difference for students
who need it most!**

Specialized Professional Learning in Math and Reading for Educators Working With K–8 Students Who Need Extra Support

Created under Texas House Bill 2 (2025), the **Intervention Academies** equip educators and administrators with **evidence-based strategies** to strengthen foundational skills and accelerate learning.

- Learn:**
- Practical strategies for Tiers 1, 2, and 3 to strengthen foundational skills
 - Early and effective intervention strategies to help close achievement gaps before they widen
 - Systems-level knowledge to implement, build coherence, and sustain interventions over time

- Pilot Year Dates:**
- **Days 1–2:** July 7–8, 2026, *or* August 25–26, 2026
 - **Days 3–4:** September 22–23, 2026, *or* October 21–22, 2026
 - **Days 5–6:** January 26–27, 2027, *or* February 10–11, 2027

	Administrator Track	Tier 1 Track Math and Reading Strands	Tiers 2 and 3 Track Math and Reading Strands
Audience	District and campus leaders	Educators who deliver or support Tier 1 instruction and interventions	Educators who deliver or support Tier 2 and Tier 3 interventions
Focus	Develop systems leadership for sustainable, scalable intervention campuswide and districtwide	Build teacher capacity for high-quality, flexible, small-group, data-informed classwide interventions	Deepen diagnostic and instructional expertise for effective Tier 2 and Tier 3 interventions
Duration	2 days (synchronous virtual) + prework	6 days (synchronous virtual) + prework; divided into three 2-day trainings	6 days (synchronous virtual) + prework; divided into three 2-day trainings
