Introduction

This Handbook is intended to assist LEAs in completing the 2021-2022 Random Validation process for the <Insert Program Requirement>. It should be used in conjunction with the 2021-2022 Random Validation Submission Packet for the same requirement.

Although these documents have been prepared for use by those LEAs that are selected to participate in the 2021-2022 Random Validation, LEAs that are not selected may still find them useful as tools for conducting a self-check, to ascertain their own compliance status and to determine where improvements may be made.

The Submission Packets and the Handbooks are available on the Federal Program Compliance Division's web page under "Division Resources."

Instructions for Completing Submission Packet

Use the 2021-2022 Validation Checklist in the Submission Packet to review the LEA's compliance with the <program> requirement. In the left-hand column write the page number where the requirement(s) is addressed in the LEA's documentation. Be as specific as possible in order to facilitate the auditor's review process. For example, if relevant items appear on pages 2, 4, and 5, please list pages 2, 4, and 5, rather than pages 1-5.

Please leave the two right-hand columns blank, as these will be completed by TEA staff during their review of the documentation submitted.

Do not submit extraneous documentation.
