Schedule #1—General Information

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Part 3: Schedules Required for New or Amended Applications

An X in the "New" column indicates a required schedule that must be submitted as part of any new application. The applicant must mark the "New" checkbox for each additional schedule submitted to complete the application.

For amended applications, the applicant must mark the "Amended" checkbox for each schedule being submitted as part of the amendment.

Schedule #	Schedule Name	Application Type	
		New	Amended
1	General Information	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
2	Required Attachments and Provisions and Assurances	<input checked="" type="checkbox"/>	N/A
4	Request for Amendment	N/A	<input checked="" type="checkbox"/>
5	Program Executive Summary	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6	Program Budget Summary	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7	Payroll Costs (6100)	See Important Note For Competitive Grants*	<input type="checkbox"/>
8	Professional and Contracted Services (6200)		<input type="checkbox"/>
9	Supplies and Materials (6300)		<input type="checkbox"/>
10	Other Operating Costs (6400)		<input type="checkbox"/>
11	Capital Outlay (6600)		<input type="checkbox"/>
12	Demographics and Participants to Be Served with Grant Funds	<input checked="" type="checkbox"/>	<input type="checkbox"/>
13	Needs Assessment	<input checked="" type="checkbox"/>	<input type="checkbox"/>
14	Management Plan	<input checked="" type="checkbox"/>	<input type="checkbox"/>
15	Project Evaluation	<input checked="" type="checkbox"/>	<input type="checkbox"/>
16	Responses to Statutory Requirements	<input checked="" type="checkbox"/>	<input type="checkbox"/>
17	Responses to TEA Requirements	<input checked="" type="checkbox"/>	<input type="checkbox"/>
18	Equitable Access and Participation	<input checked="" type="checkbox"/>	<input type="checkbox"/>

***IMPORTANT NOTE FOR COMPETITIVE GRANTS:** Schedules #7, #8, #9, #10 and #11 are required schedules if any dollar amount is entered for the corresponding class/object code on Schedule #6—Program Budget Summary. For example, if any dollar amount is budgeted for class/object code 6100 on Schedule #6—Program Budget Summary, then Schedule #7—Payroll Costs (6100) is required. If it is either blank or missing from the application, the application will be disqualified.

Schedule #2—Required Attachments and Provisions and Assurances

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Part 1: Required Attachments

The following table lists the fiscal-related and program-related documents that are required to be submitted with the application (attached to the back of each copy, as an appendix).

#	Applicant Type	Name of Required Fiscal-Related Attachment
No fiscal-related attachments are required for this grant.		
#	Name of Required Program-Related Attachment	Description of Required Program-Related Attachment
1.	Portfolio Plan Questionnaire	Applicants must use the template posted on the TEA Grant Opportunities page to self-assess the district's portfolio plan.

Part 2: Acceptance and Compliance

By marking an X in each of the boxes below, the authorized official who signs Schedule #1—General Information certifies his or her acceptance of and compliance with all of the following guidelines, provisions, and assurances.

For TEA Use Only

Schedule #2 – Required Attachments and Provisions and Assurances

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Part 3: Program-Specific Provisions and Assurances☒ I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.

#	Provision/Assurance
1.	Grant funds awarded will supplement (increase the level of service), and not supplant (replace) State and local funds. The applicant provides assurance that each school served with these grant funds will receive all of the State and local funds it would have received in the absence of this award. The applicant's methodology used to allocate State and local funds to each school will demonstrate compliance with this assurance.
2.	The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
3.	The applicant provides assurance that the campus it proposes to serve will receive all the State and local funds it would have received in the absence of funds received under this grant.
4.	The applicant provides assurance that it will engage in the necessary effort to align and complement existing school improvement strategies, goals, and interventions in their final approved grant, in order to effectively deliver a single and comprehensive school improvement plan.
5.	The applicant provides assurance that it will, in alignment with its selected school redesign model, implement one or more evidence-based strategies.
6.	The applicant provides assurance that it will provide access for onsite visits to the LEA and campus by TEA and its contractors.
7.	The applicant provides assurance to participate in a formative assessment of the LEA's capacity and commitment to carry out the selected school improvement intervention model at periods during implementation.
8.	The applicant provides assurance to participate in and make use of technical assistance and coaching support provided by TEA Division of System Support and Innovation and/or its subcontractors.
9.	The applicant provides assurance to attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, and sharing of best practices through the TEA program office.
10.	The applicant provides assurance that the necessary operational flexibility (such as staffing, calendars/time, and budgeting) will be provided to campus leadership and the school redesign partner to fully develop and implement a school redesign. For those selecting the District of Innovation operational flexibility plan, this includes an assurance that exemptions received through the DOI innovation plan will be extended to the campus developing and implementing a school redesign plan.
11.	The applicant provides assurance that they will identify and contract with a redesign partner on or before December 1, 2017.

