This appendix provides data sources for the indicators used in the accountability system. The primary sources for all data used in the accountability system are the Texas Student Data System Public Education Information Management System (TSDS PEIMS), the testing contractors and organizations, and the Texas Certificate of High School Equivalency (TxCHSE) database. See *Ensuring Data Integrity* in Chapter 1 of the Accountability Rating System Manual for 2025 Ratings for more information on accurate data in accountability ratings.

The following tables describe the primary data sources in detail. The terms provided in these tables are referenced within the indicator descriptions.

## 1. Data Sources Used in Accountability

| Organization Name                                 | Description   |
|---|---|
| ACT, Inc.   | ACT, Inc. annually provides the agency with ACT examination results of students from Texas public schools. If a student takes an ACT examination more than once, the agency will use the best score, by subject, from any prior examination, for accountability calculations. For 2025 accountability, the ACT data as of the July 2024 administration are used for CCMR. For accelerated testers, any results as of May 2025 are included.   |
| College Board                                     | The College Board annually provides the agency with SAT examination results of students from Texas public schools. If a student takes an SAT examination more than once, the agency will use the best score, by subject, from any prior examination, for accountability calculations. For 2025 accountability, the SAT data as of the June 2024 administration are used for CCMR. For accelerated testers, any results as of May 2025 are included. In addition, the College Board provides the agency with the Advanced Placement (AP) examination results of Texas public school students each year. The AP data as of the August 2024 administration are used. |
| Cambium Assessment, Inc. (CAI)                    | CAI is TEA’s testing contractor for STAAR grades 3–8 and EOC assessments, STAAR Alternate 2, Texas English Language Proficiency Assessment System (TELPAS), and TELPAS Alternate. CAI produces the <b>consolidated accountability file (CAF)</b> used to assign accountability ratings and award distinction designations. The CAF contains student demographic and program information in addition to all performance results. Please see the Texas Assessment Program <a href="#">Calendar of Events</a> for data submission deadlines.   |
| International Baccalaureate (IB)                  | International Baccalaureate provides the agency with IB examination results of Texas public school students each year. For 2025 accountability, the IB data as of the May 2024 administration* are used.  |
| Texas Higher Education Coordinating Board (THECB) | The College Board provides the THECB with Texas Success Initiative assessment (TSIA) results of all students in Texas. For 2025 accountability, the TSIA data are matched to 2023–24 annual graduates and non-graduating 12 <sup>th</sup> graders from TSDS PEIMS. The TSIA data through October 2024 are used in creating CCMR indicators. Level I and Level II certificates data are also provided to the agency by the THECB. For 2025 accountability, the Level I/II data through August 2024 are used in CCMR components.  |

| Organization Name  | Description  |
|--|--|
| TEA Texas Certificate of High School Equivalency (TxCHSE) Database | A permanent TEA database contains high school equivalency test scores and certificates from 1942 to present. The GED test was the only high school equivalency test in Texas until HiSET (from Educational Testing Service) and TASC (from Data Recognition Corporation [CTB]) testing began in 2017. Unlike the information in most TEA data files which is reported annually, high school equivalency test scores are submitted electronically to TEA by the test vendors immediately after being scored. Candidates take the tests year-round in school districts, colleges, universities, education service centers, correctional facilities, and other TEA-approved test centers. Once a test taker has successfully passed a single test vendor’s battery of tests, TEA issues a Texas Certificate of High School Equivalency and emails it to the test taker. |
| OnRamps Program  | The OnRamps Program at UT Austin provides OnRamps course completion data. For 2025 accountability, the OnRamps data through August 2024 are used for accountability calculations.  |

\*For the 2022-23 school year, IB awarded grades returned to using all components, coursework, and examinations as they did pre-pandemic.

## 2. TSDS PEIMS Subcategories Used in Accountability

| Subcategory Code   | Subcategory Name                      | Description  | Submission          |
|--|---------------------------------------|--|---------------------|
| 40100  | Student Basic Information             | Identification - the information necessary to identify the person. This information is Social Security number or state-approved alternative student ID and student name.<br>Demographic - the characteristics of a person. This includes the sex, ethnicity, race, date of birth, and various other student characteristics.   | Fall/Summer         |
| 40110  | Enrollment                            | The specific enrollment attributes of the student. This information includes the campus, grade, and special program participation for each student.  | Fall/Summer         |
| 40203  | Leaver                                | Information pertaining to prior year students who are not current year students.   | Fall                |
| 42400  | Basic Attendance                      | Information pertaining to the attendance of a student, such as the days absent and present.  | Summer              |
| 42405  | Special Education Attendance          | Information about each student served in a special education program. For each student, for each six-week period, districts report grade-level and instructional-setting codes.  | Summer              |
| 43415  | Course Completion                     | Course completion information for high school courses and/or any course in any grade level where instruction is received via the Texas Virtual School Network (TXVSN) Online Schools program or the TXVSN Statewide Online Course Catalog.   | Summer/<br>Extended |
| 42500  | Flexible Attendance                   | Information pertaining to the flexible attendance program of a student. This information is the minutes present, special education days eligible, eligible career and technical minutes present, bilingual/ESL days eligible, and pregnancy related services days eligible for students participating in the Optional Flexible School Day and the High School Equivalency Program. | Summer              |
| 42505  | Special Education Flexible Attendance | Information about the special education flexible attendance data for each eligible special education student enrolled in an approved Flexible Attendance Program.  | Summer              |
| 48011  | Student Graduation Program            | A program that identifies the intent of students enrolled in the Foundation High School Program by collecting the Participant Code, Distinguished Level of Achievement Indicator Code, the Endorsement Indicator Codes, and Performance Acknowledgements.  | Fall                |
| View TWEDS subcategory details at: <a href="https://tealprod.tea.state.tx.us/TWEDSAPI/23/0/0/DataComponents/CategoryDomainEntityRelations">https://tealprod.tea.state.tx.us/TWEDSAPI/23/0/0/DataComponents/CategoryDomainEntityRelations</a> . |                                       |  |                     |

### 3. Student Groups Used in Accountability

See Chapter 1: Accountability Overview for more information about the Accountability Subset Rule that is used to determine which students are included in accountability calculations.

| Group   | Description   |
|---|---|
| <p>Economically Disadvantaged</p>   | <p>A student may be identified as economically disadvantaged by the district in the Test Information Distribution Engine (TIDE) if entered by the deadline specified in the <a href="#">District and Campus Coordinator Resources Calendar of Events</a> if he or she meets one of the following criteria:</p> <ul style="list-style-type: none"> <li>• Meets eligibility requirements for                             <ul style="list-style-type: none"> <li>○ free or reduced-price meals under the National School Lunch and Child Nutrition Program;</li> <li>○ programs under Title II of the Job Training Partnership Act (JTPA);</li> <li>○ food stamp benefits; or</li> <li>○ Temporary Assistance to Needy Families (TANF) or other public assistance</li> </ul> </li> <li>• Receives a Pell grant or comparable state program of need-based financial assistance</li> <li>• Is from a family with an annual income at or below the official federal poverty line</li> </ul> <p>Source: TIDE* (Note: The campus’s economically disadvantaged rate calculated based on the TSDS PEIMS Fall Snapshot is used to determine the campus comparison groups and is used in School Progress, Part B: Relative Performance.)</p>  |
| <p>Current and Monitored Emergent Bilingual (EB) Students/English Learners (EL)</p> | <p>A student whose primary language is other than English and who is in the process of acquiring English. Students are identified as EB students/ELs by the Language Proficiency Assessment Committee (LPAC) per criteria established in the Texas Administrative Code. Not all students identified as EB/EL receive bilingual or English as a second language instruction, although most do.</p> <p>A student is identified as a current EB student/EL if the student is reported as emergent bilingual in Test Information Distribution Engine (TIDE) and if entered by the deadline specified in the <a href="#">District and Campus Coordinator Resources Calendar of Events</a>.</p> <p>A student is identified as a monitored EB student/EL if the student is reported in Test Information Distribution Engine (TIDE) and entered by the deadline specified in the <a href="#">District and Campus Coordinator Resources Calendar of Events</a> as having met the criteria for exiting a bilingual/ESL program and is being monitored for up to four years after exit as required by 19 Texas Administrative Code, §89.1220(k).</p> <p>If the student was administered the TELPAS or TELPAS Alternate, the value in the emergent bilingual indicator field on the CAF will be 'C.'</p> <p>Source: TIDE*</p> |

