3. Shared Services Arrangements

Shared services arrangements (SSAs) are not permitted for this grant.

4. Identify/Address Needs

List up to three quantifiable needs, as identified in your needs assessment, that these program funds will address. Describe your plan for addressing each need.

Quantifiable Need	Plan for Addressing Need
Social Emotional Learning	Using school-wide practices that allow students to experience a sense of belonging which will address many areas of bullying, being respectful to others, communication to get needs met, kindness, and students learning about their emotions and how to interact socially
Low Socioeconomic At Risk	Students are surrounded by adults they can trust and are committed to building strong, healthy, positive relationships.
Trauma-informed school	Establishing learning environments that provide emotional and physical safety to help students overcome challenging traumatic experiences. Implementation of a Behavioral Threat Assessment.

5. SMART Goal

Describe the summative SMART goal you have identified for this program (a goal that is Specific, Measurable, Achievable, Relevant, and Timely), either related to student outcome or consistent with the purpose of the grant.

Our SMART goal may be adjusted if needs change and depending on the criteria established by the parent, student, and staff advisory committee or the ongoing behavioral threat assessment results as we incorporate practices aligned to the Student Support Program. By June 2025, incidences of student discipline behavior referrals will decrease by 10%, students receiving non academic support will increase by 10% with the utilization of the Student Support Program; 10% of students will report feeling safer and supported in SEL areas of need. Specific - behavior related incidences, social emotional wellness; Measurable - quantify discipline, referrals, restorative practice data; Achievable- increase trained personnel- plan yr. 2023-2024, imp yr. 2024-2025; Relevant-correlates to existing low socio %, incidences of referrals; Timely- assessing needs based on data quarterly

6. Measurable Progress

Identify the benchmarks that you will use at the end of the first three grant quarters to measure progress toward meeting the process and implementation goals defined for the grant.

First-Quarter Benchmark

By the end of the 1st quarter, incidences of student discipline behavior referrals will decrease by 3%; students receiving non academic support will increase by 3%; student surveys show 5% of students feel safer and supported in SEL areas of need.

9. Statutory/ TEA Program Requirements

1. Describe how the LEA will identify the campuses that will participate in the establishment of the Student Support Program described in the program description? Include the criteria or considerations that will influence the determination by the LEA.

We have one school which is a PK through 12th grade campus. Our school and community has a very high percentage of low socioeconomic students many of whom have experienced traumatic events. Recently, within the past 4-5 years too many traumatic events have taken place, as follows:

All experienced COVID - 3 years ago; Teen pregnancies - in last 3 years; Teacher suicide - 4 years ago; Student was molested by another student - 2 years ago; Parent suicide (murdered two students who's siblings attend our school)- this year; Murder of 2 former students (siblings attend our school) - this year; Teacher lost child to COVID - 3 years ago Staff member lost baby - 1 year ago; Teacher lost infant - 4 years ago; Teacher's son has terminal cancer - this year (son attended our school); Student victim of rape/incest - last year; Teacher's brother (lived in this community) committed suicide - 3 years ago; Former student committed suicide - 5 years ago; Nearly 10% of our students have a parent in prison or has been - currently

The criteria listed above, behavioral and disciplinary incidences, knowledge of student, family, and community needs, and the need to improve academic and all student outcomes is how we determined the high need in our school. For the first time, our school added a part-time counselor by using ESSER grant funds. Our school district is in a small, rural community and many of our students and their families do not have access to, money for, or know how to access assistance or guidance for overall health and wellness, including mental health. Our school needs a full time counselor, behavior interventionists, safety officer, and a program that will focus on incorporating resources and supports in conjunction with the Texas Center for Student Supports and our Region 12 Education Service Center.

2.Describe how the LEA will ensure that campus leaders and staff are committed to the success of the Student Support Program.

By working in conjunction with The Texas Center for Students Supports and our Region 12 Education Service Center, we will have access to coaches, job-embedded professional development and training to implement a Student Support Program that includes improving school climate, a student support team structure, and the implementation of a behavioral threat assessment. We will provide training to establish and improve school culture, building positive relationships with students, staff, and community, which will reduce behavioral and disciplinary incidents, absenteeism, bullying, and improve academic outcomes. We will implement effective mental health training and support for our staff and establish sustainable practices and a plan to continue building on the program beyond the grant funding period.

