Schedule #2—Required Attachments and Provisions and Assurances

County-district number or vendor ID: 057905012	Amendment # (for amendments only):

Part 1: Required Attachments

The following table lists the fiscal-related and program-related documents that are required to be submitted with the application (attached to the back of each copy, as an appendix).

#	Applicant Type	Name of Required Fiscal-Related Attachment
	No fiscal-related attachments are required for this grant.	

#	Name of Required Program-Related Attachment	Description of Required Program-Related Attachment
1	Crosswalk Template	The Crosswalk Template outlines current program/course of study for students.
2	Work Based Education Matrix Template	The Work Based Education Matrix Template details the appropriate work based education experiences for students at each grade level.

Part 2: Acceptance and Compliance

By marking an X in each of the boxes below, the authorized official who signs Schedule #1—General Information certifies his or her acceptance of and compliance with all of the following guidelines, provisions, and assurances.
Note that provisions and assurances specific to this program are listed separately, in Part 3 of this schedule, and require a separate certification.

X	Acceptance and Compliance
☒	I certify my acceptance of and compliance with the General and Fiscal Guidelines.
☒	I certify my acceptance of and compliance with the program guidelines for this grant.
☒	I certify my acceptance of and compliance with all General Provisions and Assurances requirements.
☒	I certify that I am not debarred or suspended. I also certify my acceptance of and compliance with all Debarment and Suspension Certification requirements.
☒	I certify that this organization does not spend federal appropriated funds for lobbying activities and certify my acceptance of and compliance with all Lobbying Certification requirements.

County-district number or vendor ID: 057905012	Amendment # (for amendments only):

Part 3: Program-Specific Provisions and Assurances

☒   I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.

#	Provision/Assurance
1.	The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
2.	The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
3.	The applicant provides assurance that they will work with the TEA chosen assistance provider as outlined in this RFA.

Schedule #5—Program Executive Summary

County-district number or vendor ID: 057905012	
	Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Indicate which grant you are applying for:

☒ P-TECH   ☐ ICIA   ☐ Both

Dallas ISD, in partnership with the Dallas County Community College District (DCCCD), expanded on an already strong existing Early College High School Program by implementing Collegiate Academies designed for workforce development utilizing the Pathways in Technology Early College High School (P-TECH) framework. The Collegiate Academies focus on high-need workforce industries and career pathways. Each Collegiate Academy has an industry partner and a highter education partner through DCCCD and offers its own pathway leading to an Associate of Applied Science or Associate of Science degree. Additionally, articulation agreements with regional four-year universities will allow Collegiate Academy graduates to take specified courses toward a Bachelor's degree. Districtwide career pathways available to students include health sciences, information technology, education and accounting, among others. The roles and responsibilities for each partner in a Collegiate Academy are clearly defined and agreed to by a signed Memorandum of Understanding/Interlocal Agreement.

The Dallas ISD Collegiate Academy program is based upon the P-TECH framework which represents an innovative approach to college access and completion for students who might otherwise be locked out of the growth sectors of the economy. Those students who complete the program will:

- become familiar with the effort required to successfully complete college level coursework;
- receive corporate mentorship and intern/externship opportunities, learning about the workforce and workforce requirements first-hand;
- avoid the need for remediation when enrolling in college after high school graduation;
- earn as many as 60 hours of tuition-free college credit as a high school student, and/or an Associate of Applied Science degree;
- eliminate thousands of dollars in college tuition costs by earning college credit hours while in high school;
- start college at a four-year university already having completed two years in high school, thereby earning a four-year degree in less time than their peers; and
- enter the job market with a work-ready skill upon completion of high school.

The Dallas ISD Collegiate Academies represent a sweeping redesign of the high school experience on campuses that have traditionally underperformed and have a limited number of students that graduate from post-secondary institutions within six years. By creating successful student transitions into institutions of higher education, the Dallas ISD Collegiate Academies will increase the number of first-generaion college students embarking upon on high demand, high wage careers.

The Pinkston Health and Technology Early College High School (Pinkston H-TECH) was opened as a school within a school at L.G. Pinkston High School in the Fall of the 2016-2017 school year. The campus opened as a Collegiate Academy utilizing the P-TECH framework to provide an innovative approach to improving educational outcomes for at-risk or students underrepresented in higher education. Spring 2017, Pinkston Collegiate Academy applied for and received Early College High School (ECHS) designation from the Texas Education Agency.

