00:13:06 Yolanda Flores: Awesome!

00:13:06 BRITTANY ROGERS: Hello, doing well. I am grateful for our last GT Tuesday, I have gotten my remote testing/in person testing plan going and in action.

00:13:09 Amanda Daniels: Making it :)

00:13:14 Nancy Hess: Congrats!!

00:13:15 Gigeem: That's awesome, Monica! Congratulations. Go Titans.

00:13:23 Z. Rogers: That's awesome!

00:13:29 Angela Isart: Go Texans!

00:13:35 Cayleigh Anthony: Hello from Paradise!

00:13:53 Trey Wright: Go Stars!

00:14:20 Cindy Salomon: Yes! Go STARS!

00:14:28 Yolanda Barkley: Congratulations! Hello from El Paso, Texas. Ysleta ISD

00:15:04 dleach: Stars are GREAT! Can't wait to stay up until 2:00 a.m. again and watch another Stanley Cup win!

00:15:42 Cuyler Anderson: has the language been updated in the GT FAQ Covid?

00:17:31 Krys: Should I be able to click the hyperlink?

00:17:36 yasmeen khaliq: Would you mind adding the links in the chat?

00:18:06 Rhonda Boyer: <https://public.govdelivery.com/accounts/TXTEA/subscriber/new/>

00:19:55 Naomi :Are the times central time?

00:20:11 Naomi :Thank you.

00:24:14 Monica Parkhill:Will the counselor training about SEL from TEA be coming out anytime soon?

00:25:03 Cuyler Anderson: 04 is easy to code on paper...

00:25:42 ahillis: What if we were not able to use all of our funds last year because of school closures?

00:25:54 Abbee Jefferies:Do high schools code for 01 ever?

00:26:20 Wilbarger-Dickens: How to code using PowerSchools

00:27:46 Melanie Harlan:lol

00:27:49 Meredith Austin:

00:28:08 Cuyler Anderson: "Array" means? A choice board?

00:28:36 Gray: Will we have access to this presentation?

00:30:38 yasmeeen khaliq: Agreed I would love access to the powerpoint for future reference

00:31:11 Rowell, Audra: This is the place where the ppt are always posted.  
<https://tea.texas.gov/academics/special-student-populations/gifted-and-talented-education/gifted-talented-education-resources>

00:31:18 Cuyler Anderson: so the teacher can decide if it meets GT needs...

00:35:40 Michelle Swain: Where did the second piece come from? I've never heard of 33%.

00:36:12 KATHLEEN PLOTT: 33% is also new information for me

00:36:37 Rowell, Audra: I think it is new info. She referenced it awhile back as a recommendation from the CAC I think.

00:37:03 Michelle Swain: Recommendation is very different from compliance, and the numbers don't jive.

00:37:08 Tish Cawley: So, it's just a recommendation, not a requirement?

00:37:16 Rhonda Boyer: Agreed since master schedules already set

00:37:25 Chris Reichelt-Conroe ISD: Who is the one that usually reports the funding for GT? Finance Dept?

00:37:42 KATHLEEN PLOTT: Elementary classrooms are also set.. this would be a terrible time to adjust students/classes.

00:37:48 Teresa Francis : Our PIEMS director reports the funding

00:39:04 Michelle Swain: I saw where it was, but I'm asking about the research and law behind it. Getting groups of three in some cases is a hard enough battle. We have classes of 22 at elementary which means 7-8 would be the requirement. Best practice, yes, but not required.

00:39:39 Cuyler Anderson: We have no funds

00:43:19 Cuyler Anderson: 33% is if it is a "GT coded class"? Or any classroom?

00:43:58 Rowell, Audra: Where does it mention a minimum of 3?

00:43:58 BRITTANY ROGERS: Theres a spreadsheet of funds that should be for GT. If schools don't prove they are using some of those funds for GT they could be taken away.

00:44:38 Rhonda Boyer: GT Estimated Funding Allocations:  
<https://tea.texas.gov/academics/special-student-populations/gifted-and-talented-education>

00:44:39 Michelle Swain: FAQ has always defined the group as minimum of 3.

00:45:34 Monica Parkhill: Rural schools may only have 1 or 2 students at a grade level so they won't meet any of those %age requirements.

00:45:52 TAGT Team: @Michelle, FAQs and interpretation are both guidance, neither are law

00:45:54 Monica Parkhill: IF it is within their classroom. However, we use pull-out for that reason

00:46:04 Lora Holt: True but I think that audits would take that into consideration

00:46:47 Lora Holt: I just want to hear what people submitted into their asynchronous plans

00:46:56 Cuyler Anderson: SWE k-12

00:47:36 Rhonda Boyer: Projects - Excellent Option: <https://www.texaspsp.org/>

00:48:19 BRITTANY ROGERS: I made google sites for our teachers to use as remote learner resource

00:48:20 Cheryl Harris: The FAQ says "TEA is working on identification of students for G/T student guidance for review by the CAC prior to posting on the agency's page. My district has been waiting to finalize our identification plan until we receive that. Do you have an ETA? Thank you.

