# Agenda

The Challenge: Summer Slide

The Opportunity: ADSY & Reporting Requirements

The Supports: ADSY Planning & Execution Grant

Resources & Next Steps

Email [ADSY@tea.texas.gov](mailto:ADSY@tea.texas.gov) with follow-up questions

# The Challenge of Learning Loss

## The Challenge

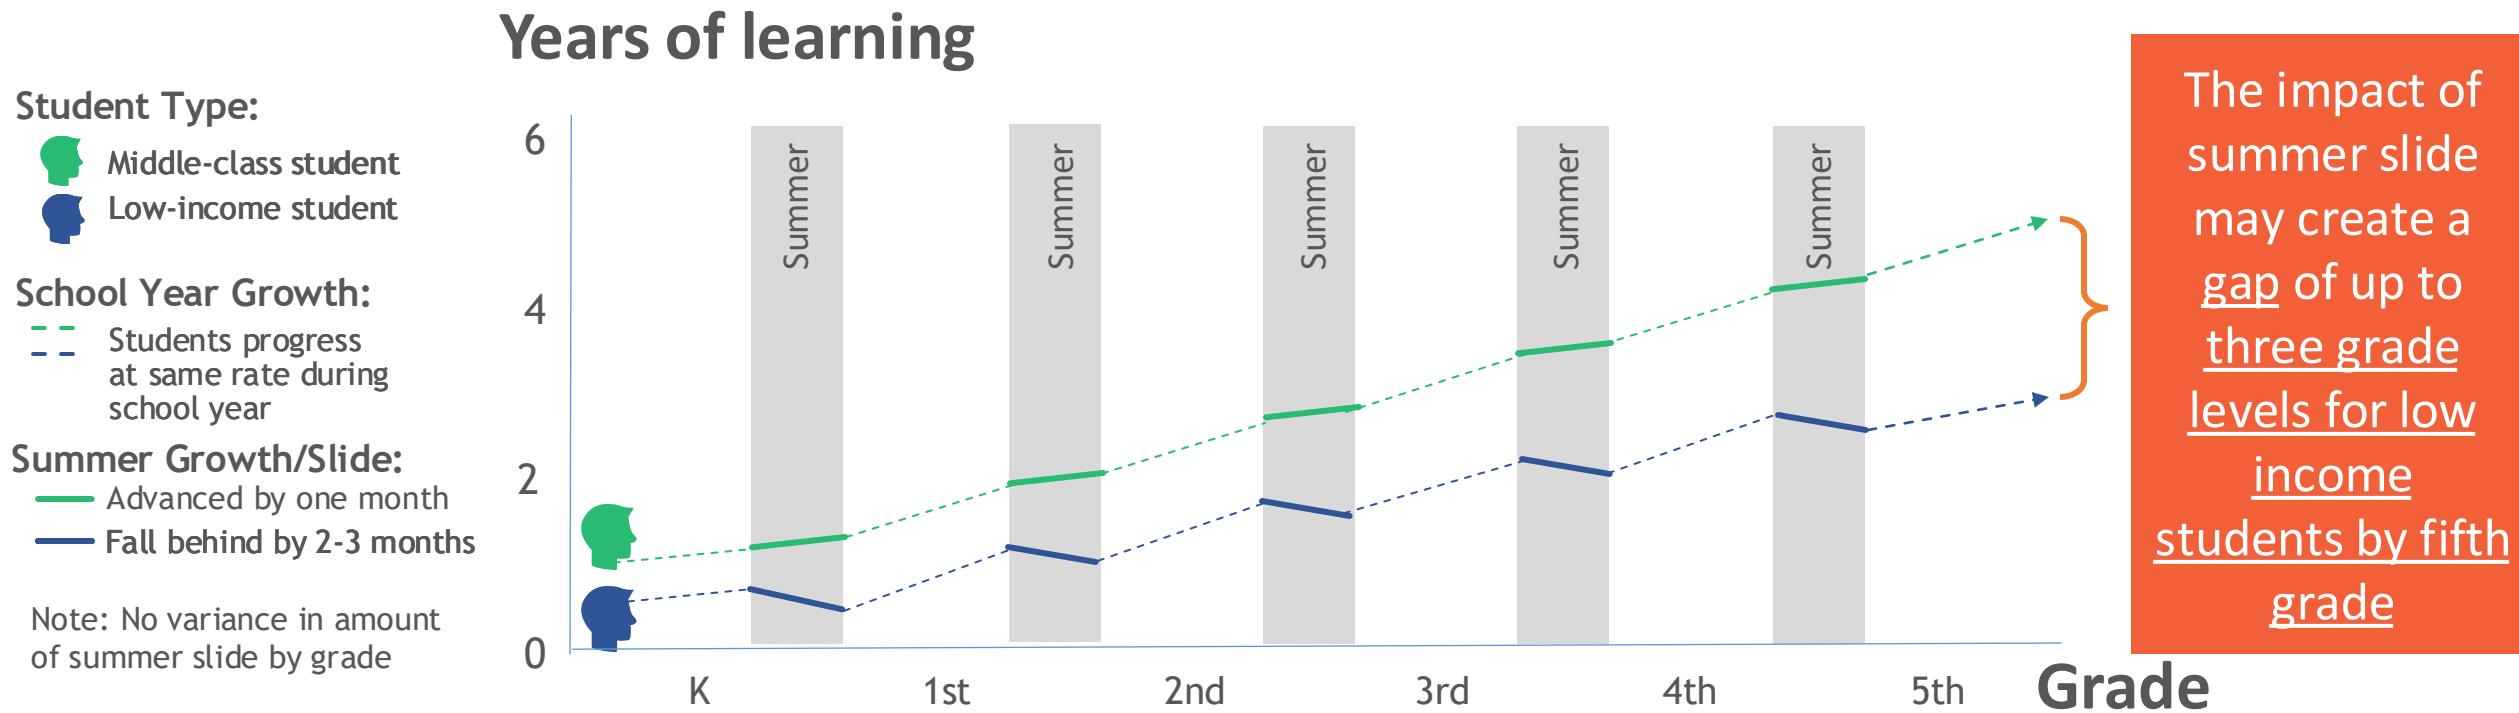

### The Compounding Gap: 3 Grade Levels Lost by Grade 5

Summer learning loss disproportionately affects low-income students. The **cumulative impact creates achievement gaps that compound year after year**, leaving those students further behind.

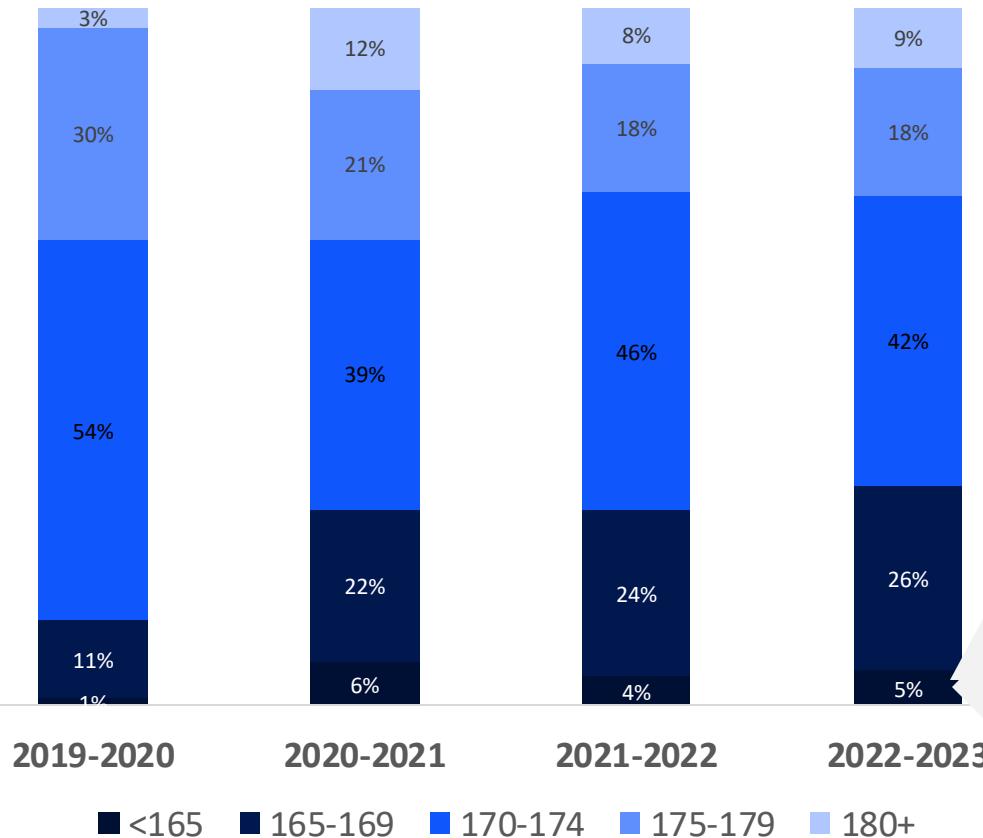

# Summer breaks can cause learning gaps for students

Student achievement levels drop during the summer months, commonly referred to as the “summer slide”.