Pinkston H-TECH operates using the ECHS guiding principles and adheres to the ECHS benchmarks; 1) Target Population, 2) Partnership Agreement, 3) P-16 Leadership Initiatives, 4)Curriculum and Support, 5)Academic Rigor and 6) Readiness and School Design. Additionally, Pinkston H-TECH has secured industry partners that support workforce development. The campus industry partners have agreed to provide workbased learning experiences, job shadowing, site visits, internships and priority interviews for graduates of the program.

Schedule #5—Program Executive Summary (cont.)

County-district number or vendor ID: 057905012	Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Pinkston H-TECH focuses directly on the Allied Health Professions, Business and Technology. These career clusters are identified as a critical workforce need in the State of Texas by the Governor's Office, Texas Education Agency, and Texas Workforce Commission.

Pinkston H-TECH accept 100 ninth-grade students per year. Students of all backgrounds and abilities are eligible to apply, with a focus on attracting first generation college students and those who are historically underrepresented in higher education, with the determination to attend college. Students will only be accepted into the collegiate academy program as freshmen. Each class will move together as a cohort throughout high school. The academic plan includes a combination of courses listed in the THECB Lower Division Academic Course Guide Manuals and the college-level technical education courses in the Workforce Education Course Manual (WECM).

The academic partners for Pinkston H-TECH are El Centro College in the Dallas County Community College District, Texas A&M University-Commerce (TAMU-Commerce) and University of North Texas. Students will complete high school graduation requirements and earn either an associate's degree or up to 60 semester hours of college credit. Dallas ISD will provide transportation for students to and from the El Centro College campus. The articulation agreements with TAMU-Commerce and UTD will allow Pinkston H-TECH graduates to take specified courses to complete a BAAS or BS degree.

Parkland Hospital, Plains Capital Bank and Univision serve as primary industry partners at Pinkston H-TECH. The industry partnerships are integral to student success. Corporate involvement builds student understanding of the connection between their coursework and field experiences to the "real world" expectations of the workplace. These connections serve as a motivator and support mechanism for students, both in the classroom and in their future careers.

Schedule #6—Program Budget Summary

County-district number or vendor ID: 057905012 | Amendment # (for amendments only):

Program authority: GAA, Article III, Rider 67, 85th Texas Legislature and TEC 29.551-29.556 (P-TECH); GAA, Article III. Rider 49, TEC 29.908, and WIOA §17.278 and §17.258 (ICIA)

Grant period: February 23, 2018, to June 15, 2020 | Fund code: 429 (State), 289 (Federal)

Budget Summary

Schedule #	Title	Class/ Object Code	State Funds (36%)			Federal Funds (64%)			Match
			Program Cost	Admin Cost	Total Budgeted Cost	Program Cost	Admin Cost	Total Budgeted Cost	
Schedule #7	Payroll Costs (6100)	6100	$87,600	$0	$87,600	$0	$0	$0	$52,000
Schedule #8	Professional and Contracted Services (6200)	6200	$5,000	$0	$5,000	$65,944	$0	$65,944	$0
Schedule #9	Supplies and Materials (6300)	6300	$0	$0	$0	$100,456	$0	$100,456	$0
Schedule #10	Other Operating Costs (6400)	6400	$1,000	$0	$1,000	$0	$0	$0	$0
Schedule #11	Capital Outlay (6600)	6600	$0	$0	$0	$0	$0	$0	$0
	Total direct costs:		$93,600	$0	$93,600	$166,400	$0	$166,400	$52,000
	Percentage% indirect costs (see note):		N/A	$0	$0	N/A	$0	$0	$0
Grand total of budgeted costs (add all entries in each column):			$93,600	$0	$93,600	$166,400	$0	$166,400	$52,000

Administrative Cost Calculation

	State Funds	Federal Funds
Enter the total grant amount requested:	$93,600	$166,400
Percentage limit on administrative costs established for the program (10%):	× .10	× .10
Multiply and round down to the nearest whole dollar. Enter the result. This is the maximum amount allowable for administrative costs, including indirect costs:	$9,360	$16,640

NOTE: Indirect costs are calculated and reimbursed based on actual expenditures when reported in the expenditure reporting system, regardless of the amount budgeted and approved in the grant application. If indirect costs are claimed, they are part of the total grant award amount. They are not in addition to the grant award amount. Indirect costs are not required to be budgeted in the grant application in order to be charged to the grant. Do not submit an amendment solely for the purpose of budgeting indirect costs.

