at 5:00 p.m. on June 10, 2022. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in June 2022 in accordance with the SBOE board operating policies and procedures. COMMITTEE ON SCHOOL INITIATIVES: DISCUSSION
STATE BOARD OF EDUCATION: NO ACTION

SUMMARY: Texas Government Code (TGC), §2001.039, establishes a four-year rule review cycle for all state agency rules, including State Board of Education (SBOE) rules. This item presents the proposed review of 19 Texas Administrative Code (TAC) Chapter 61, School Districts, Subchapter A, Board of Trustees Relationship, and Subchapter B, Special Purpose School Districts. The rules being reviewed relate to continuing education for school board members, nomination of trustees for military reservation school districts and Boys Ranch Independent School District, applicability of state law for special-purpose school districts, and applicability of state law to Boys Ranch Independent School District.

STATUTORY AUTHORITY: The statutory authority for the rule review is the Texas Government Code (TGC), §2001.039. The statutory authority for 19 TAC Chapter 61, Subchapter A, is the Texas Education Code (TEC), §11.159, as amended by House Bill (HB) 690, 87th Texas Legislature, 2021, and TEC, §§11.185, 11.186, and 11.352; and for Subchapter B, is TEC, §11.351 and §11.352.

TGC, §2001.039, requires all state agencies to review their rules at least once every four years.

TEC, §11.159, as amended by HB 690, 87th Texas Legislature, 2021, requires the SBOE to provide a training course for independent school district trustees.

TEC, §11.185 and §11.186, require each district board of trustees to adopt proficiency plans and annual goals for early childhood literacy, mathematics proficiency, and college, career, and military readiness.

TEC, §11.351, authorizes the SBOE to establish special-purpose school districts for the education of students in special situations whose educational needs are not adequately met by regular school districts.

TEC, §11.352, authorizes the SBOE to adopt rules for the governance of special-purpose school districts, including the appointment of school board trustees. Absent a rule adopted under §11.352, the laws applicable to independent school districts apply to special-purpose districts.

The full text of statutory citations can be found in the statutory authority section of this agenda.

FUTURE ACTION EXPECTED: The review of 19 TAC Chapter 61, Subchapters A and B, is scheduled to be presented to the SBOE for adoption at the June 17, 2022 meeting.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBOE rules in 19 TAC Chapter 61 are organized as follows: Subchapter A, Board of Trustees Relationship, and Subchapter B, Special Purpose School Districts. Following is a summary of each subchapter.
Subchapter A. Board of Trustees Relationship

The rule in §61.1 describes the continuing education requirements for school district boards of trustees.

The rule in §61.2 describes the requirements for nominations to the boards of trustees of special-purpose districts.

Subchapter B. Special Purpose School Districts

The rule in §61.101 establishes the applicability of state laws to the special-purpose school districts operated by the University of Texas at Austin and Texas Tech University.

The rule in §61.111 establishes the applicability of state laws to Boys Ranch Independent School District.

ANTICIPATED REVISIONS TO RULES: No changes to rules in 19 TAC Chapter 61, Subchapters A and B, are anticipated at this time.

PUBLIC COMMENTS: TEA will file the notice of proposed review of 19 TAC Chapter 61, Subchapters A and B, with the Texas Register following the April 2022 SBOE meeting. TEA will accept comments as to whether reasons for adopting 19 TAC Chapter 61, Subchapters A and B continue to exist. The public comment period on the proposed rule review begins May 6, 2022, and ends at 5:00 p.m. on June 10, 2022. The SBOE will take registered oral and written comments on this item at the appropriate committee meeting in June 2022 in accordance with the SBOE operating policies and procedures.

The filing of the notice of proposed review soliciting comments as to whether the reason for adoption continues to exist would not preclude any amendments that may be proposed at the same time or at different dates through a separate rulemaking process.

Proposed New 19 TAC Chapter 61, School Districts, Subchapter A, Board of Trustees Relationship, §61.3, School Safety Training for School Board Members
(Second Reading and Final Adoption)

April 8, 2022

COMMITTEE ON SCHOOL INITIATIVES: ACTION
STATE BOARD OF EDUCATION: CONSENT

SUMMARY: This item presents for second reading and final adoption proposed new 19 Texas Administrative Code (TAC) Chapter 61, School Districts, Subchapter A, Board of Trustees Relationship, §61.3, School Safety Training for School Board Members. The proposed new rule would reflect changes made by House Bill (HB) 690, 87th Texas Legislature, Regular Session, 2021, to the State Board of Education's (SBOE's) duty to provide training courses for independent school district trustees. No changes are recommended since approved for first reading.

STATUTORY AUTHORITY: Texas Education Code (TEC), §11.159(b-1), as added by HB 690, 87th Texas Legislature, Regular Session, 2021.

TEC, §11.159(b-1), as added by HB 690, 87th Texas Legislature, Regular Session, 2021, obligates the SBOE to require trustees to complete training on school safety. The SBOE, in coordination with the Texas School Safety Center, was required to develop the curriculum and materials for the training by January 1, 2022.

The full text of statutory citations can be found in the statutory authority section of this agenda.

EFFECTIVE DATE: The proposed effective date of the proposed new section is 20 days after filing as adopted with the Texas Register. Under TEC, §7.102(f), the SBOE must approve the rule action at second reading and final adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2022-2023 school year. The earlier effective date is necessary to allow school districts to begin preparing for implementation of the new section.

PREVIOUS BOARD ACTION: The SBOE approved the school safety training curriculum and materials developed by the Texas School Safety Center at its November 2021 meeting. A discussion item regarding a new rule related to the school safety training was presented to the Committee on School Initiatives at its November 2021 meeting. At its January 2022 meeting, the SBOE approved proposed new 19 TAC §61.3 for first reading and filing authorization.

BACKGROUND INFORMATION AND JUSTIFICATION: TEC, §11.159, Member Training and Orientation, requires the SBOE to provide a training course for school board trustees. Chapter 61, Subchapter A, addresses this statutory requirement. School board trustee training under current SBOE rule includes a local school district orientation session, a basic orientation to the TEC, an annual team-building session with the local school board and the superintendent, specified hours of continuing education based on identified needs, training on evaluating student academic performance, and training on identifying and reporting potential victims of sexual abuse, human trafficking, and other maltreatment of children.

HB 690, 87th Texas Legislature, Regular Session, 2021, added new TEC, §11.159(b-1), which required that the SBOE, in coordination with the Texas School Safety Center, develop the curriculum and materials for school safety training by January 1, 2022. At the September 2021 SBOE meeting, the board
discussed an outline of the school safety training curriculum proposed by the Texas School Safety Center and provided feedback on the outline. The SBOE approved the school safety training curriculum and materials developed by the Texas School Safety Center at its November 2021 meeting.

New TEC, §11.159(b-1), also obligates the SBOE to require trustees to complete training on school safety. Proposed new §61.3 would codify the school safety training requirement in rule.

No changes are recommended since approved for first reading.

FISCAL IMPACT: No changes have been made to this section since published as proposed.

The Texas Education Agency (TEA) has determined that there are no additional costs to state or local government required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: No changes have been made to this section since published as proposed.

The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: No changes have been made to this section since published as proposed.

The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: No changes have been made to this section since published as proposed.

The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

TAKINGS IMPACT ASSESSMENT: No changes have been made to this section since published as proposed.

The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

GOVERNMENT GROWTH IMPACT: No changes have been made to this section since published as proposed.

TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would create a new regulation by adding training on school safety to the existing required trustee training. The school safety training is required by TEC, §11.159(b-1), as added by HB 690, 87th Texas Legislature, Regular Session, 2021.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not expand, limit, or repeal an existing regulation; would not
increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

**PUBLIC BENEFIT AND COST TO PERSONS:** No changes have been made to this section since published as proposed.

The proposal would implement legislation by describing the requirements for a new school safety training for school district trustees established by TEC, §11.159(b-1), as added by HB 690, 87th Texas Legislature, Regular Session, 2021. There is no anticipated economic cost to persons who are required to comply with the proposal.

**DATA AND REPORTING IMPACT:** No changes have been made to this section since published as proposed.

The proposal would have no data and reporting impact.

**PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS:** No changes have been made to this section since published as proposed.

The TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

**PUBLIC COMMENTS:** Following the January 2022 SBOE meeting, notice of proposed new 19 TAC §61.3 was filed with the Texas Register, initiating the public comment period. The public comment period began February 25, 2022, and ended at 5:00 p.m. on April 1, 2022. No comments had been received at the time this item was prepared. A summary of public comments received will be provided to the SBOE during the April 2022 meeting. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in April 2022 in accordance with the SBOE board operating policies and procedures.

**MOTION TO BE CONSIDERED:** The State Board of Education:

Approve for second reading and final adoption proposed new 19 TAC Chapter 61, School Districts, Subchapter A, Board of Trustees Relationship, §61.3, School Safety Training for School Board Members; and

Make an affirmative finding that immediate adoption of proposed new 19 TAC Chapter 61, School Districts, Subchapter A, Board of Trustees Relationship, §61.3, School Safety Training for School Board Members, is necessary and shall have an effective date of 20 days after filing as adopted with the Texas Register. (Per TEC, §7.102(f), a vote of two-thirds of the members of the board is necessary for an earlier effective date.)

COMMITTEE ON SCHOOL INITIATIVES: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item provides the State Board of Education (SBOE) an opportunity to review the State Board for Educator Certification (SBEC) rule actions that would propose an amendment to 19 Texas Administrative Code (TAC) Chapter 228, Requirements for Educator Preparation Programs, §228.2, Definitions, §228.10, Approval Process, §228.30, Educator Preparation Curriculum, and §228.35, Preparation Program Coursework and/or Training. STATUTORY AUTHORITY: The statutory authority for 19 TAC Chapter §§228.2, 228.10, 228.30 and 228.35 is the Texas Education Code (TEC), §§21.031; 21.041(b)(1) and (2); 21.044, as amended by HB 159 and SB 226, 87th Texas Legislature, Regular Session, 2021; 21.0442(c); 21.0443, as amended by HB 159, 87th Texas Legislature, Regular Session, 2021; 21.045(a), as amended by HB 159, 87th Texas Legislature, Regular Session, 2021; 21.0453, as amended by HB 159, 87th Texas Legislature, Regular Session, 2021; 21.0454; 21.0455; 21.046(b), as amended by HB 159, 87th Texas Legislature, Regular Session, 2021; 21.048(a); 21.0485; 21.0487(c); 21.0489(c); 21.049(a); 21.0491; 21.050(a)–(c); and 21.051, as amended by HB 159 and SB 1590, 87th Texas Legislature, Regular Session, 2021; and the Texas Occupations Code (TOC), §55.004, as amended and added by HB 139, 87th Texas Legislature, Regular Session; and §55.007.

TEC, §21.031, authorizes the SBEC to regulate and oversee all aspects of the certification, continuing education, and standards of conduct of public school educators, and states that in proposing rules under the TEC, Chapter 21, Subchapter B, the SBEC shall ensure that all candidates for certification or renewal of certification demonstrate the knowledge and skills necessary to improve the performance of the diverse student population of this state.

TEC, §21.041(b)(1), requires the SBEC to propose rules that provide for the regulation of educators and the general administration of the TEC, Chapter 21, Subchapter B, in a manner consistent with the TEC, Chapter 21, Subchapter B.

TEC, §21.041(b)(2), requires the SBEC to propose rules that specify the classes of educator certificates to be issued, including emergency certificates.

TEC, §21.044, as amended by HB 159 and SB 226, 87th Texas Legislature, Regular Session, 2021, requires the SBEC to propose rules establishing training requirements a person must accomplish to obtain a certificate, enter an internship, or enter an induction-year program.

TEC, §21.0443, as amended by HB 159, 87th Texas Legislature, Regular Session, 2021, requires the SBEC to establish rules for the approval and renewal of EPPs, including requiring programs to incorporate proactive instructional planning techniques in their coursework, and to integrate inclusive practices, evidence-based instruction and intervention strategies throughout course work, clinical experience, and student teaching.

TEC, §21.045(a), as amended by HB 159, 87th Texas Legislature, Regular Session, 2021, requires the SBEC to establish standards to govern the approval and continuing accountability of all educator preparation programs.

TEC, §21.0453, as amended by HB 159, 87th Texas Legislature, Regular Session, 2021, states that the SBEC may propose rules as necessary to ensure that all EPPs provide the SBEC with accurate information.

TEC, §21.0454, requires the SBEC to develop a set of risk factors to assess the overall risk level of each EPP and use the set of risk factors to guide the Texas Education Agency (TEA) in conducting monitoring, inspections, and evaluations of EPPs.

TEC, §21.0455, requires the SBEC to propose rules necessary to establish a process for complaints to be directed against an EPP.

TEC, §21.046(b), as amended by HB 159, 87th Texas Legislature, Regular Session, 2021, states that the qualifications for certification as a principal must be sufficiently flexible so that an outstanding teacher may qualify by substituting approved experience and professional training for part of the educational requirements.

TEC, §21.0485, states the issuance requirements for certification to teach students with visual impairments.

TEC, §21.0487(c), states that because an effective principal is essential to school improvement, the SBEC shall ensure that each candidate for certification as a principal is of the highest caliber and that multi-level screening processes, validated comprehensive assessment programs, and flexible internships with successful mentors exist to determine whether a candidate for certification as a principal possesses the essential knowledge, skills, and leadership capabilities necessary for success.

TEC, §21.0489(c), states the eligibility for an Early Childhood: Prekindergarten–Grade 3 certificate.

TEC, §21.049(a), authorizes the SBEC to adopt rules providing for educator certification programs as an alternative to traditional EPPs.

TEC, §21.0491, requires the SBEC to create a probationary and standard trade and industrial workforce training certificate.

TEC, §21.050(a), states that a person who applies for a teaching certificate for which board rules require a
bachelor’s degree must possess a bachelor’s degree with an academic major that is related to the curriculum as prescribed under Subchapter A, Chapter 28.

TEC, §21.050(b), states that the SBEC may not require more than 18 semester credit hours of education courses at the baccalaureate level for the granting of a teaching certificate.

TEC, §21.050(c), states that a person who receives a bachelor's degree required for a teaching certificate on the basis of higher education coursework completed while receiving an exemption from tuition and fees under the TEC, §54.363, may not be required to participate in any field experience or internship consisting of student teaching to receive a teaching certificate.

TEC, §21.051, as amended by HB 159 and SB 1590, 87th Texas Legislature, Regular Session, 2021, provides a requirement that before a school may employ a certification candidate as a teacher of record, the candidate must have completed at least 15 hours of field-based experience in which the candidate was actively engaged at an approved school in instructional or educational activities involving a diverse student population under supervision, and gives SBEC rulemaking authority to propose rules providing flexible options for field-based experiences or internships required for certification that involve interaction with a diverse student population and options for candidate observations.

TOC, §55.004, as amended and added by HB 139, 87th Texas Legislature, Regular Session, 2021, requires state agencies to adopt rules for issuance of licensure to members of the military community and provides alternatives to become eligible for licensure.

TOC, §55.007, provides that verified military service, training, and education be credited toward licensing requirements.

The full text of statutory citations can be found in the statutory authority section of this agenda.

PREVIOUS BOARD ACTION: None.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBEC rules in 19 TAC Chapter 228, Requirements for Educator Preparation Programs, establish the requirements for EPPs in the preparation of candidates for Texas educator certification. The proposed amendments to Chapter 228 would implement SBs 1590 and 226 and HBs 139 and 159, 87th Texas Legislature, Regular Session, 2021. The following is a description of the proposed amendments included in the attachments.

§228.2. Definitions.

The proposed new §228.2(34) would implement HB 159, 87th Texas Legislature, Regular Session, 2021, to add students with disabilities for purposes of EPP requirements in preparing candidates for educator certification and to parallel its definition with that of student with a disability in TEC, §21.001(4), as added by HB 159.

A technical edit would renumber §228.2(34) and (35) to §228.2(35) and (36).

§228.10. Approval Process.

The proposed new §228.10(a)(1)(J) would implement HB 159, 87th Texas Legislature, Regular Session, 2021, by conditioning EPP approval and renewal of approval on the program, proving that it has met the requirements prescribed in TEC, §21.0443(b)(1) and (2), by showing that it has incorporated proactive
instructional planning techniques throughout course work and across content areas, and that it has integrated inclusive practices for all students, including students with disabilities. The rule references TEC, §21.0443(b)(1) and (2), to incorporate by reference the statute’s specific requirements for instructional planning techniques and inclusive practices.

Figure: 19 TAC §228.10(b)(1)

Under Component II: Admission, the proposed amendment to the figure would reflect the current requirement in §227.10(a)(5) that an EPP has informed non-teacher applicants in writing of any certificate issuance deficiencies prior to admission by specifying the evidence that an EPP must provide during a continuing approval review to demonstrate compliance. The proposed amendments would also reflect a technical edit to update the figure to match the current §227.10(a)(6)–(9). A technical edit that would renumber the figure to match the renumbering of §228.35(g)(1)–(9) is proposed in these amendments.

Proposed new Component X: Candidate Training and Support on Inclusive Practices for Students with Disabilities in Figure: 19 TAC §228.10(b)(1) would implement HB 159, 87th Texas Legislature, Regular Session, 2021, by specifying the evidence that an EPP must provide during a continuing approval review to demonstrate compliance with §228.30(c)(9) and §228.35(c)(2)(A)(iii), (c)(2)(B)(ix), and (c)(8), which set out requirements for EPPs related to candidate training and support on instruction regarding students with disabilities, to the use of proactive instructional planning techniques and to evidence-based inclusive instructional practices.

§228.30. Educator Preparation Curriculum.

The proposed amendment to §228.30(c)(8) would implement SB 226, 87th Texas Legislature, Regular Session, 2021, by adding virtual instruction and virtual learning to the list of topics that EPPs must include in their curriculum. The proposed amendment specifically references TEC, §21.001, to clarify that the definitions of virtual instruction, virtual learning, digital literacy, and digital learning are the same in the rule as in the statute.

The proposed new §228.30(c)(9) would implement HB 159, 87th Texas Legislature, Regular Session, 2021, by specifying that EPP curriculum must include subject matter related to educating students with disabilities, including the use of proactive instructional planning techniques and evidence-based instructional practices. The rule references TEC, §21.044(a-1), to incorporate by reference the statute's specific requirements for the training an educator candidate must receive regarding teaching students with disabilities, including proactive instructional techniques and evidence-based instructional practices.

Two technical edits that are proposed in §228.30(d)(4) and (e) would further define the cross reference to commissioner of education rules in 19 TAC Chapter 149.

§228.35. Preparation Program Coursework and/or Training.

