## 3. Shared Services Arrangements

Shared services arrangements (SSAs) are not permitted for this grant.

## 4. Identify/Address Needs

List up to three quantifiable needs, as identified in your needs assessment, that these program funds will address. Describe your plan for addressing each need.

Quantifiable Need	Plan for Addressing Need
Increase emotional/social/relational school health and safety strategies as evidences by # of evidence-based programs Implemented, increased # of health/safety personnel ratios	Hire mental health professional (school counselor/social worker) for every campus; hire district Student Support Coach; implement professional development plan targeted toward mental health/behavioral interventions
Decrease of exclusionary discipline and increased attendance	Implement professional development for all staff targeted toward mental health/behavioral interventions
Increase the implementation of Multi-Tiered Systems of Supports or Positive Behavioral Interventions	Increase Tier II and Tier III supports and create sustainable systems to support student behavior needs

#### 5. SMART Goal

Describe the summative SMART goal you have identified for this program (a goal that is Specific, Measurable, Achievable, Relevant, and Timely), either related to student outcome or consistent with the purpose of the grant.

With the use of the health professional's strategies, the school will see a decrease in discipline referrals and threat assessments by 15% from the previous year's data.

# 6. Measurable Progress

Identify the benchmarks that you will use at the end of the first three grant quarters to measure progress toward meeting the process and implementation goals defined for the grant.

#### First-Quarter Benchmark

Evaluate number of suspension (in-school and out-of-school) assigned in Q1

Evaluate number of threat assessments completed in Q1

Staff surveys after professional development sessions

Student behavior plans

For TEA Use Only:

- 1. The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates. State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
- 2. The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- 3. The applicant provides assurance to adhere to all Statutory Requirements, TEA Program Requirements, and Performance Measures, as noted in the 2024–2025 Stronger Connections Grant Program Guidelines, and shall provide the Texas Education Agency, upon request, any performance data necessary to assess the success of the grant program.
  - 4. The applicant will formally establish a Student Support Program at three district campuses (one elementary, one intermediate/middle school, one high school) to address school climate and establish a student support team structure
- aligned to the training and support provided by the Texas Center for Student Supports and the regional ESC. If the applicant has few than three campuses or does not have three of the listed types of campuses, the applicant will establish the Student Support Program and the student support team structure at all campuses, up to three, served in the district.
- 5. The applicant will allocate 6% of awarded funds for contracted services for technical assistance provided by the regional ESC. Complete the transaction with the regional ESC in a timely manner. Time is of the essence in completing the transaction to ensure that the program is implemented efficiently and effectively to successfully achieve the goals of the program.
- 6. The applicant will allocate 10% of awarded funds for professional and contracted services with a partner approved by the Texas Center for Student Support and TEA. Complete the transaction with the regional ESC in a timely manner. Time is of the essence in completing the transaction to ensure that the program is implemented efficiently and effectively to successfully achieve the goals of the program.
- 7. The applicant will use the family engagement playbook developed by the Texas Center for Student Supports to partner and build support with parents and families prior to a student support team assessment, and during the student support implementation process to facilitate a student support partnership with families.
- 8. The applicant will establish a parent, student, and staff advisory committee to provide input on the establishment of the Student Support Program.
- 9.The applicant will engage in Student Support Program planning activities from the beginning of the grant program through implementation at the beginning of the 2024-2025 school year.
- 10. The applicant will establish and implement at the beginning of the 2024-2025 school year, the Student Support Program aligned to the content and training provided by the Texas Center for Student Supports.
- 11. The applicant will incorporate a case management system into the student support team structure aligned to the training and support provided by the Texas Center for Student Supports.
- 12. The applicant will align the student support team structure with behavioral threat assessment team operation and outcomes to ensure that students are well supported and that the effectiveness of interventions are monitored.
- 13. The applicant will implement the data collection and reporting system developed by the Texas Center for Student Supports to gather and analyze data to monitor efficacy of the implementation of the Student Support Program, including student support team structure, quality of support leading to positive outcomes, and data related to increases in desired outcomes (e.g. increase in student support team referrals for nonacademic needs, increase in effective supports received by students, reduction in disciplinary incidents, reduction in bullying and harassment, increase in referrals for mental health services, reduction in removals from class, etc.).

## 9. Statutory/ TEA Program Requirements

1. Describe how the LEA will identify the campuses that will participate in the establishment of the Student Support
Program described in the program description? Include the criteria or considerations that will influence the determinatio
by the LEA.

Our LEA is comprised of only 4 campuses. All 4 campuses will benefit by adding a mental health professional. The Student Support Coach will be available across the district if needed, but will concentrate his/her work at the two campuses located within the 410 loop as they have the most need. This was determined based on previous year discipline data as well as census data related to access to health care, specifically mental health care. Professional development will be offered to all staff across the district.

Parent and community activities will be offered at all 4 campuses, with first scheduling at the schools within the 410 loop. whenever possible. This is intentional to show that the families who often feel like an afterthought are truly our priority.

2.Describe how the LEA will ensure that campus leaders and staff are committed to the success of the Student Support Program.

Our campus leaders have been requesting the additional staffing for health professionals. They meet regularly as a leadership team and will collaborate on shared initiatives to ensure the success of the Student Support Program. The funding from this grant to add the professionals they have been seeking and also grow the competency of their staff through our professional development initiatives is in direct response to their requests.

## 9. Statutory/Program Requirements (Cont.)

5. Describe how each of the campuses will be supported by the grant program, if awarded, currently conduct behavioral threat assessments and how the campus will incorporate current systems into the student support team structure.

Each campus in our district will benefit from the grant program, if awarded, by adding needed staff and professional development. Additionally, we will be able to collaborate across campuses more effectively through the Student Support Coach working at all campuses with a predictable, yet flexibible, schedule. We have a threat assessment tool currently in use, but could provide more timely intervention if a mental health professional is assigned to each campus. We also would be better prepared to respond in a proactive manner and prevent the need for threat assessments as often as possible.

Currently, our student support teams are comprised of school administrators, classroom teachers, academic interventionists, and special education teachers. Adding the mental health professional and student support coach would ensure that the team has both a mental health focus and an academic focus and can support with behavioral interventions in addition to the academic interventions often suggested.

6. Describe how the LEA currently identifies student support needs and how it identifies and establishes partnerships with external mental health and behavioral health providers to meet student needs.

Students are currently identified for students support needs based on teacher referrals, parent referrals (although rare) and self-referral. If needed, we refer to expernal mental health partners. Adding mental health professionals to our staff will provide a safety net to students and families who may feel a stigma from seeking out mental health care in the community. Additionally, the student support coach will be able to connect students and families to other community resources as needed.

## Appendix I: Negotiation and Amendments

701-23-120/634-24

RFA/SAS#

Leave this section blank when completing the initial application for funding.

An amendment must be submitted when the program plan or budget is altered for the reasons described in the "When to Amend the Application" document posted on the Administering a Grant page of the TEA website and may be mailed OR faxed (not both). To fax: one copy of all sections pertinent to the amendment (including budget attachments), along with a completed and signed page 1, to either (512) 463-9811 or (512) 463-9564. To mail: three copies of all sections pertinent to the amendment (including budget attachments), along with a completed and signed page 1, to the address on page 1. More detailed amendment instructions can be found on the last page of the budget template.

### You may duplicate this page.

For amendments, choose the section you wish to amend from the drop down menu on the left. In the text box on the right, describe the changes you are making and the reason for them.

Always work with the most recent negotiated or amended application. If you are requesting a revised budget, please
