#### A. Summary of Program

1. Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe how the Grow Your Own grant will address the LEA's teacher pipeline needs.

Irion County ISD is introducing the Teaching and Training Program of Study for the 24-25 school year in an effort to better serve student's post-secondary career interests. Furthermore, we feel it is in the best interest of our LEA to promote career's in rural education as appealing and viable professions. Students will begin the Pathway by taking the "Principles of Education & Training" course with Ms. Hight. Followed with "Human Growth and Development", then "Instructional Practices(dual credit)", culminating finally with a "Practicum in Education". We intend to execute the Practicum in house, where students will be mentored by experienced teachers. Students will create TEAL accounts and be eligible to earn an Educational Aide I certification, an Industry-Based Certification (IBC) that provides students a marketable skill to secure employment upon graduating high school. Our long standing partnership with Howard College to provide dual credit courses is expanding to include course offerings in Education. In collaboration with Region 15 ESC, Howard College(HC) and Angelo State University(ASU) our students will be piloting The Texas 3-Step, which is an expansion of HC & ASU's Texas 2-Step Educator Prep program, that provides paraprofessionals with the necessary coursework and experience to become a certified teacher with coursework provided 100% online. #### C. Goals, Objectives and Strategies

1. Describe the major goals/objectives of the proposed program. What activities/strategies will be implemented to meet those goals/objectives? Include a description of the talent management strategy including your LEA's approach to recruiting, hiring, and retaining qualified teachers, related to those goals/objectives.

ICISD's primary goal is to provide opportunities for students to gain valuable experiences and marketable skills for post-secondary college and/or career aspirations in the field of Education. Our counselor will lay the groundwork by having students complete interest inventories and personality assessments that help students identify their personal values, natural skills and abilities, and assist students in deciding a career pathway to explore during secondary education. Each course will incorporate extension activities that extend to our primary campus. This gives secondary students lots of hands on experience with various ages and stages of children, from Pre-K through 8th grade. Our experienced teachers will be energized by the opportunity to mentor hopeful educators and our youngest students will be inspired by our secondary students getting early hands on experience in the workplace. We will form a chapter of Texas Association of Future Educators(TAFE), to promote our Program of Study and encourage students to explore the teaching profession while promoting character, service, and leadership skills. Furthermore, we will actively participate in the annual Rise & Teach Conference hosted by Region 15 ESC and Area higher education organizations.

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

The school district employs multiple strategies to recruit, hire, and retain qualified teachers related to the aforementioned goals/objectives. Attempts will be made to recruit education and training teachers and instructional aides through sharing position openings and first interview priority. Effort will be made to recruit diverse individuals and individuals with potential criteria including a demonstrated track record of success/achievement, involvement in student organizations/school activities, strong evaluation ratings, and strong relationships with students. Strategies include posting positions in multiple places, attending job fairs, and analyzing applicant information for previously mentioned criteria.

#### D. Performance and Evaluation Measures

Include the tools used to measure performance, as well as the processes that will be used to ensure the effectiveness of project objectives and strategies.

Program enrollment  
Program completion rate (students complete coherent sequence of courses)  
Passing rate of IBC (Educational Aide I Certification)  
Rate of continuation in Educational Preparation Program post-secondary  
Retention rate of program participants - future LEA employees

#### E. Budget Narrative

1. Describe how the proposed budget will meet the needs and goals of the program, including for staffing, supplies and materials, contracts, travel, etc. If applicable, include a high-level snapshot of funds currently allocated to similar programs.