The proposed amendment to §228.35(a)(5)(A) would implement HB 139, 87th Texas Legislature, Regular Session, 2021, by adding "clinical and professional experience" training to the list of appropriate credit toward certification requirements that EPPs must develop criteria and procedures to allow. HB 139 allows state licensing agencies to give military service members, spouses, and veterans credit toward certification requirements for clinical and professional experience.
SB 1590, 87th Texas Legislature, Regular Session, 2021, requires the SBEC to propose rules allowing options for candidate observations that require EPPs to provide for no fewer than three in-person observations, or two in-person observations and two virtual observations that are equivalent in rigor to in-person observations. The proposed amendment to §228.35(g) would implement SB 1590’s requirement that virtual observations be equivalent in rigor to in-person options for formal observations by ensuring that virtual and in-person observations are similar in procedure and documentation. The proposed amendment would clarify that for each formal observation, whether face-to-face or virtual, the field supervisor at the EPP must participate in an individualized pre-observation conference with the candidate; document educational practices observed; provide written feedback through an individualized, synchronous, and interactive post-observation conference with the candidate; and provide a copy of the written feedback to the candidate's cooperating teacher or mentor.

Proposed new §228.35(g)(2) and proposed amendment to §228.35(g)(1)–(9) would implement SB 1590 by providing for flexible options for EPPs to conduct some formal observations virtually for educator candidates. The proposed amendment to §228.35(g)(1) and the proposed addition of new §228.35(g)(2) would maintain the current requirements for formal in-person observations and would ensure the virtual observations are as rigorous as in-person observations, as required by SB 1590. The proposed amendment would include renumbering paragraphs (2)–(8) to paragraphs (3)–(9) in §228.35(g) to accommodate the addition of proposed new §228.35(g)(2). In addition, the text in renumbered paragraphs (4)(A), (5)(A), (6)(A) and (B), (7)(A), and (9)(A) reflect the same text as in rule but was formatted with underlined text to meet Texas Register requirements.

Proposed amendment to renumbered §228.35(g)(5)–(8), where the rules currently require three in-person observations, would allow EPPs to conduct two in-person observations and two virtual observations instead. This would implement the provision of SB 1590 that requires the options for candidate observations to provide for at least two observations to occur in person and two additional observations to occur in virtual settings that are equivalent in rigor to in-person observations, or three observations to occur in person.

Proposed amendment to renumbered §228.35(g)(4) and (9) would provide that where the rules currently require EPPs to provide four or five in-person formal observations, EPPs could conduct two of those formal observations virtually. The proposed amendment would not increase the total number of required formal observations. The proposed amendment to §228.35(g)(4) and (9) would align SBEC rules with SB 1590 while still requiring EPPs to provide first-year teacher candidates in the classroom with five formal observations to support them in their teaching positions. The table below reflects the implications of the proposed rule for EPPs conducting formal observations.

*Individuals who are seeking more than one certificate field are required to receive more observations based on the total number of certificate fields being sought.
Under the TEC, §21.042, the SBEC must submit a written copy of each rule it proposes to adopt to the SBOE for review. The SBOE may reject the proposed rule by a vote of at least two-thirds of the members of the SBOE present and voting but may not modify a rule.

**FISCAL IMPACT:** No changes have been made to this section since published as proposed. TEA staff has determined that there are potential fiscal implications to state and local governments and small businesses as a result of the proposal. The proposed amendments allowing EPPs to conduct virtual candidate observations are likely to create cost savings for each year of the first five years the proposed rule is in effect for the EPPs run by state or local government entities or small businesses from reduced staff travel time and expenses. TEA staff estimates that virtual observations will save EPPs approximately $50 per observation in EPP staff travel time and expenses when compared to the cost of in-person observations. However, it is impossible to estimate the total cost savings because it is unknowable how many EPPs will choose to offer virtual observations. The proposed new requirements for EPPs to include curriculum regarding virtual instruction, virtual learning, and educating students with disabilities are likely to increase costs for EPPs run by state or local government entities associated with developing that curriculum for each year of the first five years the proposed amendment is in effect, but that impact is created by the statutory requirement from HB 159 and SB 226, 87th Texas Legislature, Regular Session, 2021, and not the agency regulation. There are no additional costs or savings to entities required to comply with the proposal beyond that which the authorizing statute requires.

**LOCAL EMPLOYMENT IMPACT:** No changes have been made to this section since published as proposed. The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code (TGC), §2001.022.

**SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT:** No changes have been made to this section since published as proposed. The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in TGC, §2006.002, is required.

**COST INCREASE TO REGULATED PERSONS:** No changes have been made to this section since published as proposed. The proposed new requirements for EPPs to include curriculum regarding virtual instruction, virtual learning, and educating students with disabilities are likely to increase costs for EPPs, including those run by state or local government entities, associated with developing that curriculum for each year of the first five years the proposed rule is in effect. However, these costs are necessary to implement legislation, specifically HB 159 and SB 226, 87th Texas Legislature, Regular Session, 2021. The proposal, therefore, is not subject to TGC, §2001.0045.

**TAKINGS IMPACT ASSESSMENT:** No changes have been made to this section since published as proposed. The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under TGC, §2007.043.

**GOVERNMENT GROWTH IMPACT:** No changes have been made to this section since published as proposed. The TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, the TEA staff has determined that the proposed amendments would create a new regulation that requires EPPs to include curriculum regarding virtual instruction, virtual learning, and educating students with disabilities, but that impact is created by the statutory requirements of HB 159 and SB 226, 87th Texas Legislature, Regular
Session, 2021. The proposed amendments would also limit an existing regulation by allowing EPPs to conduct some candidate observations virtually rather than in-person.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not expand or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

**PUBLIC BENEFIT AND COST TO PERSONS:** No changes have been made to this section since published as proposed. The public benefit anticipated as a result of the proposal would be clear guidance to EPPs on requirements for providing preparation to an individual seeking certification as an educator. The TEA staff has determined there is no anticipated cost to persons required to comply with the proposal.

**DATA AND REPORTING IMPACT:** No changes have been made to this section since published as proposed. The proposal would have no new data and reporting impact.

**PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS:** No changes have been made to this section since published as proposed. The TEA staff has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

**PUBLIC COMMENTS:** In accordance with the SBEC rulemaking process, a summary of comments received by the SBEC on its proposed rules is shared with the SBOE under separate cover prior to this SBOE meeting.

The proposal will be reviewed by the Texas Education Agency (TEA) staff and a pre-approval site visit will be conducted. The TEA staff shall recommend to the State Board for Educator Certification (SBEC) whether the entity should be approved. A post-approval site visit will be conducted after the first year of the EPP's operation.

(1) The proposal shall include the following program approval components:

(A) ownership and governance of the EPP;
(B) criteria for admission to the EPP;
(C) EPP curriculum;
(D) EPP coursework and/or training, including ongoing support during clinical teaching, internship, and practicum experiences;
(E) certification procedures;
(F) assessment and evaluation of candidates for certification and EPP improvement;
(G) professional conduct of EPP staff and candidates;

(1) At the time of the review, the entity shall submit to the TEA staff a status report regarding its compliance with existing standards and requirements for EPPs. An EPP is responsible for establishing procedures and practices sufficient to ensure the security of information against unauthorized or accidental access, disclosure, modification, destruction, or misuse prior to the expiration of the retention period. Evidence of compliance is described in the figure provided in this paragraph.

Figure: 19 TAC §228.10(b)(1) [Figure: 19 TAC §228.10(b)(1)]

(2) Unless specified otherwise, the entity must retain evidence of compliance described in the figure in paragraph (1) of this subsection for a period of five years.

(3) TEA staff shall, at the minimum, use the following risk factors to determine the need for discretionary reviews and the type of five-year reviews:

(A) a history of the program's compliance with state law and board rules, standards, and procedures, with consideration given to:
(i) the seriousness of any violation of a rule, standard, or procedure;

(d) Addition of certificate categories and classes.

(1) An EPP that is rated "accredited," as provided in §229.4 of this title (relating to Determination of Accreditation Status), may request additional certificate categories be approved by TEA staff, by submitting an application in a form developed by the TEA staff that shall include, at a minimum, the curriculum matrix; a description of how the standards for Texas educators are incorporated into the EPP; and documentation showing that the program has the staff knowledge and expertise to support individuals participating in each certification category being requested. The curriculum matrix must include the standards, framework competencies, applicable Texas Essential Knowledge and Skills, course and/or module names, and the benchmarks or assessments used to measure successful program progress.

(2) An EPP rated "accredited" and currently approved to offer a certificate for which the SBEC is changing the grade level of the certificate may request to offer the preapproved category at different grade levels by submitting an application in a form developed by the TEA staff that shall include, at a minimum, a modified curriculum matrix that includes the standards, course and/or module names, and the benchmarks or assessments used to measure successful program progress. The requested additional certificate categories must be within the classes of certificates for which the EPP has been previously approved by the SBEC.

(3) An EPP that is not rated "accredited" may not apply to offer additional certificate categories or classes of certificates.

(4) An EPP that is rated "accredited" may request the addition of a certificate class that has not been previously approved by the SBEC, but must present a full proposal on an application in a form developed by the TEA staff for consideration and approval by the SBEC.

(e) Addition of program locations. An EPP that is rated "accredited," may open additional locations, provided the program informs the SBEC of any additional locations at which the program is providing educator preparation 60 days prior to providing educator preparation at the location. Additional program locations
must operate in accordance with the program components under which the program has been approved to operate.

(f) Contingency of approval. Approval of an EPP by the SBEC, including each specific certificate class and category, is contingent upon approval by other lawfully established governing bodies such as the Texas Higher Education Coordinating Board, boards of regents, or school district boards of trustees. Continuing EPP approval is contingent upon compliance with superseding state and federal law.

(g) Notwithstanding any other provisions of this section, a program that is approved to offer certificates that the SBEC has replaced with new certificates, which require a science of teaching reading assessment, may be approved to offer the certificates by submitting on or before December 1, 2020, a request to offer the new certificates in a form developed by the TEA staff. This request must include at a minimum an attestation signed by the program’s legal authority of the program’s intent to modify its curriculum by January 1, 2021, as necessary to prepare candidates for the new certificate. Programs may be approved to offer the new certificates only for the route(s) for which they are approved to offer the existing certificates. A program that does not file a request for approval to offer the new certificates on or before December 1, 2020, may apply for authorization using the process described in subsection (d) of this section. The eligible certificates are as follows:

(1) a program approved to offer Core Subjects: Early Childhood-6 may request to offer Core Subjects with Science of Teaching Reading: Early Childhood-6;

(2) a program approved to offer Core Subjects: Grades 4-8 may request to offer Core Subjects with Science of Teaching Reading: Grades 4-8;

(3) a program approved to offer English Language Arts and Reading: Grades 4-8 may request to offer English Language Arts and Reading with Science of Teaching Reading: Grades 4-8; and

(4) a program approved to offer English Language Arts and Reading/Social Studies: Grades 4-8 may request to offer English Language Arts and Reading/Social Studies with Science of Teaching Reading: Grades 4-8.

§228.30. Educator Preparation Curriculum.

(b) The curriculum for each educator preparation program shall rely on scientifically-based research to ensure educator effectiveness.

(c) The following subject matter shall be included in the curriculum for candidates seeking initial certification in any certification class:

(1) the code of ethics and standard practices for Texas educators, pursuant to Chapter 247 of this title (relating to Educators’ Code of Ethics), which include:
   (A) professional ethical conduct, practices, and performance;

Instruction acquired from the list of recommended best practice-based programs or from an accredited institution of higher education or an alternative certification program as part of a degree plan shall be implemented as required by the provider of the best practice-based program or research-based practice;
the skills that educators are required to possess, the responsibilities that educators are required to accept, and the high expectations for students in this state;

the importance of building strong classroom management skills;

the framework in this state for teacher and principal evaluation;

appropriate relationships, boundaries, and communications between educators and students; and

instruction in digital learning, virtual instruction, and virtual learning, as defined in TEC, §21.001, including a digital literacy evaluation followed by a prescribed digital learning curriculum. The instruction required must:

(1) the relevant TEKS, including the English Language Proficiency Standards;

(2) reading instruction, including instruction that improves students' content-area literacy;

(3) for certificates that include early childhood and prekindergarten, the Prekindergarten Guidelines; and

(4) the skills and competencies as prescribed in Chapter 235 of this title (relating to Classroom Teacher Certification Standards) and captured in the Texas teacher standards in Chapter 149, Subchapter AA, of Part 2 of this title (relating to Teacher Standards).

(e) For candidates seeking certification in the principal certification class, the curriculum shall include the skills and competencies as prescribed in Chapter 241 of this title (relating to Certification as Principal) and captured in the Texas administrator standards, as indicated in Chapter 149, Subchapter BB, of Part 2 of this title (relating to Administrator Standards).

(f) The following educator content standards from Chapter 235 of this title shall be included in the curriculum for candidates who hold a valid standard, provisional, or one-year classroom teacher certificate specified in §230.31 of this title (relating to Types of Certificates) in a certificate category that allows the candidates who are seeking the Early Childhood: Prekindergarten-Grade 3 certificate to teach all subjects in Prekindergarten, Kindergarten, Grade 1, Grade 2, or Grade 3:

(1) Child Development provisions of the Early Childhood: Prekindergarten-Grade 3 Content Standards;

(2) Early Childhood-Grade 3 Pedagogy and Professional Responsibilities Standards; and

(3) Science of Teaching Reading Standards.

§228.35. Preparation Program Coursework and/or Training.

(a) Coursework and/or training for candidates seeking initial certification in any certification class.

(1) An educator preparation program (EPP) shall provide coursework and/or training to adequately prepare candidates for educator certification and ensure the educator is effective in the classroom.
Coursework and/or training shall be sustained, rigorous, intensive, interactive, candidate-focused, and performance-based.

All coursework and/or training shall be completed prior to EPP completion and standard certification.

With appropriate documentation such as certificate of attendance, sign-in sheet, or other written school district verification, 50 clock-hours of training may be provided by a school district and/or campus that is an approved Texas Education Agency (TEA) continuing professional education provider to a candidate who is considered a late hire. The training provided by the school district and/or campus must meet the criteria described in the Texas Education Code (TEC), §21.451 (Staff Development Requirements) and must be directly related to the certificate being sought.

Each EPP must develop and implement specific criteria and procedures that allow:

(A) military service member or military veteran candidates to credit verified military service, training, clinical and professional experience, or education toward the training, education, work experience, or related requirements (other than certification examinations) for educator certification requirements, provided that the military service, training, or education is directly related to the certificate being sought; and

(B) candidates who are not military service members or military veterans to substitute prior or ongoing service, training, or education, provided that the experience, education, or training is not also counted as a part of the internship, clinical teaching, or practicum requirements, was provided by an approved EPP or an accredited institution of higher education within the past five years, and is directly related to the certificate being sought.

Coursework and training that is offered online must meet, or the EPP must be making progress toward meeting, criteria set for accreditation, quality assurance, and/or compliance with one or more of the following:

(A) Accreditation or Certification by the Distance Education Accrediting Commission;

(B) Program Design and Teaching Support Certification by Quality Matters;

(C) Part 1, Chapter 4, Subchapter P, of this title (relating to Approval of Distance Education Courses and Programs for Public Institutions); or

(D) Part 1, Chapter 7 of this title (relating to Degree Granting Colleges and Universities Other than Texas Public Institutions).

Coursework and/or training for candidates seeking initial certification in the classroom teacher certification class. An EPP shall provide each candidate with a minimum of 300 clock-hours of coursework and/or training. An EPP shall provide a minimum of 200 clock-hours of coursework and/or training for a candidate seeking a Trade and Industrial Workforce Training certificate as specified by §233.14(e) of this title (relating to Career and Technical Education (Certificates requiring experience and preparation in a skill area)). Unless a candidate qualifies as a late hire, a candidate shall complete the following prior to any clinical teaching or internship:

1. a minimum of 30 clock-hours of field-based experience. Up to 15 clock-hours of this field-based experience may be provided by use of electronic transmission or other video or technology-based method; and

2. 150 clock-hours of coursework and/or training as prescribed in §228.30(d)(4) of this title (relating to Educator Preparation Curriculum) that allows candidates to demonstrate proficiency in:

(A) designing clear, well-organized, sequential, engaging, and flexible lessons that reflect best practice, align with standards and related content, are appropriate for diverse learners and encourage higher-order thinking, persistence, and achievement;

(B) formally and informally collecting, analyzing, and using student progress data to inform instruction and make needed lesson adjustments;
(C) ensuring high levels of learning, social-emotional development, and achievement for all students through knowledge of students, proven practices, and differentiated instruction;

An EPP shall provide a candidate with a minimum of 200 clock-hours of coursework and/or training that is directly aligned to the educator standards for the applicable certification class.

d) Late hire provisions. A late hire for a school district teaching position may begin employment under an intern or probationary certificate before completing the pre-internship requirements of subsection (b) of this section, but shall complete these requirements within 90 school days of assignment.

e) Educator preparation program delivery. An EPP shall provide evidence of ongoing and relevant field-based experiences throughout the EPP in a variety of educational settings with diverse student populations, including observation, modeling, and demonstration of effective practices to improve student learning.

(1) For initial certification in the classroom teacher certification class, each EPP shall provide field-based experiences, as defined in §228.2 of this title (relating to Definitions), for a minimum of 30 clock-hours. The field-based experiences must be completed prior to assignment in an internship or clinical teaching.

(A) Field-based experiences must include 15 clock-hours in which the candidate, under the direction of the EPP, is actively engaged in instructional or educational activities that include:

(i) authentic school settings in a public school accredited by the TEA or other school approved by the TEA for this purpose;

A long-term substitute is an individual who has been hired by a school or district to work at least 30 consecutive days in an assignment as a classroom teacher. Experience may occur after the candidate's admission to an EPP or during the two years before the date the candidate is admitted to the EPP. The candidate's experience in instructional or educational activities must be documented by the EPP and must be obtained at a public or private school accredited or approved for the purpose by the TEA.

(2) For initial certification in the classroom teacher certification class, each EPP shall also provide at least one of the following.

(A) Clinical Teaching. A candidate must have a clinical teaching assignment for each subject area in which the candidate is seeking initial certification.

(i) For a candidate seeking initial certification in only one subject area, the following provisions apply.

(I) Clinical teaching must meet one of the following requirements:

(III) the EPP provides ongoing support for each assignment as prescribed in subsection (g) of this section;

(IV) the EPP provides coursework and training for each assignment to adequately prepare the candidate to be effective in the classroom; and

(V) the campus administrator agrees to assign a qualified cooperating teacher appropriate to each assignment.

(iii) Clinical teaching is successful when the candidate demonstrates proficiency in each of the educator standards for the assignment and the field supervisor and cooperating teacher recommend to the EPP that the candidate should be recommended for a standard certificate. If either the field supervisor or cooperating teacher do not recommend that the candidate should be recommended for a standard certificate, the person who does not recommend the candidate must provide documentation supporting the lack of recommendation to the candidate and either the field supervisor or cooperating teacher.
(iv) An EPP may permit a full day clinical teaching assignment up to 5 full days fewer than the minimum and a half day clinical teaching assignment up to 10 half days fewer than the minimum if due to maternity leave, military leave, illness, or bereavement.

(ii) The beginning date for an internship for the purpose of field supervision is the first day of instruction with students in the school or district in which the internship takes place.

(iii) An internship assignment shall not be less than an average of four hours each day in the subject area and grade level of certification sought. The average includes intermissions and recesses but does not include conference and duty-free lunch periods. An EPP may permit an additional internship assignment of less than an average of four hours each day if:

(I) the primary assignment is not less than an average of four hours each day in the subject area and grade level of certification sought;

(II) the EPP is approved to offer preparation in the certification category required for the additional assignment;

(III) the EPP provides ongoing support for each assignment as prescribed in subsection (g) of this section;

(IV) the EPP provides coursework and training for each assignment to adequately prepare the candidate to be effective in the classroom; and

(V) the employing school or district notifies the candidate and the EPP in writing that an assignment of less than four hours will be required.

