#### A. Summary of Program

1. Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe how the Grow Your Own grant will address the LEA's teacher pipeline needs.

The program provides high school students an opportunity to engage in the work of an education professional. This work includes supporting classroom instruction through practicum hours. Practicum hours are served at our campuses and supervised by certified and practicing educators. Further, students can earn an Industry Based Certification (Teacher's Aide Certification). Such a certification gains direct access to join our workforce as a Teachers' Aide post graduation. To further invest in our students' success and prepare for future work in the field of education, students have the opportunity to attend regional competitions and state conferences, as well as join professional organizations.
