Shared Services Arrangements

Shared services arrangements (SSAs) are permitted for this grant. **Check the box below if applying as fiscal agent.**

- The LEA or ESC submitting this application is the fiscal agent of a planned SSA. All participating agencies will enter into a written SSA agreement describing the fiscal agent and SSA member responsibilities. All participants understand that the "Shared Services Arrangement Attachment" must be completed and signed by all SSA members, and submitted to TEA before the NOGA is issued.

Statutory/Program Assurances

The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances.

Check each of the following boxes to indicate your compliance.

- 1. The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this LOI will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
- 2. The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- 3. The applicant provides assurance to adhere to all the Statutory and TEA Program requirements as noted in the 2021-2022 Summer Career and Technical Education Grant Program Guidelines.
- 4. The applicant provides assurance to adhere to all the Performance Measures, as noted in the 2021-2022 Summer Career and Technical Education Grant Program Guidelines, and shall provide to TEA, upon request, any performance data necessary to assess the success of the program.
- 5. The applicant provides assurance that curriculum will be appropriately aligned to regional labor market supported CTE programs of study.
- 6. The applicant provides assurance to provide data to TEA on student completion of courses through a special collection process run by TEA.
- 7. The applicant assures that any Electronic Information Resources (EIR) produced as part of this agreement will comply with the State of Texas Accessibility requirements as specified in 1 TAC 206, 1 TAC Chapter 213, Federal Section 508 standards, and the WCAG 2.0 AA Accessibility Guidelines.

Summary of Program

Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe how the program will address the mission and needs. **NOTE: If applying for both Focus Areas, applicant must CLEARLY distinguish between the two in your response.**

Focus Area 2 grant funding will be utilized to provide meaningful academic and employability skills to our students. Knowing that interest in teacher preparation programs is low throughout the nation, we will strive to garner interest in the profession by employing student workers in our extended school year program as tutors to assist certified teachers in closing learning gaps. We will also use funds to stimulate interest and provide work-based opportunities for students in technology courses by employing them to assist the director of technology in preparing student and staff devices for the 2022-2023 school year.

Qualifications and Experience for Key Personnel

Outline the required qualifications and experience for primary project personnel and any external consultants projected to be involved in the implementation and delivery of the program. Include whether the position is existing or proposed.

Title and Responsibilities of Position	Required Qualifications and Experience
Director of Technology - Overseeing student workers. Existing position	Experience in overseeing employees and knowledge of technological skills needed in the workforce.
Assistant Superintendent - Overseeing student workers. Existing position	Experience in overseeing employees and knowledge of educational skills needed in the workforce.

Goals, Objectives, and Strategies

Describe the major goals/objectives of the proposed program. What activities/strategies will be implemented to meet those goals/objectives? **NOTE: If applying for both Focus Areas, applicant must CLEARLY distinguish between the two in your response.**

Seminole ISD's goal in implementing Focus Area 2 is to create work-based learning experiences for SISD students, including gaining job application and interviewing skills. SISD's strategy to support work-based learning experiences is to employ our students throughout the summer months, which will afford our students field experience in the programs of study related to education and training pathway and/or art/AV and communication. SISD's strategy to garner job application and interviewing skills will be met by creating an application that will allow students with the real world experience of applying for a job. From the applications submitted by students we will conduct interviews, which will require students to practice job interview skills and learn proper interview etiquette such as appropriate attire, speaking skills, eye contact and asking follow up questions.

Performance and Evaluation Measures

Describe the performance measures identified for this program which are related to student outcomes and are consistent with the purpose of the program. Include the tools used to measure performance, as well as the processes that will be used to ensure the effectiveness of project objectives and strategies. **NOTE: If applying for both Focus Areas, applicant must CLEARLY distinguish between the two in your response.**

Seminole ISD's goal in implementing Focus Area 2 to create work-based learning experiences for SISD students will be measured by evaluation forms completed on a weekly basis by the Director of Technology or the Assistant Superintendent. Each employed student will receive feedback. SISD's strategy to garner job application and interviewing skills will be measured by completed job applications and interview scoring rubrics. Students will receive feedback on submitted job application responses and their interview skills.

Budget Narrative

Describe how the proposed budget will meet the needs and goals of the program, including for staffing, supplies and materials, contracts, travel, etc. If applicable, include a high-level snapshot of funds currently allocated to similar programs. Include a short narrative describing how adjustments will be made in the future to meet needs. **NOTE: If applying for both Focus Areas, applicant must CLEARLY distinguish between the two in your response.**

The proposed budget of \$50,000 will be used primarily for payroll costs. Payroll costs will total \$46,800 in student stipends. The remaining \$3200 of the proposed budget will be allocated for supplies and materials for the purchase of students shirts and/or polos that students will be required to wear throughout their work-based learning experience. In the future, Seminole ISD will explore local budget adjustments to continue the internship work-based model.

Program Requirements

1. **Focus Area 1:** Applicants must specify which program(s) of study and the CTE course(s) in the program(s) of study that will be offered (see <https://tea.texas.gov/academics/college-career-and-military-prep/career-and-technical-education/cte-programs-of-study> for a list of the approved statewide programs of study). Include the number of students who be engaged and supported in this focus area.

2. **Focus Area 2:** Applicants must specify business and industry partners who will be involved in the program. Additionally, specify the work-based learning model(s) which will be utilized and the number of students who will be engaged and supported.

Seminole ISD will be the sole employer selected and will utilize the internship work-based model. The program will support approximately 50 SISD students. Prerequisites for student participants will be current or past enrollment in a career prep course and/or students needing practicum hours in a CTE course.