# Evidence also shows instructional calendars with fewer days lead to worse outcomes for students

Instructional Day Count by School Year

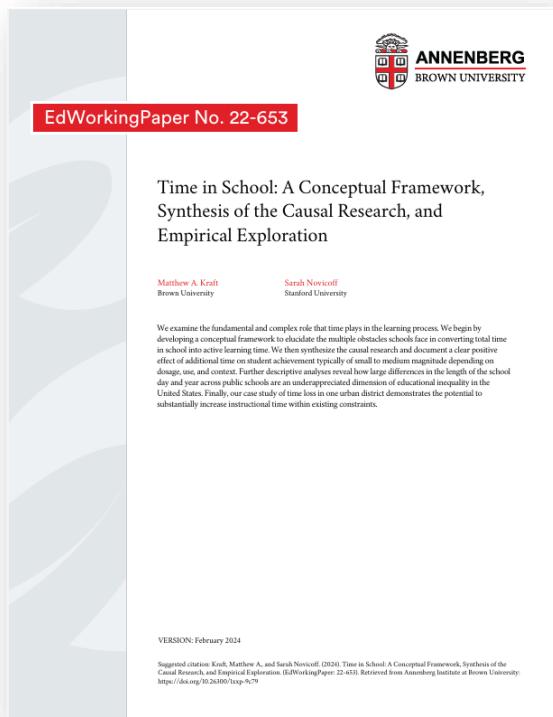

**6-8% lower percentage** of students who met STAAR Reading Meets Grade Level than at 5-day school week campuses (grades 6-8)

**5-8% lower percentage** of students who met STAAR Math Meets Grade Level than at 5-day school week campuses (grades 4-6)

*[Texas Four-Day School Week Campus Analysis 2022-2023 School Year](#)*

# Research Identifies Critical Components of Extended Time

A meta-analysis of extended year programming concluded that extended learning time is effective only when paired with improved instructional strategies and high-quality learning experiences.

**"Evidence demonstrates that schools can leverage additional time to improve students' academic success. But when time is used ineffectively or in ways unaligned with academic goals, it will produce little benefits for students."**

# ADSY Funding Opportunities

## The Challenge

### The Compounding Gap: 3 Grade Levels Lost by Grade 5

Summer learning loss disproportionately affects low-income students. The **cumulative impact creates achievement gaps that compound year after year**, leaving those students further behind.

## The Opportunity

### Formula Funding for Added Days

ADSY provides **formula funding for school systems that add up to 30 additional instructional days** (beyond a minimum 175 days)

120 min/day:  $\frac{1}{2}$  day formula funding  
240 min/day:  $\frac{3}{4}$  day formula funding

# 2019 HB 3 Funding for Additional Instruction

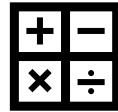

**HB 3 in 2019 focused on the power of time in the creation of ADSY.**

*Legislative recommendation:* Create an extended year incentive program to provide half-day funding to school districts offering up to 30 additional instructional days for students PreK-5th grade opting/needig to attend based on proficiency.

*Result:* portions of HB 3 added half day formula funding for school systems for additional instructional days