(iv) A candidate must hold an intern or probationary certificate while participating in an internship. A candidate must meet the requirements and conditions, including the subject matter knowledge requirement, prescribed in §230.36 of this title (relating to Intern Certificates) and §230.37 of this title (relating to Probationary Certificates) to be eligible for an intern or probationary certificate.

(v) An EPP may recommend an additional internship if:

(I) the EPP certifies that the first internship was not successful, the EPP has developed a plan to address any deficiencies identified by the candidate and the candidate's field supervisor, and the EPP implements the plan during the additional internship; or

(II) the EPP certifies that the first internship was successful and that the candidate is making satisfactory progress toward completing the EPP before the end of the additional internship.

(vi) An EPP must provide ongoing support to a candidate as described in subsection (g) of this section for the full term of the initial and any additional internship, unless, prior to the expiration of that term:

(I) a standard certificate is issued to the candidate during any additional internship under a probationary certificate;

(II) the candidate resigns, is non-renewed, or is terminated by the school or district; or

(II) TEA must receive the certificate deactivation request with all related documentation from the EPP within two calendar weeks of the candidate's last day of the assignment in a format determined by TEA.

(viii) The EPP must communicate the requirements in clause (vii) of this subparagraph to candidates and campus or district personnel prior to the assignment start date.

(ix) An internship is successful when the candidate demonstrates proficiency in each of the educator standards for the assignment and the field supervisor and campus supervisor recommend to the EPP that the candidate should be recommended for a standard certificate. If either the field supervisor or campus supervisor do not recommend that the candidate should be recommended for a standard certificate, the person who does not recommend the candidate must provide documentation supporting the lack of recommendation to the candidate and either the field supervisor or campus supervisor.

(x) An internship for a Trade and Industrial Workforce Training certificate may be at an accredited institution of higher education if the candidate teaches not less than an average of four hours each day, including intermissions and recesses, in a dual credit career and technical instructional setting as defined by Part 1, Chapter 4, Subchapter D of this title (relating to Dual Credit Partnerships Between Secondary Schools and Texas Public Colleges).

(3) An EPP may request an exception to the clinical teaching option described in this subsection.

(A) Submission of Exception Request. The request for an exception must include an alternate requirement that will adequately prepare candidates for educator certification and ensure the educator is effective in the classroom. The request for an exception must be submitted in a form developed by the TEA staff that shall include:

(i) the rationale and support for the alternate clinical teaching option;

(ii) a full description and methodology of the alternate clinical teaching option;

(iii) a description of the controls to maintain the delivery of equivalent, quality education; and

(iv) a description of the ongoing monitoring and evaluation process to ensure that EPP objectives are met.

(B) Review, Approval, and Revocation of Exception Request.

(i) Exception requests will be reviewed by TEA staff, and the TEA staff shall recommend to the State Board for Educator Certification (SBEC) whether the exception should be approved. The SBEC may:

(I) approve the request;

(II) approve the request with conditions;
(III) deny approval of the request; or

(IV) defer action on the request pending receipt of further information.

(ii) If the SBEC approves the request with conditions, the EPP must meet the conditions specified in the request. If the EPP does not meet the conditions, the approval is revoked.

(iii) If the SBEC approves the request, the EPP must submit a written report of outcomes resulting from the clinical teaching exception to the TEA by September 15 of each academic year. If the EPP does not timely submit the report, the approval is revoked.

(iv) If the SBEC does approve the exception or an approval is revoked, an EPP must wait at least six months from the date of the denial or revocation before submitting a new request.

(4) Candidates participating in an internship or a clinical teaching assignment need to experience a full range of professional responsibilities that shall include the start of the school year. The start of the school year is defined as the first 15 instructional days of the school year. If these experiences cannot be provided through clinical teaching or an internship, they must be provided through field-based experiences.

(5) An internship or clinical teaching experience for certificates that include early childhood may be completed at a Head Start Program with the following stipulations:

(A) a certified teacher is available as a trained mentor;

(7) An internship or clinical teaching experience shall not take place in a setting where the candidate:

(A) has an administrative role over the mentor or cooperating teacher; or

(B) is related to the field supervisor, mentor, or cooperating teacher by blood (consanguinity) within the third degree or by marriage (affinity) within the second degree.

(8) For certification in a class other than classroom teacher, each EPP shall provide a practicum for a minimum of 160 clock-hours whereby a candidate must demonstrate proficiency in each of the educator standards for the certificate class being sought.

(A) A practicum experience must take place in an actual school setting rather than a distance learning lab or virtual school setting.

(B) A practicum may not take place exclusively during a summer recess.

(C) A practicum shall not take place in a setting where the candidate:

(i) has an administrative role over the site supervisor; or

(ii) is related to the field supervisor or site supervisor by blood (consanguinity) within the third degree or by marriage (affinity) within the second degree.

(D) An intern or probationary certificate may be issued to a candidate for a certification class other than classroom teacher who meets the requirements and conditions, including the subject matter knowledge requirement, prescribed in §230.36 of this title and §230.37 of this title.
(i) A candidate for an intern or probationary certificate in a certification class other than classroom teacher must meet all requirements established by the recommending EPP, which shall be based on the qualifications and requirements for the class of certification sought and the duties to be performed by the holder of a probationary certificate in that class.

(ii) An EPP may recommend an additional practicum under a probationary certificate if:

(I) the EPP certifies that the first practicum was not successful, the EPP has developed a plan to address any deficiencies identified by the candidate and the candidate's field supervisor, and the EPP implements the plan during the additional practicum; or

(II) the EPP certifies that the first practicum was successful and that the candidate is making satisfactory progress toward completing the EPP before the end of the additional practicum.

(E) A practicum is successful when the field supervisor and the site supervisor recommend to the EPP that the candidate should be recommended for a standard certificate. If either the field supervisor or site supervisor does not recommend that the candidate should be recommended for a standard certificate, the person who does not recommend the candidate must provide documentation supporting the lack of recommendation to the candidate and either the field supervisor or site supervisor.

(9) Subject to all the requirements of this section, the TEA may approve a school that is not a public school accredited by the TEA as a site for field-based experience, internship, clinical teaching, and/or practicum.

(A) All Department of Defense Education Activity (DoDEA) schools, wherever located, and all schools accredited by the Texas Private School Accreditation Commission (TEPSAC) are approved by the TEA for purposes of field-based experience, internship, clinical teaching, and/or practicum.

(B) An EPP may file an application, with the appropriate fee specified in §229.9(6) of this title (relating to Fees for Educator Preparation Program Approval and Accountability), with the TEA for approval, subject to periodic review, of a public school, a private school, or a school system located within any state or territory of the United States, as a site for field-based experience. The application shall be in a form developed by the TEA staff and shall include, at a minimum, evidence showing that the instructional standards of the school or school system align with those of the applicable Texas Essential Knowledge and Skills (TEKS) and SBEC certification standards.

(i) The clinical teaching or practicum site may be approved for a candidate who must complete requirements outside the state of Texas due to the following reasons if they occur following admission to the EPP:

(I) military assignment of candidate or spouse;

(II) illness of candidate or family member for whom the candidate is the primary caretaker;

(III) candidate becomes the primary caretaker for a family member residing out of state; or

(IV) candidate or spouse transfer of employment.
(ii) The application shall identify the circumstances that necessitate the request to complete clinical teaching or a practicum outside of the state of Texas and be in a form developed by the TEA staff and shall include, at a minimum:

(I) the accreditation(s) held by the school;

(II) a crosswalk comparison of the alignment of the instructional standards of the school with those of the applicable TEKS and SBEC certification standards;

(III) the certification, credentials, and training of the field supervisor(s) who will supervise candidates in the school; and

(IV) the measures that will be taken by the EPP to ensure that the candidate's experience will be equivalent to that of a candidate in a Texas public school accredited by the TEA.

(D) An EPP may file an application, with the appropriate fee specified in §229.9(6) of this title, with the TEA for approval, subject to periodic review, of a public or private school for a candidate's placement located outside the United States, as a site for clinical teaching or a practicum required by this chapter.

In order to support a new educator and to increase educator retention, an EPP shall collaborate with the campus or district administrator to assign each candidate a mentor during the candidate's internship, assign a cooperating teacher during the candidate's clinical teaching experience, or assign a site supervisor during the candidate's practicum. If an individual who meets the certification category and/or experience criteria for a cooperating teacher, mentor, or site supervisor is not available, the EPP and campus or district administrator shall assign an individual who most closely meets the criteria and document the reason for selecting an individual that does not meet the criteria. The EPP is responsible for providing mentor, cooperating teacher, and/or site supervisor training that relies on scientifically-based research, but the program may allow the training to be provided by a school, district, or regional education service center if properly documented.

(g) Ongoing educator preparation program support for initial certification of teachers. Supervision of each candidate shall be conducted with the structured guidance and regular ongoing support of an experienced educator who has been trained as a field supervisor. (j) Coursework and/or training for candidates seeking a Teacher of Students with Visual Impairments (TVI) Supplemental: Early Childhood-Grade 12 certification.

(1) An EPP must provide a minimum of 300 hours of coursework and/or training related to the educator standards for that certificate adopted by the SBEC.

(2) An EPP shall provide a clinical experience of at least 350 clock-hours in a supervised educator assignment in a public school accredited by the TEA or other school approved by the TEA for this purpose. A TVI certification candidate must demonstrate proficiency in each of the educator standards for the certificate being sought during the clinical experience. A clinical experience is successful when the field supervisor recommends to the EPP that the TVI certification candidate should be recommended for a TVI supplemental certification.

(A) An EPP will provide guidance, assistance, and support for the TVI certification candidate by assigning a cooperating teacher and/or providing individual or group consultation. The EPP is responsible for providing training to cooperating teachers and/or consultation providers.

(B) An EPP will collaborate with the program coordinator for the Texas School for the Blind and Visually Impaired Statewide Mentor Program to assign a TVI mentor for the TVI certification candidate. The Texas School for the Blind and Visually Impaired Statewide Mentor Program is responsible for providing training for all TVI mentors.

(C) An EPP will provide ongoing support for the TVI certification candidate. Supervision of each candidate shall be conducted with the structured guidance and regular ongoing support of an experienced educator who has been trained as a field supervisor. Supervision must be provided by a field supervisor who has completed TEA-approved observation training. The initial contact, which may be made by telephone, email, or other electronic communication, with the assigned candidate must occur within the first quarter of the assignment. For each formal observation, the field supervisor shall participate in an individualized pre-observation conference with the candidate; document educational practices observed; and provide written feedback through an individualized,
synchronous, and interactive post-observation conference with the candidate. Neither the pre-observation conference nor the post-observation conference need to be onsite. Formal observations conducted through collaboration with school or district personnel can be used to meet the requirements of this subsection. Informal observations and coaching shall be provided by the field supervisor as appropriate.

(i) Formal observations must be at least 135 minutes in duration in total throughout the clinical experience and must be conducted by the field supervisor.

(ii) If a formal observation is not conducted on the candidate's site in a face-to-face setting, the formal observation may be provided by use of electronic transmission or other video or technology-based method. A formal observation that is not conducted on the candidates' site in a face-to-face setting must include a pre- and post-conference.

(iii) An EPP must provide a minimum of one formal observation within the first third of the clinical experience, one formal observation within the second third of the clinical experience, and one formal observation within the final third of the clinical experience.

(k) Candidates employed as certified educational aides.

(1) Clinical Teaching Assignment. Candidates employed as certified educational aides may satisfy their clinical teaching assignment requirements through their instructional duties.

(A) If an EPP permits candidates employed as certified educational aides, as defined by Chapter 230, Subchapter E, of this title (relating to Educational Aide Certificate), to satisfy the clinical teaching assignment requirements through their instructional duties, the clinical teaching assignment must be for a minimum of 490 hours (14-week equivalent).

(B) An EPP may permit an educational aide employed in a clinical teaching to be excused from up to 35 of the required hours due to maternity leave, military leave, or illness.

(C) Clinical teaching is successful when the candidate demonstrates proficiency in each of the educator standards for the assignment and the field supervisor and cooperating teacher recommend to the EPP that the candidate should be recommended for a standard certificate. If either the field supervisor or cooperating teacher do not recommend that the candidate should be recommended for a standard certificate, the person who does not recommend the candidate must provide documentation supporting the lack of recommendation to the candidate and either the field supervisor or cooperating teacher.

(2) Coursework and Training. An EPP must provide coursework and/or training as specified in subsections (a) and (b) of this section, a clinical experience as specified in subsection (e) of this section, a cooperating teacher as specified in subsection (f) of this section, and ongoing support as specified in subsection (g) of this section. An EPP must provide a minimum of one formal observation during the first third of the assignment, a minimum of one formal observation during the second third of the assignment, and a minimum of one formal observation during the last third of the assignment.

(l) Exemptions.

(1) Under the TEC, §21.050(c), a candidate who receives a bachelor's degree required for a teaching certificate on the basis of higher education coursework completed while receiving an exemption from tuition and fees under the TEC, §54.363, is exempt from the requirements of this chapter relating to field-based experience, internship, or clinical teaching.

(2) Under the TEC, §21.0487(c)(2)(B), a candidate's employment by a school or district as a Junior Reserve Officer Training Corps instructor before the person was enrolled in an EPP or while the person is enrolled in an EPP is exempt from any clinical teaching, internship, or field-based experience program requirement.

COMMITTEE ON SCHOOL INITIATIVES: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item provides the State Board of Education (SBOE) an opportunity to review the State Board for Educator Certification (SBEC) rule actions that would propose amendments to 19 Texas Administrative Code (TAC) Chapter 230, Professional Educator Preparation and Certification, Subchapter H, Texas Educator Certificates Based on Certification and College Credentials from Other States or Territories of the United States, which serves as a foundation for the practices and procedures related to issuance of Texas certification to individuals licensed in other states. The proposed amendments would provide clarification and updates to requirements for individuals licensed in other states to obtain a standard Texas educator certificate.

STATUTORY AUTHORITY: The statutory authority for 19 TAC Chapter 230, Subchapter H, is the TEC, §§21.040(4); 21.041(a), (b)(1), (4), and (5), and (c); 21.048; and 21.052(a), (b), (c), (d), and (e).

TEC, §21.040(4), allows the SBEC authority to develop and implement policies that define responsibilities of the SBEC.

TEC, §21.041(a), allows the SBEC to adopt rules as necessary for its own procedures.

TEC, §21.041(b)(1), requires the SBEC to propose rules that provide for the regulation of educators and the general administration of the TEC, Chapter 21, Subchapter B, in a manner consistent with the TEC, Chapter 21, Subchapter B.

TEC, §21.041(b)(4), requires the SBEC to propose rules that specify the requirements for the issuance and renewal of an educator certificate.

TEC, §21.041(b)(5), requires the SBEC to propose rules that provide for the issuance of an educator certificate to a person who holds a similar certificate issued by another state or foreign country, subject to the TEC, §21.052.

TEC, §21.041(c), requires the SBEC to propose a rule adopting a fee for the issuance and maintenance of an educator certificate that, when combined with any fees imposed under subsection (d), is adequate to cover the cost of administration of this subchapter.

TEC, §21.048, states the SBEC shall propose rules prescribing comprehensive examinations for each class of certificate issued by the board that includes not requiring more than 45 days elapsing between examination retakes and that starting January 1, 2021, all candidates teaching prekindergarten through grade six must demonstrate proficiency in the science of teaching reading on a certification examination.

TEC, §21.052(a), states that the SBEC may issue a certificate to an educator who submits an application for certification and holds a degree issued by an institution accredited by a regional accrediting agency or group that is recognized by a nationally recognized accreditation board, or a degree issued by an
institution located in a foreign country, if the degree is equivalent to a bachelor's degree issued in the United States, or holds an appropriate certificate or other credential issued in another state or country and has met all certification requirements for issuance of the credential.

TEC, §21.052(b), states that for purposes of §21.052(a)(2), a person is considered to hold a certificate or other credential if the credential is not valid solely because it has expired.

TEC, §21.052(c), states that the SBEC may issue a temporary certificate under this section to an educator who holds a degree required by §21.052(a)(1) and a certificate or other credential required by §21.052(a)(2) but who has not satisfied the requirements prescribed by §21.052(a)(3). Subject to subsections (d) and (d-1), the SBEC may specify the term of a temporary certificate issued under this subsection.

TEC, §21.052(d), states that a temporary certificate issued under §21.052(c) to an educator employed by a school district that has constructed or expanded at least one instructional facility as a result of increased student enrollment due to actions taken under the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. Section 2687) may not expire before the first anniversary of the date on which the SBEC completes the review of the educator's credentials and informs the educator of the examination or examinations under the TEC, §21.048, on which the educator must perform successfully to receive a standard certificate.

TEC, §21.052(e), states that an educator who has submitted all documents required by the board for certification and who receives a temporary certificate as provided by subsection (c) has one year to successfully complete examination requirements identified in the review of credentials and specified in Section 21.048 to receive a standard certificate.

PREVIOUS BOARD ACTION: None.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBEC rules in 19 TAC Chapter 230, Subchapter H, Texas Educator Certificates Based on Certification and College Credentials from Other States or Territories of the United States, outline the process for individuals already certified to teach in other states who are interested in obtaining Texas certification.

Following is a description of the proposed amendments included in the attachment.

The proposed amendment to §230.111(d) would remove the outdated reference to a "certificate entitlement card" because that is not a document that has been presented recently by any individuals certified outside the state who submit applications for the review of their out-of-state credentials.

§230.113. Requirements for Texas Certificates Based on Certification from Other States or Territories of the United States.

The proposed amendment to §230.113(b) would add the word "Legacy" to align with the correct title of Chapter 239, Student Services Certificates, Subsection E, that has been renamed Legacy Master Teacher Certificate, effective December 27, 2020. The title of Chapter 241 would also be updated in subsection (b) to align with the correct title.
The proposed amendment to §230.113(e) would clarify that the current process requires applicants issued the temporary, one-year certificate to obtain a Texas standard classroom teacher certificate prior to adding a supplemental certificate area to their record of certification. This is not a change in the process, only a clarification of current rule and procedures.

SBOE Review of Proposed SBEC Rules

Under the TEC, §21.042, the SBEC must submit a written copy of each rule it proposes to adopt to the SBOE for review. The SBOE may reject the proposed rule by a vote of at least two-thirds of the members of the SBOE present and voting but may not modify a rule.

FISCAL IMPACT: No changes have been made to this section since published as proposed. The Texas Education Agency (TEA) staff has determined that there is no additional fiscal impact on state and local governments and that there are no additional costs to persons or entities required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: No changes have been made to this section since published as proposed. The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code (TGC), §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: No changes have been made to this section since published as proposed. The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in TGC, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: No changes have been made to this section since published as proposed. The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to TGC, §2001.0045.

TAKINGS IMPACT ASSESSMENT: No changes have been made to this section since published as proposed. The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under TGC, §2007.043.

