| Part 3: Program-Specific Provisions and Assurances | | |

| Х | I certify my acceptance of and compliance with all program-specific provisions and assurances listed below. |
|----|--|
| # | Provision/Assurance |
| 1. | The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy. The applicant provides assurance that the application does not contain any information that would be protected by |
| Z. | the Family Educational Rights and Privacy Act (FERPA) from general release to the public. |
| 3. | The charter school's financial accounting system adheres to the following requirements: accommodates the minimum 15-digit account code mandated by the FASRG; generates information needed for PEIMS reporting; and ensures adequate accountability of state and federal funds. If the school's financial accounting system is not approved by TEA, the charter school will budget and acquire an acceptable accounting system and training with these grant funds. Additionally, the school will be required to submit proof of an acceptable accounting system prior to receiving continued and/or additional funding. |
| 4. | The charter school will maintain clear documentation and data for the school and students served by the PCSP Start-Up Grant; will comply with any reporting and evaluation requirements that may be established by the TEA; and will submit the reports in the format and manner requested by TEA's Division of Financial Compliance. Grantees will be required to cooperate with the team that has been contracted to evaluate the use of the PCSP Start-Up Grant funds. |
| 5. | The public charter school has on file a certificate of occupancy or the equivalent, for the instructional facility. At any time, should the TEA Charter School Administration Division request a copy, the public charter school will provide such copy immediately |
| 6. | According to Title V, Part B, of NCLB, to receive federal grant funds of any type including U. S. Department of Education funds, the charter school must meet the following definition. By signing Schedule #1 and submitting the application, the authorized official of the public charter school certifies that each of the statements below is true and that the school is in compliance with this definition. A charter school is not eligible to receive any federal funds at any time, formula or discretionary, from TEA if it does not comply with this definition. A charter school means a public school that: 1. In accordance with TEC Chapter 12, is exempted from significant state or local rules that inhibit the flexible operation and management of the school, but not from any rules relating to the other requirements identified in P.L. 107-110. 2. Is created by a developer as a public school, or is adapted by a developer from an existing public school, and is operated under public supervision and direction. 3. Operates in pursuit of a specific set of educational objectives determined by the school's developer and agreed to by the authorized public chartering agency. 4. Provides a program of elementary or secondary education, or both. 5. Is nonsectarian in its programs, admission policies, employment practices, and all other operations, and is not affiliated with a sectarian school or religious institution. 6. Does not charge tuition. 7. Complies with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Part B of the Individuals with Disabilities Education Act. 8. Is a school to which parents choose to send their children, and that admits students on the basis of a lottery, if more students apply for admission than can be accommodated. |

7.

- Agrees to comply with the same federal and state audit requirements as do other elementary schools and secondary schools in the state, unless such requirements are specifically waived for the purposes of this program.
 Meets all applicable federal, state, and local health and safety requirements.
 Operates in accordance with state law.
 Has a written performance contract with the authorized public chartering agency in the state that includes a description of student performance that will be measured in charter schools pursuant to state assessments
- that are required of other schools and pursuant to any other assessments mutually agreeable to the authorized public charter agency and the charter school.
- Charters established under TEC Chapter 12, Subchapter C, must also comply with the following:

 a. Campus charter schools, must use funds to supplement (increase the level of services) and not supplant (replace) funds from federal, state, and local funds for similar activities. Any program activity required by state law, State Board of Education (SBOE) rules, or local board policy may not be paid with these funds. State or local funds may not be decreased or diverted for other uses merely because of the availability of these funds. Grantees must maintain documentation which clearly demonstrates the supplementary nature of these funds.
 - The campus charter will be established according to and in compliance with TEC, Chapter 12, Subchapter C, Sections 12.051-12.065.
 - c. The campus charter school will be designated as a campus charter in the Texas Education Agency (TEA) organizational database, AskTED, prior to operating as a campus charter for the 2018-2019 school year. If the campus charter school began operation prior to the 2018-2019 school year, but is still eligible to apply for and receive funding under this grant for the implementation of its charter school program, the campus charter school must be designated as a campus charter in AskTED when the grant application is submitted to TEA.
 - d. As per Title V, Part B, Subpart 1, Section 5204(f)(4)(B), a local education agency (LEA) may not deduct funds for administrative fees or expenses from a subgrant awarded to an eligible applicant, unless the eligible applicant enters voluntarily into a mutually agreed upon arrangement for administrative services with the relevant LEA. Absent such approval, the LEA shall distribute all subgrant funds to the eligible applicant without delay.