| Group                                      | Description   |
|--|---|
| Race/Ethnicity                             | <p>Students are identified as one of seven racial/ethnic categories: African American, American Indian, Asian, Hispanic, Pacific Islander, white, or two or more races.</p> <p>Source: TIDE*: Student Achievement STAAR component, School Progress Parts A &amp; B, Closing the Gaps: Academic Achievement component, Growth component, Progress in Achieving ELP component, and School Quality or Student Success Component: STAAR Component Only.</p> <p>Source: PEIMS Fall Snapshot: Closing the Gaps: Federal Graduation Status and School Quality or Student Success Component: CCMR Performance Status.</p>   |
| Current and Former Special Education       | <p>Students are identified as currently receiving special education services if they are reported as receiving special instruction and related developmental, corrective, supportive, or evaluative services for the current school year in the Test Information Distribution Engine (TIDE) and if entered by the deadline specified in the <a href="#">District and Campus Coordinator Resources Calendar of Events</a>. Students are identified as formerly receiving special education services if in any of the preceding three years, they were reported in TSDS PEIMS as participating in a special education program, but in the current year are no longer participating in a special education program as reported through TSDS PEIMS or in the Test Information Distribution Engine (TIDE) by the deadline specified in the <a href="#">District and Campus Coordinator Resources Calendar of Events</a>.</p> |
| Continuously and Non-Continuously Enrolled | <p>For grades 4–12, a student is identified as continuously enrolled if the student was enrolled in the campus on the TSDS PEIMS Fall Snapshot during the current school year and in the same district each of the three preceding years. For grade 3, a student is identified as continuously enrolled if the student was enrolled in the campus on the current year TSDS PEIMS Fall Snapshot and in the same district each of the preceding two years.</p> <p>If the enrollment requirement is not met, then the student is considered non-continuously enrolled. Source: PEIMS Fall Snapshot</p>   |
| High Focus                                 | <p>Students are identified as high focus if they met at least one of the following criteria:</p> <ul style="list-style-type: none"> <li>• Economically disadvantaged (Source: TIDE*)</li> <li>• Current or Monitored Emergent Bilingual (EB) Students/English Learners (ELs) (Source: TIDE*)</li> <li>• Current special education (Source: TIDE)</li> <li>• Highly Mobile <ul style="list-style-type: none"> <li>○ Homeless (Source: PEIMS, code of 2, 3, 4, or 5)</li> <li>○ Foster (Source: PEIMS, code of 1)</li> <li>○ Migrant (TIDE*)</li> </ul> </li> </ul>   |

\*For Student Groups sourced from TIDE: If TIDE demographic data contains empty (null) values, the student information data from the PEIMS Information Update will replace the null values for students already registered in TIDE. The update occurs in March as specified in the [District and Campus Coordinator Resources Calendar of Events](#). This does not apply to Current and Former Special Education.

## 4. Opportunities for Data Correction

See Chapter 1: *Ensuring Data Integrity* of the Accountability Rating System Manual for 2025 Ratings for more information on accurate data in accountability ratings.

### 4.1 TSDS PEIMS

**General Data.** The TSDS PEIMS data collection has a prescribed process and set calendar for correcting errors or omissions discovered after the original submission. *The accuracy of all accountability reports is dependent on the accuracy of the information submitted by districts through TSDS PEIMS.* Districts are responsible for the accuracy of all their TSDS PEIMS data. Several mechanisms are in place to facilitate the collection of accurate data. First, all submitted data must pass an editor program before being accepted. In addition, districts can access various summary reports through the TSDS PEIMS application to assist them in verifying the accuracy of their data prior to submission deadlines. For each submission, a resubmission window allows districts an opportunity to resubmit information if an error is detected. Data submitted to the Working File are not used in accountability calculations. See the *Texas Education Data Standards* at <https://www.texasstudentdatasystem.org/tsds/teds/tweds-upgrade> for more details about the correction windows and submission deadlines.

See Chapter 1: Accountability Subset Rule of the 2025 Accountability Manual for more information on TSDS PEIMS Fall Snapshot in determining students in the accountability subset.

See Chapter 3: Part B: Relative Performance of the 2025 Accountability Manual for more information on the percentage of economically disadvantaged students on a campus based on TSDS PEIMS Fall Snapshot.

**Unique ID System Updates (UID).** Student identification changes have profound ramifications throughout the Texas public education data system. Year-to-year and collection-to-collection matching are dependent upon stable identification records. Texas Education Data Standards should be followed to ensure that identification updates submitted by districts are processed properly. For more information, please see the *TSDS Unique ID Specifications* at [https://www.texasstudentdatasystem.org/TSDS/TEDS/1920A/TEDS\\_Section\\_9\\_Unique\\_ID\\_Specifications](https://www.texasstudentdatasystem.org/TSDS/TEDS/1920A/TEDS_Section_9_Unique_ID_Specifications).

### 4.2 Assessment Data

**State Assessments.** Student identification, demographic data, and scoring status information as entered in the Test Information Distribution Engine (TIDE) by the deadlines specified in the [District and Campus Coordinator Resources Calendar of Events](#) are used to determine the student groups for campus accountability. Districts have several opportunities to provide accurate information through TSDS PEIMS submissions, student registration uploads provided to the testing contractor, and updates in the Test Information Distribution Engine (TIDE). After the testing dates, districts have a corrections window during which they can provide corrections to the testing contractor and request corrected reports. Only corrections submitted by districts in TIDE by the designated deadline to the *Test Taken Information* field during the correction window are reflected in the consolidated accountability file (CAF) used for determining accountability calculations and subsequent reports (e.g., TAPR, School Report Cards, etc.). Please refer to the [TIDE User Guide](#) for more information about the testing and correction windows.

**SAT, ACT, AP, and IB.** The student taking the SAT, ACT, AP, or IB assessment identifies the campus to which scores are attributed. Districts are responsible for verifying that the campus identified by the student is accurate as well as all other relevant information included on the campus summary for these assessments immediately upon receipt from the testing companies. This can include the students' name, date of birth, grade, and anticipated graduation year, if relevant. Discrepancies should be immediately reported to the testing companies, not to TEA. Once the testing companies have finalized results, and provided those results to TEA, subsequent corrections—corrections made outside a testing company's correction window—will not be made by the testing companies, nor TEA, and will not be reflected in any national, state, district, or campus results released. Additionally, districts are provided with the 2025 CCMR Verifier for 2023–24 annual graduates and non-graduating 12th graders in June 2025 and given an opportunity to report any non-PEIMS discrepancies to the agency. The agency does not receive SAT, ACT, AP, and IB scores for out-of-state testers. Documentation is accepted during the CCMR Verifier window.

**TSIA.** The College Board provides the THECB with TSIA1 and TSIA2 results of all Texas students. The TSIA results through October 2024 received from THECB are matched to 2023-24 annual graduates and non-graduating 12<sup>th</sup> graders from TSDS PEIMS. The results are matched to students using an algorithm which includes TSDS Unique ID, SSN, local ID, and a combination of first name, middle name, last name, and DOB. Then the results are attributed to the districts and campuses at which the students are identified as annual graduates or non-graduating 12<sup>th</sup> graders in TSDS PEIMS. Additionally, districts will be provided with the 2025 CCMR Verifier for 2023–24 annual graduates and non-graduating 12th graders in June 2025 and given an opportunity to report any non-PEIMS discrepancies to the agency.

## 5. Exclusions Based on Student Attribution Codes

Students who have been ordered by a juvenile court into a residential program or students in a residential facility are excluded from state accountability performance indicators. These exclusions are required under Texas Education Code (TEC) §39.055 and based on specific student attribution codes that are submitted by districts in the fall TSDS PEIMS submission.

Students with the following attribution codes are excluded from each of the indicators used to calculate domain scores. See “Appendix G—Inclusion or Exclusion of Performance Data” for the specific attribution codes used for each indicator.

| Student Attribution Codes |   |
|---------------------------|---|
| Code                      | Description   |
| 21                        | Residential treatment facility—By court order, not regularly assigned to the district                 |
| 22                        | Residential treatment facility—By court order, regularly assigned to the district                     |
| 23                        | Residential treatment facility—Not by court order, not regularly assigned to the district             |
| 24                        | Residential treatment facility—Not by court order, regularly assigned to the district                 |
| 25                        | Texas Juvenile Justice Department facility—By court order, not regularly assigned to the district     |
| 26                        | Texas Juvenile Justice Department facility—By court order, regularly assigned to the district         |
| 27                        | Texas Juvenile Justice Department facility—Not by court order, not regularly assigned to the district |
| 28                        | Texas Juvenile Justice Department facility—Not by court order, regularly assigned to the district     |

## 6. Data Used in Accountability Calculations

The following outline provides the domains, components, and indicators used in 2025 accountability calculations and locations within this appendix.