If selected for a competitive grant, your award amount will be the lesser of the grand total of budgeted costs as stated on this schedule (the boxes with the bold outline), or the sum of all line items listed on this schedule, or the maximum allowable award amount. TEA is not responsible for math errors.

County-district number or vendor ID: 057905012	Amendment # (for amendments only):

Statutory Requirement 1: Describe the current P-TECH or ICIA (or similar program) school structure. Describe how the school currently meets criteria for open enrollment. In addition, complete the data chart for students who are currently in the P-TECH or ICIA program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Pinkston H-TECH will operate as a small learning community within L.G. Pinkston High School. **Pinkston H-TECH** will serve 300 students entering grade 9 through 11th grade during the 2018-2019 school year with plans to scale up by adding twelfth grade in 2019-2020. The campus will enroll a new cohort of 100 9th grade students each year. At capacity **Pinston H-TECH** will serve 400 students in grades 9-12. Students in grades 9 and 10 will attend classes at the Pinkston High School campus and 11th and 12th grade students will attend classes at El Centro College West Campus

Enrollment at **Pinkston H-TECH** is open to incoming 9th grade students only. The campus has developed a comprehensive plan to recruit students that are first generation college goers, at-risk, English language learners and/or students who have been historically underrepresented in higher education specifically Hispanic, African-American and economically disadvantaged students.

The **Pinkston H-TECH** Leadership Team will recruit students by visiting surrounding middle schools, participating in Dallas ISD High School Fairs and by attending middle school "High School Preview" nights. **Pinkston H-TECH** hosts a series of open houses and informational meetings for community members. Parents, students and community members will have the opportunity to learn about the **Pinkston H-TECH** program, pathways and extracurricular activities.

The recruitment and enrollment processes were developed to ensure that all students would have an opportunity to attend **Pinkston H-TECH** regardless of their academic history, background, discipline record and previous assessment scores. Interested students will complete an on-line application and participate in a face-to-face interview conducted by the **Pinkston H-TECH** team members. Students who complete the application and interview process receive additional points based upon ECHS Targeted Student Population criteria and outcome based measures. The applicants' information will be loaded in a campus database and 100 students will be selected for admissions into the 9th grade cohort each year.

Grade Level	# Students in Program*	Program % At-Risk (Defined by PEIMS)	Program % LEP	Program % ESL	Program % SPED	Program % Eco Dis	Program % First Generation College Goers
9th	98	61%	44%	.02%	.02%	93%	89%
10th	105	34%	29%	0%	.01%	89%	93%
11th	N/A	N/A	N/A	N/A	N/A	N/A	N/A
12th	N/A	N/A	N/A	N/A	N/A	N/A	N/A

*if program does not currently include students from the grade level, write n/a in each column.

Statutory Requirement 2: Describe one program/course of study that you offer to students. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The program of study at Pinkston H-TECH provides a comprehensive, structured approach for delivering academic and career and technical education to prepare students for postsecondary education and career success. Below is an example of a program of study at Pinkston H-TECH which enables students to enter the **Allied Health Field**. Students will complete high school graduation requirements and either an **associate's degree** or up to 60 semester credit hours with **El Centro College** in the **DCCCD**.

The ECHS academic plan includes a combination of courses listed in the THECB Lower Division Academic Course Guide Manuals and the college-level technical education courses in the Workforce Education Course Manual (WECM). The following table shows the current draft of planned courses students will take during grades 9 through 12.

