Instructions

The program self-assessment presents rubrics that outline indicators for three levels of quality for each strategy within each quality component. Complete the program evaluation tool by reading the indicators and selecting the indicator that best describes your program. Utilize the results from the tool to create a continuous improvement plan.

There is a strategy in "Access/Enrollment" that addresses 3-year-old prekindergarten programs. The rest of the self- assessment specifically addresses 4-year-old prekindergarten programs.

Step 1. Read the indicators at each level

Step 2. Circle the indicator that best describes your prekindergarten program

Step 3. Compile results using the chart on page 15

Step 4. Identify strengths, opportunities for growth, and next steps for continuous improvement on page 16

Step 5. Use results to create a continuous improvement plan
