

## List of Innovative Courses Scheduled to Expire on August 31, 2026

The following innovative courses are scheduled to expire on August 31, 2026, and will require renewal by the State Board of Education (SBOE) to remain active. Authors of the courses listed below will be invited to submit a renewal application during the 2025-2026 school year.

If these courses expire, their Public Education Information Management System (PEIMS) codes will be removed from the [TSDS Web-Enabled Data Standards \(TWEDS\) C022 table](#). School districts and open-enrollment charters could choose to offer these courses after August 31, 2026, as local elective courses, but they would no longer count for state elective credit.

For questions related to innovative courses, please submit a [curriculum help desk ticket](#) on the [TEA website](#).