Schedule #5 – Program Executive Summary

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Hidalgo Early College HS is applying for the 2017-2019 School Redesign Grant, Pilot Cycle grant because we desire to improve the educational attainment of our students. Currently, Hidalgo Early College HS received the designation of Focus Campus from the Texas Education Agency (TEA) as shown on the Texas Academic Performance Report (TAPR). This grant will benefit our students by bringing additional supports and resources to them that they have not previously had access to. The transformation of school culture for students, teachers, school staff, parents, administrators, and the school community of Hidalgo High School to an Early College High School model will drive high academic attainment and safety for all. Our goals are simple: 1) Improve Academic Performance; 2) Increase the Use of Quality Data to Drive Instruction; 3) Increase Leadership Effectiveness; 4) Increase Learning Time; 5) Increase Family and Community Engagement; 6) Improve School Climate; and 7) Increase Teacher Effectiveness. Each of these goals are in alignment with the grant and with the district goals. In order to accomplish these goals and objectives, Hidalgo Early College HS will: establish non-negotiable high expectations for all learners through an Instructional Coach team model for each Academic core subject area; work to raise teacher effectiveness through intentional collaborative planning, modeling of instruction, supporting the Professional Learning Community (PLC) structure for rigorous and relevant instruction; establish a freshman academy for all first time 9th graders; provide professional development to teachers on becoming an academic coach with the ability to "check and connect" with students; assign an academic coach to all students who will meet each day with students; and address "literacy across the curriculum" to allow all teachers, not just our English teachers, to focus on reading and writing activities designed to improve literacy skills, including diagnosing for literacy needs and creating a personal literacy plan that will be created based on each student's needs. SMHS will focus on community involvement through parent and family engagement using both traditional and non-traditional methods and work to build partnerships with community organizations to support parent education and involvement. Hidalgo Early College HS will establish the Pirate Success Academy to provide students who are at risk of academic failure with intensive interventions and supports in core instructional areas and reduce the risk of dropout for over age/under credit students and those students who are missing core academic requirements. The Pirate Success Academy will be offered during the school day, after school, and on Saturdays. Students in the program work closely with teachers (individually or in small groups) to receive targeted intervention and to complete coursework for on-time graduation. Additionally, Hidalgo Early College HS will redesign the school into career-focused learning communities for STEM, Public Service, and Business and Industry. Each career-focused learning community will be based on Early College High School model. The budget was developed based on the needs of the campus with expectations for change. The demographics of the school are: African American - 0%; Hispanic- 99.9%; and White - 0.1% with 90.6% of the students receiving free or reduced priced meals. Based on our demographics, there is a need to provide some culturally responsive professional development and resources for our campus; therefore, it is included in the budget. Additionally, because our reading scores are low, additional professional development in reading strategies for all teachers has been included in the budget to assist with the job-embedded coaching that will occur during classroom time and during professional learning communities (PLCs), as well as academic tutors. The math scores are low as well, therefore some of the tutors will provide math support to the students as well. Our students have not performed well in the ninth grade, so we are providing a ninth-grade academy with lower class sizes so that students can receive more personalized instruction from highly qualified teachers. The budget includes teachers to support the college readiness as well.

The principal will have autonomy to do the work to be accomplished here. We have requested funds for a grant administrator to oversee the day-to-day activities of the project. Additionally, because data will drive our instruction, this person should have a clear understanding of how to use the data and other information with teachers that they can use to guide their work.

The budget also includes funding for a counselor because there is a gap in services and a real need to include counselors for students on the campus with multiple socio-emotional needs. Parents are also a vital component of this project; therefore, a parent liaison is included in the budget to oversee parenting programs

By TEA staff person:

and projects and to operate the Parent Center. Extra-duty pay has been included for training and professional development for teachers. Funding for substitutes is also included for teachers who attend professional development off-campus during the school day. Funding for extra duty pay is also requested to pay teachers for after school tutoring and education-related clubs and activities. Professional Contracted services will include funds for teacher professional development in reading, math, science, technology (personalization), cultural proficiency, student leadership, student and school safety, and online software and technology support. Supplies and materials include tools, supplies, and materials that will support the ECHS model and reading and math. Some travel will occur. The travel will encompass college visits and career/job related experiences for students, externships for teachers so that they are familiar with what they are teaching, and mandatory travel for this project. This is also travel included for professional development and conferences that relate to the purpose of the grant, as well as to visit exemplars. The district also supports the school through its PowerUp initiative paid for through district funds, where every student receives a laptop. Additional capital outlay will support this work with a computer lab to support the IT program, equipment needed to support the agriculture component, and other tools that increase learning opportunities for students.

The needs assessment process was designed by school leadership, led by the principal, teachers, parents, community members, and students. This group will meet quarterly during year one and year 2 of the grant to determine if changes are needed in the program. The group will use data to determine if the strategies are effective. The final decision for change will belong with the school leadership, although input will be strongly encouraged from the group. Based on the demographics of the students, HECHS needs to build strong teachers, and research-based strategies that support job-embedded professional development will help drive the way they grow teachers, using Professional Learning Communities as a way to support that learning.

The program will be managed by a grant administrator who will report directly to the principal. Monitoring of the 2017-2019 School Redesign Grant, Pilot Cycle project at HECHS will occur on several levels. On the most basic level, students will be responsible for monitoring their progress through mechanisms such as six-week portfolios, daily journals, and electronic databases. Content area team leaders, teachers, tutors, and advocates will periodically monitor student progress using student progress checklists, standardized progress reports, preliminary diagnostics, and biweekly post-tests to assess progress. Teachers will also continually monitor and document student achievement and schedule interventions as needed. The interventions will be built into the school day to ensure timely impact. The principal and his team will provide direct oversight and management of the project. The school's School Support Officer (SSO) will provide support to the principal and the Chief School Officer will provide direct oversight of the principal and school, with leadership and guidance from the Superintendent.

The proposed project's evaluation plan includes both formative and summative components to ensure ongoing monitoring for continuous improvement. The overall responsibility for implementing the project's evaluation plan, at the campus level, is the responsibility of the grant administrator. The grant administrator will work closely with the HISD Research and Accountability Department (R&A) to facilitate the implementation and monitoring of the proposed project. With assistance of the HISD R & A Department, the grant administrator will report, where appropriate on a quarterly and end-of-year basis, both formative and summative program findings to the Campus Principal and school staff, parents and community members, key partners, the Hidalgo ISD Superintendent of Schools and Board of Trustees, and TEA.

