PR7000—NCLB Private Nonprofit School Participation

Use this form to report compliance with the authorizing statute for private nonprofit school participation. This report is the responsibility of the school district within whose boundaries the private schools are located and in which the eligible students reside.

The authorizing statute for these programs requires that, after consultation with appropriate private nonprofit school officials, the LEA has provided for the benefit of private nonprofit school children and assured equitable participation in services, materials, and equipment, and in training programs for teachers of such children.

You must complete this report even if no private nonprofit schools chose to participate.

**Note:** This report is not applicable to charter schools. Charter schools do not provide services to private nonprofit schools.

Shared Services Arrangements

All school districts that are members of a shared services arrangement (SSA) for any of the programs included in the No Child Left Behind (NCLB) Federal Grant application are required to submit their own private school participation data using this report.

**Part 1: Participation**

**Total Schools Within Boundary**

Follow these instructions to complete this section:

1. Type the number of eligible private nonprofit schools within your organization’s boundaries. If there are no private nonprofit schools within the boundaries, click None Within Boundary.

2. If your organization received Title I, Part A, funds, type the total number of eligible private nonprofit schools attended outside your organization’s boundaries that had eligible students who reside in an eligible attendance area within your organization’s boundaries.

Examples:

- LEA A has eligible students residing within its boundaries who attend an eligible private nonprofit school that is located within LEA B boundaries. **LEA A contracts with LEA B** to provide Title I, Part A, services to those eligible students.

- LEA A has eligible students residing within its boundaries who attend an eligible private nonprofit school that is located within LEA B boundaries. **LEA A does not contract with LEA B** to provide services to those eligible students.
Program Participation

Follow these instructions to complete this section:

1. **Number of PNP Schools Participating:** Of the total number of private nonprofit schools you reported as within boundaries, type the number of schools whose students, teachers, or administrators participated in activities for each program. Type 0 if no private nonprofit schools participated in a particular program.

2. **Number of Eligible PNP Students Enrolled:** For the columns that are active, type the number of eligible students enrolled in the private nonprofit schools participating in each program.

**Note:** Immigrant status under Title III, Part A, should not be confused with immigrant status according to any definition other than that used for Title III of the No Child Left Behind Act of 2001.

Under Title III the term “immigrant children and youth” is defined as “individuals who are aged 3 through 21; were not born in any state; and have not been attending one or more schools in any one or more states for more than three full academic years. The term “State” means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico” (P.L. 107–110 Title III, Part C, Section 3301[6]).

Part 2: Certification and Incorporation
