Schedule #1—General Ir	
County-district number or vendor ID: 057905	Amendment # (for amendments only):
Part 3: Schedules Required for New or Amended Applications	

An X in the "New" column indicates a required schedule that must be submitted as part of any new application. The applicant must mark the "New" checkbox for each additional schedule submitted to complete the application. For amended applications, the applicant must mark the "Amended" checkbox for each schedule being submitted as part of the amendment.

Schedule		Application Type		
5chedule #	Schedule Name	New	Amended	
1	General Information		<u> </u>

Sc	:h	edule	#5-Program	Executive	Summary
----	----	-------	------------	------------------	---------

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial. The Accelerating Campus Excellence, ACE, program represents Dallas ISD's innovative approach to accelerating the transformation of historically struggling, multi-year "Improvement Required" schools. The program has established a strong track record of success since inception in 2015, and adding a clearly defined ACE Literacy Initiative component to the existing program will elevate progress and add sustainable results for years to come. The original ACE key ingredients are strategic staffing to reconstitute perpetually struggling campuses paired with substantial financial incentives (guided by a robust, multi-input evaluation system designed to identify our district's stronger educators). All ACE schools are aligned with the implementation of five key practices within a supportive cohort model led by one assistant superintendent. These five ACE strategic components for turnaround are consistently monitored each six weeks.

Year one results were substantial, including six of seven schools meeting state standards with average double digit gains on STAAR assessments. Early literacy, discipline, attendance and climate and culture were also improved. The program's success has led to the onboarding of a new cohort of six schools for the summer of 2017. Though success is celebrated, a clear need for improved reading instruction is evident. The ACE Literacy Initiative will provide the needed professional development, resources and leadership for strengthen reading instruction within the existing five ACE (5) components.

- (1.) Effective Principals and Teachers: National research supports that talented school leadership and highly effective teachers are essential in successful school turnaround initiatives. In addition to annual stipends, teachers and principals are provided additional days of professional development at the beginning of the year and several other PD opportunities during the year through partnerships with leaders in the field, such as Teaching Trust, Momentous, and Relay. The ACE Literacy Initiative will expand existing professional development to include the following:
- Literacy training focused each component of a balanced literacy schedule with a special emphasis on guided reading K-8.
- Literacy assessment training to develop a diagnostic lens for all teachers to provide not only right-fit text, but appropriate need-matched intervention.
- A campus-based literacy instructional coach and interventionist to support teachers, support program implementation through coaching, modeling and planning, as well as support struggling readers with a reading-recovery/small group approach.
- (2.) <u>Instructional Excellence:</u> Each campus implements structured literacy and math blocks. Using six weeks' interim assessments data and monthly ISIP data, the schools will facilitate structured Professional Learning Communities (PLCs) focused on curriculum alignment. Data drives decision-making and is used to progress monitor goals at the campus-, classroom-, and student-level. With the ACE Literacy Initiative, we will add the following elements:
 - Literacy materials to ensure each literacy classroom has a leveled classroom literacy and guided reading resources, as well as other resources for literacy organization for program implementation.
- (3.) Extended Learning: One hour is added to the regular school day to ensure each content area course was allocated more time for instruction and targeted intervention. In addition, campuses will remain open until 6PM, with dinner and transportation provided: two days a week for elementary schools and four days a week for middle schools. This TEA Redesign grant will provide for expansion of services in the evening with a strong focus on literacy.
- Afterschool programs that focus on literacy will be selected by each campus to reinforce reading and program intervention.
- Technology (Kindles) will be purchased for using Istation and other literacy programs at school and home to extend learning time.
- (4) Social-Emotional Support: Additional personnel (assistant principals and counselors) allow campuses to place an intentional focus on social/emotional health, by teaching about growth mindset and habits of mind, which focuses on

Schedule #5—Program Executive Summary (cont.)

County-district number or vendor ID: 057905

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

equipping the learner with tools to promote learning and positive decision-making. Furthermore, campuses use restorative justice discipline practices for positive reductions in discipline offenses. Discipline data is reviewed each six weeks for collaborative Response to Intervention (RTI) planning.

 With the ACE Literacy Initiative, student interest will be used to identify text and engage readers as well as small group instruction to build relationships.

(5) Parent and Community Support: Campuses increase communication with families and opportunities for engagement. Through the ACE Literacy Initiative, parents will learn about reading levels, goal setting, and ways to support student growth in literacy.

Adding a clearly articulated ACE Literacy Initiative to the existing ACE program will improve long-term success for students in several ways:

Reading on or above grade level will allow students to access a wider variety of curriculum and learning experiences without barriers, including mastery of state standards, and advanced courses in high school with dual credit and AP coursework.

Reading on or above grade level will provide the skills needed for turnaround through ACE to be sustainable, as student matriculate without the need for aggressive intervention.

Professional development and training provided to teachers to develop the complex skills needed for literacy mastery teacher will support learners for years to come.