GOVERNMENT GROWTH IMPACT: No changes have been made to this section since published as proposed. The TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand, limit, or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: No changes have been made to this section since published as proposed. The public benefit anticipated as a result of the proposal would be clearly defined rules and requirements for individuals to obtain Texas certification based on already being licensed to teach in other states or territories of the United States. There is no anticipated cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: No changes have been made to this section since published as proposed. The proposal would have no new data and reporting impact.
PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: No changes have been made to this section since published as proposed. The TEA staff has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: In accordance with the SBEC rulemaking process, a summary of comments received by the SBEC on its proposed rules is shared with the SBOE under separate cover prior to this SBOE meeting.

MOTION TO BE CONSIDERED: The State Board of Education:

    Take no action on proposed amendments to 19 TAC Chapter 230, Professional Educator Preparation and Certification, Subchapter H, Texas Educator Certificates Based on Certification and College Credentials from Other States or Territories of the United States.

Chapter 230. Professional Educator Preparation and Certification

Subchapter H. Texas Educator Certificates Based on Certification and College Credentials from Other States or Territories of the United States

(a) A Texas educator certificate may be issued to an individual who holds a college degree and an acceptable certificate or credential issued by the authorized licensing agency in another state or territory of the United States and who meets appropriate requirements specified in §230.11 of this title (relating to General Requirements) and elsewhere in this subchapter.

(b) The degree held by an applicant from another state or territory of the United States must be equivalent to at least a bachelor's degree or higher issued by an accredited institution of higher education.

(c) The certificate or other credential issued by the authorized licensing agency in another state or territory of the United States may not be a temporary permit, a credential issued by a city or school district, or a certificate for which academic or other program deficiencies are indicated. Specific examination or renewal requirements shall not be considered academic deficiencies.

(d) A statement or approval letter or certification entitlement card issued by the authorized licensing agency in another state or territory of the United States specifying eligibility for full certification upon employment or completion of specified examination requirements shall have the same standing as a certificate.

(e) The certificate and areas of certification issued by the authorized licensing agency in another state or territory of the United States must be equivalent to a certificate or grade level that is within the early childhood-Grade 12 level and approved by the State Board for Educator Certification (SBEC). Based on the certificates submitted with the application for review of credentials, the Texas Education Agency (TEA) staff shall identify the certification areas for which the applicant qualifies in Texas. The certificate(s) for which the applicant qualifies may be issued by the TEA staff under the authority of the SBEC.

(f) If a Texas examination or certification is scheduled to be eliminated, an individual requesting certification and examination comparability must ensure that the application and all review documentation, including examination scores, are received by TEA staff 60 calendar days before the application submission deadline for the examination and/or certification sought.

§230.113. Requirements for Texas Certificates Based on Certification from Other States or Territories of the United States.

(a) An applicant for a standard Texas certificate based on a certificate issued in accordance with §230.111 of this title (relating to General Provisions) must:

   (1) pass the appropriate examination requirements prescribed in the Texas Education Code (TEC), §21.048(a), and §230.21 of this title (relating to Educator Assessment);

   (2) achieve an acceptable level of performance on an examination(s) that has been determined to be similar to and at least as rigorous as that prescribed in the TEC, §21.048(a), and §230.21 of this title that was administered to the applicant under the authority of another state or territory of the United States. The applicant shall verify in a manner determined by the Texas Education Agency staff the level of performance on acceptable examinations administered under the authority of another state or territory of the United States; or

   (3) qualify for an exemption from required Texas examinations through provisions in §152.1001 of Part 2 of this title (relating to Exceptions to Examination Requirements for Individuals Certified Outside the State).
(b) If all certification requirements are met except the appropriate examination requirements, the applicant may request issuance of a one-year certificate in one or more certification areas authorized on the out-of-state certificate. An applicant who holds only a student services, principal, or superintendent certificate issued in accordance with Chapter 239 of this title (relating to Student Services Certificates), with the exception of Subchapter E (relating to Legacy Master Teacher Certificate); Chapter 241 of this title (relating to Certification as Principal [Certificate]); or Chapter 242 of this title (relating to Superintendent Certificate) may be issued the equivalent Texas certificate. The applicant must verify two creditable years of service in an Early Childhood-Grade 12 public or accredited private school in the specific student services or administrative area sought.

(c) After satisfying all requirements, including all appropriate examination requirements, the applicant is eligible to receive the appropriate standard certificate issued under Subchapter D of this chapter (relating to Types and Classes of Certificates Issued).

(d) An applicant issued a one-year certificate under this section who does not complete the appropriate examination requirements to establish eligibility for a standard certificate during the validity of the one-year certificate, is not eligible for any type of certificate or permit authorizing employment for the same certificate until he or she has satisfied the appropriate examination requirements. If examination requirements are not met during the validity period of the one-year certificate due to circumstances beyond the control of the educator, the employing school district may request an extension not to exceed one calendar year in length.

(e) An applicant shall not be required to complete the content specialization portion of the certification examination in a certification area for which he or she does not seek standard certification unless the examination is required to establish a base classroom teaching certificate. A supplemental certificate, as described in Chapter 233 of this title (relating to Categories of Classroom Teaching Certificates), may not be issued as a standard certificate unless the educator has established a classroom teaching certificate and may not be added to a one-year certificate.

(f) An applicant issued a one-year certificate under this section who, during or subsequent to the validity of the certificate, establishes eligibility for a standard certificate may apply for:

1. a new one-year certificate in another certification area based on an acceptable certificate from another state or territory of the United States; or

2. a second one-year certificate in an area previously authorized on a one-year certificate provided the applicant was not assigned to the area and has not attempted the appropriate examination requirements for that area.
Review of Proposed Amendments to 19 TAC Chapter 245, Certification of Educators from Other Countries

April 8, 2022

COMMITTEE ON SCHOOL INITIATIVES: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item provides the State Board of Education (SBOE) an opportunity to review the State Board for Educator Certification (SBEC) rule actions that would propose amendments to 19 Texas Administrative Code (TAC) Chapter 245, Certification of Educators from Other Countries. The proposed amendments would update the requirements for certification of educators from other countries.

STATUTORY AUTHORITY: The statutory authority for the proposed amendments to 19 TAC Chapter 245 is the Texas Education Code (TEC), §§21.041(b)(1), (4), and (5); 21.048; and 21.052(a), (b), (c), (d), and (e).

TEC, §21.041(b)(1), states the SBEC must propose rules that provide for the regulation of educators and the general administration of the TEC, Chapter 21, Subchapter B, in a manner consistent with the TEC, Chapter 21, Subchapter B.

TEC, §21.041(b)(4), states the SBEC must propose rules that specify the requirements for the issuance and renewal of an educator certificate.

TEC, §21.041(b)(5), states the SBEC must propose rules that provide for the issuance of an educator certificate to a person who holds a similar certificate issued by another state or foreign country, subject to the TEC, §21.052.

TEC, §21.048, states the SBEC shall propose rules prescribing comprehensive examinations for each class of certificate issued by the board that includes not requiring more than 45 days elapsing between examination retakes and that starting January 1, 2021, all candidates teaching prekindergarten through grade six must demonstrate proficiency in the science of teaching reading on a certification examination.

TEC, §21.052(a), states that the SBEC may issue a certificate to an educator who submits an application for certification and holds a degree issued by an institution accredited by a regional accrediting agency or group that is recognized by a nationally recognized accreditation board, or a degree issued by an institution located in a foreign country, if the degree is equivalent to a bachelor's degree issued in the United States, or holds an appropriate certificate or other credential issued in another state or country and has met all certification requirements for issuance of the credential.

TEC, §21.052(b), states that for purposes of §21.052(a)(2), a person is considered to hold a certificate or other credential if the credential is not valid solely because it has expired.

TEC, §21.052(c), states that the SBEC may issue a temporary certificate under this section to an educator who holds a degree required by §21.052(a)(1) and a certificate or other credential required by §21.052(a)(2) but who has not satisfied the requirements prescribed by §21.052(a)(3). Subject to subsections (d) and (d-1), the SBEC may specify the term of a temporary certificate issued under this subsection.
TEC, §21.052(d), states that a temporary certificate issued under §21.052(c) to an educator employed by a school district that has constructed or expanded at least one instructional facility as a result of increased student enrollment due to actions taken under the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. Section 2687) may not expire before the first anniversary of the date on which the SBEC completes the review of the educator's credentials and informs the educator of the examination or examinations under the TEC, §21.048, on which the educator must perform successfully to receive a standard certificate.

TEC, §21.052(e), states that an educator who has submitted all documents required by the board for certification and who receives a temporary certificate as provided by subsection (c) has one year to successfully complete examination requirements identified in the review of credentials and specified in Section 21.048 to receive a standard certificate.

The full text of statutory citations can be found in the statutory authority section of this agenda.

PREVIOUS BOARD ACTION: None.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBEC is statutorily authorized to regulate and oversee all aspects of certification of public school educators. The SBEC is also statutorily authorized to ensure that all candidates for certification or renewal of certification demonstrate the knowledge and skills necessary to improve the performance of the diverse population of this state.

At the July 2021 SBEC meeting, the SBEC and Texas Education Agency (TEA) staff discussed the current pathway in which an individual certified in another country must comply to obtain a Texas educator certificate. Following is a description of the proposed amendments included in attachment that incorporates feedback received by the SBEC as well as technical clean-up to update current cross-references.

The proposed amendment to §245.1(d) would remove the outdated reference to a "certificate entitlement card" as it is not a document that has been presented by individuals certified outside the state who submit applications for the review of out of state credentials. Candidates must submit other documents referenced in rule (statement or approval letter) that are sufficient proof of an individual's completion of requirements for licensure to teach in another state.

§245.5. Requirements for Issuance of a Texas Certificate Based on Certification from Another Country.

Proposed new §245.5(a)(3) would add a reference to the provisions in Chapter 152, Commissioner's Rules Concerning Examination Requirements, that may qualify an individual for exemption from required state examinations leading to issuance of the Texas standard certificate.

The proposed amendment to §245.5(b) would clarify that demonstration of English language proficiency is required prior to issuance of a Texas one-year certificate and would add the word "legacy" to align with the correct title to Chapter 239, Student Services Certificates, Subchapter E, that has been renamed, Legacy Master Teacher Certificate, effective December 27, 2020. The title of Chapter 241 would also be updated in subsection (b) to align with the correct title.
The proposed amendment to §245.5(e) would clarify that the current process requires applicants issued the temporary, one-year certificate to obtain a Texas standard classroom teacher certificate prior to adding a supplemental certificate area to their record of certification. This is not a change in the certification process, only a clarification of current rule and procedures.

§245.10. Application Procedures.

The proposed amendment to §245.10(a) would delete the requirement in paragraph (3) that individuals licensed in other countries must obtain an original written statement, provided by the authorizing licensing agency in the issuing country, that the educator's certificate is in good standing, and has not been revoked, suspended, or sanctioned for misconduct and is not pending disciplinary or adverse action. The proposed amendment would reduce duplicative efforts and barriers for educators. The original written statements from foreign licensing agencies have been difficult for some foreign educators to obtain and difficult for TEA staff to verify. With the proposed amendment, educators licensed in other countries would still be required to successfully complete Foreign Credential Evaluation and Texas background check and fingerprinting processes, which are the verifiable safeguards to ensure an educator applying for issuance of a Texas certificate is in good standing. These safeguards are sufficient to ensure that an applicant licensed by another country is qualified to be an educator in Texas.

The proposed amendment in §245.10(a) would provide technical edits to renumber paragraphs (4)–(6) to paragraphs (3)–(5).

§245.15. Evaluation of College Credentials.

The proposed amendment would add the phrase "Requests for" to the title of §245.15, which is the section that covers all requests to have college credentials reviewed by TEA staff, to match the title of §230.115, Requests for Evaluation of College Credentials, which is the rule specific to individuals certified in other states or territories of the United States. The proposed amendment would also establish the acronym "EPP" to align with Texas Register style requirements.

SBOE Review of Proposed SBEC Rules

Under the TEC, §21.042, the SBEC must submit a written copy of each rule it proposes to adopt to the SBOE for review. The SBOE may reject the proposed rule by a vote of at least two-thirds of the members of the SBOE present and voting but may not modify a rule.

FISCAL IMPACT: No changes have been made to this section since published as proposed. The TEA staff has determined that there is no additional fiscal impact on state and local governments and that there are no additional costs to persons or entities required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: No changes have been made to this section since published as proposed. The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code (TGC), §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: No changes have been made to this section since published as proposed. The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in TGC, §2006.002, is required.
COST INCREASE TO REGULATED PERSONS: No changes have been made to this section since published as proposed. The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to TGC, §2001.0045.

TAKINGS IMPACT ASSESSMENT: No changes have been made to this section since published as proposed. The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under TGC, §2007.043.

GOVERNMENT GROWTH IMPACT: No changes have been made to this section since published as proposed. The TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, the proposed amendment to §245.10 would repeal an existing regulation by removing the requirement that individuals must obtain a letter of professional standing by the issuing licensing country.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand or limit an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: No changes have been made to this section since published as proposed. The public benefit anticipated as a result of the proposal would be clearly defined rules and requirements for individuals to obtain Texas certification based on already being licensed to teach in other states or territories of the United States. There is no anticipated cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: No changes have been made to this section since published as proposed. The proposal would have no new data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: No changes have been made to this section since published as proposed. The TEA staff has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: In accordance with the SBEC rulemaking process, a summary of comments received by the SBEC on its proposed rules is shared with the SBOE under separate cover prior to this SBOE meeting.

(a) A Texas educator certificate may be issued to an individual who holds a college degree and an acceptable certificate or other credential issued by the authorized licensing agency in another country and who meets appropriate requirements specified in §230.11 of this title (relating to General Requirements) and in this chapter.
(b) The degree held by an applicant from another country must be equivalent to at least a bachelor's degree or higher issued by an accredited institution of higher education in the United States accredited or otherwise approved by an accrediting organization recognized by the Texas Higher Education Coordinating Board or by the U.S. Department of Education.
(c) The certificate(s) or other credential(s) issued by the authorized licensing agency in another country may not be a temporary permit, a credential issued by a city or school district, or a certificate for which academic or other program deficiencies are indicated. Specific examination or renewal requirements shall not be considered academic or program deficiencies.
(d) A statement or approval letter issued by the authorized licensing agency in another country specifying eligibility for full certification upon employment or completion of specified examination requirements shall have the same standing as a certificate.
(e) The certificate(s) or other credential(s) and areas of certification issued by the authorized licensing agency in another country must be equivalent to a certificate or grade level that is within the early childhood-Grade 12 level and approved by the State Board for Educator Certification (SBEC). Based on the certificate(s) submitted with the application for review of credentials, the Texas Education Agency (TEA) staff shall identify the certification areas for which the applicant qualifies in Texas. The certificate(s) for which the applicant qualifies may be issued by the TEA staff under the authority of the SBEC.
(f) If a Texas examination or certification is scheduled to be eliminated, an individual requesting certification and examination comparability must ensure that the application and all review documentation, including examination scores, are received by TEA staff 60 calendar days before the application submission deadline for the examination and/or certification sought.

§245.5. Requirements for Issuance of a Texas Certificate Based on Certification from Another Country.
(a) The appropriate standard certificate issued under Chapter 230, Subchapter D, of this title (relating to Types and Classes of Certificates Issued), may be issued to an applicant holding an acceptable certificate or other credential and college degree as specified in §245.1 of this title (relating to General Provisions). The applicant must:

(1) pass the appropriate examination(s) prescribed in the Texas Education Code (TEC), §21.048(a), and §230.21 of this title (relating to Educator Assessment); or
(2) achieve an acceptable score on an examination(s) similar to and at least as rigorous as the requirements prescribed in the TEC, §21.048(a), and §230.21 of this title that was administered under the authority of another country. The applicant shall verify in a manner determined by the Texas Education Agency staff the level of performance on acceptable examinations administered under the authority of another country; or
(3) qualify for an exemption from required Texas examinations through provisions in §152.1001 of Part 2 of this title (relating to Exceptions to Examination Requirements for Individuals Certified Outside the State).
(b) If all certification requirements are met, except successful completion of the appropriate certification examination(s), the applicant who has demonstrated English language proficiency as specified in §230.11 of this title (relating to General Requirements) may request issuance of a one-year certificate in one or more
of the certification areas authorized by the certificate(s) or other credential(s) from another country. An applicant who holds only a credential that is equivalent to a student services, principal, or superintendent certificate issued in accordance with Chapter 239 of this title (relating to Student Services Certificates), with the exception of Subchapter E (relating to Legacy Master Teacher Certificate); Chapter 241 of this title (relating to Certification as Principal [Certificate]); or Chapter 242 of this title (relating to Superintendent Certificate) may be issued the equivalent Texas certificate. The applicant must verify two creditable years of public or private school experience, as defined in Chapter 153, Subchapter CC, of Part 2 of this title (relating to Commissioner's Rules on Creditable Years of Service) and the TEC, §5.001(2), in the specific student services or administrative area sought.

(c) After satisfying all certification requirements, including all appropriate examination requirements, the applicant is eligible to apply for issuance of the standard certificate issued under Chapter 230, Subchapter D, of this title (relating to Types and Classes of Certificates Issued).

(d) An applicant issued a one-year certificate under Chapter 230, Subchapter D, of this title and this chapter, who does not satisfy the appropriate examination requirements to establish eligibility for a standard certificate during the validity of the one-year certificate is not eligible for any type of certificate or permit authorizing employment for the same certification level or area until he or she has satisfied the examination requirements. If, due to extenuating circumstances beyond the control of the educator, examination requirements are not met during the validity period of the one-year certificate, the district may request an extension of the one-year certificate, not to exceed one calendar year in length.

(e) An applicant shall not be required to complete the content specialization portion of the certification examination in a certification area for which he or she does not seek standard certification unless the examination is required to establish a base classroom teaching certificate. A supplemental certificate, as described in Chapter 233 of this title (relating to Categories of Classroom Teaching Certificates), may not be issued as a standard certificate unless the educator has established a classroom teaching certificate and may not be added to a one-year certificate.

(f) An applicant issued a one-year certificate under subsection (d) of this section who, during or subsequent to the validity of the one-year certificate, satisfies the appropriate examination requirements and establishes eligibility for a standard certificate may apply for:

(1) a new one-year certificate in another certification area based on a certificate or other credential issued by another country; or

(2) a second one-year certificate in an area previously authorized on a one-year certificate, provided the applicant was not assigned to the area and has not attempted the appropriate examination requirements for that area.

§245.10. Application Procedures.