Grade	High School Courses	College Courses
Grade 9	MAPS (TSIA preparation); English I; Algebra I; AP Human Geography; Biology; Fine Arts; Health (local)	PE 5201
Grade 10	English II; Geometry; World History; Chemistry; World Languages I	EDUC 1300 (College Transitions) PSYC 2301 (General Psychology) Fine Arts Appreciation PHIL 2306 Introduction to Ethics
Grade 11	English III; Algebra II	HIST 1301 and 1302 (US History) BIOL 1406 (Biology for Science Majors) BIOL 1407 (Scientific Research & Design) PSYC 2314 (Lifespan Growth & Development) SPCH 1311 (Intro to Speech Communications)
GRADE 12		ENGL 1301 and 1302 (English Composition) MATH 1314 (College Algebra) MATH 1316 (Plane Trigonometry) GOVT 2305 and 2306 (Federal Government) BIOL 2401 and 2402 (Anatomy & Physiology)

Statutory Requirement 3: Describe how you allow participating students to complete high school and receive the required diplomas, certifications, and work-based education experiences. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Schedule #16—Responses to Statutory Requirements (cont.)	
County-district number or vendor ID: 057905012	Amendment # (for amendments only):

Statutory Requirement 4: Describe how you provide students with flexible class scheduling and academic mentoring. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The Pinkston H-TECH pathways offer students flexibility in creating their schedule and mentoring opportunities. Schedules will be customized to meet the individual requirements of students. For example, a possible 9th grade student who has not yet achieved a college readiness score on a TSIA exam and would benefit from placement in courses focused on delivering required exam content and/or tutoring.

Academic mentoring opportunities will be provided by high school students, college students, and industry partner employees. Mentoring opportunities include regularly scheduled conferences between each ECHS student and at least one academic mentor. ECHS staff members, including counselors, will ensure that students and their academic mentors are provided with current student information for any areas in which they are struggling.

Because the P-TECH program is focused on high demand Texas career clusters, the industry partner mentor will also provide work-based learning opportunities for the Pinkston H-TECH students. Work-based learning experiences aid students in developing contextual knowledge that helps them achieve in academic areas. For example, a student who is required to prepare a written report for a company has a deeper understanding of the importance of competent writing.

Statutory Requirement 5: Describe how you provide the program at no cost to students. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The Dallas Independent School District, in partnership with Dallas County Community College District (DCCCD), provides high school students with the opportunity to earn up to 60 tuition free college credit hours while earning their high school diploma through P-TECH and ECHS programs. DCCCD waives tuition and fees for students. While the Dallas Independent School District provides transportation and required college textbooks for students at no cost.

Additionally, students attending Pinkston H-TECH are eligble to continue their post-secondary studies at no cost through the Dallas County Promise. Pinkston H-TECH is a school within a school at Pinkston High School which is one of 31 Dallas County Promise cohort one high schools. Thanks to an unprecedented financial commitment from the Dallas County Community College District (DCCCD) Foundation, all seniors regardless of GPA or family income at 31 Promise high schools will have the opportunity to earn a full-tuition scholarship, a Success Coach mentor, and access to additional transfer scholarships to attend partner four-year universities.

Statutory Requirement 6: Describe your primary partnership with an institution of higher education (IHE) and address all of the items outlined in the statutory requirements (curriculum alignment, instructional materials, instructional calendar, etc.). Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The primary partnership between Dallas Independent School District and the Dallas County Community College District is officially established by an Inter-local Agreement that is approved and signed by both entities. This agreement is drafted to ensure Pinkston H-TECH and El Centro College provide a rigorous course of study that incorporates students earning a high school diploma, certifications and college credit hours.

The partnership agreement between Pinkston H-TECH and El Centro College includes the following guiding principles:

- Collaboration in planning, implementation, and continuous improvement of the **Pinkston H-TECH** program including the provision for faculty, staff, and administration, as well as curriculum development; training and student services.
- Provision of rigorous college readiness curriculum, textbook requirements, Coordinating Board rules relating to list of aligned high school and college courses, dual credit and/or technical credit courses.
- Financial collaboration that addresses costs of both partners and assists each in obtaining necessary funds from local, state, federal and private/foundation sources to operate the program successfully.
- Shared use of facilities including classrooms, labs, offices and libraries that reduces operating costs and promotes collaboration of students, faculty, and/or staff in program success.
- An established instructional calendar that is consistent with the mutual needs and requirements of both parties.
- Recruitment, enrollment and retention.
- Compliance with all grading requirements prescribed by applicable law or the College for continued enrollment in dual credit courses.
- Instructional calendar that is consistent with the mutual needs and requirements of both parties.
- Personnel is designated to monitor the quality of instruction to ensure compliance with the Course Articulation Agreement and the standards established by the State, applicable Accrediting Body, the College, and the district.
- Administration of TSI-A and statewide assessment.