### I. Student Achievement Domain

- a. STAAR Component (6.1)
- b. College, Career, and Military Readiness (CCMR) Component (6.2.1 – 6.2.2)
  - i. Texas Success Initiative (TSI) Criteria Graduates (6.3)
- c. Graduation Rate Component (6.4)

### II. School Progress Domain

- a. Part A: Academic Growth (6.5.A)
- b. Part B: Relative Performance (6.5.B.1)
  - i. STAAR Component (6.1)
  - ii. CCMR Component (6.2.1)
  - iii. Economically Disadvantaged Percentage (6.6)
- c. EOC retests results for AEA campuses only (6.5.B.2)

### III. Closing the Gaps Domain

- a. Academic Achievement Component
  - i. Reading/Language Arts (RLA): STAAR Results at Meets Grade Level or Above Standard (6.7)
  - ii. Mathematics: STAAR Results at Meets Grade Level or Above Standard (6.7)
  - iii. Participation Status (6.9)
- b. Academic Growth or Federal Graduation Status
  - i. Reading/Language Arts (RLA): Academic Growth (6.5)
  - ii. Mathematics: Academic Growth (6.5)
  - iii. Federal Graduation Rate (6.4.2)
- c. School Quality or Student Success
  - i. Student Achievement Domain Score: STAAR Component Only (6.1)
  - ii. CCMR Performance Status Component (6.2.2)
- d. Progress in Achieving English Language Proficiency Component (6.8)

## 6.1 STAAR

See Chapters 1–4 of the 2025 Accountability Manual for detailed information on the methodology used to evaluate the STAAR results in each domain.

**Year of Data:** 2024–25

**Source of Data:** *Consolidated Accountability File (CAF)*. The testing contractor provides TEA, ESCs, school districts, and open-enrollment charter schools with a CAF, which contains all performance information as well as all demographic and program information for every student. Accountability calculations are based on the CAF. STAAR and STAAR Alternate 2 results with score codes “A” for Absent and “O” for Other are excluded from performance calculations.

**Student Group Information:** Depending on the domain, performance results are reported for the following groups: all students, African American, American Indian, Asian, Hispanic, Pacific Islander, white, two or more races, economically disadvantaged, non-economically disadvantaged, students formerly served by special education, students currently served by special education, current and monitored EB students/ELs, continuously enrolled, non-continuously enrolled, highly mobile (foster care, homeless, or migrant), and high focus (economically disadvantaged, current or monitored EB/EL, current special education, or highly mobile).

### Other Information:

- *Accelerated Testers.* The STAAR component of the Student Achievement domain calculation includes SAT and/or ACT results for accelerated testers. Accelerated testers are students who complete a STAAR EOC at or above the Approaches Grade Level standard in Algebra I, English II, and/or Biology prior to grade 9. Accelerated testers are also students who earned course credit for Algebra I, English II and/or Biology in Spring or Summer 2020 and were granted a COVID testing waiver prior to grade 9. For these students, their SAT and/or ACT results are used in the accountability cycle in which the student is reported as enrolled in grade 12 on the TSDS PEIMS Fall Snapshot. Accelerated testers results are not used in School Progress: Part A. See “Chapter 2— Student Achievement Domain” for additional information about the SAT/ACT inclusion methodology.
- *English Learner Performance Measure.* EB students/ELs who are in their second year in U.S. schools are included in the STAAR component using the EL performance measure. EB students/ELs who are in their second year in U.S. schools who have a parental denial for EB/EL services do not receive an EL performance measure. This measure is applied in Student Achievement, Relative Performance and EOC Retest Growth. See the methodology of the ELP measure at: <https://tea.texas.gov/student-assessment/staar/2025-staar-setting-performance-progress-expectations-for-el-students.pdf>
- *End-of-course (EOC) Results for Middle School Students.* If a student takes an EOC assessment and a STAAR grade 8 assessment, only the EOC assessment result is included in the accountability calculations for the campus and the district where the student tested.
- *TAKS, TAAS, TEAMS, TABS Exclusions.* STAAR results for students retaking EOC exams to meet graduation requirements who originally tested under TAKS, TAAS, TEAMS, and/or TABS are excluded from accountability calculations.
- *Foreign Exchange Students.* STAAR results for all students enrolled in the campus in a previous fall, as reported on the TSDS PEIMS Fall Snapshot, including foreign exchange students, are included in accountability calculations. Three assessment administration periods are considered for accountability purposes. For more information, see the Accountability Subset Rule in Chapter 1 of the Accountability Rating System Manual for 2025 Ratings.

**Table 6.1. STAAR Component Used in Accountability**

| Component           | Methodology   | Student Groups Evaluated/Reported   | Use in Accountability  |
|---------------------|---|---|--|

\*For the 2022-23 school year, IB awarded grades returned to using all components, coursework, and examinations as they did pre-pandemic.

**Student Group Information:** Depending on the domain, performance results are reported for the following groups: all students, African American, American Indian, Asian, Hispanic, Pacific Islander, white, two or more races, economically disadvantaged, non-economically disadvantaged, students formerly served by special education, students currently served by special education, current and monitored EB students/ELs, continuously enrolled, non-continuously enrolled, highly mobile (foster care, homeless, or migrant), and high focus (economically disadvantaged, current or monitored EB/EL, current special education, or highly mobile).

**Use in 2025 Accountability:** CCMR is used in calculating the Student Achievement; School Progress, Part B: Relative Performance; and Closing the Gaps domain results for high schools and K–12s.

**Other Information:**

- *Applicable Domains, Annual Graduates:* The CCMR component used in the Student Achievement and School Progress, Part B domains measures graduates’ preparedness for college, the workforce, or the military. Annual graduates demonstrate college, career, or military readiness by meeting any one of the CCMR indicators. See “Chapter 2—Student Achievement Domain” for specific criteria for each CCMR indicator.
- *Sunsetting IBC Cap:* Beginning with the 2023 accountability year, a campus may not earn CCMR credit for more than five graduates or 20% of graduates, whichever is higher, who only meet CCMR criteria via a sunseting IBC. See “Chapter 2—Student Achievement Domain” for more information about this cap.
- *Phase-In for IBC’s and Programs of Study:* For each IBC list, the agency publishes a crosswalk of approved IBCs and their aligned programs of study on the Career and Technical Education website at <https://tea.texas.gov/academics/college-career-and-military-prep/career-and-technical-education/industry-based-certifications>. This resource allows districts and campuses to support program development and planning by aligning IBCs to Programs of Study. House Bill 773 (2021) requires the Texas Education Agency to include Program of Study Completers as an indicator within the accountability system. To allow districts time to implement aligned programs of study, the following transition timeline provides guidance on how the alignment will be phased-in.

Year one phase-in 2024 graduates: Level 2 or higher course in a Program of Study + aligned IBC (earned)

- If a course was ever a level 2 in any Program of Study, it will be considered a level 2 in all Programs of Study (for example, Business Information Management I was previously a level 2 in Health Informatics, but a level 1 in all other Programs of Study. If any student ever took BIM I, regardless of their Program of Study, BIM I should count as a level 2 for calculating this CCMR indicator for the graduating class of 2024). *Year one phase-in is the only time level 2 will be attributed to prior years for the following courses:*
  - Professional Communications (13009900)
  - Business Information Management I (13011400)
  - Web Communications (03580810)
  - Principles of Architecture (13004210)

The aforementioned four courses were a level 2 in one Program of Study but a level 1 in all other programs prior to the 2023-24 school year.

- There are four level 4 courses that do not count toward this requirement: Career Preparation I, Extended Career Preparation I, Project-Based Research, and Scientific Research and Design.
- Students must have **passed** the course and **received credit** to count toward level 2+ course
- If a graduate meets the year two phase-in or the year three phase-in requirement, they will also meet the indicator for year one phase-in.

Year two phase-in 2025 graduates: Concentrators + aligned IBC (earned)

- A student must be a concentrator or completer in a Program of Study and earn an aligned IBC associated with the program.

Year three phase-in 2026 graduates: Completers + aligned IBC (earned)

- A student must be a completer in a Program of Study and earn an aligned IBC associated with the program.
- *Alternative Education Accountability (AEA) Methodology*: For campuses under AEA methodology, the Student Achievement: CCMR component includes in the numerator the number of graduates (who were not previous dropouts) who accomplished at least one of the CCMR indicators plus the number of previous dropouts who accomplished at least one of the CCMR indicators. That total is then divided by the number of annual graduates, not including the students who were prior dropouts (graduates who were a previous dropout are subtracted out of the denominator). Previous dropouts are only included in the numerator. See “Chapter 2—Student Achievement Domain” for more information.
- *Closing the Gaps Domain, Grade 12 Students*: The College, Career, and Military Readiness Performance Status component evaluated in the Closing the Gaps domain differs from the CCMR component in the Student Achievement and School Progress, Part B domains, as required by the U.S. Department of Education.
  - The denominator used in Closing the Gaps is annual graduates plus students in grade 12 who did not graduate. These grade 12 students are those who were in attendance during the sixth six weeks of school year 2023–24 as reported in TSDS PEIMS attendance records. Grade 12 students who are reported in TSDS PEIMS as IEP Continuers on the 2023–24 Fall Snapshot are excluded from the 2025 Closing the Gaps CCMR denominator. Annual graduates who were not enrolled on any TSDS PEIMS Fall Snapshot in a Texas public school in any of the preceding four years are also excluded from the 2025 Closing the Gaps CCMR denominator.
  - Additionally, the cap on sunseting IBCs is not applied to the CCMR calculation in the Closing the Gaps domain due to requirements from the U.S. Department of Education.

