

ASVAB Required Reporting 2024-2025 School Year

Introduction

This report fulfills Texas Education Agency (TEA) requirements of [Senate Bill \(SB\) 1843](#) (85th Texas Legislature, Regular Session, 2017). Specifically: “Not later than August 1 of each year, the agency shall publish a list of school districts and open-enrollment charter schools that elected under Subsection (d) or (e) not to provide the Armed Services Vocational Aptitude Battery test during the previous school year.”

Notes

1. The data included in this report were reported to the TEA through the 2024-2025 PEIMS fall data submission.
2. Districts and open-enrollment charter schools report the data in data element C217 (ARMED-SERVICES-VOC-APT-BATTERY-INDICATOR-CODE).¹
3. Districts and open-enrollment charter schools serving students in grades 10-12 that are not included in this report did not certify the C217 data element in the 2024-2025 fall data submission. These districts’ ASVAB or alternative test status are unknown by TEA.
4. There is no alternative data or errata reporting method.
5. Districts and open-enrollment charter schools who did not certify C217 in the 2024-2025 fall data submission but did offer the ASVAB or alternative test to students in grades 10-12 should consider maintaining local records of offering the ASVAB or alternative test available to students.² Staff should work annually to schedule time to meet this reporting requirement in future school years.
