The SPPI 8 Survey does not dictate the new DMS Cyclical Monitoring Schedule.

The current DMS cyclical schedule is being updated. TEA reserves the right to modify an LEA's placement in the 6-year cyclical monitoring calendar (and consequently the order for participating in the SPPI 8 Parent Survey) based upon upcoming stakeholder feedback. Therefore, an **LEA participating in this year's Parental Involvement Survey is not guaranteed to be in the new Cycle 1 list.**

This year's survey will be April 8 to May 17