Statutory Requirement 7: Describe your current partnership with at least one business partner and address how you fulfill the statutory requirements for students to receive work-based training or education as well as priority in interviewing. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

County-district number or vendor ID: 057905012	Amendment # (for amendments only):

Statutory Requirement 8: Describe current workforce needs in the applicant's area and how the applicant works as a collaborative team with the regional workforce development board and the IHE to define the regional needs and provide a structured path to certifications and associate degrees to fill the local workforce needs. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Pinkston H-TECH is focused on the high-demand **Health Care and Social Assistance Industry** cluster (North American Industry Classification System Code 62) along with business and information technology. Analyses conducted in conjunction with regional chambers of commerce, the Texas Workforce Commissions' Workforce Solutions Greater Dallas, the DCCCD, and industry partners found that the Health Care and Social Assistance Industry is expected to grow in Dallas County by 2.8% annually over the next ten years. To meet this demand, **Pinkston H-TECH** incorporated the **Associate of Science toward a Bachelor of Science, Nursing degree** into its programs of study.

Listed below are the median pay, projected growth, and annual openings for the Dallas-Fort Worth Metropolitan Statistical Area (MSA) as studied by Pinkston H-TECH and its partners. The following data from Texas Workforce Commissions' Workforce Solutions Greater Dallas (WSGD) provides a specific example that underscores the Construction Industry's demand in the region as well as the opportunity afforded to students through Pinkston H-TECH's programs of study.

PROGRAM OF STUDY: Associate of Science toward a Bachelor of Science, Nursing degree
Allied Health: Registered Nurse
Dallas-Fort Worth Metropolitan Statistical Area (MSA)

Yearly Median Pay	$72,841
Projected Regional Growth, 10 Years	28.6%
Annual Job Openings	785

Statutory Requirement 9: Describe how the applicant ensures that P-TECH or ICIA (or similar) students are entitled to the benefits of the FSP in proportion to the amount of time spent by the student on high school courses while completing the course of study established by the applicable IHE or Business Partner MOUs. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The Dallas Independent School District ensures that campuses are in compliance with rules, requirements and regulations outlined by the Foundation School Program (FSP) as identified in Chapter 41 of the Texas Education Code (TEC).

As such, all Pinkston H-TECH students will have access to the following Tier I FSP allotments:

- Regular Program/General Education
- Special Education
- Compensatory Education
- Bilingual Education
- Career and Technology Education
- Gifted and Talented Education Allotment
- Transportation

TEA Program Requirement 1: Please describe how you currently identify needs, create action plans, and engage in a process of continuous improvement for the P-TECH or ICIA (or similar) program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Dallas ISD has created a multi-step needs assessment process to identify the right schools for this initiative and ensuring that the support from the grant would significantly impact student success.

Step I. Use Data to Identify the Schools with the Greatest Opportunity.
The first step of the assessment process was to analyze the data related to college completion rates for graduates within each high school. The overarching goal of the Texas Higher Education Coordinating Board's strategic plan is that by 2030, at least 60% percent of Texans ages 25-34 will have a certificate or degree. The **Pinkston H-TECH** college completion rate for the class of 2009 is far below the district average of 21%, the Dallas County average of 34% and the state goal of 60%. The assessment team developed interim college attainment goals for the school in order to begin closing this gap.

Step II. Create an Internal Leadership Committee within the Dallas ISD.
Using the above-mentioned data, Dallas ISD formed an internal leadership committee to identify the needs of **Pinkston H-TECH**. This committee included district leaders, school principals, and leadership representatives from community college partners. The committee was charged with addressing specific questions, including:
  (1) What efforts have worked within **Pinkston H-TECH** and how do you know that those efforts have been successful?
  (2) What needs to be enhanced within your school to help increase student college completion rates?
  (3) What research-based strategies or supports would be helpful in meeting our mutual goals of college attainment?
  (4) What other factors should we consider (e.g. school-level climate surveys, academic achievement metrics, etc.) as leading indicators of later success?