This application completely and accurately answers all TEA requirements. The district is committed to finding resources through Title 1, foundations matching grants, and other resources to support this new direction in the attempt to move its low performing schools into schools of choice where students feel safe, valued, and can develop relationships with their educators and to continue these efforts when the funding ends.

Schedule #13—Needs Assessment

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired outcome or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. If this application is for a district level grant that will only serve specific campuses, list the name of the campus(as) to be served and why they were selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

In preparation for the submission of the 2017-2019 School Redesign Grant, Cycle Pilot, a District 2017-2019 SRG, Cycle Pilot Committee was assembled, which comprised of 16 members, to include campus and district staff, community leaders, and parents. The Committee met once a week for 4-weeks to complete the needs assessment, interpret and analyze data, and thoroughly discuss the various models of reform prior to making a final recommendation about the model that was the best fit for the campus.

Assessment: In conducting the campus needs assessment, the following data was collected and reviewed:

- Daily assignment scores
- Attendance records
- Teacher and staff participation
- Quality of available resources
- Parental involvement documentation (sign-in sheets)
- Student and teachers' accessibility to resources
- Test scores
- PEIMS 425 records
- Teacher and staff experience
- Teacher and staff recent performance evaluations
- Quality/dependability of partners and vendors
- Campus hours of operation

After the district level SRG, Cycle Pilot meetings, a SRG, Cycle Pilot Campus Committee was assembled. This Committee was comprised of the Principal, Teachers, SPED Teacher, Counselors, Parents, and Community Members. These individuals met once a week over a 3-week period.

Utilized the process, the Campus Committee analyzed all data to identify the most appropriate research-based strategies and interventions to address the goals of increasing student achievement, positively changing the culture and climate of the campus, and increasing parent and community involvement. Then the two Committees met and discussed suggestions, additions and/or deletions to the proposed program. Based on finding, the Committee selected the **Turnaround Model**. The District and Campus SRG, Cycle Pilot Committee met and shared its research and recommendations with parents and the school staff, all questions were answered and clarified. The SRG, Cycle Pilot Committee then shared the results, findings and research regarding data analysis, needs assessment, planning activities, and research on reform models with the District Leadership Team, the School Board and the Board Finance Committee.

The committee decided to implement the **Turnaround Model** to change the environment for the benefit of all students enrolled at Hidalgo High School. This would allow the campus to utilize funds to develop and increase teacher and school leader effectiveness, deliver comprehensive instructional reform strategies, increase learning time, create a community-oriented school, and provide flexibility and sustained support.

The following goals and interventions were selected based on the identified models and need of the campus:

- Goal #1: Providing staff on-going, high-quality, job-embedded professional development;
- Goal #2: Improving the quality of instruction provided to students;
- Goal #3: Developing an Incentive and Career Advancement Program in which teachers are rewarded and/or promoted for demonstrating excellent instructional and leadership qualities;
- Goal #4: Increasing the use of data to meet the needs of students;
- Goal #5: Implementing a comprehensive teacher and principal evaluation system;
- Goal #6: Increasing parental and community involvement; and
- Goal #7: Improving the school climate at the campus.

Meeting these goals will be critical for the successful implementation of the program; therefore, continuous monitoring by the District Coordinator of School improvement, as well as, evidenced-based progress reporting will be required.

Schedule #14 – Management Plan				
County-district number or vendor ID: 1746002267			Amendment # (for amendments only):	
Part 1: Staff Qualifications. List the titles of the primary project personnel and any external consultants projected to be involved in the implementation and delivery of the program, along with desired qualifications, experience, and any requested certifications. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.				
#	Title	Desired Qualifications, Experience, Certifications		
1.	District Coordinator of School Improvement	Provide leadership expertise in planning, implementing, and managing improvement efforts at the campus and/or district level. Strong communication skills, both oral and written. Master's Degree, Administrative certification with 5 or more years in leadership management role as principal, etc.		
2.	Principal	Provide leadership assistance in the implementation of the 2017–2019 School Redesign Grant, Pilot Cycle. Ensure that all guidelines, policies, and procedures are being followed. Manage the budget for the program. Provide leadership in the monitoring and evaluation of the program. Texas Principal Certification; 5 or more years instructional leadership experience; 5 or more years teaching experience.		
3.	Assistant Principal	Provide leadership and serve as the Collaborative Learning Leader for the 2017–2019 School Redesign Grant, Pilot Cycle. Ensure that all professional development occurs appropriately. Ensure that the CLFs and CLCs are functioning. Texas Principal Certification; 5 or more years instructional leadership experience; 5 or more years teaching experience.		
4.	Collaborative Learning Facilitators	Assist in the coordination of the implementation of the 2017–2019 School Redesign Grant, Pilot Cycle with fidelity. Ensure the CLCs meet weekly and ensure that the CLCs discuss data, student work, etc. Bachelor's degree in Secondary Education or; Master's degree in Math preferred; 3 or more years teaching in secondary setting.		
5.	Family Engagement Leader (PEL)	The PEL will deliver the family and parental involvement component in the school while providing ongoing, educational programs to parents, legal guardians, or immediate family members of students enrolled in the program. Bachelor's degree in Education; Master's degree in Counseling preferred; 5 or more years teaching in at the high school level.		
Part 2: Milestones and Timeline. Summarize the major objectives of the planned project, along with defined milestones and projected timelines. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.				
#	Objective	Milestone	Begin Activity	End Activity
1.	Improve the Instructional Program	1. Provide training for teachers in Data Driven Instruction, including training in data collections, data analysis, and using data to inform planning and instruction	08/28/2017	07/31/2019
		2. Increase access to technology in the school by procuring iPads, computers, Smart Boards and other technological advancements to enhance instruction and provide teachers with the necessary training to ensure those tools are used effectively.	09/01/2017	11/04/2017
		3. Provide funding for teachers to attend professional conferences and workshops in areas of professional need to strengthen the knowledge base and instructional toolkit of teachers	11/06/2017	07/31/2019
		4.		
		5.		
2.	Increase Teacher Quality	1. Ensure that there is a highly-qualified teacher in each classroom. Select teachers based upon the	09/04/2017	09/28/2017

