The Child Find, Evaluation, and ARD Supports Network have posted (or will soon) several new resources.

The [Online Video Users' Guide to the Student Data Review Tool](#) describes how the tool can be used by school teams to review and analyze student data and information to make informed decisions. An English Learner Supplement to the Student Data Review Tool will be *coming soon*.

The [Special Education Referral for an Initial Evaluation Quick Guide](#) highlights the key points and important resources for local education agencies (LEAs) to consider for receiving referrals and requests for initial special education evaluations.

Recording of the [Best Practices for Conducting a Virtual Admission, Review, and Dismissal (ARD) Committee Meeting](#) virtual workshop (*coming soon*)
Initial referral online module (*coming soon*)
