

IMRA Cycle 2024 Timeline

Materials to be implemented 2025-26 School Year

State Board of Education
THE STATE of TEXAS

SBOE BOARD MEETING	SBOE BOARD MEETING	SBOE BOARD MEETING
January-February 2024	April 2024	May-August 2024
SBOE approved quality criteria, suitability criteria, IMRA process, and new administrative rules.	SBOE began rulemaking process for the next set of administrative rules that will govern the list of approved instructional materials and discussed the next set of quality rubrics for IMRA Cycle 2025.	<p>IMRA review teams conduct the review of first submitted set of instructional materials in the IMRA process.</p> <p>Members of the public may also review any of the content and submit feedback to the SBOE in writing.</p>
		June 2024
		SBOE will receive an update on the process to date.

SBOE BOARD MEETING	SBOE BOARD MEETING
September 2024	November 2024
SBOE reviews the reviewer reports and all public feedback. Public testimony is taken on any of the materials under consideration.	SBOE will vote and decide to place instructional materials on the approved list, take no action, or place materials on the rejected list.
	December 2024
	Updated EMAT site will be available for districts to compare approved and reviewed instructional materials.
March 2025	July 2025
Materials will be available in EMAT site for districts to requisition SBOE-approved instructional materials, if school systems are choosing new materials to adopt locally.	New instructional materials are shipped, and school systems conduct professional development to orient teachers to the new materials.
	August 2025
	School systems begin implementation of new materials in classrooms.