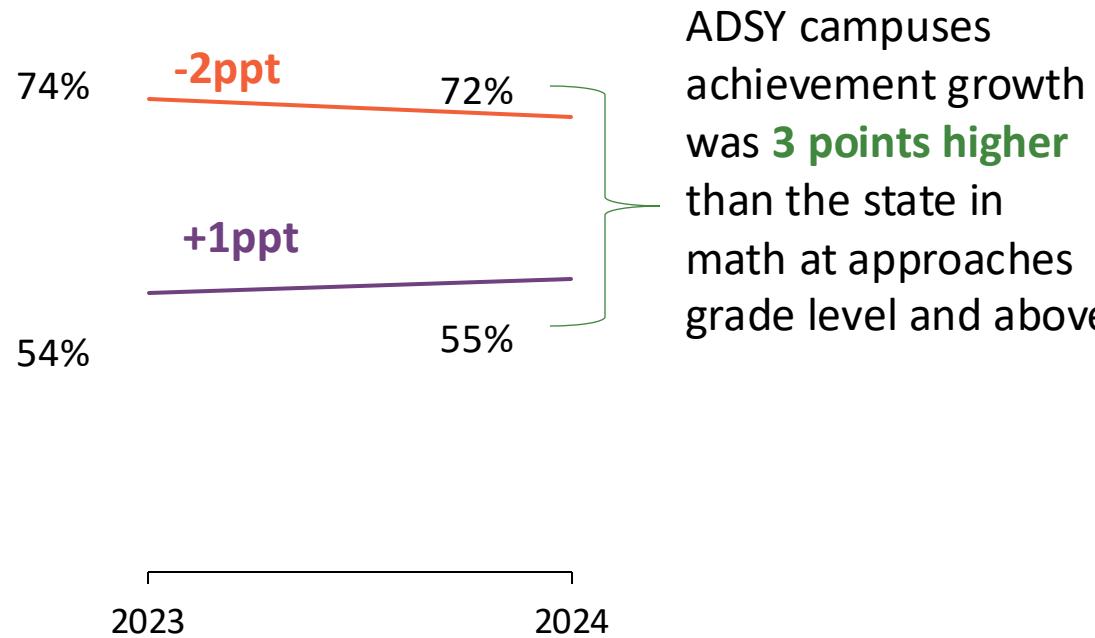

# Offering ADSY to students significantly improves student outcomes

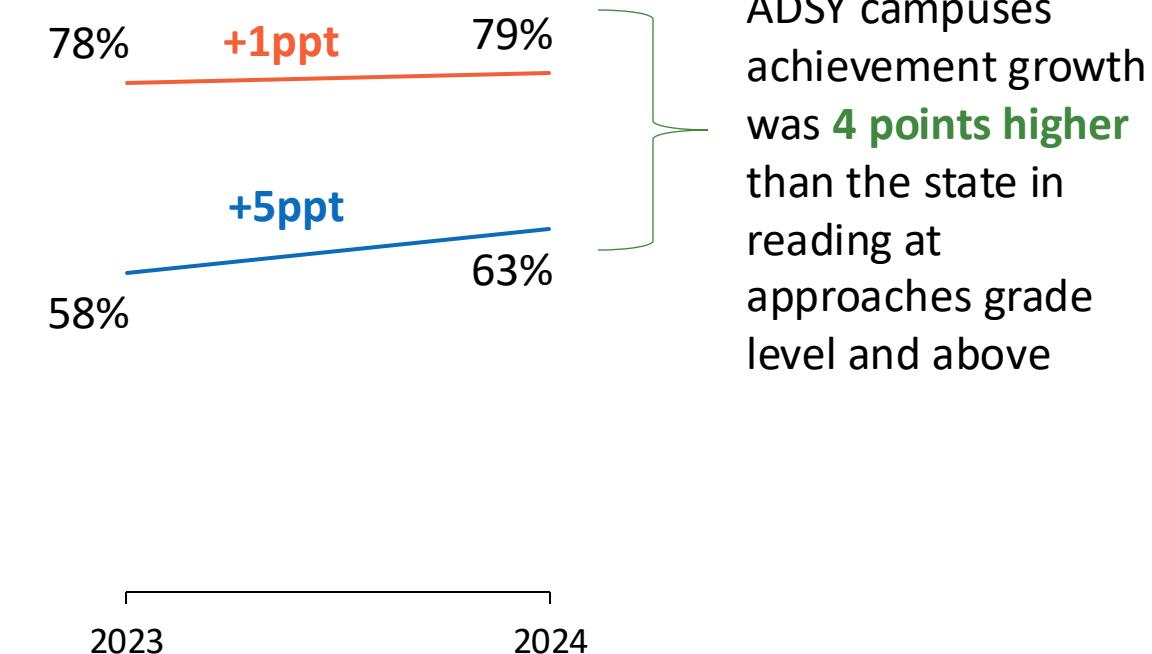

## Math STAAR Outcomes

% Approaches or better  
SY '23 to SY '24

## Reading STAAR Outcomes

% Approaches or better  
SY '23 to SY '24

# In 2025, HB 2 expanded access to ADSY

## Key Updates from HB 2:

**Base Calendar Requirement Lowered to 175**  
*Previously had been 180*

**Grade Eligibility Expanded to PK-8**  
*Previously had been PK-5*

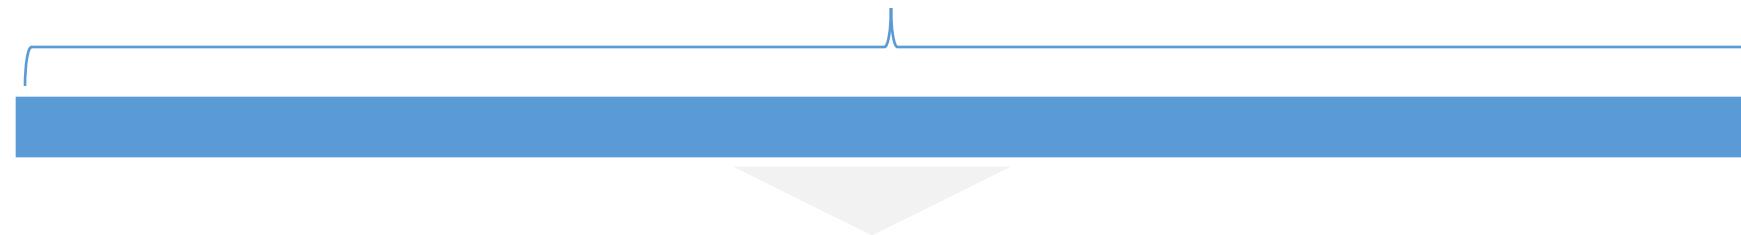

**New Pathway to  $\frac{3}{4}$ -day Formula Funding for Campuses Offering 200+ Days**  
*Previously only  $\frac{1}{2}$ -day formula funding had been available*

**Changes are effective for the 2025-2026 school year.** School systems operating eligible calendars only need to report PEIMS attendance in the fourth submission (August 2026) to generate ADSY funding.

# Additional Days School Year (ADSY) Introduction

ADSY adds **formula funding** for school systems that add **up to 30 additional instructional days** (beyond a minimum 175 days) to any of their elementary or middle schools (**grades PK-8**).

## Minimum 175 Instructional Days

*Two formula funding pathways for additional instructional time*

Add 1-30 Additional **Half Days**

To generate **half-day formula funding** for all 30 half days

or

Add 25-30 Additional **Full Days**

To generate **three-fourths day formula funding** for all 25 to 30 days

*To qualify for ADA under the SAAH, students must receive at least 120 minutes of instruction for half-day attendance and 240 minutes for full-day attendance.*  
¾-day ADA funding requires 175 full instructional days ( $\geq 4$  hours/day). Per TEC Section 25.085(l), ADSY attendance is non-compulsory.

# What does ADSY do?

ADSY adds formula funding for school systems that want to add up to 30 additional instructional days (*beyond a minimum 175 days*) to any of their schools serving grades PK-8

