LEA Considerations and Next Steps

Considering LEA Next Steps to Meet Requirements

1. What type of self-assessment or process is in place to guide stakeholder discussions during development of the LEA's Title IV, Part A, program objectives and measurable outcomes?
2. Does the LEA feel confident it could justify (and sufficiently document) its use of Title IV, Part A, funds for data-supported program objectives and outcomes to TEA, the U.S. Department of Education (ED), and auditors, if selected for monitoring?
3. Are there any LEA budgetary tracking and/or program reporting adjustments needed to meet federal requirements for submission of the LEA's TEA Title IV, Part A, Special Data Collection?
4. How is the LEA tracking progress on its Title IV, Part A, program objectives and measurable outcomes?
5. Would local and state news media agree that the district selected program objectives and measurable outcomes that best support Title IV, Part A, allowable activities?