For TEA Use Only:			
Adjustments on this page have been confirmed with _	by	of TEA by phone / fax / email on	

3. Describe how the LEA will engage parents and families to solicit support for the program. We will embed The Texas Center for Student Supports practices into our District Improvement Plan which will keep our LEA engaged with parents/families. We will establish a parent, student, and staff advisory committee to provide input on the establishment of the Student Support Program and the behavioral threat assessment team. We will provide and use the family engagement playbook developed by the Texas Center for Student Supports to pariner and build support with parents and families prior to a student support generated. Parents will also serve on the District Needs Assessment, and the Student Safety Committee. These committees will represent our families and allow our school to develop a partnership with our families. 4. Describe how the LEA will ensure that there is adequate staff to support the establishment and implementation of the Student Support Program. By distinct these grant funds, we will be able to ensure that we have adequate staff to support the establishment and implementation of the Student Support Program. We will use funds to partner with our Region 12 Education Service Center. We will also be able to create a full-lime counselor position, a behavior interventionist, a parent liaison, and a health and veliness teacher. These staff positions will allow us to support our students, staff, families, and community to increase positive student outcomes and build stronger, positive relationships. For TEA Use Only: Adjustments on this page have been confirmed with by of TEA by phone / fax / email on	CDN 109910	Vendor ID	746001758	Amendment #

8. Describe how the LEA will use this gran for the mental health, behavioral and emo	nt program to supplement current work to improve services and otional health, and physical health and wellness of students.	supports				
Since we are a very high need school district, this grant is the only way we will be able to supplement our current work and improve our services to increase positive outcomes. We will be able to continue all of our partnerships with emphasis on expanding our partnership with the Region 12 Education Service Center and creating a partnership with the Texas Center for Student Supports. This grant will also allow us to further deepen our knowledge and utilization of our Behavioral Threat Assessment Team, as well. The grant will allow us to create a full-time counselor position, behavior interventionist, health and wellness coach, and deepen our partnerships with all of our partners. Our existing partnerships with Region 12 will be greatly enhanced by the work associated with this grant. We will be able to implement best practices that align to our existing practices, routines, and procedures. For example, our data fellow will be able to add more information to our existing data dashboard. Aligning the student support team structure with the behavioral threat assessment team operations and outcomes to ensure that students are well supported and that the effectiveness of interventions are monitored, will greatly increase the individualized support we will be able to provide to our students. This is something we have been wanting and needing to do, but need the extra support, resources, and positions to do so. Above all, this grant will directly reinforce the mission and vision of our district which is to ultimately improve student outcomes.

Appendix I: Negotiation and Amendments Leave this section blank when completing the initial application for funding. An amendment must be submitted when the program plan or budget is altered for the reasons described in the "When to Amend the Application" document posted on the Administering a Grant page of the TEA website and may be mailed OR faxed (not both). To fax: one copy of all sections pertinent to the amendment (including budget attachments), along with a completed and signed page 1, to either (512) 463-9811 or (512) 463-9564. To mail: three copies of all sections pertinent to the amendment (including budget attachments), along with a completed and signed page 1, to the address on page 1. More detailed amendment instructions can be found on the last page of the budget template. You may duplicate this page. For amendments, choose the section you wish to amend from the drop down menu on the left. In the text box on the right, describe the changes you are making and the reason for them.			
Leave this section blank when completing the initial application for funding. An amendment must be submitted when the program plan or budget is altered for the reasons described in the When to Amend the Application' document posted on the Administering a Grant page of the TEA website and may be mailed OR faxed (not both). To fax: one copy of all sections pertinent to the amendment (including budget attachments), along with a completed and signed page 1, to either (512) 463-9911 or (512) 463-9564. To mail: three copies of all sections pertinent to the amendment (including budget attachments), along with a completed and signed page 1, to the address on page 1. More detailed amendment instructions can be found on the last page of the budget emplate. You may duplicate this page. For amendments, choose the section you wish to amend from the drop down menu on the left. In the text box on the right, describe the changes you are making and the reason for them. Always work with the most recent negotiated or amended application. If you are requesting a revised budget, please include the budget attachments with your amendment.