See Chapter 4 for further information on CCMR in Closing the Gaps domain.

**Table 6.2.1. CCMR Component Used in Student Achievement and School Progress, Part B Domains**

\*Grade 12 students reported in TSDS PEIMS as IEP Continuers on the 2023–24 Fall Snapshot are excluded from the 2025 Closing the Gaps CCMR denominator. Annual graduates who were not enrolled on any TSDS PEIMS Fall Snapshot in a Texas public school in any of the preceding 4 years are also excluded from the 2025 Closing the Gaps CCMR denominator.

### 6.3 Texas Success Initiative (TSI) Criteria Graduates

**Year of Data:** 2023–24 annual graduates

**Student Group Information:** All students only

**Other Information:**

- *TSIA*. This measure includes the performance for 2023–24 annual graduates and non-graduating 12<sup>th</sup> graders. The results include TSIA1 and/or TSIA2 assessments through October 2024.
- *SAT and ACT*. This measure includes the performance for 2023–24 annual graduates and non-graduating 12<sup>th</sup> graders. If a student takes an ACT or SAT test more than once, the best score, by subject, is used.
- *College Prep Course*. This measure includes performance for 2023–24 annual graduates and non-graduating 12<sup>th</sup> graders. Graduates must have completed and received credit for a college prep course, as defined in TEC §28.014, in ELA and/or mathematics. See “Chapter 2 – Student Achievement Domain” for grade level phase-in requirements.
- The grade level submitted in TSDS PEIMS Summer submission is used to identify the grade level of a student. A student must be in the required grade at any time during the school year when the course credit was received.
- *Matching ID*. Students are included only once. The numerator consists of students matched across the multiple assessments using their unique IDs.

**Table 6.3. TSI Criteria Graduates**

| Indicator                           | Methodology  |                      |   |  |  |  |  | Student Groups Evaluated/Reported  | Use in Accountability   |

## 6.4 Graduation Rate

**Years of Data:** TSDS PEIMS Submission 1 leaver data from 2019–20 through 2024–25; TSDS PEIMS Submission 3 attendance data from 2018–19 through 2023–24; TSDS PEIMS Submission 1 enrollment data from 2024–25; TxCHSE records as of August 31, 2024.

**Student Group Information:** Depending on the domain, performance results are reported for the following groups: all students, African American, American Indian, Asian, Hispanic, Pacific Islander, white, two or more races, high focus (economically disadvantaged, current and monitored EB students/ELs, students currently served by special education, or highly mobile), highly mobile (foster, homeless, or migrant), and ever EB students/ELs for the EB students/ELs student group in the federal graduation rates.

**Use in 2025 Accountability:** Graduation Rate is used in determining the Student Achievement and Closing the Gaps outcomes for high schools, K–12s.

### Other Information:

- *Cohort Members.* A cohort is defined as the group of students who begin grade 9 in Texas public schools for the first time in a given school year plus students who, in the next three school years, enter the Texas public school system in the grade level expected for the cohort. Students stay with their original cohort, whether they are retained or promoted. Students are members of only one cohort.
- *Class vs. Cohort.* The denominator of the graduation rate calculation is defined as the “class.” For purposes of these rates, the class is the sum of students from the original cohort who have a final status of “graduated,” “received TxCHSE,” or “dropped out” as of August 31, 2024, or who have a final status of “continued” as of fall 2024. There are other students who are members of the original cohort but whose final status does not affect the graduation rate calculation. These are:
  - students with a final status that are not considered to be either a graduate, continuer, TxCHSE recipient, or a dropout based on specific leaver codes;
  - students whose final status could not be determined because data errors prevented records from being matched or because final status records were not submitted; and
  - students who are excluded from accountability ratings due to state statutory requirements (see Annual Dropout Rate definition).

Students in the cohort but not in the class do not affect the graduation rate calculation; they are in neither the numerator nor the denominator.

- *Alternative Education Accountability (AEA) Graduation Rate.* The graduation rate calculation is modified for AEA campuses to give credit for graduates, continuing students (continuers), TxCHSE recipients, and previous dropouts who complete. See “Chapter 2—Student Achievement Domain” and “Chapter 4—Closing the Gaps Domain” or further information.

| Code   | Leaver Reason Code   |
|--|--|
| <b>Graduated or received an out-of-state high school equivalency certificate</b> |  |
| 01   | Graduated from a campus in this district or charter  |
| 85   | Graduated outside Texas before entering Texas public school, entered Texas public school, left again                     |
| 86   | High school equivalency certificate outside Texas  |
| 90   | Graduated from another state under provisions of the Interstate Compact on Educational Opportunity for Military Children |
| <b>Moved to other educational setting</b>  |  |
| 24   | College, pursue associate or bachelor's degree   |
| 60   | Home schooling   |
| 66   | Removed-child protective services  |
| 81   | Enroll in TX private school  |
| 82   | Enroll in school outside Texas   |
| 87   | Enroll in university high school diploma program   |
| <b>Withdrawn by school district</b>  |  |
| 78   | Expelled for offense under TEC §37.007, cannot return  |
| 83   | Withdrawn by district because not entitled to enrollment   |
| <b>Left school for other reasons</b>   |  |
| 03   | Died   |
| 08*  | Pregnancy  |
| 16   | Return to home country or emigrate to another country  |
| 20*  | Medical Injury   |
| 88*  | Court-ordered to a high school equivalency program, has not earned a Texas Certificate of High School Equivalency        |
| 89*  | Incarcerated in state jail or federal penitentiary as an adult   |
| 98*  | Other  |

\*School leavers with a code 08 or 98 LEAVER-REASON-CODE are counted as dropouts for state and federal accountability purposes.

\*School leavers with a code 20, 88 or 89 LEAVER-REASON-CODE are counted as dropouts for federal accountability purposes.

These designations are provided for informational purposes only. They are not the final or comprehensive description of the definitions used for dropout and completion processing. For more information, please see the latest [Secondary School Completion and Dropouts in Texas Public Schools](#).

<sup>1</sup>State statute specifies certain exclusions that TEA must make when calculating dropout and graduation rates for state accountability. See Other Information under “6.4.3. Annual Dropout Rate” for a detailed list of exclusions.

<sup>2</sup>Ever EB students/ELs (EB students/EL [Ever HS]) are evaluated in the federal graduation rates. Ever EB students/ELs (EB students/EL [Ever HS]) are students reported in TSDS PEIMS as EB students/ELs at any time while attending grades 9–12 in a Texas public school

### 6.4.3 Annual Dropout Rate

**Year of Data:** 2023–24

**Student Group Information:** All students only

**Use in 2025 Accountability:** Annual Dropout Rate is used in Student Achievement domain calculations for non-AEA and AEA high schools and K–12s in cases where the campus has grade 9, 10, 11, or 12 but does not have a longitudinal graduation rate.

**Other Information:**

- *School-Start Window.* This is the period between the first day of school and the last Friday in September. The end of the school-start window is the day that students served in the prior year must return to school to not be considered leavers.
- *Cumulative Denominator.* A cumulative count of students is used in the denominator with all annual dropout rate calculations. This method for calculating the dropout rate neutralizes the effects of mobility by including in the denominator every student ever reported in attendance at the campus or district throughout the school year, regardless of length of stay.
- *Campus of Accountability.* Leavers are assigned to the campuses they were attending when they left the Texas public school system. A student served at a Disciplinary Alternative Education Program (DAEP) and/or a Juvenile Justice Alternative Education Program (JJAEP) is assigned to a "campus of accountability" based on the campus he or she last attended when one can be identified. Campus of accountability may be reported by the district or may be determined by the agency based on TSDS PEIMS attendance records reported for the prior year. A detailed table showing assignment in specific situations may be found in the [TWEDS—Complex Type Details](#).
- *Summer Dropouts.* Summer dropouts are attributed to the school year just completed, based on the last campus the student attended the previous school year.
- *Dropout Recovery Schools.* The annual dropout rate will be used on a safeguard basis only for campuses designated as dropout recovery schools (DRS). For more information, please see “Chapter 2—Student Achievement Domain.”
- *Exclusions to the National Center for Education Statistics (NCES) Dropout Definition.* The definition of dropout that is used for state accountability differs slightly from the NCES definition of dropout that is required for federal accountability. For state accountability in 2025, the 2023–24 dropouts reported during the fall 2024 TSDS PEIMS data submission are processed using the NCES dropout definition with adjustments to exclude the following from being counted as dropouts:
  - Under Texas Education Code (TEC) §39.053(g-1), a student who meets one or more of the following criteria is excluded from campus and district graduation and dropout rate calculations used for state accountability purposes:
    - A student who is ordered by a court to attend a high school equivalency certificate program but has not earned a high school equivalency certificate
    - A student previously reported to the state as a dropout (previous dropout exclusions do not apply to completion measure calculations for AEA campuses)