The campus charter will be permitted to govern autonomously, as evidenced by the day-to-day decision makers at the campus charter school and their input with regard to the school's curriculum, calendar, budget, and daily operations. This autonomy will be above and beyond the degree of flexibility and autonomy afforded to traditional campuses within the district.

|--|--|--|--|--|--|
| County-district number or vendor ID: 227824 Amendment # (for amendments only): | | | | | |
| Part 1: Submitting an Amendment | | | | | |

This schedule is used to amend a grant application that has been approved by TEA and issued a Notice of Grant Award (NOGA). **Do not submit this schedule with the original grant application.** Refer to the instructions to this schedule for information on what schedules must be submitted with an amendment.

An amendment may be submitted by mail *or* by fax. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

If the amendment is mailed, submit three copies of each schedule pertinent to the amendment to the following address: Document Control Center, Grants Administration Division, Texas Education Agency, 1701 N. Congress Ave., Austin, TX 78701-1494.

If the amendment is faxed, submit one copy of each schedule pertinent to the amendment to either of the following fax numbers: (512) 463-9811 or (512) 463-9564.

The last day to submit an amendment to TEA is listed on the <u>TEA Grant Opportunities</u> page. An amendment is effective on the day TEA receives it in substantially approvable form. All amendments are subject to review and approval by TEA.

Part 2: When an Amendment Is Required

For all grants, regardless of dollar amount, prior written approval is required to make certain changes to the application. Refer to the "When to Amend the Application" guidance posted in the Amendment Submission Guidance section of the Grants Administration Division Administering a Grant page to determine when an amendment is required for this grant. Use that guidance to complete Part 3 and Part 4 of this schedule.

Schedule #5-Program Executive Summary

County-district number or vendor ID: 227824

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial. The vision of Promesa College Brownsville is to have a school that performs effectively in a self-directed environment

and that challenges old assumptions while still seeking innovative ways to excel in educational programs that cater to the high-risk, underserviced, impoverished student. Ninety five percent of the students that will be served by Promesa College Prep Brownsville will be low-income, minority children. We want our campus -based and off campus- based programs to meet or exceed the expectations of students, faculty and employees. Promesa College Prep Brownsville have three main objectives for this grant. The first one will be that by the fall of 2019, at least 80% of entering students will meet state standards on the STARR state accountability test in mathematics and reading. The second is that by the fall of 2019, we will have maintained a dropout rate of less than 0.7 percent. The third will be that by the fall of 2019, we will have increased enrollment by at least 14.2 percent. We will continue to evaluate our progress in meeting our goals. The Promesa College Prep Brownsville campus will use the 2017 Texas Assessment Test results for baseline data and comparing. The data will be assessed, compared and disaggregated by gender, poverty status, ethnicity, English proficiency and disability. Student attendance will be closely monitored and reported to the TEA and to the parents. Our team has over 50 years of combined experience in the education system, with 30 of those years in operating charter schools. Our teams understand that parents are removing their children from public schools because of communication problems with teachers and administrators, violence in the schools, lackluster programs and poor student achievement. Our experience brings true passion and understanding to the importance of providing a unique, healthy environment for learning. Parent involvement is a key in monitoring the student's attendance. Our teachers and staff will take every step necessary to keep parents informed, including home visits. Promesa College Prep Brownsville will keep our channels of communication with the community open, advising parents and students of their educational options. Providing a highquality education and sharing our academic success with community and government agencies will allow us to continue to grow our enrollment. We will use the funds provided to us to continue to expand the number of high quality charter schools available to students. Promesa College Prep Brownsville will use the grant funds to assist in the planning, program design and the initial implementation of the proposed charter school. We will continue to conduct evaluations on the progress of the school, its programs and on its students, student achievement, staff and parents. We are knowledgeable of our guidelines and will comply with all educational and charter school laws, including the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Part B of the Individuals with Disabilities Education Act. Our goal is to ensure that all of our students are receiving a quality education. Our leadership team has set high goals and is driven by action and results. We are able to make decisions on a day- to- day basis, ensuring that all educational and financial goals are met. Our leaders will use data, think through problems and follow up with targeted action. The leadership team will use a hands-on approach to problem solving to ensure that everyone can follow the plan that has been approved by the board of directors, parents, teachers and other members of our management team. Our leaders will exhibit confidence that all of our organizational goals can be reached, or even exceeded. The leaders will focus on developing staff skills over time and on using influence to foster immediate action toward the school's short and long term needs. Our board of directors has empowered our leadership team to make all of the necessary budget, calendar and curriculum decisions needed to secure the ultimate success of our school.