Schedule #14—Management Plan (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Part 3: Sustainability and Commitment. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds? How will you ensure that all project participants remain committed to the project's success? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

To ensure that the project participants remain committed to the project's success, Hidalgo Early College High School will implement the following procedures:

- 1.The success and progress of the program will be communicated to stakeholders during the monthly School Board Meetings and every 6-weeks at the Community Roundtable Meetings.
- 2.Evidence of improvement, as well as increased involvement and academic achievement will be shared with stakeholders to keep them engaged and generate excitement that directly impacts long term commitment.
- 3.Constant communication and oversight from the Superintendent and the DCIS will be provided to ensure total transparency with the grant and all activities.
- 4.Opportunities will continue to be provided for the involvement of stakeholders to express concerns, celebrate victories and ask questions.
- 5.The DCSI will develop a SRG, Cycle Pilot playbook in consultation and collaboration with all stakeholders that will include all the information relevant to the continuation and success of the grant, including goals, activities, resources, timelines, and any adjustments, data, metrics, progress monitoring and other relevant information.
- 6.Every 6 weeks, after the grading period and after the community round-table meetings, the playbook will be updated with current data and information. Updates will be provided to all grant and campus personnel
- 7.Every week, the Superintendent will meet with the Principal and DCSI to analyze formative assessment data.
- 8.Every 6 weeks, the SRG, Cycle Pilot Committee will meet to discuss, analyze data, evaluate activities and determine if modifications need to be made. This information will be discussed at the open community round-table meetings.

Schedule #15—Project Evaluation

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Part 1: Evaluation Design. List the methods and processes you will use on an ongoing basis to examine the effectiveness of project strategies, including the indicators of program accomplishment that are associated with each. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Evaluation Method/Process	Associated Indicator of Accomplishment	
1.	Observations (Qualitative)	1.	School Report Cards and STAAR results
		2.	School Improvement Plans
		3.	Community Level Data
2.	Interviews (Qualitative)	1.	Increased targeted job-embedded professional development for all teachers
		2.	Walk-throughs by Principal and Project Staff
		3.	
3.	Focus Groups (Qualitative)	1.	Increased targeted job-embedded professional development for all teachers
		2.	Walk-throughs by Principal and Project Staff
		3.	
4.	Generated Reports/Assessments (Quantitative)	1.	School Report Cards and STAAR results
		2.	School Improvement Plans
		3.	Community Level Data
5.	Progress Reports and Sign-in Sheets (Quantitative)	1.	Campus Meetings
		2.	District Meetings
		3.	Focus Group Meeting

Part 2: Data Collection and Problem Correction. Describe the processes for collecting data that are included in the evaluation design, including program-level data such as program activities and the number of participants served, and student-level academic data, including achievement results and attendance data. How are problems with project delivery to be identified and corrected throughout the project? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The Project Director will collect, analyze and report on the TEA required performance-based measures as well as additional performance measures at baseline to determine the effectiveness of the program. Hidalgo Early College High School has identified specific objective performance measures and outcomes to help monitor and evaluate the project and to meet program goals. Benchmarks will be set for each performance measure to ensure that more immediate results can be measured and celebrated. An assessment instrument will be used to determine the effectiveness of the grant toward accomplishing the goals of the program and for monitoring the progress of the grant every 9 weeks. The evaluation for examining the effectiveness of the program's strategies will involve the Project Director as well as District administrators, project staff, students, parents, and community members associated with the program. Methods of evaluation will include both qualitative and quantitative data collection. The evaluator will extract data from PEIMS and other systems for evaluation. Qualitative data will include student and parent surveys or questionnaires, and observations of interactions between teachers and students from campus walk-throughs. Additionally, quantitative and qualitative data will be collected and used at the campus on an ongoing basis to regularly assess performance and make improvements. The principal, CLL, CLFs, and instructional coach (IC) will analyze student performance data in context of district priorities and campus goals, and present the information using the data room. The data is to be presented in a way that facilitates understanding, can be used to improve instruction, and can aid in obtaining improved results. Information presented in the data room includes student demographics at the campus historical performance, performance of special pops and student sub groups, campus and district goals, focus areas for the school year, and campus performance objectives for each subject area. Hyper-monitoring is a systematic process of collecting data that can be used to identify strengths and areas for campus improvement. Under this grant, SMHS staff will conduct weekly classroom hyper-monitoring visits to collect data on areas such as student engagement, extent to which teaching is aligned with the learning objectives, degree of rigor, and types of assessments used. Through the combination of the use of the quantitative data available and presented in the data room and the qualitative data made available by CLLs, CLFs, and Principal hyper-monitoring and classroom walkthroughs, SMHS is equipped to identify successes and potential problem areas. With the new performance goals, the campus, the campus ready to be utilized and implemented to increase student achievement.