- A student in attendance but who is not in membership for purposes of average daily attendance (i.e., students for whom districts are not receiving state Foundation School Program [FSP] funds)
  - A student whose initial enrollment in a school in the United States in grades 7 through 12 was as an unschooled refugee or asylee as defined by TEC §39.027(a-1)
  - (Also under TEC §39.053[g-3]) a student who is in a district exclusively as a function of having been detained at a county detention facility but is otherwise not a student of the district, or a student who is being provided services by an open-enrollment charter school exclusively as the result of having been detained at the facility
  - A student who is incarcerated in a state jail or federal penitentiary as an adult or as a person certified to stand trial as an adult
  - A student who has suffered a condition, injury, or illness that requires substantial medical care and leaves the student unable to attend school and assigned to a medical or residential treatment facility
- Under TEC §39.053 (g-2), a student who: (a) is at least 18 years of age as of September 1 and has satisfied the credit requirements for high school graduation; (b) has not completed his or her individualized education program (IEP); and (c) is enrolled and receiving IEP services will be excluded from campus and district longitudinal rate calculations for state accountability purposes.
  - Under TEC §39.053 (g-4), a student who (a) is at least 18 years of age and under 26 years of age; (b) has not been previously reported as a dropout; and (c) has not been enrolled in school during the previous nine months before enrolling in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program is excluded from campus and district annual dropout and longitudinal rate calculations (previous dropout/previous dropout exclusions do not apply to completion measure calculations for AEA campuses).
  - Under TEC §39.055, a student in a Texas Juvenile Justice Department facility (e.g., county- or state-operated juvenile justice facility) or residential treatment facility served by a Texas public school district is excluded from campus and district rate calculations for state and federal accountability purposes.

| Annual Dropout Rate | <p style="text-align: center;">Number of grade 9–12 dropouts in 2023–24<br/>(from TSDS PEIMS 40203)</p> <p style="text-align: center;">---divided by---</p> <p style="text-align: center;">Number of grade 9–12 students who were in attendance at any time during<br/>the 2023–24 school year<br/>(from TSDS PEIMS 40110, 42400, 42500)</p> | All students             | Student Achievement<br>(high schools, K– 12s) |

Please see Annual Dropout Rate—Conversion and Alternative Education Accountability Modifications in “Chapter 2 – Student Achievement Domain” for more information.

### 6.5.A Academic Growth

**Years of Data:** 2023–24 and 2024–25

**Source of Data:** CAF

**Student Group Information:** Depending on the domain, performance results are reported for the following groups: all students, African American, American Indian, Asian, Hispanic, Pacific Islander, white, two or more races, high focus (economically disadvantaged, current and monitored EB students/ELs, students currently served by special education, or highly mobile), highly mobile (foster, homeless, or migrant).

**Use in 2025 Accountability:** Academic Growth is used in determining the School Progress, Part A: Academic Growth and Closing the Gaps domain ratings.

**Other Information:**

- The School Progress, Part A: Academic Growth domain provides an opportunity for campuses to receive credit for STAAR results in RLA and mathematics that show annual growth and if applicable demonstrate accelerated learning
- For STAAR English I and English II EOCs, growth is measured if the student has taken the assessments for the first time within the same accountability cycle

**Table 6.5.A Academic Growth**

| Component                     | Methodology  | Student Groups Evaluated | Use in Accountability          |
|-------------------------------|--|--------------------------|--------------------------------|
| <p><b>Academic Growth</b></p> | <p>Points earned for STAAR assessments in reading/language arts (RLA) and mathematics that either grow (or remain at or above the High Did Not Meet/Level I performance level) or Did Not Meet Grade Level in the prior year and are accelerated to Approaches Grade Level/Level II or above in the current year<br/> <i>(from CAF)</i></p> <p><b>---divided by---</b></p> <p>Number of STAAR assessments in reading/language arts (RLA) and mathematics eligible for Annual Growth data or Accelerated Learning data<br/> <i>(from CAF)</i></p> | <p>All students</p>      | <p>School Progress, Part A</p> |

| Component                     | Methodology   | Student Groups Evaluated/Reported  | Use in Accountability   |
|-------------------------------|---|--|---|
| <p><b>Academic Growth</b></p> | <p>Points earned for STAAR assessments in reading/language arts (RLA) and mathematics that either grow (or remain at or above the High Did Not Meet/Level I performance level) or Did Not Meet Grade Level in the prior year and are accelerated to Approaches Grade Level/Level II or above in the current year<br/> <i>(from CAF)</i></p> <p>---divided by---</p> <p>Number of STAAR assessments in reading/language arts (RLA and mathematics) eligible for Annual Growth data or Accelerated Learning data<br/> <i>(from CAF)</i></p> | <p>Evaluated for Closing the Gaps†</p> <ul style="list-style-type: none"> <li>• All students</li> <li>• Two lowest performing racial/ethnic groups from the prior year</li> <li>• High focus</li> </ul> <p>Reported</p> <ul style="list-style-type: none"> <li>• All seven racial/ethnic groups: African American, American Indian, Asian, Hispanic, Pacific Islander, white, and two or more races††</li> <li>• Economically Disadvantaged††</li> <li>• Non-Economically Disadvantaged</li> <li>• Current EB/EL</li> <li>• Current and monitored EB/EL††</li> <li>• Current special education††</li> <li>• Former special education††</li> <li>• Continuously enrolled†† (and non-)</li> <li>• Highly mobile</li> <li>• Foster care</li> <li>• Homeless</li> <li>• Migrant</li> </ul> | <p>Closing the Gaps</p> <p><i>†While each of the student groups listed are evaluated within Closing the Gaps under ESSA requirements, the outcomes from four groups (all students, two lowest performing, and high focus) contribute to the domain rating.</i></p> <p><i>†† See “Chapter 10—Identification of Schools for Improvement” for the inclusion of these student groups in TSI and ATS identification.</i></p> |

### 6.5.B.1 Relative Performance

School Progress, Part B: Relative Performance measures the achievement of all students relative to campuses with similar economically disadvantaged percentages. See STAAR Component (6.1), CCMR Component (6.2.1), and Economically Disadvantaged (6.6) for more information.

### 6.5.B.2 EOC Retest Growth (AEA campuses only)

School Progress, Part B: Retest Growth measures the percentage of students who earned Approaches Grade Level or above on an EOC retest during the accountability cycle. To calculate, the numerator consists of STAAR EOC retest assessments at the Approaches Grade Level or above and the denominator includes all EOC retest assessments. The all students group is evaluated if there are 10 or more EOC retest assessments across all subject areas. Small numbers analysis is not used in Retest Growth. See Chapter 3 of the 2025 Accountability Manual for more information.

## 6.6 Economically Disadvantaged Percentage

**Years of Data:** 2024–25

**Use in 2025 Accountability:** The percentage of students identified as economically disadvantaged is used in School Progress, Part B: Relative Performance domain calculations. School Progress, Part B: Relative Performance measures the achievement of all students relative to campuses with similar economically disadvantaged percentages. (Note: for other areas of the accountability system for identifying a student as a member of the Economically Disadvantaged Student Group, the Economically Disadvantaged demographic is sourced from TIDE\*).

### Other Information:

This percentage is based on the count and percentage of students eligible for free or reduced-price lunch or eligible for other public assistance as reported on the TSDS PEIMS Fall Snapshot. A student is reported as economically disadvantaged on the TSDS PEIMS Fall Snapshot using codes 01, 02, or 99:

01: Eligible for Free Meals Under The National School Lunch And Child Nutrition Program

02: Eligible for Reduced-price Meals Under The National School Lunch And Child Nutrition Program

99: Other Economic Disadvantage, Including: a) from a family with an annual income at or below the official federal poverty line, b) eligible for Temporary Assistance to Needy Families (TANF) or other public assistance, c) received a Pell Grant or comparable state program of need-based financial assistance, d) eligible for programs assisted under Title II of the Job Training Partnership Act (JTPA), or e) eligible for benefits under the Food Stamp Act of 1977

\*For Student Groups sourced from TIDE: If TIDE demographic data contains empty (null) values, the student information data from the PEIMS Information Update will replace the null values for students already registered in TIDE. The update occurs in March as specified in the [District and Campus Coordinator Resources Calendar of Events](#). This does not apply to Current and Former Special Education.

