

Chapter 74. Curriculum Requirements**Subchapter EE. Computation of High School Grade Point Average****§74.3001. Computation of High School Grade Point Average.**

- (a) Effective beginning with students who enter Grade 7 in the 2027-2028 school year or later, in accordance with Texas Education Code (TEC), §28.0252, the board of trustees of each school district shall adopt a grade point average policy in accordance with subsection (c) of this section.
- (b) If a student graduates in a school year other than the student's original cohort, the student's grade point average shall be calculated using the same grade point average policy and computation method that apply to students in the graduating class with which the student graduates.
- (c) A school district grade point average policy shall provide for additional weight to be given certain courses as follows:
 - (1) an additional equal weight for each dual credit course not included in the Workforce Education Course Manual (WECM) or its successor adopted by the Texas Higher Education Coordinating Board (THECB), advanced placement course, international baccalaureate course, and OnRamps dual enrollment course completed by a student;
 - (2) an additional weight that is less than the weight given to a course listed in paragraph (1) of this subsection for each dual credit course included in the WECM or its successor adopted by the THECB completed by a student; and
 - (3) an additional weight for each honors course completed by a student if a school district offers honors courses.
- (d) A school district shall use the standard method of computing a student's high school grade point average adopted by the district to compute each applicable student's high school grade point average.
- (e) An adopted grade point average policy that applies to a cohort of students shall remain unchanged for that cohort through high school graduation.
