PEIMS Code: N1290002

Abbreviation: AVID2

Grade Level(s): 10-12

Award of Credit: 1.0

### Approved Innovative Course

- Districts must have local board approval to implement innovative courses.
- In accordance with Texas Administrative Code (TAC) §74.27, school districts must provide instruction in all essential knowledge and skills identified in this innovative course.
- Innovative courses may only satisfy elective credit toward graduation requirements.
- Please refer to TAC §74.13 for guidance on endorsements.

### Course Description:

In *Advancement Via Individual Determination II (AVID II)*, an academic elective course, 10<sup>th</sup> grade students utilize the AVID strategies to meet their independent needs and learning styles. Students will develop their own academic learning plans and goals, increasing awareness of their actions and behaviors. As students increase their rigorous course load and school/community involvement, they will refine their time-management and study skills accordingly. Students will expand their writing skills to include analyzing prompts, supporting arguments and claims, character analysis, and detailed reflections. Students will also analyze various documents in order to participate in collaborative discussions and develop leadership skills in those settings. Text analysis will focus on specific strategies to understand complex texts. Lastly, students will narrow down their colleges and careers of interest based on their personal interests and goals.

### Essential Knowledge and Skills:

- (a) General Requirements. This course is recommended for students in Grade 10. Students shall receive one credit for the successful completion of this course.

AVID elective teachers participate in extensive content area professional learning during AVID Summer Institute and Path trainings. The content of these sessions targets instructional skill development specifically aligned with success in rigorous courses in the foundation content areas. We therefore request completion of the Implementation Community of Practice at the AVID Summer Institute or Path (2-3 days of intense professional learning) and the expressed desire to be an AVID teacher.

Schools use the professional training at AVID Summer Institute (SI) as a strong resource for guiding implementation of the course. The AVID Summer Institute includes online learning and face-to-face learning. Before the SI, participants have pre-work (launches) to complete. Costs for SI started at \$999 in 2024.

Additionally, thousands of Texas educators attended content-specific AVID Path trainings, learning to incorporate effective instructional strategies into their TEKS-aligned content curriculum. Path training starts at \$645.

AVID Center provides many online resources for AVID schools and educators. The lesson plans for each day of the AVID II class are the Weeks at a Glance (WAG) that AVID class teachers use as the basis for their curriculum and instruction. The WAG are what AVID II teachers use to make sure they are covering the AVID Standards (seen as the Essential Knowledge and Skills in AVID II). We have online learning in the form of On Demand Modules and virtual trainings to enhance the professional learning of all educators at AVID sites. We also have an extensive file sharing area online so that AVID educators can have access to resources that they need for College Readiness schoolwide.