### 6.7 Academic Achievement

**Years of Data:** 2024-25

**Source of Data:** CAF/College Board, ACT Inc.

**Student Group Information:** Results are reported for the following groups: all students, African American, American Indian, Asian, Hispanic, Pacific Islander, white, two or more races, high focus (economically disadvantaged, current and monitored EB students/ELs, students currently served by special education, or highly mobile), highly mobile (foster, homeless, or migrant).

**Use in 2025 Accountability:** Academic Achievement is evaluated in the Closing the Gaps domain for campuses.

**Table 6.7. Academic Achievement**

| Component                          | Methodology  | Student Groups Evaluated/Reported   | Use in Accountability   |
|------------------------------------|--|---|---|
| <p><b>Academic Achievement</b></p> | <p>Number of RLA or mathematics assessments at or above the Meets Grade Level standard<br/><i>(from CAF/College Board &amp; ACT, Inc.)</i></p> <p>---divided by---</p> <p>Number of Reading/Language Arts (RLA) or mathematics assessments<br/><i>(from CAF/College Board &amp; ACT, Inc.)</i></p> | <p>Evaluated for Closing the Gaps<sup>†</sup></p> <ul style="list-style-type: none"> <li>• All students</li> <li>• Two lowest performing racial/ethnic groups from the prior year</li> <li>• High focus</li> </ul> <p>Reported</p> <ul style="list-style-type: none"> <li>• All seven racial/ethnic groups: African American, American Indian, Asian, Hispanic, Pacific Islander, white, and two or more races<sup>††</sup></li> <li>• Economically Disadvantaged<sup>††</sup></li> <li>• Non-Economically Disadvantaged</li> <li>• Current EB/EL</li> <li>• Current and monitored EB/EL<sup>††</sup></li> <li>• Current special education<sup>††</sup></li> <li>• Former special education<sup>††</sup></li> <li>• Continuously enrolled<sup>††</sup> (and non-)</li> <li>• Highly mobile</li> <li>• Foster care</li> <li>• Homeless</li> <li>• Migrant</li> </ul> | <p>Closing the Gaps</p> <p><i>†While each of the student groups listed are evaluated within Closing the Gaps under ESSA requirements, the outcomes from four groups (all students, two lowest performing, and high focus) contribute to the domain rating.</i></p> <p><i>†† See “Chapter 10—Identification of Schools for Improvement” for the inclusion of these student groups in TSI and ATS identification.</i></p> |

## 6.8 Progress in Achieving English Language Proficiency Component

**Years of Data:** 2023–24 and 2024–25

**Source of Data:** TELPAS Assessment File

**Student Group Information:** Results are reported for 2024–25 current EB students/ELs. TELPAS results are included regardless of years in U. S. schools. Students who are year one in U.S. schools are included in the calculation.

**Use in 2025 Accountability:** The Progress in Achieving English Language Proficiency component evaluates the TELPAS and TELPAS Alternate results for grades K–12 and is used in calculating the Closing the Gaps domain.

### **Other Information:**

In 2025 accountability, the Progress in Achieving English Language Proficiency component evaluates TELPAS and TELPAS Alternate results compared to the prior year results to determine if the student made progress. For 2025, TELPAS results are evaluated at the domain level. For 2026 and beyond, progress will be evaluated at the composite level.

- A student is considered to have made progress if the student
  - advances, or
  - is scored as Advanced High or Basic Fluency in at least two of the four domains from the prior year (2024) to the current year (2025). The four evaluated domains for Progress in Achieving English Language Proficiency are listening, speaking, reading, and writing.
- Students evaluated in all four domains in both 2024 and 2025, or scored as Advanced High or Basic Fluency in at least two of the four domains in the current year (2025), are evaluated.
- Ratings are not compared across TELPAS and TELPAS Alternate

TELPAS assesses the English language proficiency of K–12 EB students/ELs in four language domains: listening, speaking, reading, and writing. English language proficiency assessments in grades K–12 are federally required to evaluate the progress that EB students/ELs make in becoming proficient in the use of academic English.

**Table 6.8. English Language Proficiency Component**

| Component                                  | Methodology   | Student Groups Evaluated    | Use in Accountability   |
|--|---|-----------------------------|-------------------------|
| <p><b>English Language Proficiency</b></p> | <p>Number of students with a TELPAS or TELPAS Alternate assessment that advance by at least one score in at least two of the four domains from the 2023-24 to 2024-25 or are Advanced High or Basic Fluency in at least two of the four domains in 2025</p> <p style="text-align: center;">---divided by---</p> <p>Number of students with 2024–25 TELPAS or TELPAS Alternate assessments with Advanced High or Basic Fluency in at least two of the four domains or have scores in all four domains in both 2024 and 2025<br/> <i>(from TELPAS and TELPAS Alternate Assessment File)</i></p> | <p>EB/EL (current only)</p> | <p>Closing the Gaps</p> |

**6.9 Participation Status**

**Years of Data:** 2024–25

**Student Group Information:** Results are reported for the following groups: all students, African American, American Indian, Asian, Hispanic, Pacific Islander, white, two or more races, high focus (economically disadvantaged, current and monitored EB students/ELs, students currently served by special education, or highly mobile), highly mobile (foster, homeless, or migrant).

**Use in 2025 Accountability:** Participation status is used in calculating the Closing the Gaps component results for campuses.

**Other Information:**

The target for Participation Status is 95 percent of students taking a state-administered assessment. Participation measures are based on STAAR, STAAR Alternate 2, accelerated testers’ ACT and SAT assessment results, TELPAS and TELPAS Alternate assessment results.

- STAAR Alternate 2 students with No Authentic Academic Response (NAAR) designation are included as participants.
- Students with the medical exception or medically exempt designations are not included in the participation rate calculation. This includes both STAAR and STAAR Alternate 2 students.

See “Chapter 4—Closing the Gaps” for additional information.

**Table 6.9. Participation Status**

| Component   | Methodology  | Student Groups Evaluated  | Use in Accountability   |
|---|--|---|---|
| <p><b>Participation Status</b></p> <p><i>Note: Participation status is calculated separately for a) RLA and b) Mathematics.</i></p> | <p>1) Number of answer documents with a score code of “S,”</p> <p>2) number of STAAR Alternate 2 testers with a score code of “N,”</p> <p>3a) number of “A” or “O” STAAR reading answer documents with a scored TELPAS or TELPAS Alternate assessment reading domain <i>or</i></p> <p>3b) number of “A” or “O” STAAR mathematics answer documents with a scored TELPAS or TELPAS Alternate assessment reading domain for year 1 in US schools and is an asylee/refugee or SIFE,</p> <p>4a) number of accelerated testers’ ERW SAT or ELA ACT assessments <i>or</i></p> <p>4b) number of accelerated testers’ mathematics SAT or ACT assessments</p> <p style="text-align: center;"><b>---divided by---</b></p> <p>Number of “scored” (S), “absent” (A), “no authentic academic response” (N), “other” (O) assessments, and accelerated testers<br/><i>(from CAF/College Board &amp; ACT, Inc, Accelerated Testers Listing)</i></p> | <p>Evaluated for Closing the Gaps<sup>†</sup></p> <ul style="list-style-type: none"> <li>• All students</li> <li>• Two-lowest-performing racial/ethnic groups from the prior year</li> <li>• High focus</li> </ul> <p>Reported</p> <ul style="list-style-type: none"> <li>• All seven racial/ethnic groups: African American, American Indian, Asian, Hispanic, Pacific Islander, white, and two or more races<sup>††</sup></li> <li>• Economically Disadvantaged<sup>††</sup></li> <li>• Non-Economically Disadvantaged</li> <li>• Current EB/EL</li> <li>• Current and monitored EB/EL<sup>††</sup></li> <li>• Current special education<sup>††</sup></li> <li>• Former special education<sup>††</sup></li> <li>• Continuously enrolled<sup>††</sup> (and non-)</li> <li>• Highly mobile</li> <li>• Foster care</li> <li>• Homeless</li> <li>• Migrant</li> </ul> | <p>Closing the Gaps</p> <p><i>†While each of the student groups listed are evaluated within Closing the Gaps under ESSA requirements, the outcomes from four groups (all students, two lowest performing, and high focus) contribute to the domain rating.</i></p> <p><i>†† See “Chapter 10—Identification of Schools for Improvement” for the inclusion of these student groups in TSI and ATS identification.</i></p> |

**Table 6.9.1 Small Numbers Analysis**

Small numbers analysis is only applied to the all students group when there are fewer than 10 assessments or graduates/non-graduating 12th graders.

| Domain                     | Component  | Years Used   |
|----------------------------|--|--|
| <b>Student Achievement</b> | STAAR Performance                                      | N/A  |
|                            | Graduation Rate:<br>4-Year<br>5-Year<br>6-Year         | Classes of:<br>2024, 2023 and 2022<br>2023, 2022 and 2021<br>2022, 2021 and 2020 |

|                            | Student Achievement Domain Score: STAAR Component Only | N/A  |
|                            | CCMR Performance                                       | 2024, 2023, and 2022 Annual Graduates/<br>Non-Graduating 12th Graders            |

## 7. Data used in Distinction Designations

Districts and campuses that receive an acceptable rating are eligible to earn distinction designations. For campuses, distinction designations are awarded for achievement in several areas and are based on performance relative to a group of campuses of similar type, size, grade span, and student demographics.