Schedule #16—Responses to Statutory Requirements

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Statutory Requirement 1a: Depending on if the campus is identified as a priority or a focus school, describe how the applicant will develop a school improvement plan (for priority schools) or support the focus school with the development and implementation of a targeted school improvement plan. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Hidalgo ISD and Hidalgo Early College High School have consistently worked to address the existing issues that are prevalent in the campus and the community. Annual needs assessments conducted at the campus have revealed ongoing issues that the district has attempted to address through initiatives that are proposed through the Campus Improvement Plans. Some strategies have already been initiated that are designed to help address these issues include the following:

- **Improve the Quality of Instruction Based on Need** - The district previously hired two (2) Content Coordinator in 2015 and 2016 to mentor teachers and assist campuses in monitoring instructional design and delivery. These individuals also assist with data disaggregation and assessment.
- **Increase the Use of Data** - Weekly department meetings are held to discuss student performance in association with the strategies being implemented in the classroom and to discuss effective alternatives.
- **Improve the School Climate** - The Superintendent is trained in conflict resolution, as well as, peer mediation. Therefore, she can provide training to selected teachers and students, as well as, parents. However, her time is limited so the scale of her outreach is limited.
- **Increase Parental Involvement** - The campus has developed an active Site-Based Decision Making (SBDM) Committee. All SBDM team representatives relay the information discussed at the meetings and bring back suggestions or recommendations from their respective teams. In addition, an Agenda Committee meets three days prior to the monthly scheduled SBDM meetings so that an agenda is placed in the designated area in front of the main office in case the teachers have input on the agenda items. Furthermore, suggestions are encouraged to be submitted in the SBDM Suggestion Box which is in the front office.

Coordination of Efforts to Maximize Effectiveness of Grant Funds: As can be seen above, many of the initiatives that are currently being implemented at the campus will serve to enhance and maximize the effectiveness of grant funds. This is because these initiatives can also be aligned to the goals of the program. Furthermore, although these initiatives are aligned to the goals of the program, the initiatives and services that are currently underway are vastly different from those that are being proposed through the program.

Additionally, the campus will provide existing program resources to support the proposed School Redesign Grant, Cycle Pilot Program, HISD is combining core academics with career-based knowledge and skills in collaborative and research-intensive learning environments. Business, medical, and energy leaders across The Rio Grande Valley are partnering with HISD to offer students work-based experiences and certifications. AP courses are offered at the high school, and more students than ever are passing their AP exams. All HISD students in grades 9-11 can take the PSAT test for free, and since March 2012, every HISD junior has taken the SAT exam during regular class time for free.

The Chief Financial Officer will be utilized to manage grant expenditures; campus administrators will conduct assessments and evaluations; and Board members will be asked to keep stakeholders informed of the on-going progress or the program. These funds will not be used to divert or decrease existing services required by state law, State Board of Education, or by local policy.

The campus administrators feel confident that they have the capacity and commitment to provide adequate resources and related services to the campus staff to implement, fully and effectively, the required activities of the **Turnaround Model**. The campus has demonstrated a great need for the funds as well as a strong commitment from the school board, Superintendent, Campus Principal, Data Coordinator, Counselor, Educational Aides, Teachers, Site-Based Decision-Making (SBDM) Committee, Parents, and Community Members to ensure that the funds are used to provide adequate resources to enable the campus to raise substantially the achievement of their students. During the implementation phase, staff will continue to utilize the support of the school, principal, teachers, parents, and community to fully integrate the proposed project.

Schedule #16 – Responses to Statutory Requirements (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Statutory Requirement 1b: Describe how the applicant will monitor schools receiving Title I funds. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Teacher teams and leadership teams must constantly reassess their action plan as new learning and teaching data come in. They make necessary instructional modifications along the way in hopes of achieving their target learning goals right on time.

With data collected teachers, interventionists and academic coaches have a multi-faceted process for assessing programs and interventions by following a data action model. Levels of data considered include: Summative - annual state assessments; Data about people, practices and perceptions - 2-4 times a year; Benchmark common assessments - 2 times a year; Formative common assessments - 1- 4 times a month Formative classroom assessments - daily/weekly

Meetings during the school year involve a review of existing data and decisions about who will collect which of the data pieces for further examination.

The new leadership team at Hidalgo Early College High School will create an environment where teachers feel safe to experiment with research-based strategies and where teachers actively seek to improve their instruction. However, teachers who move through the teacher improvement process without positive results will be removed.

Statutory Requirement 1c: Describe how the applicant uses a rigorous review process to recruit, screen, select, and evaluate any external partners with whom they will partner. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Hidalgo ISD has a comprehensive process which ensures the quality of external providers over \$25,000. The LEA creates and publicizes a formal request for proposals. In recruitment, the LEA will create conditions to attract multiple applicants including, but not limited to the following: clearly defined rationale for hiring; adequate resources; aggressive but achievable goals; a transparent process; and appropriate levels of marketing at local, statewide and national levels.

Once applications are received, the LEA effectively assesses contractor's organizational and financial ability to perform the defined, necessary scope of work. The LEA and campus will work together in a timely process to set the roles and responsibilities, performance expectations and consequences for failure to meet expectations that can be articulated to external providers during the recruitment process.

The LEA will undergo a rigorous evaluation of the potential partner's capacity during the screening process looking at the partner's capacity, experience and record of successes and failures, the modified process that is developed will be transparent and will engage the LEA, the school and community stakeholders. Minimally, the process will involve a written application, due diligence to confirm the track record of the applicant, and in person interviews. Upon selection of the external providers, the LEA will support, but not micro-manage the providers. The LEA will be involved in ongoing monitoring of the external provider to support success. Additionally, the LEA will have developed consequences for failure and with ongoing monitoring, and will not hesitate to implement those consequences if needed.

