

One-Pager: State Performance Plan Indicator 18

What is SPPI 18?

State Performance Plan Indicator 18 (SPPI 18): General Supervision evaluates the percentage of findings of noncompliance with the Individuals with Disabilities Education Act (IDEA) that are corrected within one year of identification. This compliance indicator assesses the effectiveness of Texas’s general supervision system.

LEA and ESC Responsibilities

SPPI 18 is used by the State for federal reporting in the State Performance Plan and Annual Performance Report (SPP/APR). Local educational agencies (LEAs) and education service centers (ESCs) are not responsible for submitting data for SPPI 18 to the State. However, LEAs' corrective actions related to noncompliance contribute to the final data that the State reports for SPPI 18. The State compiles and submits this data as part of its federal reporting obligations.

SPPI 18 Data Mapping Timeline

For **FFY 2023**, the **SPP/APR submission is due on February 3, 2025**. Noncompliance findings during **July 1, 2022 – June 30, 2023**, must be corrected within one year during **July 1, 2023 – June 30, 2024**.

FFY SPP/APR Submission	SPP/APR Submission Due Date	FFY Uncorrected Noncompliance	Noncompliance Notification Period	Noncompliance Correction Period
2023	February 3, 2025	2022	July 1, 2022 - June 30, 2023	July 1, 2023 - June 30, 2024
2024	February 2, 2026	2023	July 1, 2023 - June 30, 2024	July 1, 2024 - June 30, 2025
2025	February 1, 2027	2024	July 1, 2024 - June 30, 2025	July 1, 2025 - June 30, 2026
2026	February 1, 2028	2025	July 1, 2025 - June 30, 2026	July 1, 2026 - June 30, 2027
2027	February 1, 2029	2024	July 1, 2026 - June 30, 2027	July 1, 2027 - June 30, 2028

Key Data Sources

SPPI 18 is based on noncompliance findings identified from the following systems:

- State monitoring
- State database and data systems
- Dispute resolutions and complaints

How is SPPI 18 Calculated?

The SPPI 18 statewide compliance rate is calculated using the following equation:

$$\text{Compliance Rate} = \left(\frac{\text{Number of findings of noncompliance corrected within one year}}{\text{Total number of findings of noncompliance issued}} \right) \times 100$$

The **target** compliance rate is **100%**, meaning all noncompliance findings are corrected within one year of notification.

Example: If 150 findings of noncompliance were issued and 145 were corrected within one year, the compliance rate is calculated as $(145 \div 150) \times 100 = 96.67\%$. This means 96.67% of findings were corrected within the required timeline.

Legal Authority

SPPI 18 is required under [20 U.S.C. §1416\(a\)\(3\)\(B\)](#) and [34 C.F.R. §§ 300.149, 300.600](#) with measurement guidance from [Part B SPP/APR Indicator/Measurement Table](#) with clarifications provided by [OSEP QA 23-01 \(July 24, 2023\)](#).
