Progress Monitoring and Evaluation Measures

Describe how the performance measures identified for this program are consistent with the purpose of the program and related to teacher pipeline needs. Include the tools and processes used to measure performance and the extent to which the major goals and objectives of the grant are met.

The purpose of the program is to increase our critical needs area certified teachers which helps address our teacher pipeline needs. The tools and processes that are used to measure performance of the goals and objectives include a teacher candidate application and interview process during the candidate selection. Monthly check ins are made by the grant manager with the candidate during the completion of their program to ensure they are on track to complete the degree and certification program within the grant timeline. Additional monthly support by the campus principal and mentor teacher is a part of the process to monitor the teacher candidate's performance and completion of the grant requirements.

Budget Narrative

Referencing the applicant's budget workbook and the Application Funding section of the Program Guidelines, outline the proposed budget and amounts for allowable uses of grant program funding. This should also match the Pathway Selection and Participation section of this application.

The budget for the La Grange ISD Grow Your Own Grant Pathway 2 includes a plan for the use of funds as follows: \$10,000 for the Institute of Higher Education for completion of the candidate's bachelor's degree \$6,000 for the candidate's cost of living stipend during the grant \$3,000 for the Educator Certification Program through Region 13

La Grange ISD does not include grant administration or indirect costs as part of the proposed budget costs for the Grow Your Own Grant so that 100% of the funds go towards the candidate's costs.

Amendment #

Sustainability Plan

Describe the sustainability plan for the Grow Your Own Program beyond the timeline of grant funding. The plan should address how a high-quality program will be maintained, including clear action steps beginning in the first year of grant funding and a demonstrated ability to leverage and coordinate resources to increase the LEA's capacity to strengthen the local educator pipeline and make progress on sustainability. This may include the use of other local, state, and/or federal resources. Consider also how the Grow Your Own program may be integrated into, be supported by, and provide support for existing LEA or EPP initiatives and/or priorities.

La Grange ISD has a strong sustainability plan for the Grow Your Own Program because we strongly believe the in power that the grant provides us to place highly qualified and committed teachers in our classrooms. La Grange ISD received Grow Your Own Grant funding as part of the TCLAS Grant and currently has 1 candidate in Pathway 2. During the spring of 2022 while creating the grant partnerships with our Educator Certification Program, the district made the decision to implement additional a locally funded opportunities to pay for teacher's alternative certification programs to aid in filling critical needs areas. During the Summer 2022, there was a large increase in vacancies within the district and we were able to utilize the MOU with our EPP to duplicate the Grow Your Own process with over ten candidates. This allowed us to place teachers in critical needs classrooms this school year while they complete their certification with the Region 13 Certification Program. La Grange ISD has been supporting these over 10 alternative certification candidates this year during by communicating and coordinating between the candidates, their program, and the campus. They have have also participated in our First Year Teacher Academy and mentorship program. Therefore, there is already a strong established process and team that supports teachers on Pathway 2, and through the award of additional grand funds this work would be able to continue.

Stipend Recipient Recruitment

Describe the plan to recruit Education and Training teachers within Pathway 1 and/or candidates within Pathway 2 who are interested and eligible in participating in the program and receiving stipends. The plan must include strategies to equitably recruit diverse individuals and identify individuals with potential criteria including: A. Pathway 1: For Education and Training teachers, a demonstrated track record of success and/or achievement, involvement in student organizations and/ or school activities, strong evaluation ratings (if applicable), and strong relationships with students (if applicable). B. Pathway 2: For candidates, a desire and commitment to teach long term in the LEA and/or region, strong evaluation ratings (if applicable), and strong relationships with students (if applicable).

The plan to recruit Pathway 2 candidates includes:

- 1. Identification of eligible candidates at each campus that either a) have a bachelor's degree and want to add teacher certification, b) have at least 75 credit hours and want to complete their degree and add teacher certification.
- 2. After eligible candidates are identified, the grant manager and campus principals meet with candidates to discuss the grant program, requirements, commitments and timeline.
- 3. Candidates that are interested complete a local application for consideration to the grant program.
- 4. A committee review and selects the candidates based on their application, essay questions, interview, and critical needs certification areas identified in the district.
- 5. The selected candidates are notified and begin working closely with grant manager through the grant process.
- 6. MOU is signed by the candidate and the timeline and stipend disbursement schedule is shared with the candidate.

Amendment #

Stipend Recipient Memorandums of Understanding (MOUs)

Referencing the Program-Specific Assurances in the Program Guidelines, describe the MOUs in which: A. Pathway 1: Education and Training teacher stipend recipients agree to meet grant requirements and any other terms set by the LEA; B. Pathway 1: IHE that will partner with the LEA(s) to implement dual credit Education and Training courses and commit to supporting the Education and Training teachers and course implementation (if applicable); C. Pathway 2: Candidate stipend recipients commit to remain in the LEA for an agreed upon length of time as a condition of receiving the stipend and if a position is available, the LEA commits to hiring/retaining candidates with satisfactory program completion/job performance; D. Pathway 2: Accredited EPPs that will partner with the LEA(s) to award teacher certifications to candidates and commit to supporting candidates with completion of their teacher certification and supporting LEA(s) with implementation of the grant program.

La Grange ISD has established an MOU for candidates which outlines that the grant funds provide cost of living stipends as well as payment towards their certification program. The MOU details the dates for distribution of funds, the process for distribution. In addition, the MOU includes a commitment by the candidate to stay in a teaching position within the district for a period of 4 years.

La Grange ISD also has an MOU with the Region 13 Educator Certification Program that clearly outlines the roles and responsibilities of the district and the EPP as we work in collaboration for the completion of the certification process by the selected candidates. There is frequent communication between the grant manager, EPP, and the certification candidate throughout the process.