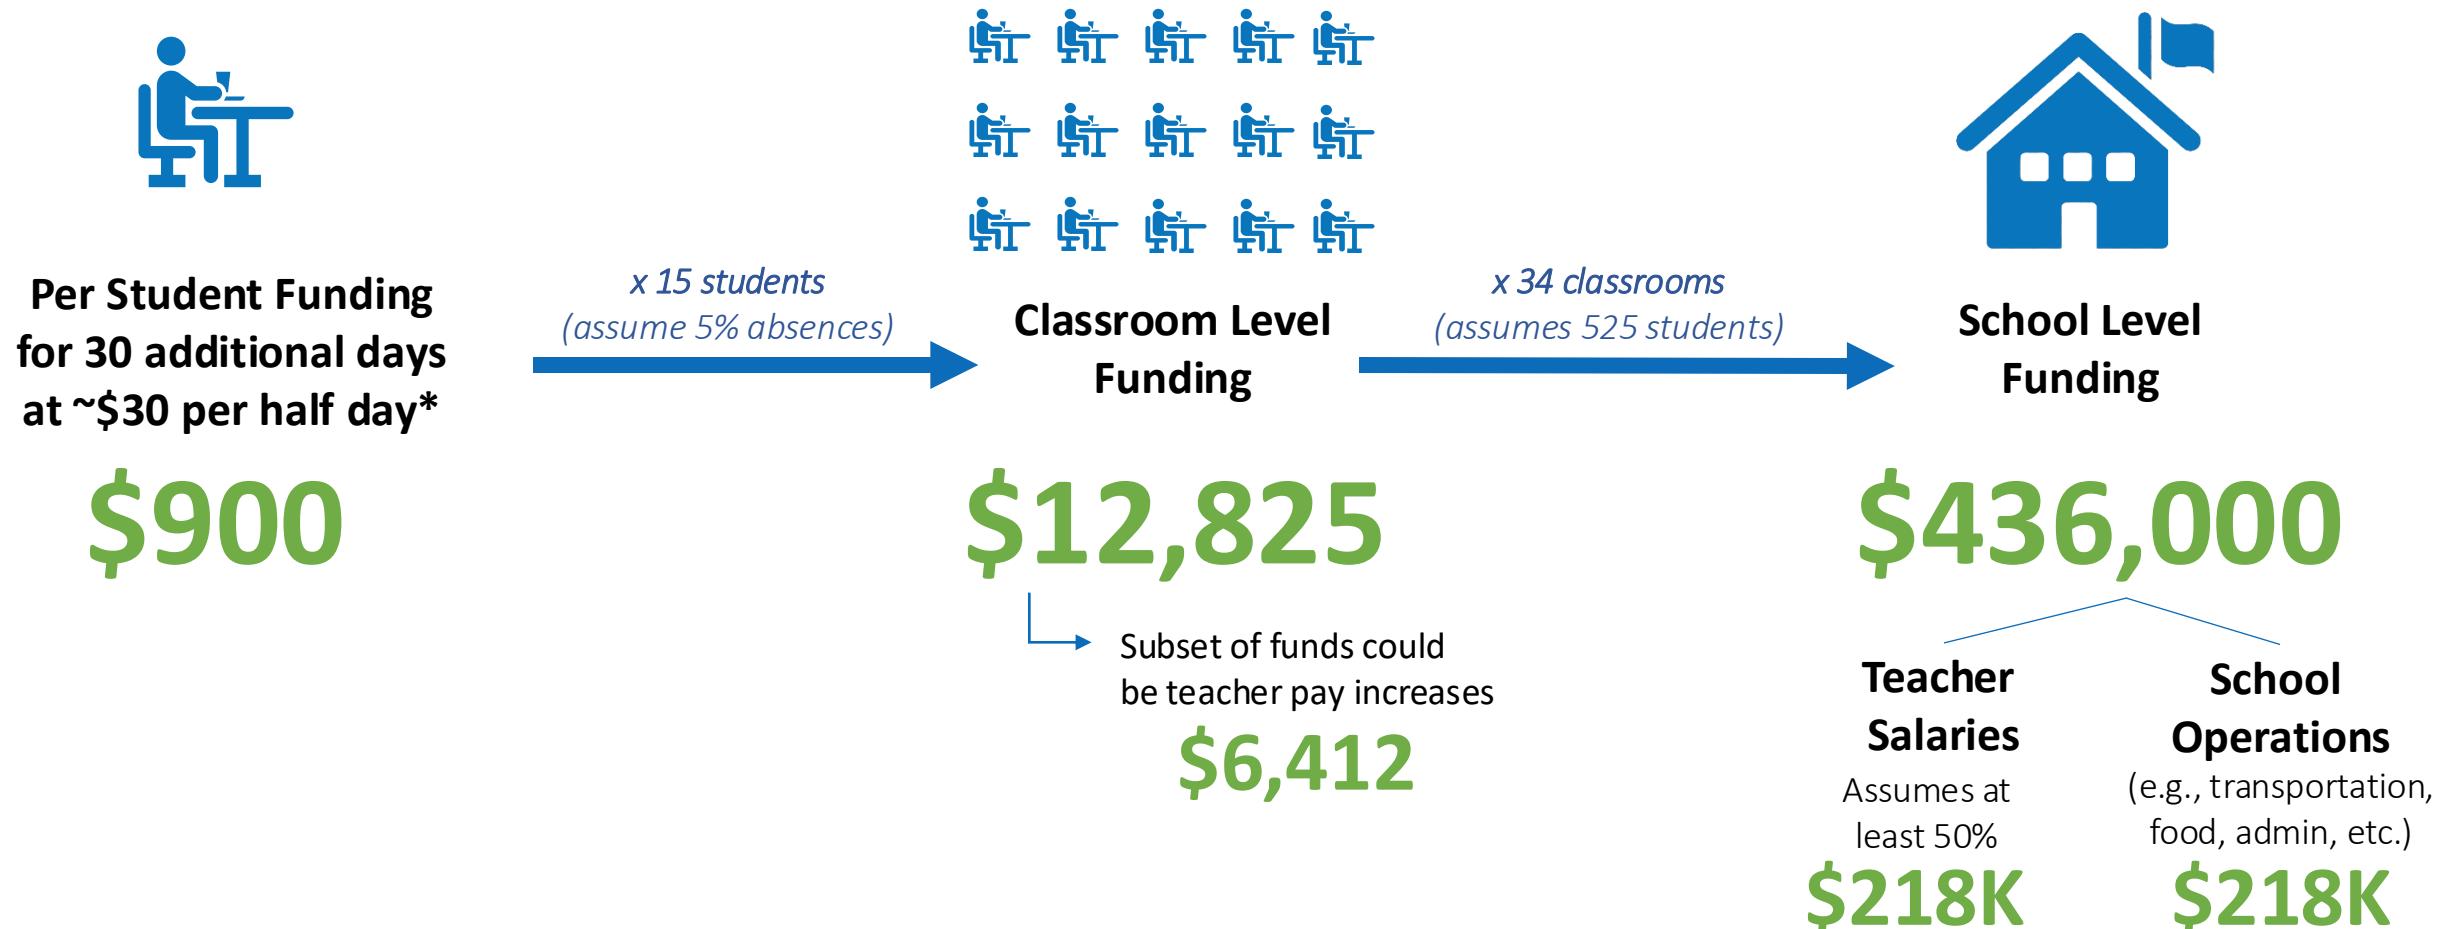

Thresholds to Access Funding	<b>½ Day Formula Funding for ADSY is available to campuses that:</b>	<b>¾ Day Formula Funding for ADSY is available to campuses that:</b>
Grade Level Eligibility	Serve at least one grade-level within grades <b>PreK-8</b>	Serve at least one grade-level within grades <b>PreK-8</b>
Base Calendar	Campus academic calendar(s) include at least <b>175 full instructional days with 75,600 operational minutes</b> for all campus instructional tracks, <i>excluding any minutes covered by staff development waivers</i> .	Have a total of <b>at least 200 full instructional days in the calendar</b> . This total <i>may include ADSY days</i> , but the campus must operate a base academic calendar for all campus instructional tracks with: <ul style="list-style-type: none"><li>✓ At <b>least 175 full instructional days</b>, with</li><li>✓ A <b>minimum of 75,600 operational minutes, excluding any minutes covered by staff development waivers</b>.</li></ul>
Additional Days Eligible for ADSY Formula Funding	Add <b>1 to 30 additional half days of instruction</b> beyond the minimum base calendar 175 instructional days in the regular academic calendar	Add <b>25 to 30 additional full days of instruction</b> beyond the minimum base calendar of 175 full instructional days to reach the 200-day threshold
Instructional Requirement on ADSY days	Provide <b>at least two</b> hours of instruction from a teacher meeting the school system's certification requirements on designated ADSY days	Provide <b>at least four</b> hours of instruction from a teacher meeting the school system's certification requirements on designated ADSY days
Scheduling	<b>Host ADSY days separate from the regular instructional calendar days</b> (e.g., ADSY days cannot be hosted in the second part of a regular instructional day)	<b>Host ADSY days separate from the regular instructional calendar days</b> (e.g., ADSY days cannot be hosted in the second part of a regular instructional day)

# ADSY Calendar Configuration Examples

Campus Formula Funding Pathways	Possible Calendar Configuration Examples
<p><b>Half-day Formula Funding</b> <i>"provides the minimum number of minutes of operational and instructional time required under Section 25.081 and commissioner rules adopted under that section over at least 175 days of instruction;"</i> TEC, Sec. 48.0051 (1)(2)</p>	<p>A campus calendar with <b>175 regular instructional days</b> and <b>15 half-day ADSY days</b> → All 15 half ADSY days generate <b><math>\frac{1}{2}</math>-day formula funding</b>.</p> <p>A campus calendar with <b>190 regular instructional days</b> and <b>25 half-day ADSY days</b> → All 25 ADSY days generate <b><math>\frac{1}{2}</math>-day formula funding</b>.</p> <p>A campus calendar with <b>180 regular instructional days</b> and <b>30 half-day ADSY days</b> → All 30 ADSY days generate <b><math>\frac{1}{2}</math>-day formula funding</b>.</p>
<p><b>Three-Fourths day Formula Funding</b> <i>"For a school district or open-enrollment charter school described by Subsection (a) that provides at least 200 full days of instruction to students described by Subsection (a)(2)"</i> TEC, Sec. 48.0051(b-1).</p>	<p>A campus calendar with <b>175 full regular instructional days</b>, adds <b>25 full ADSY days = 200 full days</b> → The 25 full ADSY days qualify for <b><math>\frac{3}{4}</math>-day formula funding</b> because the 200 full-day threshold is met.</p> <p>A campus calendar with <b>180 full regular instructional days</b> and <b>25 full ADSY days = 205 total full days</b> → All 25 full ADSY days generate <b><math>\frac{3}{4}</math>-day formula funding</b>.</p> <p>A campus calendar with <b>190 full regular instructional days</b> and <b>10 full ADSY days = 200 total full days</b> → All 10 full ADSY days generate <b><math>\frac{3}{4}</math>-day formula funding</b>.</p>
<p><b>What distinguishes a half-day of instruction from a full day of instruction?</b></p>	<p>Per the 2025-2026 Student Attendance Accounting Handbook (SAAH), to qualify for ADA:</p> <ul style="list-style-type: none"><li>• Half-day attendance requires at least two hours of instruction (120 minutes).</li><li>• Full-day attendance requires at least four hours of instruction (240 minutes).</li></ul>
<p><b>How do school systems submit ADSY days for funding?</b></p>	<p>PEIMS reporting is required to generate funding:</p> <ul style="list-style-type: none"><li>• PEIMS Summer Submission (3) due in June of the associated school year: Submit base calendar information.</li><li>• PEIMS Extended Year Submission (4) * due August of the associated school year: Report ADSY attendance data.</li></ul> <p><i>*Mandatory reporting of participating campuses, staff, and student data from ADSY days to generate formula funding</i></p>