(a) An individual who has been issued an appropriate certificate or other credential by the authorized licensing agency in another country as specified in §245.1 of this title (relating to General Provisions) may apply for a review of credentials by submitting the following items to the Texas Education Agency (TEA) staff:

(1) a completed application;

(2) the original detailed report or course-by-course evaluation for professional licensing of all college-level credits prepared by a foreign credential evaluation service recognized by the TEA staff. The evaluation must verify that the individual:

(A) holds, at a minimum, the equivalent of a baccalaureate degree issued by an accredited institution of higher education in the United States as specified in §245.1(b) of this title, including the date that the degree was conferred; and

(B) has completed an educator preparation program, including a teaching practicum;

(3) an original written statement, provided by the authorized licensing agency in the issuing country, that the educator certificate(s) or other credential(s) specified in §245.1 of this title is currently in good standing and has not been revoked, suspended, or sanctioned for misconduct and is not pending disciplinary or adverse action. The statement must be written in the English language or
must be accompanied by a translation in the English language from a foreign credential evaluation service recognized by the TEA staff or an accredited translation service;

(3) [44] official transcripts of any additional college credits and/or degrees earned in the United States;

(4) [45] copies of any standard certificates issued by another state department of education; and

(5) [46] a nonrefundable review fee as specified in Chapter 230, Subchapter G, of this title (relating to Certificate Issuance Procedures).

(b) An individual who does not hold a certificate or other credential issued in accordance with §245.1 of this title must seek admission to an SBEC-approved EPP [educator preparation program] and be recommended by the EPP [programs] for certification.

COMMITTEE ON SCHOOL INITIATIVES: ACTION
STATE BOARD OF EDUCATION: ACTION

SUMMARY: This item provides the State Board of Education (SBOE) an opportunity to review the State Board for Educator Certification (SBEC) rule actions that would propose amendments to 19 Texas Administrative Code (TAC) Chapter 232, General Certification Provisions, Subchapter A, Certificate Renewal and Continuing Professional Education Requirements. The proposed amendments would implement the statutory requirements of Senate Bills (SBs) 199, 1267, and 2066, 87th Texas Legislature, Regular Session, 2021. The proposed amendments would require that all educators receive continuing professional education (CPE) training in educating students with disabilities; would update the CPE training requirements for classroom teachers, principals, and school counselors; and would provide for the SBEC to determine the training guidelines for CPE credit regarding the use of an automated external defibrillator (AED). The proposed amendments would also allow for a school district to request a hardship exemption for an educator who has an invalid certificate due to not having the required CPE hours for certificate renewal; would require educators to receive dyslexia training for certificate renewal; and would add CPE activities to the list of topics that educators can receive for certificate renewal.

STATUTORY AUTHORITY: The statutory authority for 19 TAC Chapter 232, Subchapter A, is the Texas Education Code (TEC), §§21.003(a); 21.0031(f); 21.031; 21.041(b)(1)–(4) and (7)–(9); 21.054, as amended by SBs 1267 and 2066, 87th Texas Legislature, Regular Session, 2021; 21.0541, as amended by SB 199, 87th Texas Legislature, Regular Session, 2021; 21.0543; and 22.0831(f); and Texas Occupations Code (TOC), §55.002 and §55.003.

TEC, §21.003(a), states a person may not be employed as a teacher, teacher intern or teacher trainee, librarian, educational aide, administrator, educational diagnostician, or school counselor by a school district unless the person holds an appropriate certificate or permit issued as provided by the TEC, Chapter 21, Subchapter B.

TEC, §21.0031(f), clarifies and places certain limits on provisions authorizing termination of an educator's contract for failure to maintain a valid certificate.

TEC, §21.031, authorizes the SBEC to regulate and oversee all aspects of the certification, continuing education, and standards of conduct of public-school educators.

TEC, §21.041(b)(1)–(4), requires the SBEC to propose rules that provide for the regulation of educators and the general administration of the TEC, Chapter 21, Subchapter B, in a manner consistent with the TEC, Chapter 21, Subchapter B; and requires the SBEC to propose rules that specify the classes of educator certificates to be issued, including emergency certificates; the period for which each class of educator certificate is valid; and the requirements for the issuance and renewal of an educator certificate.

TEC, §21.041(b)(7)–(8), requires the SBEC to propose rules that provide for disciplinary proceedings, including the suspension or revocation of an educator certificate, as provided by Chapter 2001, Government Code; and provide for the adoption, amendment, and enforcement of an educator's code of ethics.
TEC, §21.041(b)(9), requires the SBEC to propose rules that provide for continuing education requirements.

TEC, §21.054, as amended by SBs 1267 and 2066, 87th Texas Legislature, Regular Session, 2021, requires the SBEC to propose rules establishing a process for identifying continuing education courses and programs that fulfill educators' continuing education requirements.

TEC, §21.0541, as amended by SB 199, 87th Texas Legislature, Regular Session, 2021, requires the SBEC to propose rules that allow an educator to receive credit towards the educator's continuing education requirements for completion of an instructional course on the use of an AED.

TEC, §21.0543, requires the SBEC to propose rules that provide for CPE credit related to digital technology instruction.

TEC, §22.0831(f)(1) and (2), state SBEC may propose rules regarding the deadline for the national criminal history check and implement sanctions for persons failing to comply with the requirements.

TOC, §55.002, states a state agency that issues a license shall adopt rules to exempt an individual who holds a license issued by the agency from any increased fee or other penalty for failing to renew the license in a timely manner if the individual establishes the individual failed to renew the license in a timely manner because the individual was serving as a military service member.

TOC, §55.003, states a military service member who holds a license is entitled to two years of additional time to complete any continuing education requirements and any other requirement related to the renewal of the military service member's license.

PREVIOUS BOARD ACTION: None.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBEC rules in 19 TAC Chapter 232, Subchapter A, Certificate Renewal and Continuing Professional Education Requirements, provide for rules that establish the requirements relating to types and classes of certificates issued, certificate renewal, and continuing professional education (CPE).

As a result of the 87th Texas Legislature, Regular Session, 2021, SBs 199, 1267, and 2066 require the SBEC to update rules regarding CPE for educator certificate renewal. In addition to the statutory changes, Texas Education Agency (TEA) staff have received input from stakeholders regarding updating CPE provisions. At the October 1, 2021 SBEC meeting, the SBEC provided input regarding the implementation of the legislation and the stakeholder input, which are reflected in this item.

Following is a description of topics for proposed amendments to 19 TAC Chapter 232, Subchapter A, that incorporate the 2021 enabling legislation and SBEC input. The relevant rule text from 19 TAC Chapter 232 is presented in Attachment I.

Following the October 2021 SBEC meeting, TEA staff solicited additional stakeholder feedback on proposed rulemaking. Attachment II incorporates a summary of the solicited stakeholder input along with staff responses and rationale of the proposed rule text. TEA staff received feedback from the following 10 stakeholders on the draft rule text, as listed below:
In addition to the following detailed descriptions, the proposed amendments would also provide relettering/numbering to conform with the *Texas Register* style and formatting requirements.

§232.7. Requirements for Certificate Renewal.

Proposed new §232.7(b)(4) would provide for a local school district to apply for a hardship exemption on behalf of an educator who has an invalid certificate due to not earning the required CPE hours for certificate renewal. The exemption would be valid for the academic year in which it is granted with the opportunity for the school district to renew the exemption for one additional year. The proposed amendment would require the application for a hardship exemption to be submitted by the superintendent or designee of the local district and would allow for a one-year renewal of the exemption. The exemption would allow school districts to hire educators who have left the classroom and allowed their CPE to lapse, while upholding the importance of educators obtaining SBEC-required CPE to remain abreast of new developments in teaching methods.

In §232.7, subsection (b) would be amended to change the cross reference to paragraphs (1)-(4) and subsection (b)(4) would be renumbered to subsection (b)(5) for technical formatting purposes. In addition, technical edits would be made in subsection (c)(1) and (7) to apply *Texas Register* style requirements for cross references and acronyms.

§232.11. Number and Content of Required Continuing Professional Education Hours.

Proposed new §232.11(c)(1) would implement SB 1267 and reflect SBEC and stakeholder input by requiring all educators to receive CPE training in educating students with disabilities, and the training must include information particular to educating students with dyslexia. This will ensure that all educators are prepared to teach any student assigned to their class. Proposed new §232.11(c)(2) would maintain the current requirements regarding required CPE content.

Technical edits would reorder paragraphs (1) and (2) to subparagraphs (A) and (B).

SB 1267 limits the number of hours in certain specific topics that classroom teachers and principals can obtain in CPE for purposes of certificate renewal. The proposed amendment to §232.11(d)(2) and §232.11(e)(2) would provide a transition period, of a certificate renewal date prior to September 1, 2023, for those classroom teachers and principals who have already obtained CPE hours in the topics identified in TEC, §21.054, as amended by SB 1267, in excess of the 25% limit introduced by SB 1267. It would allow educators who have already obtained in excess of 25% of their hours in these topics in reliance on the law and rules prior to SB 1267 to not lose credit for those hours, while allowing the flexibility in CPE topic areas intended by SB 1267.
Proposed new §232.11(d)(3) and §232.11(e)(3) would implement SB 1267 by removing some of the required topics in which classroom teachers and principals must obtain CPE hours and by capping the hours to no more than 25% of the total CPE hours required for certificate renewal for those renewing their certificate on or after September 1, 2023. The proposed new language would make the requirements of the rule parallel the requirements of TEC, §21.054, as amended by SB 1267.

Proposed new §232.11(e)(3)(F)(ii) would implement SB 2066 by requiring school principals to receive CPE training in educating emergent bilingual students, which were previously described as "students of limited English proficiency."

SB 1267 also limits the number of hours in all topics currently listed in TEC, §21.054, that counselors can obtain in CPE for purposes of certificate renewal. The proposed amendment to §232.11(f)(2) would allow counselors who have already obtained CPE hours in the topics identified in TEC, §21.054, as amended by SB 1267, in excess of the 25% limit introduced by SB 1267 to use those hours toward the requirements for certificate renewal prior to September 1, 2024. It would allow counselors who have already obtained in excess of 25% of their hours in these topics in reliance on the law and rules prior to SB 1267 to not lose credit for those hours, while allowing the flexibility in CPE topic areas intended by SB 1267. The proposed transition date for counselors is September 1, 2024, in contrast to the September 1, 2023 transition date proposed for classroom teachers and principals, because SB 1267 did not strike any of the required topics for counselors, so all of the training that counselors were previously encouraged to get in excess of 25% of their hours will now be capped at 25%.

Proposed new §232.11(f)(3) would implement SB 1267 by capping the hours of CPE that counselors can obtain in the required list of topics to no more than 25% of the total CPE hours required for certificate renewal for those renewing their certificate on or after September 1, 2024. The proposed new language would make the requirements of the rule parallel the requirements of TEC, §21.054, as amended by SB 1267. The proposed implementation date of September 1, 2024, will allow counselors who have already taken excess hours in the required topics prior to the enactment of SB 1267 to get credit for those hours when renewing their certificates.

The proposed amendment to §232.11(l)(3) would implement SB 199 by amending the required AED training for CPE purposes. The proposed amendment would remove the requirement that the training be approved under Texas Health and Safety Code, §779.002, as that requirement is no longer in TEC, §21.0541, as amended by SB 199. The proposed amendment would provide that the training be in accordance with the guidelines established by the device's manufacturer and approved by the American Heart Association, the American Red Cross, other nationally recognized associations, or the medical director of a local emergency medical services provider. This change would track the requirements of the Texas Department of Health and Human Services for AED training in 25 TAC §157.41(d), Emergency Medical Services and Course Approval, to ensure that educators are trained in safe and effective methods of using the AED.
The proposed new §232.11(l)(5)–(7) would provide optional CPE training for educators in the following topics for purposes of certificate renewal:

- educating students with mental health conditions, including how grief and trauma affect student learning and behavior and how evidence-based, grief-informed, and trauma-informed strategies support the academic success of students affected by grief and trauma;
- for classroom teachers, educating emergent bilingual students; and
- educating students who engage in substance abuse.

These are topics that were previously required for CPE under TEC, §21.0541, before it was amended by SB 1267, but are no longer required. The proposed amendment would encourage educators to take continuing education in these important topics without requiring them. The proposed amendment will thus preserve the discretion for educators in choosing CPE hours, which was the intent of SB 1267 while still reminding educators of the significance of these topic areas.

A technical edit would be made to §232.11(l)(3) to remove the acronym "AED" because it is no longer needed.

*SBOE Review of Proposed SBEC Rules*

Under the TEC, §21.042, the SBEC must submit a written copy of each rule it proposes to adopt to the SBOE for review. The SBOE may reject the proposed rule by a vote of at least two-thirds of the members of the SBOE present and voting but may not modify a rule.

**FISCAL IMPACT:** No changes have been made to this section since published as proposed. The TEA staff has determined that there is no additional fiscal impact on state and local governments and that there are no additional costs to persons or entities required to comply with the proposal.

**LOCAL EMPLOYMENT IMPACT:** No changes have been made to this section since published as proposed. The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code (TGC), §2001.022.

**SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT:** No changes have been made to this section since published as proposed. The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in TGC, §2006.002, is required.

**COST INCREASE TO REGULATED PERSONS:** No changes have been made to this section since published as proposed. The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to TGC, §2001.0045.

**TAKINGS IMPACT ASSESSMENT:** No changes have been made to this section since published as proposed. The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under TGC, §2007.043.

**GOVERNMENT GROWTH IMPACT:** No changes have been made to this section since published as proposed. The TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, the proposed amendment in §232.11(c)(1) would create a new regulation for educators to receive CPE hours in educating students with disabilities for purposes of certificate renewal, as a result of SB 1267, 87th Texas Legislature, Regular Session, 2021. The proposed amendment also requires CPE to include educating students with dyslexia.
The proposed amendment in §232.7(b)(4) would limit an existing regulation by allowing individuals who have not completed the required CPE for certificate renewal to be able to teach for up to two years while completing those hours. The proposed amendment in §232.11(d)(3) would also limit an existing regulation by reducing the required topics that educators must obtain in CPE for purposes of certificate renewal and the number of hours that an educator can get in those hours, as a result of SB 1267, 87th Texas Legislature, Regular Session, 2021.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not expand or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: No changes have been made to this section since published as proposed. The public benefit anticipated as a result of the proposal would be clear guidance for applicants, educators, school districts, and providers on CPE requirements. The TEA staff has determined there is no anticipated cost to persons required to comply with the proposal.

DATA AND REPORTING IMPACT: No changes have been made to this section since published as proposed. The proposal would have no new data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: No changes have been made to this section since published as proposed. The TEA staff has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: In accordance with the SBEC rulemaking process, a summary of comments received by the SBEC on its proposed rules is shared with the SBOE under separate cover prior to this SBOE meeting.

<td>• We removed the language regarding making sufficient progress as a requirement for the additional year as it’s too difficult to track and measure and does not allow the educator and LEA to determine that.</td>
</tr>
<tr>

<td>(A) the superintendent or designee of the local education agency applies for the hardship exemption; and</td>

</tr>
<tr>
<td></td>
<td></td>
<td>2. Some wanted more clarity around minimum hours and when it should be completed. A minimum was not written in the legislation, so the number is up to the educator within the remaining 75% they must complete, and the timing would be every five years. As a reminder, this topic was covered in the list that was just stricken, so educators have already been acquiring the trainings.</td>

SB 1267: Topics stricken from the required CPE list and a cap for classroom teachers on required topics for CPE purposes. To allow classroom teachers who are already in their 3rd year of certificate renewal to not be harmed by changing requirements too soon, the new provision will go into effect September 1, 2023.

§232.11. Number and Content of Required Continuing Professional Education Hours.

Classroom Teachers:

(3) For a classroom teacher that renews a certificate on or after September 1, 2023, not more than 37.5 hours of CPE training shall include instruction in, and must be directly related to each of the following topics. The training may include two or more listed topics combined:

(A) collecting and analyzing information that will improve effectiveness in the classroom;

(B) recognizing early warning indicators that a student may be at risk of dropping out of school;

(C) digital learning, digital teaching, and integrating technology into classroom instruction;

(D) educating diverse student populations, including:

   (i) students who are educationally disadvantaged; and

   (ii) students at risk of dropping out of school.

(E) understanding appropriate relationships, boundaries, and communications between educators and students.

We received three types of feedback:

1. Most stakeholders support maintaining this language as it aligns with the legislation.

2. One stakeholder suggests allowing educators to still use the stricken topics as it was not the legislative intent to limit those topics for the educators, only the state. The Board is restricted to the language of the legislation that is aligned with the proposed text. As discussed with the Board in October, there are “allowable” hours for each of those stricken areas so educators can still choose to obtain those hours if they wish.

3. Some stakeholders suggested condensing some of the topics and removing the last one due to a desire for brevity or it being duplicative. However, this language is taken strictly out of 21.054 and supported in SB 1267, therefore, the topics must remain.
SB 1267: Topics stricken from the required CPE list and a cap for principals on required topics for CPE purposes. To allow principals who are already in their 3rd year of certificate renewal to not be harmed by changing requirements too soon, the new provision will go into effect September 1, 2023.

§232.11. Number and Content of Required Continuing Professional Education Hours.

Principals:

(3) For a principal and principal as instructional leader that renews a certificate on or after September 1, 2023, not more than 50 hours of CPE training shall include instruction in, and must be directly related to, each of the following topics. The training may include two or more listed topics combined:

(A) effective and efficient management, including:
   (i) collecting and analyzing information;
   (ii) making decisions and managing time; and
   (iii) supervising student discipline and managing behavior;

(B) recognizing early warning indicators that a student may be at risk of dropping out of school;

(C) digital learning, digital teaching, and integrating technology into campus curriculum and instruction;

(D) effective implementation of the Texas Model for Comprehensive School Counseling Programs under TEC, §33.005;

(E) mental health programs addressing a mental health condition;

(F) educating diverse student populations, including:
   (i) students who are educationally disadvantaged;
   (ii) students of limited English proficiency;
   (iii) students at risk of dropping out of school; and

(G) preventing, recognizing, and reporting any sexual conduct
between an educator and student that is prohibited under Texas Penal Code, §21.12, or for which reporting is required under TEC, §21.006.

SB 1267: A cap for school counselors on required topics for CPE purposes. To allow counselors who are already in their 3rd year of certificate renewal to not be harmed by changing requirements too soon, the new provision will go into effect September 1, 2023.

§232.11. Number and Content of Required Continuing Professional Education Hours.

School Counselors:

(3) For a school counselor that renews a certificate on or after September 1, 2024, not more than 50 hours of CPE training shall include instruction in, and must be directly related to, each of the following topics. The training may include two or more listed topics combined:

(A) assisting students in developing high school graduation plans;

(B) implementing dropout prevention strategies;

(C) informing students concerning:

(i) college admissions, including college financial aid resources and application procedures; and

(ii) career opportunities;

(D) counseling students concerning mental health conditions and substance abuse, including through the use of grief-informed and trauma-informed interventions and crisis management and suicide prevention strategies; and

We received two types of stakeholder feedback:

1. Same as above regarding teachers and principals, and

2. Those in the counseling community that request the implementation date to be moved to September 1, 2024. Staff recognizes that all of the topics will be limited to the 25% and the statute does not allow for those topics to be “allowable” for CPE purposes. Staff got approval from legislative staff for this extension and recommends moving the date to September 1, 2024.

We received concerns and support for these provisions:

1. Concerns:
   - One stated that there was confusion coming out of the meeting that these have to be here due to be considered in the 75%. Staff does not believe there was confusion but that the Board wanted to add these specifically here to point to their importance and clarification to the field that they are allowable since they will be stricken in the rule.
- One stated that the list should contain, “but are not limited to,” in the lead-in sentence prior to the list and conclude with, “any other topics related to the certificate being renewed.” Staff believe that the “may” provides guidance that the list is not exhaustive and the provision in 232.11(c)(2) states specifically that the remaining CPE hours not in the required lists must be related to the certificates being renewed.