Districts are eligible for a distinction designation in postsecondary readiness.

Data from the TSDS PEIMS Fall Snapshot is used to establish the comparison group for each campus. See “Chapter 6—Distinction Designations” for detailed information on the methodology used to determine campus comparison groups and evaluate each distinction designation.

### 7.1 STAAR Data Used in Distinction Designations

**Year of Data:** 2024–25

**Source of Data:** CAF

**Student Group Information:** All students only

**Other Information:**

- *TAKS, TAAS, TEAMS, TABS Exclusions.* STAAR results for students retaking EOC exams to meet graduation requirements who originally tested under TAKS, TAAS, TEAMS, and/or TABS are excluded from accountability calculations, including distinction designations.

**Table 7.1. STAAR Indicators**

Year of Data: 2024–25

| Indicator   | Methodology   | Student Groups Evaluated | Use in Distinctions                  |
|---|---|--------------------------|--------------------------------------|
| <b>Accelerated Student Learning in Reading/ Language Arts (RLA)</b> | Percentage of tests taken that earned an Accelerated Learning point in reading/language arts (RLA)<br><i>(from CAF)</i> | All students             | AADD:<br>Reading/Language Arts (RLA) |
| <b>Accelerated Student Learning in Mathematics</b>                  | Percentage of tests taken that earned an Accelerated Learning point in mathematics<br><i>(from CAF)</i>                 | All students             | AADD:<br>Mathematics                 |
| <b>Grade 3 Reading Performance (Masters Grade Level)</b>            | Percentage of grade 3 reading tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>                | All students             | AADD:<br>Reading/Language Arts (RLA) |
| <b>Grade 3 Mathematics Performance (Masters Grade Level)</b>        | Percentage of grade 3 mathematics tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>            | All students             | AADD:<br>Mathematics                 |
| <b>Grade 4 Reading Performance (Masters Grade Level)</b>            | Percentage of grade 4 reading tests taken in that met the Masters Grade Level standard<br><i>(from CAF)</i>             | All students             | AADD:<br>Reading/Language Arts (RLA) |
| <b>Grade 4 Mathematics Performance (Masters Grade Level)</b>        | Percentage of grade 4 mathematics tests taken in that met the Masters Grade Level standard<br><i>(from CAF)</i>         | All students             | AADD:<br>Mathematics                 |
| <b>Grade 5 Reading Performance (Masters Grade Level)</b>            | Percentage of grade 5 reading tests taken in that met the Masters Grade Level standard<br><i>(from CAF)</i>             | All students             | AADD:<br>Reading/Language Arts (RLA) |
| <b>Grade 5 Mathematics Performance (Masters Grade Level)</b>        | Percentage of grade 5 mathematics tests taken in that met the Masters Grade Level standard<br><i>(from CAF)</i>         | All students             | AADD:<br>Mathematics                 |
| <b>Grade 5 Science Performance (Masters Grade Level)</b>            | Percentage of grade 5 science tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>                | All students             | AADD:<br>Science                     |

| Indicator  | Methodology  | Student Groups Evaluated | Use in Distinctions                  |
|--|--|--------------------------|--------------------------------------|
| <b>Grade 6 Reading Performance (Masters Grade Level)</b>     | Percentage of grade 6 reading tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>   | All students             | AADD:<br>Reading/Language Arts (RLA) |
| <b>Grade 6 Mathematics Performance (Masters Grade Level)</b> | Percentage of grade 6 mathematics tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>   | All students             | AADD:<br>Mathematics                 |
| <b>Grade 7 Reading Performance (Masters Grade Level)</b>     | Percentage of grade 7 reading tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>   | All students             | AADD:<br>Reading/Language Arts (RLA) |
| <b>Grade 7 Mathematics Performance (Masters Grade Level)</b> | Percentage of grade 7 mathematics tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>   | All students             | AADD:<br>Mathematics                 |
| <b>Grade 8 Reading Performance (Masters Grade Level)</b>     | Percentage of grade 8 reading tests taken in that met the Masters Grade Level standard<br><i>(from CAF)</i>  | All students             | AADD:<br>Reading/Language Arts (RLA) |
| <b>Grade 8 Mathematics Performance (Masters Grade Level)</b> | Percentage of grade 8 mathematics tests taken in that met the Masters Grade Level standard<br><i>(from CAF)</i>  | All students             | AADD:<br>Mathematics                 |
| <b>Algebra I by Grade 8 Participation</b>                    | Percentage of grade 8 students enrolled in fall 2024 who took an EOC Algebra I test in the current school year or a prior school year<br><i>(from TSDS PEIMS 40110 and CAF)</i>                  | All students             | AADD:<br>Mathematics                 |
| <b>Algebra I by Grade 8 Performance (Meets Grade Level)</b>  | Percentage of grade 8 students enrolled in fall 2024 who took an EOC Algebra I test in the current school year or a prior school year and earned Meets Grade Level or above<br><i>(from CAF)</i> | All students             | AADD:<br>Mathematics                 |
| <b>Grade 8 Science Performance (Masters Grade Level)</b>     | Percentage of grade 8 science tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>   | All students             | AADD:<br>Science                     |

| Indicator  | Methodology   | Student Groups Evaluated | Use in Distinctions  |
|--|---|--------------------------|--|
| <b>Grade 8 Social Studies Performance (Masters Grade Level)</b>                                      | Percentage of grade 8 social studies tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>   | All students             | AADD:<br>Social Studies  |
| <b>EOC English I Performance (Masters Grade Level)</b>   | Percentage of EOC English I tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>  | All students             | AADD:<br>Reading/Language Arts (RLA)                                 |

| <b>EOC U.S. History Performance (Masters Grade Level)</b>  | Percentage of EOC U.S. History tests taken that met the Masters Grade Level standard<br><i>(from CAF)</i>   | All students             | AADD:<br>Social Studies  |
| <b>SAT/ACT Results for Accelerated Testers (Masters Grade Level)</b>                                 | Percentage of SAT/ACT tests taken by accelerated testers in 2024–25 that met the Masters Grade Level standard equivalent score<br><i>(from CAF/College Board, ACT Inc.)</i> | All Students             | AADD:<br>Reading/Language Arts (RLA),<br>Mathematics, and<br>Science |
| <b>Percentage of STAAR Results at Meets Grade Level or Above Standard (All Subjects)</b>             | Percentage of STAAR results at Meets Grade Level or Above Standard (All Subjects)<br><i>(from CAF)</i>  | All students             | AADD:<br>Postsecondary<br>Readiness                                  |
| <b>Percentage of Grade 3–8 Results at Meets Grade Level or Above in Both Reading and Mathematics</b> | Percentage of Grade 3–8 results at Meets Grade Level or Above in both Reading and Mathematics<br><i>(from CAF)</i>  | All students             | AADD:<br>Postsecondary<br>Readiness                                  |

## 7.2 Graduation Plan Rate

For 2025 distinction designations, this indicator uses the rate comprised of students who graduate with Recommended High School Plan (RHSP), Distinguished Achievement Plan (DAP), Foundation High School Plan with an Endorsement (FHSP-E), Foundation High School Plan with a Distinguished Level of Achievement (FHSP-DLA), or Texas First Early High School Completion Program with a Distinguished Level of Achievement (Texas-First-DLA). Beginning with the Class of 2018, all students are required to select the FHSP. Until then, students may have earned an FHSP, Minimum High School Plan (MHSP), RHSP, or DAP diploma. During this transition period, this approach addresses the varying degrees to which FHSP graduation plans have been implemented across districts. (This continues to be relevant in 2025.)

**Year of Data:** Class of 2024

**Student Group Information:** All students only

**Use in 2025 Distinction Designations:** The four-year longitudinal RHSP/DAP/FHSP-E/FHSP-DLA/Texas-First-DLA rate for all students is used to determine the distinction designation for postsecondary readiness.

**Other Information:**

- *Graduation Types.* RHSP graduates are students with type codes of 19, 22, 25, 28, or 31; DAP graduates are students with type codes of 20, 23, 26, 29, 32; FHSP graduates are students with type codes 34, 35, 54, 55, 56, or 57; Texas-First graduates are students with type code 40. See the [Texas Education Data Standards](#) for more information.