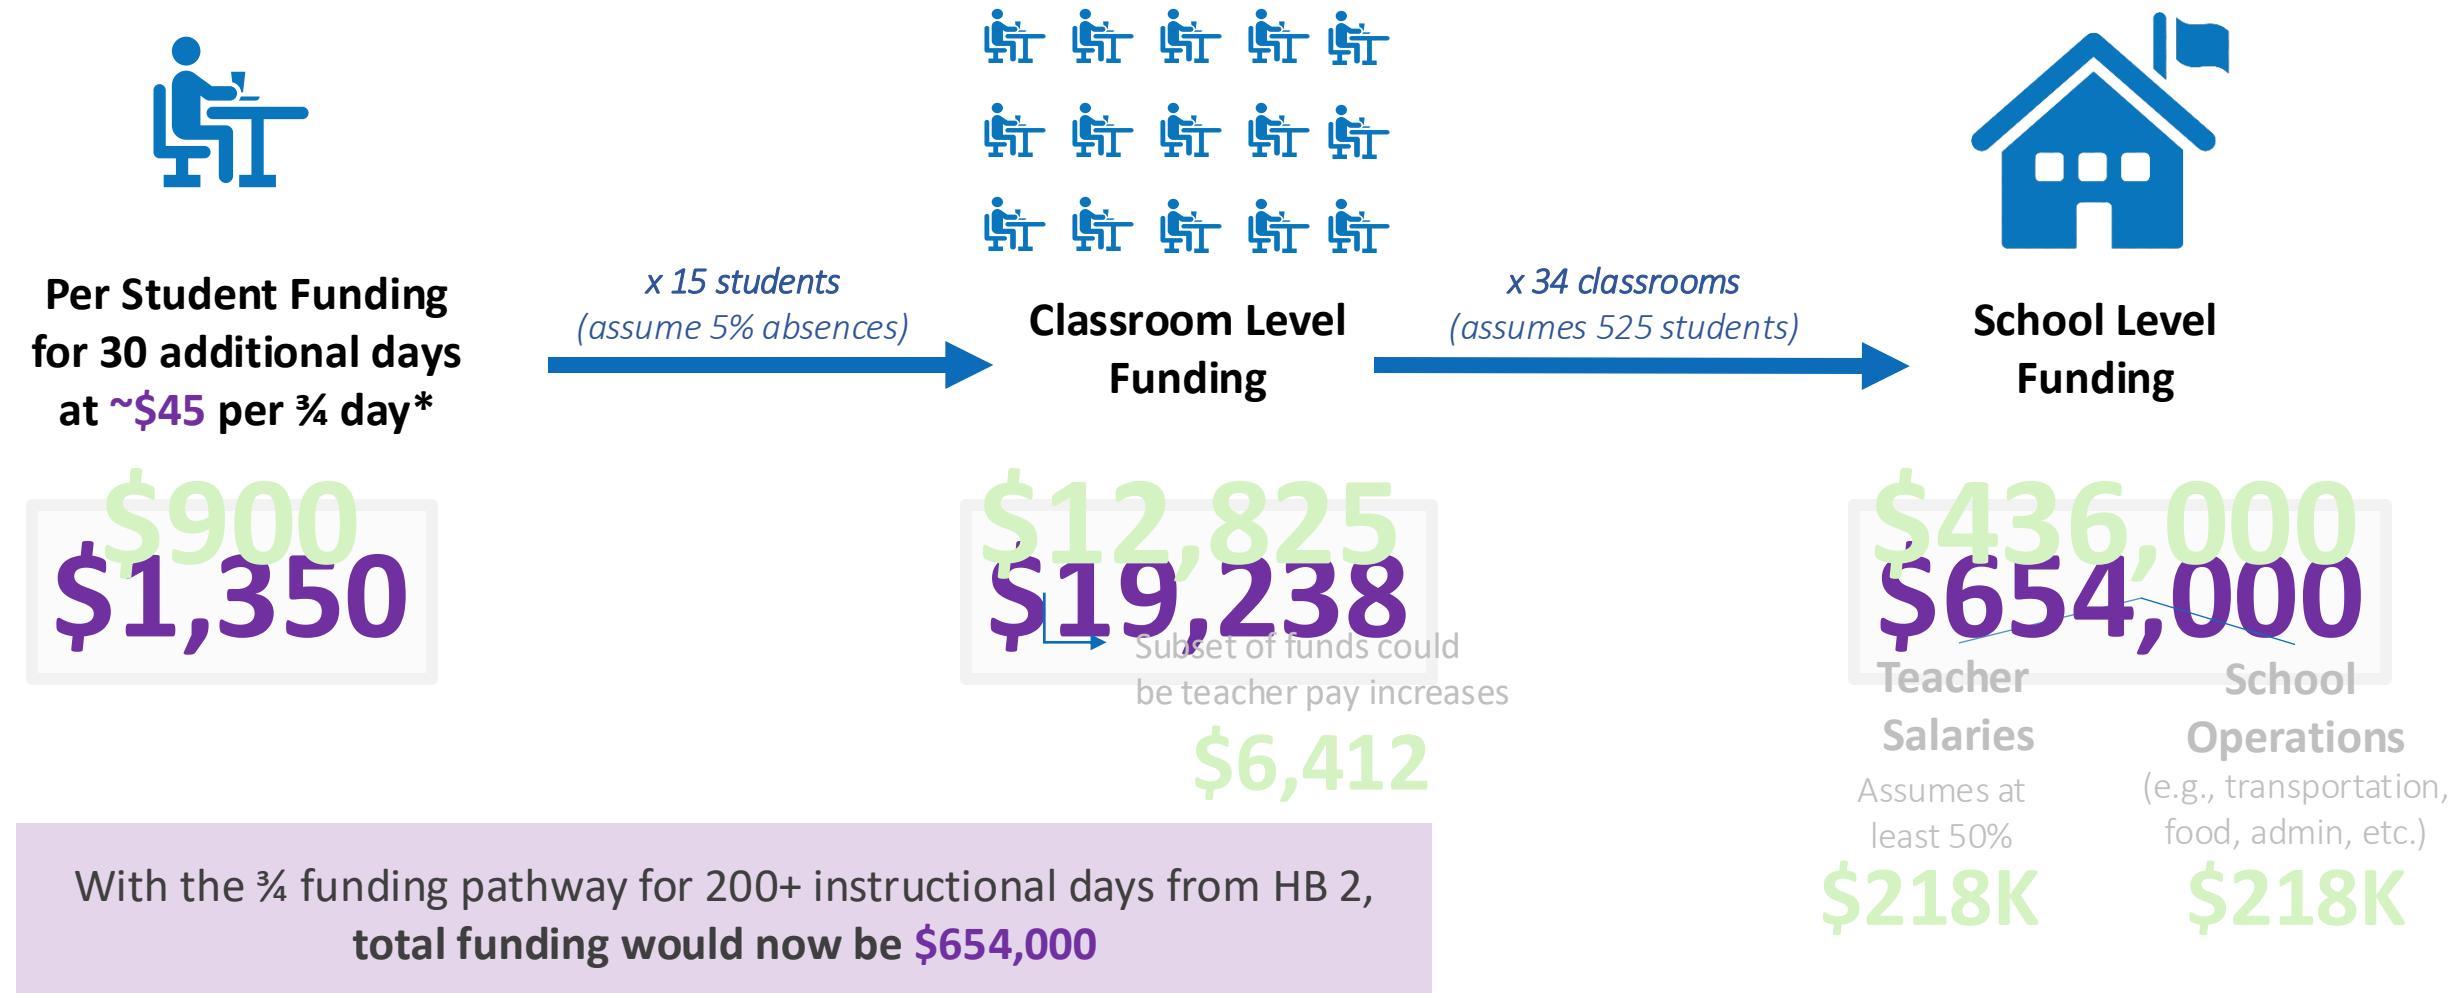

# ADSY sample half-day funding scenario

An elementary or middle school campus could utilize additional funding similar to this scenario:

# ADSY sample three-quarters day funding scenario

An elementary or middle school campus could utilize additional funding similar to this scenario:

# Three ADSY design considerations

## Option 1: Voluntary Summer Learning

- **Purpose:** Summer Enrichment
- **Think:** 175-day traditional calendar, and up to 30 days for something additional

## Option 2: Intersessional Calendar

- **Purpose:** Targeted Support
- **Think:** 175 days spaced out over the full year, with intermittent breaks for targeted support and learning acceleration with a subset of students

## Option 3: Full Year Redesign

- **Purpose:** Rethinking the School Year
- **Think:** A revamped 200+ day calendar, leveraging weekly ADSY days to increase teacher planning time and student brain breaks.

# Summer programs with specific quality parameters eliminate summer slide

**A study from the Rand Corporation found that summer programs with specific quality parameters eliminate summer slide.**

## Study Parameters

No cost program for 5-6 weeks

Class sizes of 1:15 or smaller

Certified teachers focused on at least 3 hours of academics each day

Daily high-quality enrichment activities

Meals and transportation provided

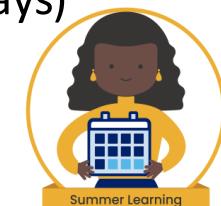

## Impact

**15%**

of typical annual gains in math after 1 summer of high attendance (20 days+)

**20-25%**

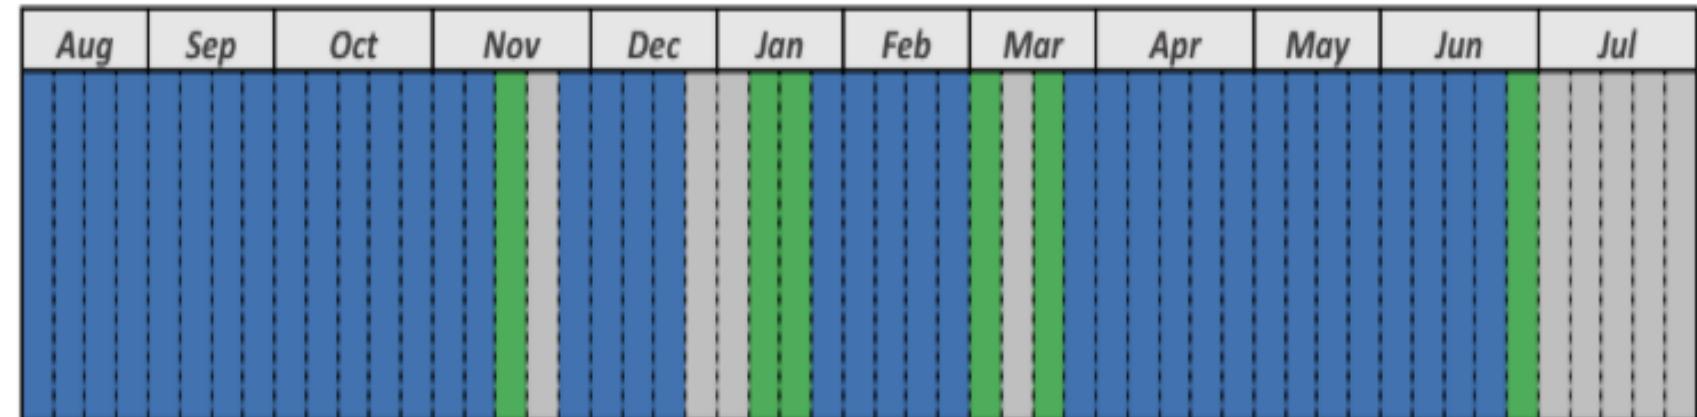

of typical annual gains in mathematics and language arts after two summers of high attendance (20+ days)

