

2026 College, Career, and Military Readiness (CCMR) Tracker Part II

The CCMR Tracker Part II provides districts with a means to track CCMR indicator completion throughout high school for students reported as enrolled in grades 9–12 on the TSDS PEIMS Fall 2025 snapshot date.

The CCMR Tracker is for informational purposes only. PEIMS errors may be corrected through a Working Submission that meets the requirements and follows the process outlined in the [Guidance on PEIMS Working Submissions for CCMR Data](#) communication. Non-PEIMS data for 2026 annual graduates and non-graduates can be corrected via the CCMR Verifier, to be released in Spring 2027.

The 2026 CCMR Tracker is released in two stages:

- Part I - April 2, 2026: CCMR outcomes reported through TSDS PEIMS, TSIA results, and OnRamps course completion through the **2024–25** school year; SAT, ACT, AP, IB, and level I/II certificate results through the **2023–24** school year
- Part II - July 23, 2026: CCMR outcomes for SAT, ACT, AP, IB, and level I/II certificate data are updated to include results through the **2024–25** school year

Note: the CCMR Tracker contains lagging data. While the CCMR Tracker contains students who were in grades 9–12 on the 2025–26 PEIMS snapshot, it does *not* contain results from the **2025–26** school year, as those data have yet to be reported.

New Download in 2026: IBC and Aligned Programs of Study

This download contains the IBC(s) earned by each student, all aligned programs of study for each IBC, as well as the student's CTE status in each program of study. Note that an IBC may be represented on multiple rows for an individual student. This is because an IBC can be aligned to multiple programs of study, and a student's CTE status in each program of study may vary.