Schedule #16—Responses to Statutory Requirements

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Statutory Requirement 1d: Describe how the applicant will align other Federal, State, and local resources to carry out the activities supported with funds received under this subsection. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The LEA will support the campus by aligning additional resources. The incorporation of the Model will require a developing a culture and technological overhaul for the campus. The LEA will assist by aiding in acquiring the equipment, software, etc. in a timely manner. The Chief Financial Officer's Department, the Technology Department, and the Federal Programs Department will be responsible for maintaining fiduciary and financial responsibility for all grant activities. The Business and Finance Department will provide the services for the program: processing and maintaining accounting data for the grant, grant accounting, requesting funds through the automated payment request systems, preparing and submitting written expenditure reports, classifying and reporting the accounting transactions properly, and maintaining grant accounting records. The Federal Programs Development will provide assistance to the Project Director with developing an implementation plan for the grant activities, assist with revising timelines as necessary and ensure that reports are submitted on time. Funds will be maximized by using the available resources located at the campus to fulfill the requirements of the grant. The Chief Financial Officer in conjunction with the Project Director will assess the effectiveness of the program and determine if program goals and objectives were achieved. This project will be supplemental to existing federal, state, and local initiatives. This program complements and extends those already implemented at the high school. Other District initiatives will be combined with local and state monies to cover expenses not covered in part or full in this proposal, including but not limited to support services, tutoring, professional learning, supplies, staff, facilities, technology, and school operations. All activities stated in this application are not supplementary to existing services and neither state, federal, nor local funds will be diverted or decreased for other purposes. Funds will not be used for any services or activities required by state law, State Board of Education, or local policies. Activities outlined in this grant will be held on the school campus during the school day, after school, Saturdays or during the summer months. Facilities at the high school are accessible to disabled visitors and in compliance with ADA regulations. Other sources of in-kind services include community and business leaders serving as mentors and project panel observers. Resources will be garnered by HECHS with the support of the LEA's Public Relations Office.

Statutory Requirement 1e: Describe how the applicant will modify, as appropriate, practices and policies to provide operational flexibility that enables full and effective implantation of the plans. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 points.

The instructional day will be extended by one hour and create Holiday Camps and Holiday packets to increase percentage of students who participate in afterschool extra assistance and increase the percentage of students who participate in designated Saturday extra help assistance.

Attendance plan will be created for teachers to increase instructional time and hold teachers accountable for their attendance based on the standards set forth by the LEA.

Teachers will attend professional development sessions on how to maximize learning time to instructional time in all classes.

Develop learning platforms easily accessible for children to allow additional practice on TEKS objectives that have not been mastered and enrichment of those that have.

Adjust the school timetable to create blocks of instruction to add more time to the learning day, by decreasing breaks and passing times. Adjust timeframe so that 30 minutes daily is dedicated to Interventions. Enrichment/Practice to specifically address deficiencies and learning issues as they occur.

Schedule #16—Responses to Statutory Requirements (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

Statutory Requirement 2: Describe how the school redesign plan will incorporate one or more evidence-based strategies during the implementation. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Improve School Environment School Culture

Evidence that student achievement will be monitored for students overall and for each subgroup of students by:

- Student attendance rates
- Rates of serious misconduct and violence
- Assessments of follow-through on implementation plans by school administration and staff
- Infrastructure improvement (such as dollars invested and response time to maintenance problems) School Connectivity
- Parent engagement and satisfaction metrics (such as participation in meetings)
- Partnerships (such as funding raised from philanthropy and community satisfaction survey metrics) Teacher and School Leader Engagement and Effectiveness
- Teacher attendance and retention rates of effective staff
- Rates of participation in collaborative decision making and planning time
- Desire for and implementation of targeted professional development
- Focus on student learning based on content and time on task
- Value-added academic measures based on interim assessments of student progress
- Use of data to improve the quality of teaching
- Amount of principal's time spent on improving teaching and learning

Student Performance Measures of Student Progress

Evidence that the district can continue to improve student achievement, because it has well-functioning and sustainable district systems and practices:

- Rates of earning credits and grade-level advancement
- Absenteeism and dropout rates

Outcomes for Students

Evidence that the district will continue to improve student achievement, because the conditions for school effectiveness are in place in schools and classrooms, with particularly strong evidence of:

- Rates of students performing at grade level by subject area
- Rates of proficiency on state assessments
- Graduation and college-going rates

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

TEA Program Requirement 1: Clearly communicate the district's vision for improving low-performing schools, including the strategy for increasing the number and percent of students in higher-rated schools. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Hidalgo ISD and Hidalgo Early College High School plan to implement the Turnaround to create notable change and significant results on the campus in two years' time. Hidalgo Early College High School is a Title I Priority Campus, which has been persistently lowest-achieving and has significant needs identified for improvement. Hidalgo ISD and Hidalgo Early College High School have a strong commitment to the use of the SRG funds to provide adequate resources to substantially raise the achievement of the students and enable Hidalgo High School to make adequate yearly progress and exit improvement status. Not only does Hidalgo Early College High School plan to use these funds to increase the achievement of the students, it has also plans to use these funds to create a plan using the grant money to dramatically improve school climate, drastically enhance teacher quality, significantly expand learning time, notably increase parents and community involvement, appreciably build leadership effectiveness and radically spread the use of data driven instruction. Suffering from an increasing enrollment, a high English language learner percentage, low student achievement, and many incoming students with limited English skills or unprepared for school, and a high mobility rate, the initial conversations regarding a plan that might include restructuring the high school program in the Southwest side of the City of Hidalgo over 18 months ago. With an uproar in the community and the involvement of the LEA, the School Board, and the campus, it was determined that District and campus leadership needed to research the best possible avenue for student achievement.