Schedule #13-Needs Assessment

County-district number or vendor ID: 227824

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired outcome or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. If this application is for a district level grant that will only serve specific campuses, list the name of the campus(es) to be served and why they were selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Promesa College Prep Brownsville will serve an academically, socially and economically at-risk population that is less affluent and clearly in great need of additional resources, extended learning time and instructional excellence. In addition, Promesa College Prep Brownsville will serve many students who are on wait lists in other charter schools in the Brownsville area.

We envision a school that realizes that life and learning are adventures to be experienced. Promesa College Prep Brownsville will invite students to explore and engage the world around them. We want to challenge them intellectually, physically and emotionally. Through our demanding challenge-based curriculum, students collaborate with peers, solve real world problems and display their work with pride.

Promesa College Prep Brownsville will have three main objectives for this grant. The first one will be that by the fall of 2019, at least 80% of all students who are assessed will have an acceptable performance on Starr. The second is that by the fall of 2019, we will have maintained a dropout rate of less than 0.7 percent. The third will be that by the fall of 2019, we will have increased enrollment by at least 14.2 percent. We will continue to evaluate our progress in meeting all of our goals, Promesa College Prep Brownsville will use student's 2017 TASK results for baseline data and comparing. The data will be assessed, compared and disaggregated by gender, poverty status, ethnicity, English proficiency and disability. Student attendance will be closely monitored and reported to the TEA and to parents. Parent involvement is a key component in monitoring student attendance. Our teachers and staff members will take every step necessary in keeping parents informed, including home visits. Promesa College Prep Brownsville will keep our channels of communication with the community open, advising parents and students of their educational options. Providing a high quality education and sharing our academic success with community and government agencies will allow us to continue to grow our enrollment.

| Des | Part 2: Alignment with Grant Goals and Objectives. List your top five needs, in rank order of assigned priori Describe how those needs would be effectively addressed by implementation of this grant program. Response to space provided, front side only. Use Arial font, no smaller than 10 point. | | | | | |
| 幕 | Identified Need | How Implemented Grant Program Would Address | | | | |
| 1. | Need for STAAR preparation and early testing experience for students, beginning in elementary school. | Eighty percent of our students are reading below grade level, as measured by the Development Reading Assessment (DRA). We will increase achievement scores by 1.5 percent within one year of enrollment in our school. | | | | |
| 2. | Need to develop relationships with parents/guardians to assure that a true partnership between all parents and the students attending Promesa College Prep Brownsville and our staff is one that develops with a shared focus on successful preparations for college and the world beyond. | The teaching staff of Promesa College Prep Brownsville will conduct home visits to each student prior to the start of the school year to ensure that parents /guardians understand the importance of maintaining parent involvement throughout the school year. | | | | |
| 3. | Provide a highly qualified, degreed staff and maintain a lower student -teacher ratio than the traditional public schools. | Promesa College Prep Brownsville will continue to provide rigorous training and staff development to ensure that a highly qualified staff is provided to each student. Securing the grant funds will allow more students to have a choice in education. | | | | |
| 4. | Improve parent and educator communication | This grant will allow us to hire a Parent Liaison. Improving the communication between parent and educator. Increasing parent involvement resulting in higher student test scores. | | | | |
| 5. | Curriculum Writing because we are providing a dual language program, we need a curriculum (lesson plans with identified materials and resources) one that integrates the dual language concepts with our TEKS, ELP and CCRS. | Through this grant program, we will allow us to purchase a curriculum that addresses the goals of all our students including those in our dual language program. | | | | |

It takes more than a passion for education to run a quality charter school. Our board of trustees fully understands our policies and their oversight role and is truly focused on identifying the appropriate tasks needed to address and implement those policies. Our faculty will maintain itself in a way that supports the provision of a quality education. Our teachers will be supported in their roles and enthusiastic about our mission. Our school has set high standards and will provide each of our students with the means to be successful. As school leaders, our staff will need to wear a variety of hats and carry out diverse responsibilities with great skill. We are committed to providing and sustaining the highest level of professional student development. We understand the need to comply with reporting all school activities, test grades, attendances, program progress and staff development. We will maintain the highest standards of reporting to the TEA, the SBOE, parents and the board. We will comply with the daily reporting requirements, such as student attendance and the free and reduced -price lunch participation. Our school will support and value the opinions of the community, our community leaders, students and their parents. All concerns and suggestions made to the school will be considered when evaluating our programs and the progress of our students. All of these components come with a cost and our leadership team will be responsible for creating a spending plan, identifying sources of revenue to pay for our school's needs and tracking our expenditures. We will have a formal review process preformed by the start-up committee, our leadership team, the board of trustees and teachers to monitor continuous improvement through multiple levels. We will assure that all required criteria have been met. Feedback would result from, but is not limited to, test results, parent evaluations, student evaluations and reports generated through PEIMS to identify any deficiency and respond swiftly with student intervening strategies. We will use our district's successful program to monitor and identify any student that is not performing to standards. We will meet weekly to review and analyze the student's progress and will make any recommendations needed to correct the deficiencies identified by the data collected.

