

# Highly Mobile and At-Risk (HMAR) Student Programs

## 2025-26 Professional Development Opportunities

### Introduction

This document serves as an event calendar for the HMAR Student Programs for the 2025-26 school year. Stakeholders can use this guide to save-the-date and plan for professional development opportunities provided by HMAR. In the event that any changes or adjustments are needed, this information will be communicated via program listserv and updated on TEA's HMAR website.

#### Please note the following:

- All HMAR Student Programs' webinars are **recorded** for those who are unable to attend. However, office hours **will not be recorded**.
- We are unable to make the presentation slides available in advance.
- The PDF and video recording of the presentations will be posted to the [HMAR Webinar webpage](#).
- Continuing Professional Education (CPE) certificates are provided to those who attend live AND complete the end of webinar feedback survey.

**Office Hours** are available for our Education Service Centers (ESCs) and School System (i.e., district and charter schools) stakeholders. The purpose of HMAR programs' office hours is to provide an informal opportunity for the field to ask questions and discuss support for at-risk students. The topics of discussion will center on questions, concerns, scenarios from the field and implement effective practices to support HMAR students.

#### **FOR QUESTIONS, PLEASE CONTACT US:**
