INTRODUCTION

The Texas Education Agency (TEA) would like to extend appreciation to Chireno ISD for their efforts, attention, and time committed to the completion of the review process.

The TEA has developed a monitoring approach that reviews compliance-based indicators while also looking for best practices. In commitment to the approach, the cyclical monitoring report will provide the results of the LEA's compliance review related to the Individuals with Disabilities Education Act (IDEA) and federal and state statutes, a summary of data related to Results-Driven Accountability (RDA), State Performance Plan (SPP), and Significant Disproportionality (SD), recommend targeted technical assistance and support for LEAs related to special education, and highlight promising practices of LEAs that demonstrate success.

CYCLICAL MONITORING

The TEA conducts cyclical reviews of all local education agencies (LEAs) statewide over six years. The purpose of cyclical monitoring is to support positive outcomes for students with disabilities and to determine compliance with special education regulations.

LEAs are required to submit artifacts and/or sources of evidence for compliance and promising practices review in the following areas:

- Child Find/Evaluation/FAPE
- IEP Development
- IEP Content
- IEP Implementation
- State Assessment
- Properly Constituted ARD Committees
- Transition

2019–2020 CYCLICAL REVIEW PARENT, TEACHER, ADMINISTRATOR INTERVIEWS/SURVEY

Staff and Family Surveys

On December 7, 2019, the TEA Review and Support team received 19 surveys during the comprehensive desk review. Respondents to the staff and family survey included parents/guardians, general education teachers, special education teachers, evaluation staff, and administration staff (district and campus). The Review and Support surveys focused on the following review areas:

- Communication and community outreach
- Inclusion of special education staff in curriculum planning and training

This survey was approved by the Texas Education Agency’s data governance board. Participation in this survey was both voluntary and anonymous. No data was collected identifying a name so that individual responses cannot be linked to any respondent. Participants were given the option to stop the survey at any time.

Strengths

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following strengths for Chireno ISD:

- Parent attendance at ARD meetings
- Educating students with disabilities with their nondisabled peers to the greatest extent possible
- Determining Least Restrictive Environment based on the student’s needs and as close as possible to the student’s home
- Evaluating students using a variety of sources and in the student’s native language by qualified professionals

Considerations

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following considerations for Chireno ISD:

- It is recommended that Chireno ISD continue developing and implementing Intensive Programs of Instruction (IPI), which will support students in attaining continuous academic growth.
- It is recommended that Chireno ISD continue to invite CTE and LPAC representatives to appropriate ARD meetings to ensure collaboration between all programs, which will support students in attaining continuous academic growth.
- It is recommended that Chireno ISD include courses of study in the IEP document for students who participate in transition services to ensure appropriate programming for postsecondary student success.

Technical Assistance

As a result of monitoring, the TEA has identified the following technical assistance resources to support Chireno ISD engaging in **universal** support as determined by the RDA performance level data and artifacts within the compliance review:

Topic	Resource
Intensive Program of Instruction (IPI)	Intensive Program of Instruction: Accelerated Instruction and Intervention Programs of Instruction
Properly Constituted ARD	Properly Constituted ARD: Required Signatures & Elements of a Consent for Excusal
Courses of Study for Transition	Transition Requirements: Texas First Project: Course of Study .

Findings of Noncompliance

A finding is made when noncompliance is identified with the Review and Support report findings, SPP notification, and/or individualized education program (IEP) requirements. Noncompliance that is systemic in nature must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings. ***When noncompliance has been identified as part of this cyclical review, Chireno ISD will receive formal notification of noncompliance in addition to this report.***

The TEA Division of Special Education Monitoring will further advise the LEA on the corrective action process, if applicable.

The TEA follows procedures for the correction of noncompliance consistent with federal guidelines (OSEP Memo 09-02.)

Before the TEA can report that noncompliance has been corrected, it must first verify the LEA:

- Has corrected each individual case of noncompliance (Prong 1); and
- Is correctly implementing the specific regulatory requirements (i.e., subsequently achieved 100% compliance) (Prong 2).

The TEA is required to monitor the completion of a corrective action plan if any noncompliance is discovered. The corrective action plan must be designed to correct any and all areas of noncompliance ***as soon as possible, but in no case later than one year from the date of notification.***

Corrective Action Plan (CAP)

The LEA will develop a CAP to address any items identified as non-compliance in this summary report. An approved form for the CAP can be accessed on the Review and Support website or in the resources located in Intervention, Stage, and Activity Manager (ISAM).

The LEA must submit the CAP in ISAM within 30 school days from the date of this report and formal notification of noncompliance. The TEA will review the CAP submitted by the LEA for approval. If the

TEA determines that a revision(s) is necessary, the LEA will be required to revise and resubmit. The Review and Support team will contact the LEA to provide notification when the CAP has been approved.

Individual Correction

The educational agency has **60 school days** from the date of this summary report to correct all identified findings of noncompliance for individual students, unless noted otherwise in the report.
