### **Strategic Planning Serving Grant**

- 2024-2026 Effective Schools Framework-Focused Support (ESF-FSG) Grant

Q1.

### **Program Description**

The Effective Schools Framework Focused Support Grant (ESF FSG) provides resources and support to LEAs to ensure that campuses identified for improvement reach full implementation of

the [Foundational Essential Actions in the ESF](#) to significantly and sustainably improve student outcomes.

Title I, 1003 ESF-Focused Support Grant funds are supplemental to the Title I, Part A funds. These funds must only be used to support LEA and school-level improvement efforts to directly benefit the awarded Comprehensive, Targeted or Additional Targeted schools. LEAs may reserve up to 30% of the total awarded funds at the district level to assist students who will be entering and/or have exited the federally identified campuses to address the gaps that were created on the Comprehensive, Targeted or Additional Targeted campus(es). These campuses must be Title I Served and be within one level in the direct feeder pattern of the awarded campus(es).

Districts will engage in an ESF Diagnostic that results in a Targeted Improvement Plan (TIP) and select and work with a [Vetted Improvement Program](#) (VIP) that has been approved to support one or more of the Essential Actions (EAs) identified for prioritization in the diagnostic. The LEA will select a VIP and will confirm their availability. LEAs that receive this grant will provide information to the agency as needed and will engage in coaching calls and campus visits with agency staff.

The grant will fund applicants during a 2-year grant period ending on September 30, 2026. Districts must satisfactorily complete required elements of the ESF-Focused Support Grant program Guidelines and provide data and information to the Texas Education Agency as requested.
