4	BE/ESL/EB	EB students (grades 5–12) in U.S. schools five or more years with a TELPAS Composite Rating of Beginning or Intermediate who also met the minimum level of satisfactory performance or higher on the appropriate English STAAR reading (enrolled in grades 5–8) or English I or II EOC assessments (enrolled in grades 5–12) are not included in the numerator of this indicator.
5	BE/ESL/EB	Campus testing coordinator in consultation with the Language Proficiency Assessment Committee (LPAC) is responsible for submitting and verifying the years in U.S. schools' information.
6	BE/ESL/EB	If a student takes TELPAS for any current year administration, the student will be reported as LEP = C in the Consolidated Accountability File (CAF) file used for the RDA.
7	BE/ESL/EB	Based on students reported in PEIMS as EBs at any time while attending Grades 9–12 in a Texas Public School.
8	BE/ESL/EB	Local Education Agencies (LEAs), including school districts, districts of innovation, and open-enrollment charter schools that are unable to provide the appropriately certified teachers to implement the BE program must request from the commissioner of education an exception for the BE program, and for ESL program must request from the commissioner of education a waiver for the ESL program, and receive approval to offer a temporary alternative methods program as per 19 TAC §89.1207(a) for BE and 19 TAC §89.1207(b) for ESL for student data to be included in this indicator.
9	BE/ESL/EB	Students included in Accountability Subset are counted only once in the numerator and once in the denominator per subject across listed applicable collections and test administrations.
10	BE/ESL/EB	Students are included in the numerator if they achieve Approaches Grade Level or higher on STAAR.
11	OSP	Students in Foster Care, identified as homeless, or military-connected in their first year in U.S. schools are excluded from this indicator unless they were administered the STAAR Alternate 2.
12	OSP	Students are included in the numerator if they achieve Level II performance or higher on STAAR Alternate 2.
13	OSP	The general term foster care includes all students in the managing conservatorship of the Texas Department of Family and Protective Services.
14	OSP	The definition of “homeless” is the education definition used in the McKinney-Vento Homeless Assistance Act.
15	OSP	The definition of a military-connected student is defined under TEC §25.006 (d) (1-2) .
16	OSP	Each OSP group will be disaggregated for report only (no performance level assignment).
17	OSP	Students included in Accountability Subset are counted only once in the numerator and once in the denominator per subject across listed applicable collections and test administrations.
18	OSP	Students are included in the numerator if they achieve Approaches Grade Level or higher on STAAR.

19	SPED	Students are included in the numerator if they achieve Level II performance or higher on STAAR Alternate 2.
20	SPED	A complete list and descriptions of codes (i.e., instructional arrangement, discipline actions) can be found in TEDS here: https://www.texasstudentdatasystem.org/tsds/teds/tweds-upgrade .
21	SPED	Significant disproportionality risk ratio calculations are based on one year of data.
22	SPED	Per federal regulations (34 CFR §300.647), an SD risk ratio is not calculated when an LEA does not meet the MSR for a particular racial or ethnic group. However, if an LEA meets the MSR for a particular racial or ethnic group but not for the comparison “other students” group, these federal regulations require an SD risk ratio be calculated based on the alternate risk ratio, which uses the rates for “other students” in the state. If an LEA’s SD assignment was based on the alternate risk ratio, it will be so noted on the LEA’s RDA report.
23	SPED	The intermediate results for SD risk ratios are not rounded. This multiple decimal place precision helps ensure the accuracy of the final risk ratio values.
24	SPED	The actual length of a disciplinary assignment included in this indicator must be greater than zero.
25	SPED	School-aged is defined as students at least age five and enrolled in kindergarten or age six as of October 25, 2024, and less than 22 as of September 1, 2024 Student’s age derived from PEIMS 40100 Subcategory (BirthDate (E0006)).

27	SPED	Student’s age derived from PEIMS 40100 Subcategory (BirthDate (E0006)). Preschool- aged is defined as students at least three, and less than six as of October 27, 2024, and age five not enrolled in kindergarten.
28	SPED	Excludes PEIMS 40110 Subcategory (StudentAttribution (E1000)) indicating a court-ordered placement (attribution codes 21, 22, 25, or 26); PEIMS 41163 Subcategory (InstructionalSetting (E0173)) is 01 (Homebound); 02 (Hospital Class); or 30 (State Supported Living Centers – Exclusion applies only to RDA Indicator 8 11); PEIMS 41163 Sub- Category (RegionalDaySchoolProgramForDeaf (E0833)) is 3 (Receiving instructional services from the Regional Day School Program for the Deaf).