Part 4: Sustainability and Commitment. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds? How will you ensure that all project participants remain committed to the project's success? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Part 2: Data Collection and Problem Correction. Describe the processes for collecting data that are included in the evaluation design, including program-level data such as program activities and the number of participants served, and student-level academic data, including achievement results and attendance data. How are problems with project delivery to be identified and corrected throughout the project? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The designated evaluation of the project will be detailed as well as complete and comprehensive. It will be undertaken in order to determine whether the project is achieving its goals, to identify unintended positive or negative outcomes and to acquire information that will help the staff to increase their effectiveness. In the outline of the evaluation, several factors have been considered. Great consideration was given as to what and how certain elements are to be evaluated, what a contextual element may bear on the evaluation and what resources are available. The process of assessment will be conducted weekly based on established benchmarks and then reviewed by the leadership team and school staff. The object of the formal evaluation will be identifying strengths and weaknesses while the project is being conducted so that ongoing improvements can be made. The leadership team and school staff will gauge the project elements from two different perspectives: The first one is overall effectiveness. Is the content or training method effective in achieving the specific outcome goals stated for the project? The second is efficiency. Is the process used to deliver the content having a positive impact on teaching techniques, community involvement and/or student achievement? We will have a formal review process performed by the start-up committee, our leadership team, the board of trustees and teachers to monitor continuous improvement through various multiple levels. We will assure that all required criteria has been met. Feedback would result from, but is not limited to, test results, parent evaluations, student evaluations and reports generated through PEIMS to recognize any deficiencies and to respond swiftly with student intervening strategies. We will use our district's successful program to identify and monitor any student that is not performing to standards. We will meet weekly to review and analyze the student's progress and to make any recommendations needed to correct the deficiencies identified by the data collected.

In addition to these processes for ongoing monitoring and continuous improvement, Promesa College Prep Brownsville will hire an external evaluator to help design an inspection plan that will provide both formative and summative feedback. Promesa College Pep Brownsville will use an experienced outside inspector who has previously performed successful evaluations. Our management team will incorporate all feedback into the regular planned meetings and will share it with the parents, teachers and the administrative staff involved in the grant project.

Our Board of Trustees fully understands our policies and their oversight role and is truly focused on identifying the appropriate tasks needed to address and implement those policies into our schools. The experienced Board of Directors that oversee our district office will also oversee Promesa College Prep Brownsville. Promesa Public Schools, Inc. formerly known as The East Academia, Inc. is currently governed by a Board of Trustees. The four members, Chairman Alexia Rodriguez, Board Chair Ruth Hsu, Board Member Juan Sanchez and Board Member Marcelo Tafoya all bring a wealth of dedicated work ethic and wisdom to the organization. In addition, the board strongly supports the school's mission to create a new generation of high-performance public education that will enable all children, regardless of their social or economic background, to reach their height of academic achievement. These individuals are devoted to the mission of the school, love children and will work very closely with our superintendent and our leadership team. They believe that while some student's socio-economic background may set a high hurdle, it is by no means their destiny. Our district has maintained a solid relationship with our Region and utilizes all tools available to us. Our district's standing with the TEA and the SBOE has continued to display a solid accountability rating. TEA has awarded Promesa Public Schools, Inc. (district) with the accountability rating of Recognized for both of our campuses.

