**TXVSN Reviews conducted by QM will utilize 3 Rubrics/Standards:**

1. TXVSN Course Content Quality Rubric
2. TEKS Rubric
3. National Standards for Quality Online Courses, Fourth Edition (2025), conducted by using the Review annotations in the QM K-12 Rubric, Sixth Edition (2025), which include the QM Accessibility Component Review Standards

**TXVSN Online Professional Development Reviews conducted by QM will utilize 2 Rubrics/Standards:**

1. TXVSN Online Professional Development Rubric, which includes the QM Accessibility Component Review Standards
2. National Standards for Quality Online Teaching, Third Edition (2019)

**\*Template Review:**

QM recommends a Template + Content Review if the provider (1) uses a standard template for course design — across subject areas — for courses it potentially wants reviewed and (2) intends to submit five or more courses for review. The template portion of the review process ensures greater consistency in the results from course to course, where a common template was used to

develop the courses.

A Template Review is conducted using courses provided from three different subject areas. Standards marked “T” in the National Standards for Quality Online Courses, Fourth Edition (2025), correlated QM K-12 Rubric, Sixth Edition (2025), are reviewed. Results populate into subsequent content reviews to create a Full Report and score.

**\*\*Content Review:**

Each Content Review is populated with the findings and score from the Template Review. Standards marked “C” in the National Standards for Quality Online Courses, Fourth Edition (2025), correlated QM K-12 Rubric, Sixth Edition (2025), are reviewed. This Course Review includes results in a Full Report with overall findings from all TXVSN Standard Sets and may result in QM Certification.