An ADSY Intersessional calendar modifies the traditional academic calendar by adding intersession weeks attached to Thanksgiving, Winter, and Spring Breaks to allow for intervention, acceleration, and remediation opportunities for a subset of students

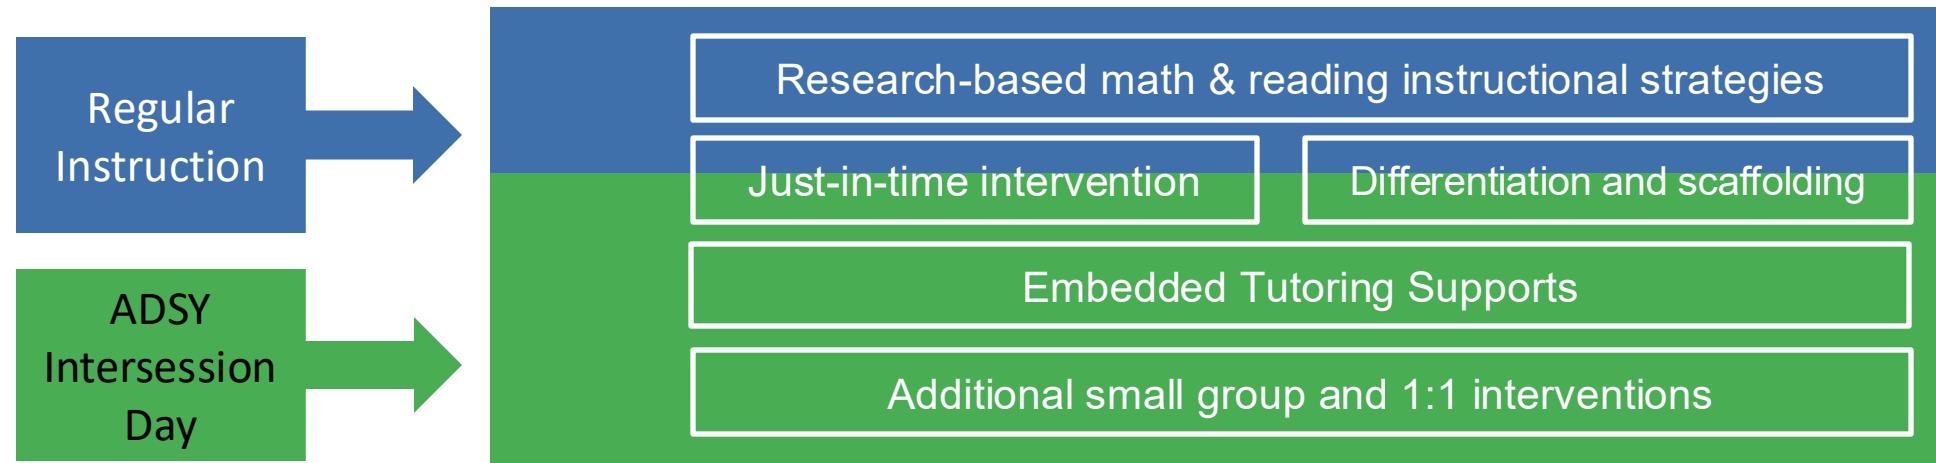

Key

- All Students Attend
- Scheduled Breaks
- ADSY Days

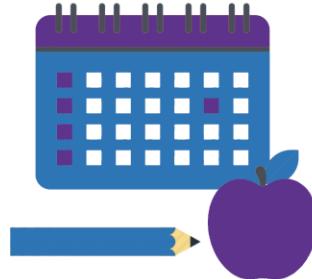

# Accelerate Learning through Targeted Supports

ADSY Intersession offers an opportunity to pair Tier 1 instruction with ***additional*** targeted supports to accelerate learning

## ADSY Full Year Allows for Strategic Use of Time

### Full Year Redesign

- **Purpose:** Rethinking the School Day
- **Think:** A revamped up to 200+ day calendar, leveraging weekly ADSY days to increase teacher planning time and student brain breaks

#### *Teacher Planning Time*

*Reimagine the Teaching Job*

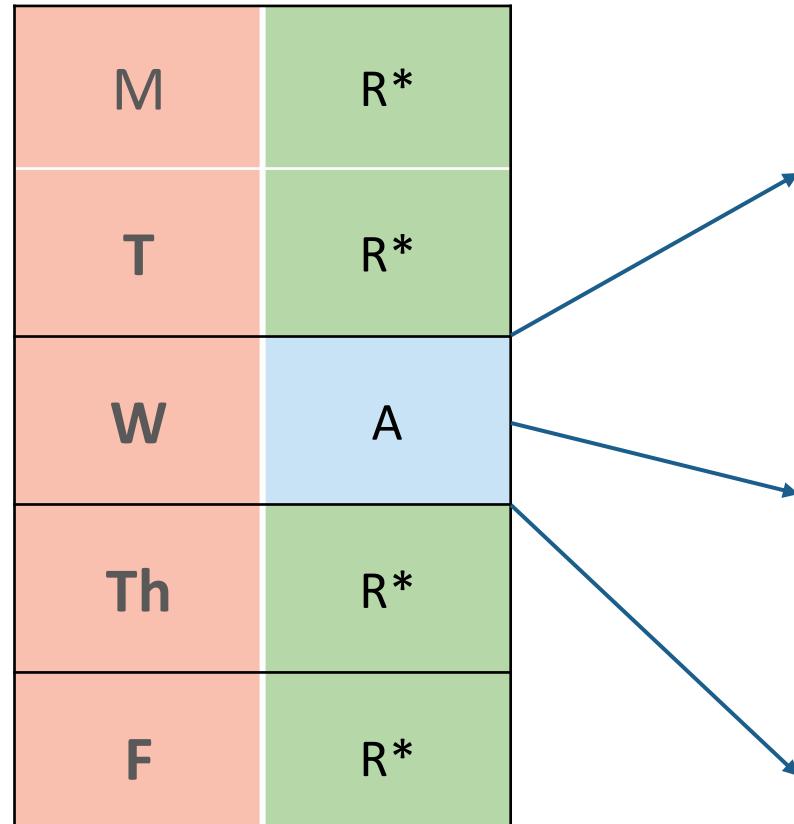

#### *Brain Breaks*

*Accelerate & Enrich Learning*

# Example of Strategic Scheduling

## Element

Brain Breaks

Accelerated Learning

Project-based Learning

Traditional Calendar Day	ADSY Calendar Day
15 minutes per day	30 minutes per day
30 minutes of Leadership/Brain Breaks	
45 minutes of specials	90 minutes of project-based learning time
290 minutes of academic instruction	210 minutes of accelerated math and reading learning time
20 minutes of individualized learning time	30 minutes of individualized learning time

# ADSY PEIMS Reporting Requirements

*Recommended:* PEIMS Summer (3)  
Submission Due in June

School systems can use the **Additional Days School Year Indicator Code** to indicate any campuses that has students participating in ADSY.

The Learning Support and Programs Division can provide outreach to campuses between the PEIMS Summer First Submission and Resubmission to allow for any needed data corrections.

**\*Required\*:** PEIMS Extended Year (4)  
Submission Due in August

District PEIMS Coordinators must report ADSY days and ADA during the PEIMS Extended Year Submission following the school year which the school system hosted ADSY days.

*The ADSY days, participating teachers, and participating students will need to be reported.*

- The PEIMS Extended Year Submission (Submission 4) is the **official mechanism for reporting ADSY attendance data to TEA**. It is **mandatory** for generating formula funding for ADSY days.
- What Must Be Reported
  - ADSY days (dates and instructional minutes)
  - Participating students
  - Participating teachers (staff association records required)
  - Instructional minutes (minimum of 120 minutes per "ADSY" day for eligibility)
    - 240 minutes required for school systems pursuing  $\frac{3}{4}$  day formula funding

This data must be submitted using **ReportingPeriod 9**

# What happens after the PEIMS EXYR Submission?

## ■ **Districts Should Verify Submitted Student Counts:**

- Review the PDM4-130-003 – TSDS PEIMS Superintendent’s Report of ADSY Attendance.
- Confirm that submitted student counts for ADSY attendance are accurate.

## ■ **Districts Can Compare Summary of Finance (SOF) Runs:**

- Compare the prior SOF run to the ADSY SOF run to identify any funding changes resulting from ADSY incorporation.
  - Note: The ADSY SOF run is *typically* completed in October for the prior school year.
- If the ADSY ADA update results in an increase in the Foundation Allotment, it will be reflected in the Foundation Payment Ledger.
- A positive ledger balance may result in a settle-up payment to the school system.