Step III. Identify Critical Needs to be Addressed.
With this information, the internal leadership committee identified the most critical needs within **Pinkston H-TECH** that must be addressed to increase college attainment. This brainstorming process was absolutely critical as it revealed important beliefs within the committee.

Step IV. Prioritize Major Issues.
Recognizing the numerous challenges that need to be addressed, the internal leadership committee began prioritizing the needs, based on the potential for significant impact at scale. To help guide that discussion, the committee created a simple 2-by-2 matrix that looked at how addressing a particular need would "impact student success" and mapped that against the its ability to "impact students at school." The matrix allowed the committee to prioritize the critical needs that were common to many of the district's comprehensive high schools.

The campus will utilize, develop, implement and evaluate a cycle for continuous improvement. The program P-TECH goals are monitored through various district data management systems. Enrollment data is monitored throughout the application process to ensure that students matching the targeted population are admitted into the program. The campus steering committee reviews and approves the list of identified students prior to notification of acceptance into the P-TECH program. Student TSI assessment data is reviewed after each test administration to develop intervention plans and inform instruction. Student attendance and grades are monitored every three weeks to provide interventions and student support as needed. Student progress toward completion of college credit hours are monitored through the district's early college data dashboard. Counselors update student profiles at the end of each semester to track student progress toward high school graduation, career certification and degree completion.

The P-TECH steering committee reviews campus data every six weeks to track progress and make recommendations for improvement. Teacher teams meets monthly to review progress monitoring documents in order to plan interventions and inform instructional practices. The campus Workplace Learning Coordinator develops an action plan each six weeks to outline the workplace learning competencies and industry partnership engagement activities which will be

Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 057905012	Amendment # (for amendments only):

TEA Program Requirement 2: Identify the job titles who currently serve on the leadership team for the P-TECH or ICIA (or P-TECH similar) program. Describe how the current leadership team reviews agreements, monitors progress, and reviews data to problem solve and course correct. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Pinkston H-TECH has developed Programs of Study that outline the courses students need to complete to earn a degree and specific industry certificates. The model addresses postsecondary degree completion and career readiness by smoothing the transitions between high school, college, and the professional world. Local industries are partnered with Pinkston H-TECH for career ready experiences, internships, and employment opportunities.

The Pinkston H-TECH Leadership Team meets quarterly in order to ensure the program of study remains relevant for employers and students and the school design provides supports and rigorous learning experiences for all students. The leadership Team reviews revenues, support, and expenses for the program in order to guarantee that the high school, college, and industry commitments are sustainable.

The table below identifies the roles and responsibilities for: a.) Dallas ISD Assistant Superintendent, P-TECH/ECHS Executive Director, Principal, and career support staff; b.) Dallas County Community College District (DCCCD) liaison; c.) four-year college liaison; and d.) industry partner liaison.

Institution	Role	Responsibilities
Dallas ISD	Assistant Superintendent of Strategic Initiatives and External Relations	ECHS liaison to district, Board of Trustees, colleges, and industry partners
Dallas ISD	Executive Director, Pinkston Feeder Pattern	Coordinates with Early College Programs ED, School Leadership, Principal and administrative team
Dallas ISD	Executive Director, P-TECH and Early College Programs	Oversees all P-TECH and ECHS programs to ensure implementation and recruitment
Dallas ISD	Principal	Manages budget, hires and manages staff, ensures compliance to ECHS/P-TECH guidelines
Dallas ISD	Assistant Principal, H-TECH Administrator	Manages curricula, master schedule, staffing, and professional development
Dallas ISD	Workplace Learning Coordinator	Liaison to industry partner and IHE
Dallas ISD	College and Career Counselor	Lead counselor for H-TECH and manages student scheduling, assists with college and career site visits and tours
DCCCD	ECHS Liaison	Collaborate with Dallas ISD and industry partner to coordinate rigorous curricula, TSI-A preparation, student recruitment plan, college communication and course scheduling
Four-Year College	ECHS Liaison	Collaborate with Dallas ISD and DCCCD to ensure implementation of articulation/reverse transfer agreements and coordination with industry partner for student work-based learning opportunities
Industry Partner	P-TECH Liaison	Attends Pinkston H-TECH meetings to advocate for the business community, provides industry standards and guidance to students and curricula development, provides work-based learning experiences for students throughout high school and college

Multiple data points are discussed and analyzed by the team for progress monitoring and continuous improvement. The data sharing agreement between college and school district affords the campus leadership team the opportunity to keep track of grading processes for dual credit college courses, attendance data and test scores. Regular analysis of the data provides insight regarding the level of college readiness and helps to inform decisions and programmatic improvements.