**Table 7.2. Graduation Plan Rate**

| Indicator   | Methodology  | Student Groups Evaluated | Use in Distinctions              |
|---|--|--------------------------|----------------------------------|
| <b>Four-Year Longitudinal RHSP or DAP or FHSP-E, FHSP-DLA or Texas-First-DLA Rate</b> | Number of graduates in the Class of 2024 who complete a 4-year RHSP or DAP or FHSP-E or FHSP-DLA or Texas-First-DLA<br><i>(from TSDS PEIMS 40203)</i><br><br>---divided by---<br><br>Number of graduates in the Class of 2024 with reported graduation plans<br><i>(from TSDS PEIMS 40203)</i> | All students             | AADD:<br>Postsecondary Readiness |

### 7.3 Texas Success Initiative (TSI) Criteria Graduates

**Year of Data:** 2023–24

**Student Group Information:** All students only

**Other Information:**

- *TSIA*. This measure includes the performance for the Class of 2024. The results include TSIA1 and TSIA2 assessments through October 2024.
- *SAT and ACT*. This measure includes the performance for the Class of 2024. If a student takes an ACT or SAT test more than once, the best score, by subject, is used.
- *College Prep Course*. This measure includes performance for the Class of 2024. Graduates must have completed and received credit for a college prep course, as defined in TEC §28.014, in ELA and/or mathematics.
- *Matching ID*. Students are included only once. The numerator consists of students matched across the multiple assessments using their unique IDs.

**Table 7.3. Texas Success Initiative (TSI) Criteria Graduates**

| Indicator                           | Methodology   |                      |   |   |  |  | Student Groups Evaluated | Use in Distinctions              |
|-------------------------------------|---|----------------------|---|---|--|--|--------------------------|----------------------------------|
| <b>TSI Criteria Graduate</b>        | Number of graduates meeting the college-ready criteria on the TSIA1 and/or TSIA2, SAT, ACT, or by successfully completing and earning credit for a college prep course as defined in TEC §28.014, in both ELA and mathematics.<br><i>(from TSDS PEIMS 43415, THECB, College Board, and ACT)</i><br><br>---divided by---<br>Number of 2023–24 annual graduates<br><i>(from TSDS PEIMS 40203)</i> |                      |   |   |  |  | All students             | AADD:<br>Postsecondary Readiness |

## 7.6 SAT/ACT Results

**Year of Data:** 2023–24 graduates

**Student Group Information:** All students only

**Use in 2025 Distinction Designations:** SAT and ACT results are used in determining distinction designations for academic achievement in Reading/Language Arts, mathematics, science, and postsecondary readiness.

**Other Information:** See Table 7.3 for details regarding TSI criterion score.

**Table 7.6. SAT/ACT Participation and Performance**

| Indicator                                     | Methodology  | Student Groups Evaluated | Use in Distinctions  |
|---|--|--------------------------|--|
| <b>SAT/ACT Participation</b>                  | <p style="text-align: center;">Number of graduating examinees taking either the SAT or ACT<br/><i>(from College Board and ACT)</i></p> <p style="text-align: center;">---divided by---</p> <p style="text-align: center;">Number of total graduates <i>(from TSDS PEIMS 40203)</i></p>   | All students             | <p>AADD:<br/>Reading/Language Arts (RLA)<br/>Mathematics<br/>Postsecondary Readiness</p> |
| <b>SAT/ACT Performance</b>                    | <p style="text-align: center;">Number of graduating examinees at or above the TSI criterion score on the SAT or ACT<br/><i>(from College Board and ACT)</i></p> <p style="text-align: center;">---divided by---</p> <p style="text-align: center;">Number of graduating examinees taking either the SAT or ACT<br/><i>(from College Board and ACT)</i></p> | All students             | <p>AADD:<br/>Postsecondary Readiness</p>   |
| <b>Average SAT Score: Reading and Writing</b> | <p style="text-align: center;">Sum of scores in evidence-based reading and writing of all graduates who took the SAT<br/><i>(from College Board)</i></p> <p style="text-align: center;">---divided by---</p> <p style="text-align: center;">Number of graduating examinees taking the SAT<br/><i>(from College Board)</i></p>                              | All students             | <p>AADD:<br/>Reading/Language Arts (RLA)</p>   |

| Indicator                             | Methodology   | Student Groups Evaluated | Use in Distinctions                  |
|---------------------------------------|---|--------------------------|--------------------------------------|
| <b>Average SAT Score: Mathematics</b> | Sum of scores in mathematics of all graduates who took the SAT<br><i>(from College Board)</i><br>---divided by---<br>Number of graduating examinees taking the SAT<br><i>(from College Board)</i> | All students             | AADD:<br>Mathematics                 |
| <b>Average ACT Score: ELA</b>         | Sum of average scores in English and reading of all graduates who took the ACT<br><i>(from ACT)</i><br>---divided by---<br>Number of graduating examinees taking the ACT<br><i>(from ACT)</i>     | All students             | AADD:<br>Reading/Language Arts (RLA) |
| <b>Average ACT Score: Mathematics</b> | Sum of scores in mathematics of all graduates who took the ACT<br><i>(from ACT)</i><br>---divided by---<br>Number of graduating examinees taking the ACT<br><i>(from ACT)</i>                     | All students             | AADD:<br>Mathematics                 |
| <b>Average ACT Score: Science</b>     | Sum of scores in science of all graduates who took the ACT<br><i>(from ACT)</i><br>---divided by---<br>Number of graduating examinees taking the ACT<br><i>(from ACT)</i>                         | All students             | AADD:<br>Science                     |

### 7.7 Advanced/Dual-Credit Course Completion

**Year of Data:** 2023–24

**Student Group Information:** All students only

**Use in 2025 Distinction Designations:** This indicator is used in determining the distinction designations for academic achievement in Reading/Language Arts (RLA), mathematics, science, social studies, and postsecondary readiness.

**Other Information:**

- *Advanced/Dual-Credit Course Completion by Subject.* Advanced/dual-credit course completion percentages are calculated and available by subject for ELA, mathematics, science, and social studies.
- *Advanced Course List.* A list of courses designated as advanced is published each year in the *TAPR Comprehensive Glossary*. The most current list can be accessed online at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2024/glossary.pdf>.

**Table 7.7. Advanced/Dual-Credit Course Completion**

**Year of Data:** 2023–24

| Indicator   | Methodology  | Student Groups Evaluated | Use in Distinctions                  |
|---|--|--------------------------|--------------------------------------|
| <b>Advanced/Dual-Credit Course Completion Rate: ELA</b>         | Number of students in grades 9–12 who received credit for at least one advanced/dual-credit course in ELA<br><i>(from TSDS PEIMS 43415)</i><br><br>---divided by---<br><br>Number of students in grades 9–12 who completed at least one credit course in ELA<br><i>(from TSDS PEIMS 43415)</i>                 | All students             | AADD:<br>Reading/Language Arts (RLA) |
| <b>Advanced/Dual-Credit Course Completion Rate: Mathematics</b> | Number of students in grades 9–12 who received credit for at least one advanced/dual-credit course in mathematics<br><i>(from TSDS PEIMS 43415)</i><br><br>---divided by---<br><br>Number of students in grades 9–12 who completed at least one credit course in mathematics<br><i>(from TSDS PEIMS 43415)</i> | All students             | AADD:<br>Mathematics                 |

| Indicator  | Methodology  | Student Groups Evaluated | Use in Distinctions     |
|--|--|--------------------------|-------------------------|
| <b>Advanced/Dual-Credit Course Completion Rate: Science</b>        | Number of students in grades 9–12 who received credit for at least one advanced/dual-credit course in science<br><i>(from TSDS PEIMS 43415)</i><br>---divided by---<br>Number of students in grades 9–12 who completed at least one credit course in science<br><i>(from TSDS PEIMS 43415)</i>               | All students             | AADD:<br>Science        |
| <b>Advanced/Dual-Credit Course Completion Rate: Social Studies</b> | Number of students in grades 9–12 who received credit for at least one advanced/dual-credit course in social studies<br><i>(from TSDS PEIMS 43415)</i><br>---divided by---<br>Number of students in grades 9–12 who completed at least one credit course in social studies<br><i>(from TSDS PEIMS 43415)</i> | All students             | AADD:<br>Social Studies |

**7.8 Attendance Rate**

**Year of Data:** 2023–24

**Student Group Information:** All students only

**Use in 2025 Distinction Designations:** Attendance rate is used in determining distinction designations for academic achievement in Reading/Language Arts (RLA), mathematics, science, and social studies.

| Indicator              | Methodology  | Student Groups Evaluated | Use in Distinctions  |
|------------------------|--|--------------------------|--|
| <b>Attendance Rate</b> | Total number of days students in grade 1–12 are present during the 2023–24 school year<br><i>(from TSDS PEIMS 42400)</i><br>---divided by---<br>Total number of days students in grade 1–12 are in membership during the 2023–24 school year<br><i>(from TSDS PEIMS 42400)</i> | All students             | AADD:<br>Reading/Language Arts (RLA)<br>Mathematics<br>Science<br>Social Studies |