- Participating campuses are eligible for up to **five days of ADSY waivers** for missed instructional days throughout the year due to **weather, health, or safety reasons**. School systems with a board-approved 175-day calendar do not need to make up two missed days for ADSY purposes.
- These ADSY waiver days are for the purpose of ensuring compliance with the **175 days of instruction requirement for ADSY** and are *distinct* from the Missed School Day waiver.
- School systems that wish to request one or more (up to 5) ADSY waiver days must submit that request through the TEAL waiver system under the ADSY waiver.
  - School systems will need to submit evidence of a board-approved 175-day calendar, documentation for the reason for missed school day(s), board agenda from meeting at which the specific waiver application request was approved
- ***There are no waivers available for missed ADSY days***

If a district calendar initially accounts for 175 days with two bad weather make-up days but the district experiences multiple days of closures, is meeting 75,600 minutes enough to qualify for ADSY funding?

If the school system **had a board-approved 175-instructional day calendar and is meeting the 75,600-minute requirement**, applying for the ADSY Waiver is the next step in ensuring compliance with the 175 instructional days of instruction requirement.

# ADSY Formula Funding Opportunities

## The Challenge

### The Compounding Gap: 3 Grade Levels Lost by Grade 5

Summer learning loss disproportionately affects low-income students. The **cumulative impact creates achievement gaps that compound year after year**, leaving those students further behind.

## The Opportunity

### Formula Funding for Added Days

ADSY provides **formula funding for school systems that add up to 30 additional instructional days** (beyond a minimum 175 days)

120 min/day:  $\frac{1}{2}$  day formula funding  
240 min/day:  $\frac{3}{4}$  day formula funding

Any campus across the state  
that meets eligibility can access  
on their own!

# Optional Grant Opportunity to Support Strong ADSY Programs

## The Challenge

### The Compounding Gap: 3 Grade Levels Lost by Grade 5

Summer learning loss disproportionately affects low-income students. The **cumulative impact creates achievement gaps that compound year after year**, leaving those students further behind.

## The Opportunity

### Formula Funding for Added Days

ADSY provides **formula funding for school systems that add up to 30 additional instructional days** (beyond a minimum 175 days)

120 min/day:  $\frac{1}{2}$  day formula funding  
240 min/day:  $\frac{3}{4}$  day formula funding

Any campus across the state that meets eligibility can access on their own!

## The Supports

### ADSY PEP Students Outperform STAAR Performance Trends

The ADSY Planning and Execution Program is an **optional** grant that supports school systems in designing and rolling out high-quality ADSY programs. Schools can either **restructure the traditional academic calendar with ADSY Full Year** or **develop an enriching summer program through ADSY Summer Learning**.

# High Quality Implementation of ADSY

Align District and Community Goals  
**(Pillar 1)**

Ensure the Use and Effective Implementation of High-Quality Instructional Materials (HQIM)  
**(Pillar 2)**

Support Teacher Effectiveness and Encourage Strategies that Reduce Teacher Fatigue  
**(Pillar 3)**

Optimize Use of Time for Both Teachers and Students  
**(Pillar 4)**

Prioritize Strategies that Support High Needs Students  
**(Pillar 5)**

**The most substantial impacts occur when longer school years are part of wholesale reforms that maximize student engagement and instructional quality.**

**The ADY Pillars are intended to align with and extend these wholesale reforms.**

# Strong ADSY Program through ADSY PEP

ADSY PEP supports evidence-based practices for extending the school year via Full Year Redesign or Summer Learning while utilizing ADSY funding long-term.

**Benefit from  
Additional Days School Year Funding (ADSY)**

**ADSY adds formula funding for school systems that want to add up to 30 instructional days (*beyond a minimum 175 days*) to any of their schools serving grades PK-8**

**&**

**A Strong Planning Process with Grant Support**

**Program Capacity**

STRATEGIC PLAN

## Submission Checklist

**Vision** Due November 17

- TABLE 1 | Document Underlying Assumptions (column G)
- TABLE 2 | Detailed Capacity Data by Grade-level (columns J-K)

**Draft** Due March 2

- Update TABLE 1 | Document Underlying Assumptions (column G)
- Update TABLE 2 | Detailed Capacity Data by Grade-level (columns J-K)

**Final** Due April 27

- Update TABLE 1 | Document Underlying Assumptions (column G)
- Update TABLE 2 | Detailed Capacity Data by Grade-level (columns J-K)

*The Program Capacity section of the Strategic Plan is where you will establish how many students your summer program can serve and how those students are spread across grade levels. The data in these tables will support planning for the Student Recruitment and Attendance, Staffing and Professional Development, and Program Budget sections of your plan. These tables are completed with your Vision Submission and should be updated with your Draft and Final Submissions to ensure your plans match the number of students you plan to serve. Overwrite entries with updated information at each submission.*

## TABLE 1 | Document Underlying Assumptions about Program Capacity

Success Criteria	Questions	Response
		<i>to be updated with most accurate numbers at each submission</i>

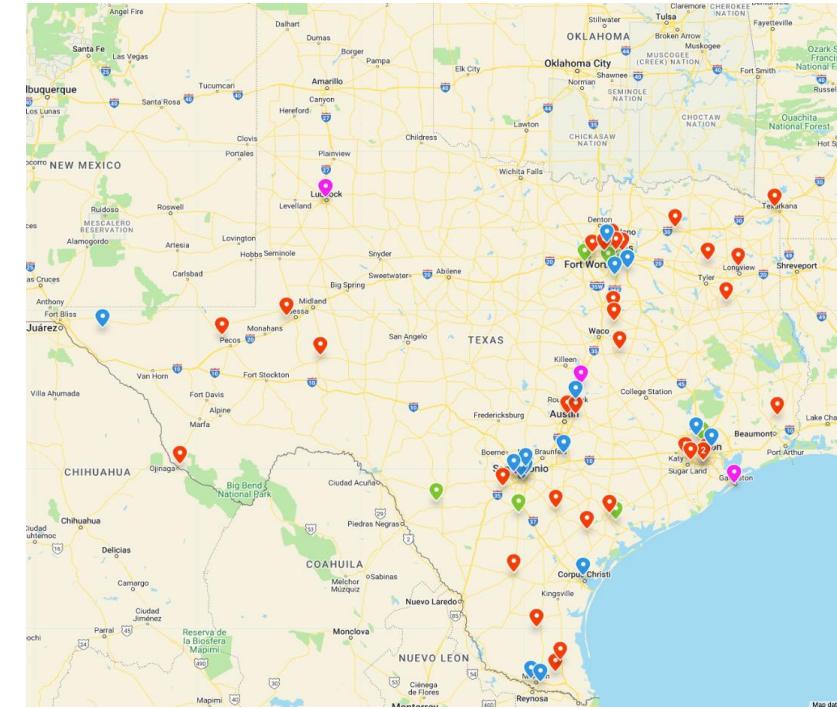

*Example of the 2022-2023 Strategic Plan Template*

# ADSY PEP Summer and Full Year Redesign

*A growing cohort focused on high quality ADSY programming with almost 100 participating school systems over the past 5 years*

ADSY PEP provides school systems with an opportunity to strengthen their ADSY programming through research-based practices and expert guidance.

**ADSY PEP is an annual grant opportunity run through Learning Acceleration Support Opportunities (LASO) grant application.**

# Updated ADSY Webpage & FAQ LIVE!

## Additional Days School Year

[Back to Learning Support](#)

This page provides an overview of the Additional Days School Year (ADSY) initiative, including its legislative basis, funding pathways, and recent updates. It outlines how school systems can leverage ADSY to address summer learning loss and support academic growth, especially for low-income students. Key details include eligibility,  $\frac{1}{2}$ -day vs.  $\frac{3}{4}$ -day formula funding, reporting requirements, and implementation models. Guidance materials, statutory references, toolkits, and best practices are available to support effective planning and implementation at eligible campuses.