A new principal, JUDITH DIMAS was hired to lead Hidalgo High School in June 2016. At that time, an extensive school and community needs assessment commenced and dialogues with community stakeholders continued. The changes proposed under this model meet the identified campus need, respond to community and parent concerns, and builds on the assets that Hidalgo Early College High School does have to offer: new leadership; community, LEA and city support; technology infrastructure and a desire for change.

Under this model, Hidalgo ISD and Hidalgo Early College High School plans to infuse a technology-focused, extended learning program that will change the climate of the campus as well as the outcomes. A recent analysis of the technology infrastructure and knowledge on the campus confirmed that Hidalgo High School High school rates Advanced in technology infrastructure and support from leadership, but rates as only Developing in the key areas of teaching and learning and educator preparation.

Accordingly, alongside that program, intensive traditional as well as job embedded professional development will be conducted to ensure the sustainability of the curriculum and improve teacher quality. With a new principal, a new Instructional Coach, a Family Engagement Leader, additional high school teachers and an increase in academic performance as measured by the 2015-2016 STAAR Index 1 increase from 50 to 56 the campus is now ready for the SRG, Cycle Pilot with the help of the TEA Program.

Schedule #17— Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

TEA Program Requirement 2: Describe how the applicant will develop and/or implement a supported school redesign that responds directly to the unique needs of the specific campus. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

"Turnaround" refers to intensive short-term interventions undertaken by a state or district with the goal of dramatically improving the way a school operates. Hidalgo Early College High School is committed to undertake the process for change by developing and implementing a plan that supports school redesign as follows:

Planning

- Identify school leadership early to build in planning time to engage the community, establish the vision, and create a new school culture.
- Prepare to meet student needs that are severe and pervasive — hire specialized staff, recruit and train teachers with specific capabilities, and engage with effective external providers, as appropriate.
- Articulate a powerful vision for turnaround and make tough decisions.
- View turnaround as a portfolio of approaches, with closure as a viable option.

Human Capital

- Provide strong classroom and teamwork skills and additional support to teachers.
- Empower principals and leadership teams with key autonomies over staffing, program, budget, schedule, and data.
- Ensure principals and school leadership teams have the will, skill, and authority to drive change in demanding environments.

Maintaining Support and Building Sustainability

- Signal change early and build momentum by delivering and communicating "quick wins."
- Build capacity for long-term sustainable results.

Creating Conditions and Building System Capacity

- Create the necessary school-based conditions for success.
- Develop turnaround-specific capabilities and capacity.
- Build accountability and data systems to track progress and inform decisions.
- Build systems and structures that allow for sharing lessons across schools.

Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

TEA Program Requirement 3a: Select the designated school redesign model to be implemented. Only one option may be selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

☐ Restart

☒ Turnaround

☐ Closure/Consolidation

TEA Program Requirement 3b: Describe the rationale for selecting the school redesign model. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The Turnaround Model contains the elements most needed for Hidalgo Early College High School to accomplish the main goal: Improve student achievement. A rigorous, transparent and equitable evaluation system (Texas Teacher Evaluation and Support System-TTESS) will provide teachers with timely, specific feedback on classroom strategies and student performance. We believe that with more visible and meaningful support from instructional coaches and interventionists, student growth will inevitably follow. Hidalgo Early College High School struggles to both recruit and retain teachers because the students, who are very poor, are challenging to teach. Signing incentives and awards for student growth are designed to entice teachers to invest in the HECHS family. Job embedded professional development and ongoing coaching and feedback will provide teachers with the much-needed understanding of the child of poverty - their environments, their challenges outside school and their struggle to survive and achieve. Understanding the child and building meaningful relationships with children and families will enable teachers to delve into data and multiple means of assessment at all levels of the data collection pyramid.

The district believes that reading is at the heart of learning. Hidalgo ISD is committed to student success through a strong literacy foundation. In order to achieve this for our students and transform reading instruction, all teachers will participate in professional development with Texas A&M in Kingsville to pursue certification as an Academic Language Therapist (CALT). Mathematics teachers will have the option after year one to pursue a master mathematics teacher (MMT) certification, but all teachers will receive the foundational year of reading training. It is imperative that student reading levels are increased at a rapid rate to address this gap in learning, and we believe that by increasing students' reading levels other subject areas will be impacted. Long term sustainable and systemic transformation of reading skills for students at Hidalgo Early College High School is the goal and precursor to future success in all subject areas including writing, mathematics, and science.

Although achievement overall is still the biggest hurdle at Hidalgo Early College High School, we firmly believe in the premise that student growth can happen and will happen even quicker when students are reading and comprehending on grade level! Extended learning time is an absolute must. Flexible scheduling, innovative staffing, job-embedded professional development, high quality instruction in reading and writing, and effective implementation of research-based strategies are the answers to our school improvement effort.

Schedule #17— Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

TEA Program Requirement 4a: Select the designated school redesign implementation plan. Only one option may be selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

☐ Phase-in Redesign

☒ Whole-School Redesign

TEA Program Requirement 4b: Describe the rationale for choosing the selected implementation plan. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Hidalgo ISD and Hidalgo Early College High School High school selected the whole-school redesign because whole school redesign focuses on empowering all teachers, parents, and community leaders by creating technology- enriched learning communities. These groups share a purpose to improve the quality of student learning, and help students connect this new knowledge to their community and society. Collaboration is a critical component of success, whether it is in the workforce or the classroom.