2. Support:
- Agree that grief and trauma are important topics that should be addressed for educators.
- Agree in the importance of educators receiving CPE in educating emergent bilingual students.

With the exception of the chair, vice chair, and secretary, the seating of board members will be by State Board of Education districts. The seating for the remaining 12 members will be rotated annually at the first board meeting of the calendar year. §2.1. Regular Meetings of the Board.

In accordance with Texas Education Code, §7.106, four regular meetings of the board a year shall be held in Austin, Texas. If a quorum is not present for a meeting, the meeting shall be recessed or adjourned and all items on the agenda shall be heard at a subsequent meeting.

§2.2. Special Meetings of the Board.

Special meetings of the board may be held at times and places as ordered by the chair during a regular meeting, or special meetings may be called by the chair of the board to be held at a time and place the chair shall designate.

§2.3. Open Meetings.

Regular, special, and committee meetings of the board shall be open to the public; however, the board or board committees may meet in executive session in accordance with law and these rules. Open meetings of the board and standing committees shall be broadcast live over the Internet. The chair may limit in-person attendance at a meeting to ensure health and safety of board members and members of the public. In such instances, governor’s orders shall be followed, and members of the public shall be given access to view all portions of the meetings virtually.

§2.4. Executive Sessions.

Executive sessions of the board or of board committees are meetings with only board members and persons authorized by law. Executive sessions shall be held in accordance with Texas Government Code, Chapter 551, Open Meetings.

§2.5. Agendas.

(a) The chair has the primary responsibility for creating the SBOE meeting agendas. This includes the SBOE agenda, the Committee of the Full Board agenda, and all committee agendas. Other than as provided in this subsection and subsections (b) and (c) of this section, all agenda items are subject to the approval of the chair. If a member wishes an item to be placed on the agenda of the Committee of the Full Board, the member should request in writing that the chair place the item on the agenda. The chair will respond in writing whether or not the item will be placed on the agenda. If the chair declines in writing to place the item on the agenda, the member may make a motion during a board meeting to include the item on the agenda. If the board approves the request, it is placed on the agenda of the Committee of the Full Board for the next meeting.

(b) The chairs of the Committee on Instruction, Committee on School Finance/Permanent School Fund, Committee on School Initiatives, and ad hoc committees shall collaborate with the board chair regarding items to be placed on their respective committee agendas. Committee agendas shall include statutorily mandated motions, items assigned to the
committee by the board chair, items posted at the discretion of the committee chair and items voted on as set out in subsection (c) below. Committee chairs may post discussion items per their discretion, but action items must be approved by the board chair, subject to the process set out in (c) below.

(c) Any member of the board may request that a committee chair place an item on the agenda of that chair’s committee, other than the Committee of the Full Board, as either a discussion item or an action item. If the committee chair agrees, the item is placed on the agenda of that chair’s committee in accordance with the member’s request, subject to the approval of the board chair. If the committee chair denies the member’s request, the member may appeal the denial to the board chair. If the board chair denies the request, the member may appeal the denial to the board. If the board approves the request, it is placed on the agenda of the committee to which the request was made at the next meeting of that committee.

(d) A subject on the agenda that is outside the scope of the board’s authority may only be considered by the board or the Committee of the Full Board by a vote of a majority of the membership of the board. The chair, in consultation with Agency legal counsel, shall make a determination regarding whether an item is outside the scope of the board’s authority when preparing the agenda. Any member may move to place an item determined by the chair to be outside the scope of the board’s authority on the agenda for a subsequent meeting.

(e) The commissioner of education shall prepare and submit to each member of the board, prior to each meeting, a draft agenda schedule listing item titles with short summaries of each item. Materials supplementing the agenda may be included. Official agendas will be available the day of the board meeting.

§2.6. Official Transaction of Business.

(a) The board shall transact official business only when in session with a quorum present. Unless otherwise provided by law, in order for a board action to be final, it must be approved by a majority of the board members present and voting.

As required by Government Code §551.127(c), if videoconference calling technology is used, the meeting location where the presiding officer of the meeting is present must be open to the public, except during executive sessions. The chair may limit the number of remote conference locations in the interest of decorum and capacity.

(c) The chair may modify procedures for conducting meetings of the board if emergency protocols are enacted by the governor related to a pandemic or similar event. In such instances, governor’s orders and emergency rules shall be followed.

(d) If a board member participates in a meeting virtually, the board member must be visible by video and must have capabilities to be heard by other board members and members of the public. A member who is not present on camera during a vote of the board will be noted as absent for the vote.
(e) No posters, props, or other visual displays are allowed by board members within the meeting rooms or at remote locations without permission from the presiding chair.

§2.7. **Rules of Order.**

(a) The board shall observe *Robert's Rules of Order, Newly Revised*, except as otherwise provided by board rules or by statute.

(b) The presiding chair shall preserve order and decorum during meetings. In case of disturbance or disorderly conduct in the public gallery, the chair may order that any disruptive individuals be cleared from the area.

(c) No signs, placards, flags, noisemakers, or other objects of a similar nature shall be permitted in the audience gallery area.

(d) No applause, outburst or other demonstration by any spectator shall be permitted during the public testimony, public hearing or debate portion of any State Board of Education meeting. After warnings to the audience to refrain from such demonstrations, the presiding chair may direct that disruptive individuals in the gallery area be removed as necessary to preserve decorum during meetings.

(e) Supporters of a testifier may not gather behind the podiums used for testimony. Testifiers are free to use a portion of their testimony time to acknowledge supporters seated in the audience.

§2.8. **Minutes.**

The official minutes of the board shall be kept by the office of the commissioner of education or the commissioner’s designee and shall be available to any citizen desiring to examine them. Official minutes are those which the board has approved, and which carry the original signature of the secretary of the board.

(a) A member wishing to offer a resolution shall give notice of the resolution by submitting a copy to the chair and the State Board of Education Support staff not less than four weeks prior to the Monday of the week during which the meeting at which the resolution is to be considered. The board shall consider the resolution and any germane amendments at the next meeting following such notice.

(b) Titles for congratulatory, commendatory or other non-substantive resolutions shall be submitted by the timelines prescribed in this section with resolution text following a date and time consistent with the staff’s pre-meeting preparation timeline.

(c) The board may consider a resolution which expresses an opinion related to specific instructional materials or which expresses concerns as to the appropriateness of specific instructional materials for certain ages or populations. Resolutions considered under this subsection must conform to the following:

(1) The resolution shall be submitted in compliance with subsection (a) of this section.
(2) Board action on a resolution expressing an opinion related to specific instructional materials may only be considered after final action has been taken concerning placement of the specific instructional materials on the list of adopted instructional materials for use in the public schools of Texas. Board action relative to instructional materials resolutions must take place within 90 days of adoption of the specific instructional materials under 19 TAC Chapter 66, State Adoption and Distribution of Instructional Materials, §66.66(b).

(3) Nothing in the resolution shall be construed to replace or modify any final action taken by the board under 19 TAC Chapter 66.

(4) The board may adopt a resolution expressing an opinion related to instructional materials based on the following criteria:

(A) Instructional materials should present the most current factual information accurately and objectively without editorial opinion or bias by the authors. Theories should be clearly distinguished from fact and presented in an objective educational manner.

(B) Instructional materials should promote citizenship, patriotism, democracy, understanding of the essentials and benefits of the free enterprise system, respect for recognized authority, and respect for individual rights. The materials should not include selections or works that encourage or condone civil disorder, social strife, or disregard of the law. Violence, if it appears, should be treated in the context of its cause and consequence. It should not appear for reasons of unwholesome excitement or sensationalism.

(i) Instructional materials should present positive aspects of the United States and its heritage.

(ii) When significant political or social movements in history generate no clear consensus, instructional materials should present balanced and factual treatment of the positions.

(iii) Free enterprise means an economic system characterized by private or corporate ownership of capital goods; investments that are determined by private decision rather than by state control; and prices, production, and the distribution of goods that are determined in a free market.

(C) Instructional materials should not include blatantly offensive language or illustrations.

The Governor shall appoint two members of the School Land Board, subject to confirmation by the senate, from lists of candidates submitted by the State Board of Education. One of the
members appointed by the governor must be a resident of a county with a population of less than 200,000.

(a) The School Land Board duties as described in the Texas Natural Resources Code (§§32.061, 51.011, 51.413) are:

1. manage and control any land, mineral or royalty interest, real estate investment, or other interest, including revenue received from those sources, that is set apart to the permanent school fund together with the mineral estate in riverbeds, channels, and the tidelands, including islands;

2. acquire, sell, lease, trade, improve, maintain, protect, or otherwise manage, control, or use land, mineral and royalty interests, real estate investments, or other interests, including revenue received from those sources, that are set apart to the permanent school fund in any manner, at such prices, and under such terms and conditions as the board finds to be in the best interest of the fund;

3. consult with the president, chairman, or other head of the department, board, or agency, as applicable, or with the representative of the head, on each matter before the board that affects land owned or held in trust for the use and benefit of a department, board, or agency of the state; and,

4. make determinations as to the release of any funds to the available school fund or to the State Board of Education for investment in the permanent school fund.

(b) Each member shall be entitled to nominate one person who meets the criteria described in this section.

(c) The Committee on School Finance/Permanent School Fund shall adopt an evaluation process using the criteria described in this rule, subject to approval of the board, and engage an impartial third party to evaluate candidates submitted by members.

(d) The Committee shall recommend to the full board a slate of candidates for adoption. The list of nominees is subject to amendment by the board, but the final list must comply with statutory requirements.

The board may adopt additional rules and procedures related to these selection processes.

V-26
STATE BOARD OF EDUCATION: INFORMATION

SUMMARY: This item outlines the rule review plan for State Board of Education (SBOE) rules during the period of September 2021 through August 2025. Texas Government Code (TGC), §2001.039, requires an ongoing four-year rule review of existing state agency rules, including SBOE rules. The rule review requirement in TGC, §2001.039, is designed to ensure that the reason for initially adopting or readopting a rule continues to exist.

BACKGROUND INFORMATION AND JUSTIFICATION: Senate Bill 178, 76th Texas Legislature, 1999, amended the TGC by adding §2001.039, which requires the review of existing state agency rules. The rule review requirement in TGC, §2001.039, is designed to ensure that the reason for adopting or readopting the rule continues to exist.

The 2021-2025 SBOE rule review plan reflected in Attachment I repeats the cycle of review that was conducted during the 2017-2021 SBOE rule review period with the addition of new rules that took effect subsequent to the adoption of that plan and the removal of rules that were repealed. The 2021-2025 plan, approved by the SBOE in June 2021, is the seventh rule review cycle of SBOE rules. In accordance with Texas Education Code, §28.002(m), and as was the case with previous rule review plans, the Texas Essential Knowledge and Skills (TEKS) are exempt from the rule review requirement and are not included in the 2021-2025 rule review plan. Although the TEKS will not be reviewed as part of the rule review process, the SBOE conducts a review of the curriculum content on a schedule determined by the SBOE.

The 2021-2025 rule review plan for SBOE rules will appear on an ongoing basis in the information pages of the SBOE agenda. Any necessary modifications to the plan will also appear in the information pages of the SBOE agenda. The rule review plan will also be posted on the agency's website and updated if necessary.

Rule Review Procedures: Secretary of State rules specify the following two-step review process to implement the rule review requirement in TGC, §2001.039:

1. a Notice of Proposed Review (Intention to review) that announces a public comment period for comments on whether the reason for adopting or readopting the rules continues to exist (see example in Attachment II); and

2. a Notice of Adopted Review (Readoption) that summarizes the public comments received, if any, in response to the notice of proposed review and provides a response to each comment (see examples in Attachment II).

The rule review process for SBOE rules is illustrated in this item using three examples that present the following points: (1) if no amendments are recommended to rules under review, the item presenting the adoption of the review will complete the rule review process and no further action will be necessary; and (2) if amendments are recommended to rules under review, the item presenting the adoption of the review will complete the rule review process and the amendments will be presented as a separate item under the standard rulemaking process.

**2021-2025 Rule Review Plan for State Board of Education Rules**  
*Approved June 25, 2021*

Texas Government Code, §2001.039, requires a four-year rule review cycle for all state agency rules, including State Board of Education (SBOE) rules. The rule review is designed to ensure that the reason for adopting or readopting the rule continues to exist. It only includes rules currently in effect at the time the plan is adopted.

Texas Education Code, §28.002(m), exempts the Texas Essential Knowledge and Skills (TEKS) from the rule review requirement; accordingly, this rule review plan does not include the rule chapters for the TEKS. Although the rules will not be reviewed as part of the rule review process, the SBOE conducts a review of the TEKS on a schedule determined by the SBOE.

As required by TGC, §2001.039, the SBOE will accept comments as to whether the reasons for adopting 19 TAC Chapter 30, Subchapters A and B, continue to exist.

The public comment period on the review begins December 18, 2020, and ends at 5:00 p.m. on January 22, 2021. A form for submitting public comments on the proposed rule review is available on the TEA website at https://tea.texas.gov/About_TEA/Laws_and_Rules/SBOE_Rules_(TAC)/State_Board_of_Education_Rule_Review. The SBOE will take registered oral and written comments on the review at the appropriate committee meeting in January 2021 in accordance with the SBOE board operating policies and procedures.

The total amount distributed from the permanent school fund to the available school fund:

The amount of bonds authorized hereunder shall not exceed $750 million or a higher amount authorized by a two-thirds record vote of both houses of the legislature. If the proceeds of bonds issued by the state are used to provide a loan to a school district and the district becomes delinquent on the loan payments, the amount of the delinquent payments shall be offset against state aid to which the district is otherwise entitled.

(c) The State Board of Education may adopt rules for the governance of a special-purpose district. In the absence of a rule adopted under this subsection, the laws applicable to independent school districts apply to a special-purpose district.
TEC, §12.101. AUTHORIZATION.

(a) In accordance with this subchapter, the commissioner may grant a charter on the application of an eligible entity for an open-enrollment charter school to operate in a facility of a commercial or nonprofit entity, an eligible entity, or a school district, including a home-rule school district. In this subsection, "eligible entity" means:

(1) an institution of higher education as defined under Section 61.003;

(2) a private or independent institution of higher education as defined under Section 61.003;

(3) an organization that is exempt from taxation under Section 501(c)(3), Internal Revenue Code of 1986 (26 U.S.C. Section 501(c)(3)); or

(4) a governmental entity.

(b) After thoroughly investigating and evaluating an applicant, the commissioner, in coordination with a member of the State Board of Education designated for the purpose by the chair of the board, may grant a charter for an open-enrollment charter school only to an applicant that meets any financial, governing, educational, and operational standards adopted by the commissioner under this subchapter, that the commissioner determines is capable of carrying out the responsibilities provided by the charter and likely to operate a school of high quality, and that:

(1) has not within the preceding 10 years had a charter under this chapter or a similar charter issued under the laws of another state surrendered under a settlement agreement, revoked, denied renewal, or returned; or

(2) is not, under rules adopted by the commissioner, considered to be a corporate affiliate of or substantially related to an entity that has within the preceding 10 years had a charter under this chapter or a similar charter issued under the laws of another state surrendered under a settlement agreement, revoked, denied renewal, or returned.

(b-0) The commissioner shall notify the State Board of Education of each charter the commissioner proposes to grant under this subchapter. Unless, before the 90th day after the date on which the board receives the notice from the commissioner, a majority of the members of the board present and voting vote against the grant of that charter, the commissioner's proposal to grant the charter takes effect. The board may not deliberate or vote on any grant of a charter that is not proposed by the commissioner.

(b-1) In granting charters for open-enrollment charter schools, the commissioner may not grant a total of more than:
(1) 215 charters through the fiscal year ending August 31, 2014;
(2) 225 charters beginning September 1, 2014;
(3) 240 charters beginning September 1, 2015;
(4) 255 charters beginning September 1, 2016;
(5) 270 charters beginning September 1, 2017; and
(6) 285 charters beginning September 1, 2018.

(b-2) Beginning September 1, 2019, the total number of charters for open-enrollment charter schools that may be granted is 305 charters.

(b-3) The commissioner may not grant more than one charter for an open-enrollment charter school to any charter holder. The commissioner may consolidate charters for an open-enrollment charter school held by multiple charter holders into a single charter held by a single charter holder with the written consent to the terms of consolidation by or at the request of each charter holder affected by the consolidation.

(b-4) Notwithstanding Section 12.114, approval of the commissioner under that section is not required for establishment of a new open-enrollment charter school campus if the requirements of this subsection are satisfied. A charter holder having an accreditation status of accredited and at least 50 percent of its student population in grades assessed under Subchapter B, Chapter 39, or at least 50 percent of the students in the grades assessed having been enrolled in the school for at least three school years may establish one or more new campuses under an existing charter held by the charter holder if:

(1) the charter holder is currently evaluated under the standard accountability procedures for evaluation under Chapter 39 and received a district rating in the highest or second highest performance rating category under Subchapter C, Chapter 39, for three of the last five years with at least 75 percent of the campuses rated under the charter also receiving a rating in the highest or second highest performance rating category and with no campus with a rating in the lowest performance rating category in the most recent ratings;

(2) the charter holder provides written notice to the commissioner of the establishment of any campus under this subsection in the time, manner, and form provided by rule of the commissioner; and

(3) not later than the 60th day after the date the charter holder provides written notice under Subdivision (2), the commissioner does not provide written notice to the charter holder that the commissioner has determined that the charter holder does not satisfy the requirements of this section.

(b-5) The initial term of a charter granted under this section is five years.
(b-6) The commissioner shall adopt rules to modify criteria for granting a charter for an open-enrollment charter school under this section to the extent necessary to address changes in performance rating categories or in the financial accountability system under Chapter 39.

(b-7) A charter granted under this section for a dropout recovery school is not considered for purposes of the limit on the number of charters for open-enrollment charter schools imposed by this section. For purposes of this subsection, an open-enrollment charter school is considered to be a dropout recovery school if the school meets the criteria for designation as a dropout recovery school under Section 12.1141(c).

(b-8) In adopting any financial standards under this subchapter that an applicant for a charter for an open-enrollment charter school must meet, the commissioner shall not:

1. exclude any loan or line of credit in determining an applicant's available funding; or
2. exclude an applicant from the grant of a charter solely because the applicant fails to demonstrate having a certain amount of current assets in cash.

(b-10) The commissioner by rule shall allow a charter holder to provide written notice of the establishment of a new open-enrollment charter school under Subsection (b-4)(2) up to 18 months before the date on which the campus is anticipated to open. Notice provided to the commissioner under this section does not obligate the charter holder to open a new campus.

(c) If the facility to be used for an open-enrollment charter school is a school district facility, the school must be operated in the facility in accordance with the terms established by the board of trustees or other governing body of the district in an agreement governing the relationship between the school and the district.

(d) An educator employed by a school district before the effective date of a charter for an open-enrollment charter school operated at a school district facility may not be transferred to or employed by the open-enrollment charter school over the educator's objection.
TEC, §21.003. CERTIFICATION REQUIRED.