# 6-Step ADSY Implementation Guide

Steps	Description
<b>Step 1: Select the ADSY Formula Funding Pathway</b>	<ul style="list-style-type: none"><li>Select one of the following formula funding pathways:<ul style="list-style-type: none"><li>½ Day Formula Funding</li><li>¾ Day Formula Funding</li></ul></li></ul> <p>*Determines required instructional hours and staffing qualifications.</p> <p>*Formula Funding Pathways may vary from campus to campus</p>
<b>Step 2: Align the Academic Calendar</b>	<ul style="list-style-type: none"><li>Ensure the base academic calendar for all tracks at eligible campuses serving PK-8th grade meets ADSY eligibility requirements and obtain board approval for the ADSY calendar.</li><li>Remember that all campus tracks under an ADSY eligible calendar must entail and clearly showcase a base calendar of 175 regular instructional days.</li><li>Identify ADSY days and placement within the calendar. If pursuing the ¾ day formula funding with a base calendar of 175 full instructional days, consider adding more than the base 25 days as a buffer in the event of health, weather, safety related closures that occur on ADSY designated days.</li><li>Ensure alignment with Formula Funding Pathway requirements (Step 1).</li></ul>
<b>Step 3: Staff ADSY Days Appropriately</b>	<ul style="list-style-type: none"><li>Ensure teachers meeting the school system's certification requirement lead instruction on designated ADSY days</li><li>Instruction must meet required hours based on selected funding pathway.</li></ul>
<b>Step 4: Host ADSY Days</b>	<ul style="list-style-type: none"><li>Deliver instruction via one of the 3 common ADSY models or other variations (such as Saturday ADSY days).</li><li>Participating campuses must host ADSY days separately from the regular instructional calendar days (i.e., ADSY days cannot be hosted in the second part of a regular instructional day)</li></ul>
<b>Step 5: Report ADSY in PEIMS</b>	<ul style="list-style-type: none"><li>PEIMS Summer Submission (3) due in June of the associated school year: Submit base calendar information. <i>See FAQs for waiver information in the event of weather, health, or safety closures during the regular year.</i></li><li>PEIMS Extended Year Submission (4)* due August of the associated school year: Report ADSY attendance data.</li></ul> <p><i>*Mandatory reporting of participating campuses, staff, and student data from ADSY days to generate formula funding</i></p>
<b>Step 6: Check your FSP</b>	<ul style="list-style-type: none"><li>Review the TSDS PEIMS SUPERINTENDENT'S REPORT OF ADSY ATTENDANCE to confirm submitted student counts for ADSY attendance</li><li>Each year, ADSY ADA reported via PEIMS submission #4-EXYR is incorporated into a school system's SOF reports at near final settle-up (usually in October following the end of the prior school/fiscal year).</li><li>The ADSY ADA incorporated into the school system's SOF reports in October at near final settle-up is added to the LEA's refined ADA. The resulting increase in total FSP (if any) is paid to the LEA as a settle-up payment.</li><li>School Systems are encouraged to compare the prior SOF run to the ADSY SOF run to identify funding changes as a result of ADSY incorporation.</li></ul>

The time to **start planning for ADSY for the 2026-2027 school year is now.**

- Key activities should include:
  - Selecting the ADSY formula funding pathway and participating campuses
  - Board approval for the ADSY eligible calendar for participating campuses
  - ADSY design and ADSY day placement
  - Community engagement

# Additional Resources to Support Planning and Implementation

## HB 2 – ADSY Update & FAQ

**ADSY**  
Additional Days School Year

The Additional Days School Year (ADSY) initiative has been updated via House Bill 2 (HB 2) following the 89<sup>th</sup> Legislative Session, introducing an additional funding pathway and broadening eligibility criteria. ADSY provides formula funding for school systems that extend their instructional calendar by up to 30 days beyond the minimum of 175 days at any elementary or middle school (grades PK-8).

**ADSY Program: Key Changes Under House Bill 2 Effective September 1, 2025**

Category	Previous ADSY Requirements	Updated ADSY Requirements from HB 2 Effective September 1, 2025
Grade Level Eligibility	Formula funding is available to campuses serving at least one grade level within grades PreK-8. Formula funding is now available to campuses serving at least one grade level within grades PreK-8.	Formula funding is now available to campuses serving at least one grade level within grades PreK-8.
Base Instructional Calendar Requirements	The calendar must include at least 180 instructional days with 75,600 operational minutes, including part development waivers for all campus instructional tracks.	<p><b>For half-day formula funding:</b> Operate a base calendar with at least 175 instructional days and 75,600 operational minutes for all campus instructional tracks, excluding staff development days.</p> <p><b>For three-quarters day formula funding:</b> Have a total of at least 200 full instructional days in the calendar. This total may include ADSY days, but the campus must operate a base calendar for all campus instructional tracks with:</p> <ul style="list-style-type: none"> <li>At least 175 full instructional days, with</li> <li>A minimum of 75,600 operational minutes, excluding any minutes covered by staff development waivers.</li> </ul>
ADSY Formula Funding Based on Additional Days Offered	Campuses may add up to 30 additional instructional days beyond the 180-day regular calendar.	<p><b>Campuses may add up to 30 additional instructional days beyond the 180-day regular calendar:</b></p> <ul style="list-style-type: none"> <li>New Funding Pathway for Adding Days Beyond the 175-Day Minimum:           <ul style="list-style-type: none"> <li>Campuses adding 1-30 additional half-days will receive half-day formula funding for each.</li> <li>Campuses adding 25-30 full days will receive three-quarters day formula funding for all days in that range.</li> <li>*Keep in mind that ADSY days cannot be hosted in the second part of a regular instructional day.</li> </ul> </li> </ul>
Instructional Requirement based on Formula Funding Pathway	A certified teacher must deliver at least two hours of instruction on designated ADSY days.	<p><b>For half-day formula funding:</b> A teacher meeting the school system's certification requirements must deliver at least 2 hours of TEKS-based instruction on designated ADSY days.</p> <p><b>For three-quarters day formula funding:</b> A teacher meeting the school system's certification requirements must deliver at least 4 hours of TEKS-based instruction on designated ADSY days.</p>

## ADSY Initiative One Pagers

**ADSY**  
Additional Days School Year

**What is ADSY?**  
The Additional Days School Year (ADSY) initiative provides formula funding to incentivize school districts to extend their instructional calendar by up to 30 days beyond the minimum of 175 days at any elementary or middle school (grades PK-8). This targeted opportunity is designed to combat summer learning loss, a challenge that disproportionately affects students from low-income backgrounds.

**What differentiates ADSY?**  
The Additional Days School Year (ADSY) initiative provides formula funding to incentivize school districts to extend their instructional calendar by up to 30 days beyond the required minimum of 175 days at any elementary or middle school (grades PK-8). This targeted opportunity is designed to combat summer learning loss, a challenge that disproportionately affects students from low-income backgrounds.

**What does the data say about ADSY?**  
During the 2022-2023 school year, students enrolled in ADSY Full Year programs showed greater gains in both Math and Reading on the State of Texas Assessments of Academic Readiness (STAAR):

- 11% growth in Math (compared to 5% at non-PEP campuses and 2% statewide)
- 9% growth in Reading (compared to a 1% decrease in non-PEP campuses and 3% decrease statewide)

**Where do I start?**

During the 2022-2023 school year, students enrolled in ADSY Full Year programs showed greater gains in both Math and Reading on the State of Texas Assessments of Academic Readiness (STAAR):

- 11% growth in Math (compared to 5% at non-PEP campuses and 2% statewide)
- 9% growth in Reading (compared to a 1% decrease in non-PEP campuses and 3% decrease statewide)

**What does the data say about ADSY Full Year?**

## ADSY Implementation Guide

**ADSY**  
Additional Days School Year

**Maximizing Impact: The Pillars and Associated Practices to Strengthen ADSY Implementation**

The Additional Days School Year (ADSY) initiative provides formula funding to incentivize school districts to extend their instructional calendar by up to 30 days beyond the required minimum of 175 days at any elementary or middle school (grades PK-8). This targeted opportunity is designed to combat summer learning loss, a challenge that disproportionately affects students from low-income backgrounds. Research indicates that by fifth grade, the cumulative effects of summer learning loss can result in an academic gap of up to three grade levels for these students.

Findings from RAND show that this impact can be eliminated when students receive academic instruction for three to four hours a day over a five- to six-week period. Moreover, extended learning time has the potential to significantly improve academic outcomes—but only when that time is used effectively. This underscores the importance of a strong instructional foundation.

Once that foundation is in place, it is essential for school systems to align their priorities and make data-driven decisions that support both teaching and student learning. The ADSY Pillars offer a coherent, research-based framework for adding time to the school calendar, while ensuring that wraparound supports are in place for students and educators.

**Implementing ADSY with Fidelity:**

The ADSY Pillars are based in research on extended learning models, which consistently demonstrate that adding well-structured instructional time can yield significant gains in student achievement. Early adopters in Texas have already reported promising outcomes, ranging from stronger academic growth to improved student engagement, by leveraging these research-based practices. Importantly, the Pillars are intentionally designed to align with other critical TEA frameworks, ensuring that extended learning is integrated into a coherent strategy for school improvement and student success. This comprehensive approach empowers districts to maximize the impact of additional instructional days while reinforcing existing initiatives and priorities at the local level.

**1 Align District and Community Goals (Pillar 1)**  
The most substantial impacts occur when these school years are part of wholesale reforms that increase student engagement and instructional quality.

**2 Ensure the Use and Implementation of High-Quality Instructional Materials (HQIM) (Pillar 2)**  
The ADSY Pillars are intended to align with and extend these wholeole reforms.

**3 Support Teacher Effectiveness and Instructional Strategies that Reduce Teacher Fatigue (Pillar 3)**

**4 Optimize Use of Time for Both Students and Students (Pillar 4)**

**5 Prioritize Strategies that Support High-Needs Students (Pillar 5)**