This includes professional development for the whole school, building leadership capacity through learning teams, integration of technology into authentic learning in all content areas, and developing collaborative learning communities.

Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

TEA Program Requirement 5a: Select the designated school redesign operational flexibility plan. Only one option may be selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

- ☐ Alternative Management
- ☐ Campus Charter
- ☐ District of Innovation
- ☒ Applicant Assurance

TEA Program Requirement 5b: Describe the rationale for selecting the redesign operational flexibility plan. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Hidalgo ISD and Hidalgo Early College High School fully understands and stands by the assurance that need to occur to promote, maintain and sustain in order to positively increase student achievement.

Hidalgo ISD and Hidalgo Early College High School will:

Build capacity to support the turnaround model by;

- Implementing Job-Embedded Professional Development
- Ensuring Committed and Qualified Staff

Engage external partners to manage school and district turnarounds model by;

- Monitoring and Performance
- Providing Technical Assistance to Build District Capacity

Set ambitious but realistic goals for school improvement that incorporate multiple measures;

- Making Data-Based Decisions
- Extending and Maximizing Learning Time

A human capital strategy to improve the quality of leadership and teaching; and

- Changing Leadership Practices
- Implementing a System of Rewards
- Developing district-level principal pipeline

Fully understands that the state has the authority to intervene in failing schools and districts, if other approaches prove insufficient.

Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

TEA Program Requirement 6a: Select whether grant funds will be used for planning and implementation or implementation only of a supported school redesign. Only one option may be selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

☐ Planning and Implementation

☒ Implementation Only

TEA Program Requirement 6b: Describe the rationale for selecting either planning and implementation or implementation only. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Hidalgo ISD and Hidalgo Early College High School have chosen implementation because they are committed to the goals and if they receive the grant money both Hidalgo ISD and Hidalgo Early College High School will assure practices are used with high fidelity, and will achieve expected outcomes. With a focus on both fidelity and sustainability, all professional development and organizational structures are fully functioning and work together to support practitioners.

Orientation activities will provide necessary training and support to newly hired practitioners and leaders so they can use and sustain the new practices. Evaluation activities continue to monitor fidelity and outcomes of practice, so that "drift" (movement away from fidelity) in practices is quickly identified and addressed.

Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

TEA Program Requirement 7: If the applicant has contracted or intends to contract with a school redesign partner to support the development and/or implementation of the school redesign, describe the qualifications of the contracted school redesign partner; or, describe the desired qualifications of a school redesign partner. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Hidalgo ISD has a comprehensive process which ensures the quality of external providers over \$25,000. The LEA creates and publicizes a formal request for proposals. In recruitment, the LEA will create conditions to attract multiple applicants including, but not limited to the following: clearly defined rationale for hiring; adequate resources; aggressive but achievable goals; a transparent process; and appropriate levels of marketing at local, statewide and national levels.

Once applications are received, the LEA effectively assesses contractor's organizational and financial ability to perform the defined, necessary scope of work. The LEA and campus will work together in a timely process to set the roles and responsibilities, performance expectations and consequences for failure to meet expectations that can be articulated to external providers during the recruitment process.

The LEA will undergo a rigorous evaluation of the potential partner's capacity during the screening process looking at the partner's capacity, experience and record of successes and failures, the modified process that is developed will be transparent and will engage the LEA, the school and community stakeholders. Minimally, the process will involve a written application, due diligence to confirm the track record of the applicant, and in person interviews. Upon selection of the external providers, the LEA will support, but not micro-manage the providers. The LEA will be involved in ongoing monitoring of the external provider to support success. Additionally, the LEA will have developed consequences for failure and with ongoing monitoring, and will not hesitate to implement those consequences if needed.

Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 1746002267

Amendment # (for amendments only):

TEA Program Requirement 8: Describe how the applicant will recruit and select high-capacity leadership teams with a track record of increasing student achievement in low-performing schools and/or similar learning environments to develop and implement the school redesign. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Hidalgo ISD purposes to recruit and select high capacity leaderships teams to lead in the 2016-2017 School Redesign Grant, Cycle, Pilot by:

Setting a high bar for school leadership

Education experts across the ideological spectrum agree that we can and must do a far better job of educating our nation's youth. Too many students leave our public schools unqualified to compete for jobs in an increasingly global workforce. The result is slipping US competitiveness and a perpetuating cycle of poverty. Our task is to:

- Finding leaders capable of transforming schools is to create a clear vision of who those leaders should be;
- Link school district goals to leadership capabilities; and require them to achieve them;
- Articulate the specifics behaviors and competencies that the leadership team must exhibit to succeed;
- Involve multiple stakeholders to create buy in and build a dire to change;
- Design stepping stone roles
- Evaluate current principals and emerging high potential leaders

Building a talent development organization

School leadership requires both a fundamental belief that better outcomes are possible and an extraordinary combination of skills. Those skills can only be developed through a mix of on-the-job experience, high-quality training and strong mentorship.

- Build time for leadership development into the principal and principal supervisor roles.

Managing: Actively promote, monitor and support the talent pipeline

- Create robust leadership training programs across all stepping stones roles
- Ensure that high percentage leadership roles are filled by high potential leaders

Shared commitment to excellence

Hidalgo and Hidalgo High School are committed in making important progress on the long journey to fundamentally rethink leadership development. Hidalgo Early College High School is committed in raising standards, encouraging more-talented educators to consider the path to leadership, creating more meaningful stepping-stone roles, and devising systems to both evaluate and manage those moving through the pipeline.