00:48:34 Lee Ann O'Loughlin: Do you want our Canvas course link for GT services?

00:48:37 Cuyler Anderson: Parallel teaching, k-12 teachers will be teaching virtual and face to face at the same time starting in early October

00:49:44 Lee Ann O'Loughlin: Do you want our link for a Canvas course?

00:50:11 Melanie Harlan: Yep, Canvas for us too

00:50:12 Raine Maggio: We are in Round Rock

00:50:16 Kim Cheek: I would love to see it! Thank you for sharing.

00:50:25 Abbee Jefferies: I would love to see the canvas course

00:50:35 Cuyler Anderson: we are using Schoolgy for all kids. Classes may have a GT folder embedded

00:50:38 Teresa Francis : I would love your Canvas link.

00:50:48 Rowell, Audra: GT Specialists are teaching remote & in person at the same time. Because of the fluidity of the situation, we are focusing our curriculum on executive functioning and then moving into Genius Hour. That gives us flexibility within the two groups and across grade levels.

00:51:19 Rowell, Audra: In Northwest

00:51:32 Shawna Marks: Lee Ann I'd love to see your canvas course!

00:51:39 Stephanie Rivera: k-12 San Antonio TX

00:51:51 Stephanie Rivera: HS voluntary for those who are not in AP/Dual credit

00:52:05 Stephanie Rivera: MS students are completing projects in GT Electives class.

00:52:10 Stephanie Rivera: I teach the class.

00:52:30 Harp: Denton is using Seesaw with GT Specialists servicing students online and in person

00:52:30 Stephanie Rivera: ELEM are clustered in like grades...meet 1/wk on zoom

00:53:10 Donna Hodge: Our specialists are teaching both as well with a digital curriculum housed in Google Classroom. The remote students are being zoomed into the in-person classes to receive instruction and enhance collaboration.

00:53:11 Stephanie Rivera: All our teachers are becoming GT certified...I provide resources for the teachers to use for the GT students...digital and in person

00:53:22 TPINKNEY: Do the GT Coordinator do the pull outs or is this done by the teachers?

00:53:51 Chris Reichelt-Conroe ISD: I hire teachers that only do pull out for GT.

00:53:59 Stephanie Rivera: I do the pull out zoom calls (coordinator)

00:54:11 Trey Wright: We are loving Think Law!

00:54:24 Melanie Harlan:I have a specialist that does the in-person pull-outs. I am doing the zoom pull-outs

00:54:55 yasmeen khaliq: We are using Edgenuity to created individual asynchronous plan

00:54:59 Michelle Swain: 51,000

00:55:12 Jennine Zeleznik: @Harp Comal ISD is doing the same with our elementary students. SeeSaw with a combination of in-person and remote synchronous pullouts, and asynchronous activities throughout the week.

00:56:08 TAGT Team: TAGT is hosting a chat session on Sept 22 to share ideas and strategies for successful G/T services during this unique school year. Come with your questions, ideas, challenges, and what you've learned so far. We'll discuss academics, rigor, and social emotional connections in the classroom, virtually, and hybrid environments. You are sure to leave with new ideas and strategies to impact your students' learning!

00:56:11 BRITTANY ROGERS: I am a small district - 1,000 students. We are doing google classroom. Google sites created and have optional assignments on them. Our GT trained teachers are also accommodating GT through their lessons remotely.

00:56:36 BRITTANY ROGERS: Optional assignments = highly recommended. I due per week but not graded

00:57:16 Cuyler Anderson: 58,000 students here in El Paso

00:57:43 Lora Holt: what are you guys doing Cuyler

00:57:56 Cuyler Anderson: As little as the state plan allows

00:58:17 Lora Holt: do you have your GT students serviced on schoology?

00:58:21 Cuyler Anderson: SWE k-12

00:58:41 Cuyler Anderson: Each teacher is allowed to “modify in the 4 foundational areas”

00:59:31 Maritha Green: Could you go back to the last slide?

00:59:32 Rowell, Audra: Andrew young

00:59:41 Lee Ann O'Loughlin: Signed up for this!

01:00:04 Rowell, Audra: Me, too! Super excited!

01:01:23 Lee Ann O'Loughlin: Thank you Ms. Brewer

01:01:42 Shawna Marks: thank you!

01:02:05 Angela Neal: Thank you, Monica!

01:02:07 Patricia Hammer: Thank you!

01:02:18 JHERNA27: Thank you !

01:02:21 Z. Rogers: Thank you!!

01:02:33 lbanks: Thank you!

01:02:45 Maritha Green: Thank you!!

01:03:04 Kim Cheek: Thank you

01:03:13 Melissa Darbonnier: Thank you Monica !!!

01:03:14 Paula Fippinger: Thank you!

01:03:18 Nancy: Thanks Monica!

01:03:21 Claran Johnson: thanks

01:03:27 Aurora DeLuna: Thank you

01:03:28 Cynthia Fields: Thank you !

01:03:29 Jennifer Covington: Thank you!