TEA Program Requirement 3: Describe your current systems/programs for supporting students both academically and socially/emotionally so that they are successful in rigorous academic and work-based educational experiences.
Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The campus has developed a cycle for continuous improvement to support students academically, socially, and emotionally. The P-TECH program goals are monitored through various district data management systems. Enrollment data is monitored throughout the application process to ensure that students matching the targeted population are admitted into the program. The campus steering committee reviews and approves the list of identified students prior to notification of acceptance into the P-TECH program. Student TSI assessment data is reviewed after each test administration to develop intervention plans and inform instruction. Student attendance and grades are monitored every three weeks to provide interventions and student support as needed. Student progress toward completion of college credit hours is monitored through the district's P-TECH data dashboard. Counselors update student profiles at the end of each semester to track student progress toward high school graduation, career certification and degree completion.

The Pinkston H-TECH steering committee reviews campus data every six weeks to track progress and make recommendations for improvement. Teacher teams meet monthly to review progress monitoring documents in order to plan interventions and inform instructional practices. The campus Workplace Learning Coordinator develops an action plan each six weeks to outline the workplace learning competencies and industry partnership engagement activities which are implemented during the identified time frame. The Workplace Learning Coordinator also meets with the industry partnership liaison quarterly to provide updates on student mastery of workplace learning competencies and implementation of the campus workplace learning action plan.

Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 057905012	Amendment # (for amendments only):

TEA Program Requirement 4: Describe how you meet each of the participant requirements outlined in the grant specific requirements of this RFA (located on page 16 of the Program Guidelines). Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Pinkston H-TECH meets each of the participant requirements outlined in the RFA. Pinkston H-TECH will serve students in grades 9-11 during the initial year of implementation and will progressively scale up by adding grade 12 the following year.

Pinkston H-TECH implement the P-TECH model with fidelity and currently operates a program of study which allows students to:

- Earn industry certificates and up to 60 college credit hours or an associate degree,
- Engage in appropriate work-based education experiences at every grade level, and
- Participate in programs that create a seamless transition to additional education or the competitive job market.

Pinkston H-TECH has established a partnership with El Centro West Community College through an official Memorandum of Understanding/ Inter-local Agreement. Additionally, Pinkston H-TECH has received written agreements for partnership with several industries and is working to finalize formal Memorandums of Understanding.

Additionally, Pinkston H-TECH has not received an Industry Cluster Innovative Academy Grant.

TEA Program Requirement 5: Describe your current process for Texas Success Initiative (TSI) testing students, how often students are tested, where they test, and how the data is used to benefit students. If you are not currently a TSI testing site, describe how you will become a TSI testing site for the 2019–2020 school year. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The current process for Texas Success Initiative (TSI) testing includes administering the assessment at the high school and college campus. Students are afforded multiple opportunities to take TSI assessments at no cost. The first two test administrations are provided by the college partner. Pinkston High School is a TSI testing site and subsequent testing takes place at the high school campus.

Students take the first TSI assessment during the Summer Bridge Program as rising 9th grade students. The campus provides an overview of the TSI assessment during orientation in April for the incoming cohort of students and their parents/guardians. During orientation, students are given printed and online study materials in order to prepare for their first TSI administration during Summer Bridge.

The Summer Bridge Program is two weeks long and includes preparation for the TSI assessments. The diagnostic reports are used to provide targeted instruction and create study groups. The results are also utilized to develop individual study plans. Students receive intensive support during Saturday School tutorials and TSI Boot Camps conducted by our college partner. Additionally, TSI preparation is imbedded into English, Mathematics and Methods of Academic and Personal Success (MAPS) courses throughout the school year.