(a) A person may not be employed as a teacher, teacher intern or teacher trainee, librarian, educational aide, administrator, educational diagnostician, or school counselor by a school district unless the person holds an appropriate certificate or permit issued as provided by Subchapter B.

(b) Except as otherwise provided by this subsection, a person may not be employed by a school district as an audiologist, occupational therapist, physical therapist, physician, nurse, school psychologist, associate school psychologist, licensed professional counselor, marriage and family therapist, social worker, or speech language pathologist unless the person is licensed by the state agency that licenses that profession and may perform specific services within those professions for a school district only if the person holds the appropriate credential from the appropriate state agency. As long as a person employed by a district before September 1, 2011, to perform marriage and family therapy, as defined by Section 502.002, Occupations Code, is employed by the same district, the person is not required to hold a license as a marriage and family therapist to perform marriage and family therapy with that district.

(c) The commissioner may waive the requirement for certification of a superintendent if requested by a school district as provided by Section 7.056. A person who is not certified as a superintendent may not be employed by a school district as the superintendent before the person has received a waiver of certification from the commissioner. The commissioner may limit the waiver of certification in any manner the commissioner determines is appropriate. A person may be designated to act as a temporary or interim superintendent for a school district, but the district may not employ the person under a contract as superintendent unless the person has been certified or a waiver has been granted.
TEC, §21.0031. FAILURE TO OBTAIN CERTIFICATION; CONTRACT VOID.

(a) An employee's probationary, continuing, or term contract under this chapter is void if the employee:

(1) does not hold a valid certificate or permit issued by the State Board for Educator Certification;

(2) fails to fulfill the requirements necessary to renew or extend the employee's temporary, probationary, or emergency certificate or any other certificate or permit issued under Subchapter B; or

(3) fails to comply with any requirement under Subchapter C, Chapter 22, if the failure results in suspension or revocation of the employee's certificate under Section 22.0831(f)(2).

(b) If a school district has knowledge that an employee's contract is void under Subsection (a):

(1) the district may, except as provided by Subsection (b-1):

   (A) terminate the employee;

   (B) suspend the employee with or without pay; or

   (C) retain the employee for the remainder of the school year on an at-will employment basis in a position other than a position required to be held by an employee under a contract under Section 21.002 at the employee's existing rate of pay or at a reduced rate; and

(2) the employee is not entitled to the minimum salary prescribed by Section 21.402.

(b-1) A school district may not terminate or suspend under Subsection (b) an employee whose contract is void under Subsection (a)(1) or (2) because the employee failed to renew or extend the employee's certificate or permit if the employee:

(1) requests an extension from the State Board for Educator Certification to renew, extend, or otherwise validate the employee's certificate or permit; and

(2) not later than the 10th day after the date the contract is void, takes necessary measures to renew, extend, or otherwise validate the employee's certificate or permit, as determined by the State Board for Educator Certification.

(c) A school district's decision under Subsection (b) is not subject to appeal under this chapter, and the notice and hearing requirements of this chapter do not apply to the decision.

(d) This section does not affect the rights and remedies of a party in an at-will employment relationship.

(e) This section does not apply to a certified teacher assigned to teach a subject for which the teacher is not certified.

(f) For purposes of this section, a certificate or permit is not considered to have expired if:

(1) the employee has completed the requirements for renewal of the certificate or permit;

(2) the employee submitted the request for renewal prior to the expiration date; and

(3) the date the certificate or permit would have expired is before the date the State Board for Educator Certification takes action to approve the renewal of the certificate or permit.
TEC §21.031. PURPOSE.

The board shall regulate and oversee all aspects of the certification, continuing education, and standards of conduct of public school educators.

(d) The board may propose a rule adopting a fee for the approval or renewal of approval of an educator preparation program, or for the addition of a certificate or field of certification to the scope of a program's approval. A fee imposed under this subsection may not exceed the amount necessary, as determined by the board, to provide for the administrative cost of approving, renewing the approval of, and appropriately ensuring the accountability of educator preparation programs under this subchapter.

TEC §21.046. QUALIFICATIONS FOR CERTIFICATION AS SUPERINTENDENT OR PRINCIPAL.

(a) The qualifications for superintendent must permit a candidate for certification to substitute management training or experience for part of the educational experience.

(a) The board shall propose rules prescribing comprehensive examinations for each class of certificate issued by the board. The commissioner shall determine the satisfactory level of performance required for each certification examination. For the issuance of a generalist certificate, the commissioner shall require a satisfactory level of examination performance in each core subject covered by the examination.

(a-1) The board may not require that more than 45 days elapse before a person may retake an examination. A person may not retake an examination more than four times, unless the board waives the limitation for good cause as prescribed by the board.

(a-2) The board shall adopt rules that provide that in order to teach any grade level from prekindergarten through grade six a person must demonstrate proficiency in the science of teaching reading on a certification examination for each class of certificate issued by the board after January 1, 2021.

(b) The board may not administer a written examination to determine the competence or level of performance of an educator who has a hearing impairment unless the examination has been field tested to determine its appropriateness, reliability, and validity as applied to, and minimum acceptable performance scores for, persons with hearing impairments.

(c) An educator who has a hearing impairment is exempt from taking a written examination for a period ending on the first anniversary of the date on which the board determines, on the basis of appropriate field tests, that the examination complies with the standards specified in Subsection (b). On application to the board, the board shall issue a temporary exemption certificate to a person entitled to an exemption under this subsection.

(c-1) The results of an examination administered under this section are confidential and are not subject to disclosure under Chapter 552, Government Code, unless the disclosure is regarding notification to a parent of the assignment of an uncertified teacher to a classroom as required by Section 21.057.

(d) In this section: 
(1) "Hearing impairment" means a hearing impairment so severe that the person cannot process linguistic information with or without amplification.

(2) "Reliability" means the extent to which an experiment, test, or measuring procedure yields the same results on repeated trials.

(3) "Validity" means being:
   
   (A) well-grounded or justifiable;
   
   (B) relevant and meaningful;
   
   (C) correctly derived from premises or inferences; and
   
   (D) supported by objective truth or generally accepted authority.
TEC, §21.049. ALTERNATIVE CERTIFICATION.

(a) To provide a continuing additional source of qualified educators, the board shall propose rules providing for educator certification programs as an alternative to traditional educator preparation programs. The rules may not provide that a person may be certified under this section only if there is a demonstrated shortage of educators in a school district or subject area.

(b) The board may not require a person employed as a teacher in an alternative education program under Section 37.008 or a juvenile justice alternative education program under Section 37.011 for at least three years to complete an alternative educator certification program adopted under this section before taking the appropriate certification examination.
TEC, §21.050. ACADEMIC DEGREE REQUIRED FOR TEACHING CERTIFICATE; FIELD-BASED EXPERIENCE OR INTERNSHIP.

(a) A person who applies for a teaching certificate for which board rules require a bachelor's degree must possess a bachelor's degree received with an academic major or interdisciplinary academic major, including reading, [other than education], that is related to the curriculum as prescribed under Subchapter A, Chapter 28.

(b) [The board may not require more than 18 semester credit hours of education courses at the baccalaureate level for the granting of a teaching certificate.] The board shall provide for a minimum number of semester credit hours of field-based experience or internship to be included in the credit hours needed for certification. The board may propose rules requiring additional credit hours for certification in bilingual education, English as a second language, early childhood education, or special education.

(c) A person who receives a bachelor's degree required for a teaching certificate on the basis of higher education coursework completed while receiving an exemption from tuition and fees under Section 54.363 may not be required to participate in any field experience or internship consisting of student teaching to receive a teaching certificate.
TEC, §21.051. RULES REGARDING FIELD-BASED EXPERIENCE AND OPTIONS FOR FIELD EXPERIENCE AND INTERNSHIPS.

(a) In this section, "teacher of record" means a person employed by a school district who teaches the majority of the instructional day in an academic instructional setting and is responsible for evaluating student achievement and assigning grades.

(b) Before a school district may employ a candidate for certification as a teacher of record and, except as provided by Subsection (b-1), after the candidate's admission to an educator preparation program, the candidate must complete at least 15 hours of field-based experience in which the candidate is actively engaged in instructional or educational activities involving a diverse student population that, to the greatest extent practicable, includes students with disabilities under supervision at:

(1) a public school campus accredited or approved for the purpose by the agency; or
(2) a private school recognized or approved for the purpose by the agency.

(b-1) A candidate may satisfy up to 15 hours of the field-based experience requirement under Subsection (b) by serving as a long-term substitute teacher as prescribed by board rule. Experience under this subsection may occur after the candidate's admission to an educator preparation program or during the two years before the date the candidate is admitted to the program. The candidate's experience in instructional or educational activities must be documented by the educator preparation program and must be obtained at:

(1) a public school campus accredited or approved for the purpose by the agency; or
(2) a private school recognized or approved for the purpose by the agency.

(c) Subsection (b) applies only to an initial certification issued on or after September 1, 2012. Subsection (b) does not affect:

(1) the validity of a certification issued before September 1, 2012; or
(2) the eligibility of a person who holds a certification issued before September 1, 2012, to obtain a subsequent renewal of the certification in accordance with board rule.
(d) Subsection (b) does not affect the period within which an individual must complete field-based experience hours as determined by board rule if the individual is not accepted into an educator preparation program before the deadline prescribed by board rule and is hired for a teaching assignment by a school district after the deadline prescribed by board rule.

(e) The board shall propose rules relating to the field-based experience required by Subsection (b). The commissioner by rule shall adopt procedures and standards for recognizing a private school under Subsection (b)(2).

Text of subsection as amended by Acts 2021, 87th Leg., R.S., Ch. 952 (S.B. 1590), Sec. 1

(f) The board shall propose rules providing flexible options for persons for any field-based experience or internship required for certification, including options for candidate observations that provide for at least:

1. two observations to occur in person and two additional observations to occur in virtual settings that are equivalent in rigor to in-person options for observation; or

2. three observations to occur in person.

Text of subsection as amended by Acts 2021, 87th Leg., R.S., Ch. 215 (H.B. 159), Sec. 8

(f) The board shall propose rules providing flexible options for persons for any field-based experience or internship required for certification. The options must, to the greatest extent practicable, involve interaction with a diverse student population, including students with disabilities.

(g) Rules proposed by the board under Section 21.044(a) or this section may allow a candidate to satisfy certification requirements through an internship that provides the candidate employment as a teacher for courses offered through a local remote learning program under Section 29.9091 or the state virtual school network under Chapter 30A. This subsection expires September 1, 2023.

(c-2) In adopting rules under Subsection (c-1), the State Board of Education shall:

(1) require a student in order to earn any endorsement to successfully complete:

(c-4) Each school district must make available to high school students courses that allow a student to complete the curriculum requirements for at least one endorsement under Subsection (c-1). A school district that offers only one endorsement curriculum must offer the multidisciplinary studies endorsement curriculum.

(c-5) A student may earn a performance acknowledgment on the student's transcript by satisfying the requirements for that acknowledgment adopted by the State Board of Education by rule. An acknowledgment under this subsection may be earned:

(c-7) Subject to Subsection (c-8), a student who is enrolled in a special education program under Subchapter A, Chapter 29, may earn an endorsement on the student's transcript by:

(1) successfully completing, with or without modification of the curriculum:
   (A) the curriculum requirements identified by the State Board of Education under Subsection (a); and
(B) the additional endorsement curriculum requirements prescribed by the State Board of Education under Subsection (c-2); and

(2) successfully completing all curriculum requirements for that endorsement adopted by the State Board of Education:

(A) without modification of the curriculum; or

(B) with modification of the curriculum, provided that the curriculum, as modified, is sufficiently rigorous as determined by the student's admission, review, and dismissal committee.

(c-8) For purposes of Subsection (c-7), the admission, review, and dismissal committee of a student in a special education program under Subchapter A, Chapter 29, shall determine whether the student is required to achieve satisfactory performance on an end-of-course assessment instrument to earn an endorsement on the student's transcript.

(c-10) In adopting rules under Subsection (c-1), the State Board of Education shall adopt or select five technology applications courses on cybersecurity to be included in a cybersecurity pathway for the science, technology, engineering, and mathematics endorsement.

(d) A school district may issue a certificate of coursework completion to a student who successfully completes the curriculum requirements identified by the State Board of Education under Subsection (a) but who fails to comply with Section 39.025. A school district may allow a student who receives a certificate to participate in a graduation ceremony with students receiving high school diplomas.

(e) Each school district shall report the academic achievement record of students who have completed the foundation high school program on transcript forms adopted by the State Board of Education. The transcript forms adopted by the board must be designed to clearly identify whether a student received a diploma or a certificate of coursework completion.

(e-1) A school district shall clearly indicate a distinguished level of achievement under the foundation high school program as described by Subsection (b-15), an endorsement described by Subsection (c-1), and a performance acknowledgment described by Subsection (c-5) on the transcript of a student who satisfies the applicable requirements. (1) enrolled in the foundation high school program;

(2) pursuing the distinguished level of achievement under the foundation high school program as provided by Subsection (b-15); and

(3) enrolled in a program to earn an endorsement described by Subsection (c-1).

(e-3) Information reported under Subsection (e-2) must be disaggregated by all student groups served by the district, including categories of race, ethnicity, socioeconomic status, sex, and populations served by special programs, including students in special education programs under Subchapter A, Chapter 29.

(f) A school district shall issue a certificate of attendance to a student who receives special education services under Subchapter A, Chapter 29, and who has completed four years of high school but has not completed the student's individualized education program. A school district shall allow a student who receives a certificate to participate in a graduation ceremony with students receiving high school diplomas. A student
may participate in only one graduation ceremony under this subsection. This subsection does not preclude
a student from receiving a diploma under Subsection (c)(2).

(h) Expired.

(i) If an 11th or 12th grade student who is homeless or in the conservatorship of the Department of Family and
Protective Services transfers to a different school district and the student is ineligible to graduate from the
district to which the student transfers, the district from which the student transferred shall award a diploma
at the student's request, if the student meets the graduation requirements of the district from which the
student transferred.
TEC, §28.0256. FINANCIAL AID APPLICATION REQUIREMENT FOR HIGH SCHOOL GRADUATION.

(b) A student is not required to comply with Subsection (a) if:

(1) the student's parent or other person standing in parental relation submits a signed form indicating that the parent or other person authorizes the student to decline to complete and submit the financial aid application;

(2) the student signs and submits the form described by Subdivision (1) on the student's own behalf if the student is 18 years of age or older or the student's disabilities of minority have been removed for general purposes under Chapter 31, Family Code; or

(3) a school counselor authorizes the student to decline to complete and submit the financial aid application for good cause, as determined by the school counselor.

(c) A school district or open-enrollment charter school shall adopt a form to be used for purposes of Subsection (b). The form must:

(1) be approved by the agency;

(2) provide the student or the student's parent or other person standing in parental relation, as applicable, the opportunity to decline to complete and submit a financial aid application, as provided by Subsection (b); and

(3) be made available in English, Spanish, and any other language spoken by a majority of the students enrolled in a bilingual education or special language program under Subchapter B, Chapter 29, in the district or school.

(d) If a school counselor notifies a school district or open-enrollment charter school whether a student has complied with this section for purposes of determining whether the student meets high school graduation requirements under Section 28.025, the school counselor may only indicate whether the student has complied with this section and may not indicate the manner in which the student complied, except as necessary for the district or school to comply with rules adopted under Subsection (e)(2). A school counselor may not indicate that a student has not complied with this section if the school district or open-enrollment charter school fails to provide the form adopted under Subsection (c) to the student or the student's parent or other person standing in parental relation to the student.

(e) The commissioner shall adopt rules as necessary to implement this section, including rules to:

(1) establish:

(ii) the submission of a form under Subsection (b);
(B) standards regarding the information that a school district or open-enrollment charter school must provide to students regarding:

(i) in accordance with Section 33.007(b)(5), instructions for filling out the free application for federal student aid or Texas application for state financial aid; and

(ii) the options available to a student under Subsection (b) if the student wishes to decline to complete and submit a financial aid application; and

(C) the method by which a student must provide to a school district or open-enrollment charter school proof that the student has completed and submitted the free application for federal student aid or Texas application for state financial aid as required by this section;

(2) require each school district and open-enrollment charter school to report to the agency:

(A) the number of students who completed and submitted a financial aid application under Subsection (a); and

(B) the number of students who received an exception from complying with Subsection (a) under Subsection (b); and

(3) ensure compliance with federal law regarding confidentiality of student educational information, including the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g), and any state law relating to the privacy of student information.

(g) Not later than January 1, 2021, the agency shall report the advisory committee's recommendations to the standing committee of each house of the legislature with jurisdiction over public education. Subsection (f) and this subsection expire January 1, 2023.

   (2) trustworthiness, including honesty, reliability, punctuality, and loyalty;
   (3) integrity;

TEC, §30.003. SUPPORT OF STUDENTS ENROLLED IN TEXAS SCHOOL FOR THE BLIND AND VISUALLY IMPAIRED OR TEXAS SCHOOL FOR THE DEAF.

(a) For each student enrolled in the Texas School for the Blind and Visually Impaired or the Texas School for the Deaf, the school district that is responsible for providing appropriate special education services to the student shall share the cost of the student's education as provided by this section.

(b) If the student is admitted to the school for a full-time program for the equivalent of two long semesters, the district's share of the cost is an amount equal to the dollar amount of maintenance and debt service taxes imposed by the district for that year divided by the district's average daily attendance for the preceding year.

(c) If the student is admitted for a program less than two complete semesters in duration, other than a summer program, the district's share of the cost is an amount equal to the amount that would be the district's share under Subsection (b) for a full-time program multiplied by the quotient resulting from the number of full-time equivalent days in the program divided by the minimum number of days of instruction for students as provided by Section 25.081.

(d) Each school district and state institution shall provide to the commissioner the necessary information to determine the district's share under this section. The information must be reported to the commissioner on or before a date set by rule of the State Board of Education. After determining the amount of a district's share for all students for which the district is responsible, the commissioner shall deduct that amount from the payments of foundation school funds payable to the district. Each deduction shall be in the same percentage of the total amount of the district's share as the percentage of the total foundation school fund entitlement being paid to the district at the time of the deduction, except that the amount of any deduction may be modified to make necessary adjustments or to correct errors. The commissioner shall provide for remitting the amount deducted to the appropriate school at the same time at which the remaining funds are distributed to the district. If a district does not receive foundation school funds or if a district's foundation school entitlement is less than the amount of the district's share under this section, the commissioner shall direct the district to remit payment to the commissioner, and the commissioner shall remit the district's share to the appropriate school.
(e) For each student enrolled in the Texas School for the Blind and Visually Impaired or the Texas School for the Deaf, the appropriate school is entitled to the state available school fund apportionment.

(f) The commissioner, with the assistance of the comptroller, shall determine the amount that the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf would have received from the available school fund if Chapter 28, Acts of the 68th Legislature, 2nd Called Session, 1984, had not transferred statutorily dedicated taxes from the available school fund to the foundation school fund. That amount, minus any amount the schools do receive from the available school fund, shall be set apart as a separate account in the foundation school fund and appropriated to those schools for educational purposes.

