

REPORTING FOR THE TEXAS ASSESSMENT PROGRAM

WHAT?	WHO AND WHEN?	
 Assessment Results Assessment results are for student-level decisions, such as determining whether accelerated instruction is required or whether graduation requirements have been met. Assessment results from the Centralized Reporting System (CRS) are dynamic and should NOT be used to calculate district or campus accountability ratings since changes may occur during the data verification window, state-level aggregate data is still in progress, and accountability reporting rules have not been applied.	For District Testing Coordinators and Superintendents Assessment results are delivered to district testing coordinators via CRS data files in the Secure File Center and available in CRS for district testing coordinators and superintendents on the following dates: • December STAAR: January 5, 2027 • Spring STAAR EOC assessments: May 21, 2027 • STAAR Grades 3–8 assessments: May 28, 2027 • June STAAR: July 20, 2027 • STAAR Alternate 2: June 9, 2027 • TELPAS: May 19, 2027 • TELPAS Alternate: April 6, 2027	For Educators Rostered in TIDE Assessment results are available in CRS on the following dates for all educators who are rostered in the Test Information Delivery System (TIDE): • December STAAR: January 8, 2027 • Spring STAAR EOC assessments: May 25, 2027 • STAAR Grades 3–8 assessments: June 2, 2027 • June STAAR: July 23, 2026 • STAAR Alternate 2: June 11, 2027 • TELPAS: May 21, 2027 • TELPAS Alternate: April 9, 2027

These reports should be used to identify data that needs to be corrected during the data verification window. Administration reports for data verification may also be used as an initial indicator of district and campus accountability ratings.
