

FY 2024 School Safety Allotment

Start of Block: Overview

Overview The 86th Legislature passed Senate Bill (SB) 11 which created an annual school safety allotment to help fund equipment, programs, and training related to school safety and security. Further, the 87th Legislature enacted House Bill (HB) 1525 which included provisions requiring the Texas Education Agency to publish reports regarding the programs, personnel, resources, and other purposes detailing how funds were used by local education agencies (LEAs). **To meet this requirement, please complete the following questions related to the 2024 fiscal year no later than 11:59p.m. on Friday, February 28, 2025. This mandatory survey encompasses only those expenditures related to the FY 2024 School Safety Allotment, as outlined in Texas Education Code, Section 48.115. This is not related to a grant or other source of funding.** Please note that school systems should only account for the amount of funds allotted. **The total of amounts entered must be equal to the amount your LEA was allotted.** To determine your school system's allotment amount: • Go to the School District State Aid Reports website • Report - select Summary of Finances from the dropdown • School Year - select 2023-2024 from the dropdown • CDN or District Name - enter the information and click submit • Open the PDF version of the most recent report • School Safety Allotment amount can be found on line 35, far right column If you have any questions, please email SafeSchools@tea.texas.gov. Thank you for all you do to keep the students in Texas safe!

End of Block: Overview

Start of Block: District Info

LEA Region and County-District Number (CDN) Select your district's Education Service Center (ESC) Region, and then select your LEA name. Allotment amounts are based on the Fall 2024 near final report. If your district is not listed, an allotment was not received for the reporting period, and you do not need to complete the survey.