Text of subsection effective until September 01, 2020

(f-1) The commissioner shall determine the total amount that the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf would have received from school districts in accordance with this section if the following provisions had not reduced the districts' share of the cost of providing education services:

(1) H.B. No. 1, Acts of the 79th Legislature, 3rd Called Session, 2006;

(2) Section 45.0032; and

(3) Section 48.255.

Text of subsection effective on September 01, 2020

(2) Section 45.0032;

(3) Section 48.255; and

(4) Section 48.2551.
(f-2) The amount determined under Subsection (f-1), minus any amount the schools do receive from school districts, shall be set aside as a separate account in the foundation school fund and appropriated to those schools for educational purposes.

CHAPTER 31. INSTRUCTIONAL MATERIALS
SUBCHAPTER A. GENERAL PROVISIONS

TEC, §31.022. INSTRUCTIONAL MATERIALS REVIEW AND ADOPTION.

(a) The State Board of Education shall adopt a review and adoption cycle for instructional materials for elementary grade levels, including prekindergarten, and secondary grade levels, for each subject in the required curriculum under Section 28.002. In adopting the cycle, the board:

(1) is not required to review and adopt instructional materials for all grade levels in a single year; and

(2) shall give priority to instructional materials in the following subjects:

(A) foundation curriculum subjects for which the essential knowledge and skills have been substantially revised and for which assessment instruments are required under Subchapter B, Chapter 39, including career and technology courses that satisfy foundation curriculum requirements as provided by Section 28.002(n);

(B) foundation curriculum subjects for which the essential knowledge and skills have been substantially revised, including career and technology courses that satisfy foundation curriculum requirements as provided by Section 28.002(n);

(C) foundation curriculum subjects not described by Paragraph (A) or (B), including career and technology courses that satisfy foundation curriculum requirements as provided by Section 28.002(n); and

(D) enrichment curriculum subjects.

(b) The board shall organize the cycle for subjects in the foundation curriculum so that not more than one-fourth of the instructional materials for subjects in the foundation curriculum are reviewed each biennium. The board shall adopt rules to provide for a full and complete investigation of instructional materials for each subject in the foundation curriculum every eight years. The adoption of instructional materials for a subject in the foundation curriculum may be extended beyond the eight-year period only if the content of instructional materials for a subject is sufficiently current.

(c) The board shall adopt rules to provide for a full and complete investigation of instructional materials for each subject in the enrichment curriculum on a cycle the board considers appropriate.

(d) At least 12 months before the beginning of the school year for which instructional materials for a particular subject and grade level will be adopted under the review and adoption cycle, the board shall publish notice of the review and adoption cycle for those instructional materials. A request for production must allow submission of open education resource instructional materials that are available for use by the state without charge on the same basis as instructional materials offered for sale.

(d-1) A notice published under Subsection (d) must state that a publisher of adopted instructional materials for a grade level other than prekindergarten must submit an electronic sample of the instructional materials as required by Sections 31.027(a) and (b) and may not submit a print sample copy.

(e) The board shall designate a request for production of instructional materials in a subject area and grade level by the school year in which the instructional materials are intended to be made available in classrooms and not by the school year in which the board makes the request for production.

(f) The board shall amend any request for production issued for the purchase of instructional materials to conform to the instructional materials funding levels provided by the General Appropriations Act for the year of implementation.

(g) In determining the disbursement of money to the available school fund and the amount of that disbursement that will be used, in accordance with Section 43.001(d), to fund the instructional materials and technology
allotment under Section 31.0211, the board must consider the cost of all district technology requirements, as estimated by the commissioner under Section 31.0211(d), and instructional materials for that state fiscal biennium.

(h) The board shall include information regarding open education resource instructional materials during the adoption cycle, including any cost savings associated with the adoption of open education resource instructional materials.

(i) During any state fiscal biennium beginning on or after September 1, 2023, the total projected cost of instructional materials under requests for production issued by the board may not exceed 75 percent of the total amount used to fund the instructional materials and technology allotment under Section 31.0211 for that biennium.
TEC, §31.023. INSTRUCTIONAL MATERIAL LIST

(a) For each subject and grade level, the State Board of Education shall adopt a list of instructional materials. (a) Notwithstanding any other provision of this subchapter, the State Board of Education may adopt supplemental instructional materials that are not on the list adopted under Section 31.023. The State Board of Education may adopt supplemental instructional material under this section only if the instructional material:

1. contains material covering one or more primary focal points or primary topics of a subject in the required curriculum under Section 28.002, as determined by the State Board of Education;

2. is not designed to serve as the sole instructional material for a full course;

3. meets applicable physical specifications adopted by the State Board of Education;

4. is free from factual errors;

5. is suitable for the subject and grade level; and

6. is reviewed by academic experts in the subject and grade level.

(b) The State Board of Education shall identify the essential knowledge and skills identified under Section 28.002 that are covered by supplemental instructional material adopted by the board under this section.

(c) Supplemental instructional material is subject to the review and adoption cycle provisions, including the midcycle review and adoption cycle provisions, of this subchapter.

(d) A school district or open-enrollment charter school may requisition supplemental instructional material adopted under this section only if the district or school requisitions the supplemental instructional material along with other supplemental instructional materials or instructional materials on the list adopted under Section 31.023 that in combination cover each element of the essential knowledge and skills for the course for which the district or school is requisitioning the supplemental instructional materials.

(e) Repealed by Acts 2011, 82nd Leg., 1st C.S., Ch. 6, Sec. 67(5), eff. July 19, 2011.

(f) A school district or open-enrollment charter school that requisitions supplemental instructional materials shall certify to the agency that the supplemental instructional materials, in combination with any other instructional materials or supplemental instructional materials used by the district or school, cover the essential knowledge and skills identified under Section 28.002 by the State Board of Education for the subject and grade level for which the district or school is requisitioning the supplemental instructional materials.

(a) The State Board of Education shall develop a long-range plan for:
    (1) acquiring and using technology in the public school system;
    (2) fostering professional development related to the use of technology for educators and
        others associated with child development;
    (3) fostering computer literacy among public school students so that by the year 2000 each
        high school graduate in this state has computer-related skills that meet standards adopted
        by the board; and
    (4) identifying and, through regional education service centers, distributing information on
        emerging technology for use in the public schools.

(b) The State Board of Education shall update the plan developed under Subsection (a) at least every
    five years.

(c) The State Board of Education, in coordination with the Texas Higher Education Coordinating
    Board and other public agencies and institutions the State Board of Education considers
    appropriate, shall propose legislation and funding necessary to implement the plan developed
    under Subsection (a).

(d) In developing the plan, the State Board of Education must consider accessibility of technology to
    students with disabilities.
TEC, §42.151. SPECIAL EDUCATION.

(a) For each student in average daily attendance in a special education program under Subchapter A, Chapter 29, in a mainstream instructional arrangement, a school district is entitled to an annual allotment equal to the adjusted basic allotment multiplied by 1.1. For each full-time equivalent student in average daily attendance in a special education program under Subchapter A, Chapter 29, in an instructional arrangement other than a mainstream instructional arrangement, a district is entitled to an annual allotment equal to the adjusted basic allotment multiplied by a weight determined according to instructional arrangement as follows:

- Homebound—5.0
- Hospital class—3.0
- Speech therapy—5.0
- Resource room—3.0
- Self-contained, mild and moderate, regular campus—3.0
- Self-contained, severe, regular campus—3.0
- Off home campus—2.7
- Nonpublic day school—1.7
- Vocational adjustment class—2.3

(b) A special instructional arrangement for students with disabilities residing in care and treatment facilities, other than state schools, whose parents or guardians do not reside in the district providing education services shall be established under the rules of the State Board of Education. The funding weight for this arrangement shall be 4.0 for those students who receive their education service on a local school district campus. A special instructional arrangement for students with disabilities residing in state schools shall be established under the rules of the State Board of Education with a funding weight of 2.8.

(c) For funding purposes, the number of contact hours credited per day for each student in the off home campus instructional arrangement may not exceed the contact hours credited per day for the multidistrict class instructional arrangement in the 1992-1993 school year.

(d) For funding purposes the contact hours credited per day for each student in the resource room; self-contained, mild and moderate; and self-contained, severe, instructional arrangements may not exceed the
average of the statewide total contact hours credited per day for those three instructional arrangements in the 1992-1993 school year.

(e) The State Board of Education by rule shall prescribe the qualifications an instructional arrangement must meet in order to be funded as a particular instructional arrangement under this section. In prescribing the qualifications that a mainstream instructional arrangement must meet, the board shall establish requirements that students with disabilities and their teachers receive the direct, indirect, and support services that are necessary to enrich the regular classroom and enable student success.

(f) In this section, "full-time equivalent student" means 30 hours of contact a week between a special education student and special education program personnel.

(g) The State Board of Education shall adopt rules and procedures governing contracts for residential placement of special education students. The legislature shall provide by appropriation for the state's share of the costs of those placements.

(h) Funds allocated under this section, other than an indirect cost allotment established under State Board of Education rule, must be used in the special education program under Subchapter A, Chapter 29.

(i) The agency shall encourage the placement of students in special education programs, including students in residential instructional arrangements, in the least restrictive environment appropriate for their educational needs.

(j) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 494, Sec. 1, eff. September 1, 2011.

(k) A school district that provides an extended year program required by federal law for special education students who may regress is entitled to receive funds in an amount equal to 75 percent, or a lesser percentage determined by the commissioner, of the adjusted basic allotment or adjusted allotment, as applicable, for each full-time equivalent student in average daily attendance, multiplied by the amount designated for the student's instructional arrangement under this section, for each day the program is provided divided by the number of days in the minimum school year. The total amount of state funding for extended year services under this section may not exceed $10 million per year. A school district may use funds received under this section only in providing an extended year program.

(l) From the total amount of funds appropriated for special education under this section, the commissioner shall withhold an amount specified in the General Appropriations Act, and distribute that amount to school districts for programs under Section 29.014. The program established under that section is required only in school districts in which the program is financed by funds distributed under this subsection and any other funds available for the program. After deducting the amount withheld under this subsection from the total amount appropriated for special education, the commissioner shall reduce each district's allotment proportionately and shall allocate funds to each district accordingly.

SUBCHAPTER C. GUARANTEED BONDS

TEC, §45.053. LIMITATION; VALUE ESTIMATES.

(a) Except as provided by Subsection (d), the commissioner may not approve bonds for guarantee under this subchapter if the approval would result in the total amount of outstanding guaranteed bonds under this subchapter exceeding an amount equal to 2-1/2 times the cost value of the permanent school fund, as estimated by the board and certified by the state auditor.

(b) Each year, the state auditor shall analyze the status of guaranteed bonds under this subchapter as compared to the cost value of the permanent school fund. (d) The board by rule may increase the limit prescribed by Subsection (a) to an amount not to exceed five times the cost value of the permanent school fund, provided that the increased limit is consistent with federal law and regulations and does not prevent the bonds to be guaranteed from receiving the highest available credit rating, as determined by the board. The board shall at least annually consider whether to change any limit in accordance with this subsection. This subsection may not be construed in a manner that impairs, limits, or removes the guarantee of bonds that have been approved by the commissioner.
TEC, §48.109. GIFTED AND TALENTED STUDENT ALLOTMENT.

(a) For each identified student a school district serves in a program for gifted and talented students that the district certifies to the commissioner as complying with Subchapter D, Chapter 29, a district is entitled to an annual allotment equal to the basic allotment multiplied by 0.07 for each school year or a greater amount provided by appropriation.

(b) Funds allocated under this section, other than the amount that represents the program's share of general administrative costs, must be used in providing programs for gifted and talented students under Subchapter D, Chapter 29, including programs sanctioned by International Baccalaureate and Advanced Placement, or in developing programs for gifted and talented students. Each district must account for the expenditure of state funds as provided by rule of the State Board of Education. If by the end of the 12th month after receiving an allotment for developing a program a district has failed to implement a program, the district must refund the amount of the allotment to the agency within 30 days.

(c) Not more than five percent of a district's students in average daily attendance are eligible for funding under this section.

(d) If the amount of state funds for which school districts are eligible under this section exceeds the amount of state funds appropriated in any year for the programs, the commissioner shall reduce each district's tier one allotments in the same manner described for a reduction in allotments under Section 48.266.

(e) If the total amount of funds allotted under this section before a date set by rule of the State Board of Education is less than the total amount appropriated for a school year, the commissioner shall transfer the remainder to any program for which an allotment under Section 48.104 may be used.

(f) After each district has received allotted funds for this program, the State Board of Education may use up to $500,000 of the funds allocated under this section for programs such as MATHCOUNTS, Future Problem Solving, Odyssey of the Mind, and Academic Decathlon, as long as these funds are used to train personnel and provide program services. To be eligible for funding under this subsection, a program must be determined by the State Board of Education to provide services that are effective and consistent with the state plan for gifted and talented education.

The adoption of an amendment to an existing rule does not affect the dates on which the rule must be reviewed except that the effective date of an amendment is considered to be the effective date of the rule if the agency formally conducts a review of the rule in accordance with this section as part of the process of adopting the amendment.

(c) The state agency shall readopt, readopt with amendments, or repeal a rule as the result of reviewing the rule under this section.

(b) The executive director of a state agency may waive any prerequisite to obtaining a license for an applicant described by Subsection (a) after reviewing the applicant's credentials.

(c) In addition to the rules adopted under Subsection (a), a state agency that issues a license may adopt rules that would establish alternate methods for a military service member, military veteran, or military spouse to demonstrate competency to meet the requirements for obtaining the license, including receiving appropriate credit for training, education, and clinical and professional experience.

(d) A state agency that issues a license that has a residency requirement for license eligibility shall adopt rules regarding documentation necessary for a military spouse applicant to establish residency for purposes of this subsection, including by providing to the agency a copy of the permanent change of station order for the military service member to whom the spouse is married.
TOC, §55.007. LICENSE ELIGIBILITY REQUIREMENTS FOR APPLICANTS WITH MILITARY EXPERIENCE.

(a) Notwithstanding any other law, a state agency that issues a license shall, with respect to an applicant who is a military service member or military veteran, credit verified military service, training, or education toward the licensing requirements, other than an examination requirement, for a license issued by the state agency.

**ACTION ITEM**

4. **Update on Texas Essential Knowledge and Skills (TEKS) Review**  
   (Board agenda page I-47)  
   [Official Agenda Item #7]

Public testimony was provided by the following individual:

**NAME:** Imelda Mejia  
**AFFILIATION:** Self

Monica Martinez, associate commissioner for standards and programs, explained the format of the social studies content advisor consensus recommendations report. The committee reviewed and discussed each recommendation from the consensus recommendations and provided guidance for the social studies TEKS review work groups as follows.

**Recommendation 1**

The committee agreed that work groups should consider content advisor Recommendation #1 regarding a preamble and should listen to the SBOE discussion of this recommendation, but that the work groups should make their own recommendation regarding what should be included in the introduction to the social studies TEKS for each grade level.
Recommendation 2

**MOTION AND VOTE:** It was moved by Ms. Hardy, seconded by Mrs. Little, and carried to recommend that the State Board of Education direct work groups to revise the social studies TEKS using the following four strands: civics and government, geography, economics, and history.

Recommendation 3

The committee agreed that work groups should consider content advisor Recommendation #3 regarding vertically and horizontally aligned K-5 social studies student expectations that integrate English language arts student expectations.

Recommendation 4

**MOTION AND VOTE:** It was moved by Ms. Hardy, seconded by Mrs. Melton-Malone, and carried without objection to recommend that the State Board of Education direct the work groups to use Framework #1 from content advisor Recommendation #4 for kindergarten-grade 2, focus on communities and the world at grade 3, and place emphasis at kindergarten-grade 3 on the second bullet (teaching through the lenses of local, state, national, and world experiences).

The committee agreed that the work groups should be directed to maintain the current framework for grades 4-8 as follows:

- Grade 4 – Texas History
- Grade 5 – U.S. History
- Grade 6 – World Cultures
- Grade 7 – Texas History
- Grade 8 – U.S. History (early colonial period through Reconstruction)

The committee further agreed that in grades 4-7 related content for Texas, the United States, and the world, should be included at each grade where appropriate. The committee also agreed that for grade 8, the work groups should keep the existing structure largely the same.

Recommendation 5

The committee agreed that the work groups should consider the recommendations in content advisor High School Framework #1 and, where appropriate, should organize the strands by era. The committee also agreed that the work groups should follow the recommendation from High School Framework #2 to “enhance coverage of world history and civics so that students will better understand the exceptional character of contemporary American life, including its emphasis on freedom, individual rights, due process, and opportunity.” Additionally, the committee directed work groups to listen to the SBOE discussion of this recommendation.

Recommendation 6

The committee agreed that the work groups should ensure the standards are purposeful, specific, substantive, and assessable. The work groups should also be purposeful when addressing "such as" and "including" lists. Work groups should consider moving “such as” information to the TEKS Guide. Additionally, “including” lists should be representative of the cultural, ethnic, and racial diversity of Texas. When considering more ethnic representation in the standards, the work groups should begin with the individuals identified in the high school ethnic studies courses. The committee also directed work groups to listen to the SBOE discussion of this recommendation.
Recommendation 7

The committee agreed that the work groups should consider content advisor Recommendation #7.

Recommendation 8

The committee agreed that the work groups should consider content advisor Recommendation #8.

Recommendation 9

The committee agreed that the work groups should focus on the education service center (ESC) focus group feedback and TEKS review educator survey information to determine how to best address social studies skills in the TEKS. The work groups should make an effort to avoid duplication and redundancy when addressing skills. In addition, TEA staff should explore ways to reference skills from other subject areas when the skills should be addressed when teaching social studies content.

Recommendation 10

The committee did not agree with Recommendation #10.

The committee agreed to the recommendation from staff that the social studies TEKS review process begin by convening work groups for high school, then proceed to middle school, and finish with elementary school. The committee agreed that the work groups should be staggered but that the expectation is that all K-12 social studies TEKS will be adopted at the same time.

DISCUSSION ITEMS

   (Board agenda page I-50)

Ms. Ramos explained that Senate Bill 1063 (87th Texas Legislature, Regular Session, 2021) requires the board to establish TEKS for a new course in personal financial literacy and economics and allow the course to serve as an option for students to satisfy the economics graduation requirement. She further explained that a committee has been convened to develop draft recommendations for the new Personal Financial Literacy and Economics course. Ms. Ramos stated that this course was on an earlier timeline for adoption than the rest of the social studies TEKS because the legislation calls for the course to be in place for the 2022-2023 school year.

   (Board agenda page I-52)

Ms. Ramos explained that the work group charged with reviewing the TEKS for the three cybersecurity courses, Foundations of Cybersecurity, Digital Forensics, and Cybersecurity Capstone, had completed their draft recommendations. educators regarding the necessity of filing a motion for rehearing if the respondent wants to appeal the decision. She further explained that the proposed amendments also reflect the results of the SBEC's July work session on contract abandonment and October meeting by expanding the definition of good cause for contract abandonment to include instances when an educator resigns after receiving written permission from school administration and by adding new mitigating factors that allow lower sanctions for contract abandonment when an educator gets a promotion, is assigned to another campus, has a salary reduction, or faces a threat of immediate physical harm.
