The content of this presentation is subject to change as a result of further potential information and guidance provided by federal agencies with regulatory oversight of these programs. Program Requirements Selected

Documenting overall compliance for a program requirement may require several forms of documentation to be maintained locally and available upon request by TEA and/or an auditor.

Program Requirements Selected

To ensure overall compliance with program requirements, LEAs should refer to the Program Guide and/or other program-related resources that reference the multiple forms of documentation required to be maintained locally.

Program Requirements Selected

The documentation requested for submission during the random validation process may not include all forms of documentation that are required to be maintained locally.

Documentation for virtual meetings is acceptable.

Given the increased use of virtual meeting environments, participant rosters that include the meeting title, meeting date, and stakeholder names and roles would be acceptable substitutes for the more traditional sign-in sheets. This eliminates the need of a participant signature.