Charter schools around the country are facing an ever- increasing need to attract great teachers, leaders, students and support staff. Not an easy task when budgets are tight, resources strained and priorities many. Charter schools can provide more choices for families and more opportunities for innovation and public-spirited entrepreneurialism in education. This grant is all about expanding the pipeline to a higher quality education. We will use the funds for the initial planning, program designing and implementation of the charter school. Promesa College Prep Brownsville is committed to advancing the charter school movement and to enhancing the national understanding of the charter school model. Our goal is to increase the number of high-quality charter schools available to families, particularly in disadvantaged communities that lack access to quality public schools. We are committed to providing continuous evaluations of all the programs offered by our school and to reporting the effects that it has on students, student achievements, staff and parents. As a new school, we will utilize these funds to support four main projects. The first project will focus on the implementation of the new charter school. The success of the school is predicated on our communication with the community. As the demand of charter schools increase, it is important for us to communicate all the requirements and deadlines needed for children to take advantage of a high quality education and all the programs that will be offered at Promesa College Prep Brownsville. Our second goal is to hire the teachers and staff needed to create and maintain the proper environment for each student to be successful. Lesson plans and classroom preparations are needed to demand a successful school year. Each of our staff members play a major role in our student's futures. Our third goal is to prepare the classrooms by purchasing the equipment and furniture needed to successfully operate the school. We will acquire the necessary library and text books to assure that students have the proper tools in meeting all the academic goals required by the TEA. Securing the proper learning environment for all students is important to both the student's self- esteem and the development of education. The four projects will focus on meeting all the reporting and evaluation requirements. We will purchase computers to provide the teachers with the tools needed to evaluate and report each student's progress. The reports generated through PEIMS and information provided by the teachers and other staff members will assure that the federal funds are properly allocated and that the students are taking the required courses. Any additional private funds will be utilized in conjunction with all federal funds to accomplish the same goals while meeting the federal guidelines.

Schedule #16—Responses to Statutory Requirements

County-district number or vendor ID: 227824

Amendment # (for amendments only):

Statutory Requirement 5: Describe how the charter school that is considered a local educational agency under state law, or a local education agency in which a charter school is located, will comply with sections 613(a)(5) and 613(e)(1)(B) of the Individuals with Disabilities Act. (See Appendix 1.) Failure to respond appropriately to this requirement will deem the applicant ineligible for funding as meeting the needs of special education students is a statutory requirement for this federal program.

Note: All applicants must address this statutory requirement.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Promesa College Prep Brownsville will serve children with disabilities in the same manner as all other students enrolled in the Austin Independent School District (AISD). All accommodations and services identified by their IEP will be provided through the district's special education personnel that is assigned to the Promesa College Prep Brownsville's campus. The district is committed to providing the Promesa College Prep Brownsville campus with the necessary staffing and support services to comply with IDEA on the same level as it provides to all other district campuses. The Promesa College Prep West Brownsville campus will be responsible for providing a free appropriate public education to all of the students with disabilities within the age group described in the charter contract, by direct and indirect services, and to all who select Promesa College Brownsville as their school. Regardless of the severity of the disability, Promesa College Prep West Brownsville will make every effort to locate, identify and evaluate those specific individuals, as well as to refer any students who may have a disability to the appropriate agency. This duty extends to children who are homeless children or who are wards of the State.

The referral of a child suspected of having a disability, for a full and individual evaluation for possible special education services, is a part of the Promesa Public Schools, Inc. district's overall general education referral and screening program,. A student who is experiencing difficulty in the regular education program may be considered for eligibility for special education services after Response To Intervention (RTI) modifications and support have escalated to Tier 4 of the Promesa College Prep Brownsville framework. Promesa College Prep Brownsville will comply with the district's specific procedures related to identifying students, providing modifications in the regular program first (if appropriate) and initiating the Full and Individual Evaluation to establish when these modifications have failed to ensure adequate yearly progress resulting in the student being suspected of having a disability. A student who has received all pertinent and reasonable support in the general education setting and who continues to have difficulty in making adequate yearly progress may be considered for a referral for evaluation for special education services based on the district's & IDEA regulations and guidelines.

Promesa College Prep Brownsville offers educational programming for students with disabilities through a continuum of services, so that, to the greatest extent possible, they are educated with individuals who are not disabled. Support services are available to students with disabilities that supplement the student's special education program or may be determined by the ARD committee to be the only delivery of services required to meet the identified needs of the student. Promesa College Prep Brownsville makes available equitable access to any assistive technology devices or services needed as a result of the full and Individual Evaluation, ARD committee recommendations and/or Assistive Technology Team recommendations. Those devices and/or services are included in the Individual Education Plan (IEP). At the beginning of the school year, the school has in effect a current IEP for every student with a disability who is receiving special education and/or related services from the school. Educational decisions leading to the development of the IEP are based only on a student's individual and unique needs. Educational decisions are not based upon administrative expediency, availability of services (e.g., a related service is provided on a consultation basis only), cost of services or the type or severity of the disability.