Print -rich classrooms with literacy materials and texts will inspire life-long readers to embrace reading

Budget & Needs Assessment

The ACE Literacy Initiative budget was designed by the qualifying campuses conducting needs assessments, reviewing data, existing resources, and teacher expertise. Needs assessments are conducted annually as the foundation of the campus improvement planning process. The process is supported by district grants office and the department of School Leadership. Once completed, the needs assessments led to the review of evidence-based resources with committees and the top resources were added to the budget. The budget covers personnel, extended day services, professional development and classroom literacy materials and resources.

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired outcome or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. If this application is for a district level grant that will only serve specific campuses, list the name of the campus(es) to be served and why they were selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The purpose of a CNA is to examine multiple sources of data to identify the priority needs and direction for the school. This critical process is the pre-work to the development of the district and campus improvement plans and decisions regarding the justification for use of NCLB and other funds. The data helps schools monitor and assess the impact of programs, instruction, and other resources related to student achievement by developing a school profile. When conducted thoroughly, the CNA tool provides schools with identified strengths and weaknesses and specifies priorities for addressing student achievement and meeting challenging academic and performance standards.

- Step 1: Review the purpose and outcomes
- Step 2: Establish committees
- Step 3: Determine which types of data will be collected and analyzed by committee to develop the school profile.
- Step 4: Determine areas of priority and summarize needs. Click and type here to enter response.

Area Reviewed	Summary of Strengths What were the Identified strengths? (Facts not actions)	Summary of Needs What were the identified needs? (Fects not ections)	Priorities What are the priorities for the campus, including how federal and state program funds will be used? • Social Emotional stability for students such and psychiatrist, anger
Demographics	Increasing the diversity of student population Yearly enrollment averages at least 500 students Black/African American - 548 94 1% Hispanic - 341 5 9% At Risk - 211 38 4% Economically Disadvantaged - 542 93 4% Special Education - 39 8.7% Talented and Gifted - 44 7 6% Qualifying 3 and 4 year old students have an opportunity to participate in Pre-K.	Increase student achievement and meet the needs of our growing ELL population Increase reading skills of At-Risk students by utilizing data from (Station, and RT) process Increase attendance Mobility - (41%) Teacher Retention Smaller Classes/ Student-Teacher Ratio 15 to 1 Additional Support for our ELL population	management assistance Welcoming Committee – to decrease mobility, (what will this look like?) Look Back to School block party RTI Teacher to meet the needs of our struggling students Recognize and celebrate the diverse cultures through cross-curricular activities Market the campus to attract more neighborhood children Utilize MLEP department to utilize district resources for growing ELL Population Continued Attendance competitions to increase daily attendance
Student Achievement	Double digit gains 5º Grade Math 7point gain 5º Grade Reading Math increased 2018 TerraNova – Kinder beat the district	ISIP – all grade levels are below the district and feeder SpEd Students are not passing STAAR, nor are they making the needed progress goals GT students are not meeting progress goals and are underperforming ESL students need additional support with ELAR, Math & Writing Boys decreased 23 points in Reading, but did make gains though it was not enough to recoup the loss	Pull Out — begin during the security as reen's (competitions after Six Weeks Common Assessments Weeks Common Assessments Mentoring Programs(boys and girls) – consistent male and female mentors guide and support students

Schedule #14—Management Plan (cont.)

County-district number or vendor ID: 057905

Amendment # (for amendments only):

Part 3: Sustainability and Commitment. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds? How will you ensure that all project participants remain committed to the project's success? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

In partnership with BRES and ACE, Elisha M. Pease's Big Rock One is to implement a high quality Balanced Literacy program to ensure all students read at or above grade level, and in their progress towards that goal, they are provided both grade level and target-leveled reading opportunities each day. This work will be supported throughout the school year, as indicated in the table below. This alignment of efforts and focus on Literacy will maximize the effectiveness of the grants funds. The continuous/ongoing, observation-feedback-action planning cycles will ensure that Literacy components are executed effectively and, coupled with data cycles, will help to gauge progress in implementation and effectiveness of efforts, allowing for adjustments to be made as needed during the school year in order to ensure each student's maximum Literacy growth is realized.

Big Rock One: Implement a high quality Balanced Literacy program to ensure all students read on or above grade level.

Part 2: Data Collection and Problem Correction. Describe the processes for collecting data that are included in the evaluation design, including program-level data such as program activities and the number of participants served, and student-level academic data, including achievement results and attendance data. How are problems with project delivery to be identified and corrected throughout the project? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Reading STAAR - In March, 8th grade students will take the Reading STAAR, as standardized assessment of grade level skills in Reading. A second administration of STAAR will given in May for 8th grade student who did not meet performance expectations, as well as for 6th and 7th grade students.

Istation- At three week intervals, we will review lexile levels for individual students, class periods, teachers, grade levels and entire campus.

ADDITIONAL STUDENT GROWTH MEASURES-

Reading ACP- In December, 6th-8th grade students will take the Dallas ISD Assessment of Course Performance (ACP), to measure student achievement for the fall semester.

Common Assessments- At the end of the 1st, 2nd, 4th, and 5th six weeks grading periods, students will take district created common assessments to measure achievement at critical points within the fall and spring semesters.

Demonstration of Learning (DOL)- DOLs are daily assessments that measure student mastery on a daily basis. DOLs are directly aligned to STAAR in both complexity and rigor. Students will be provided opportunities to show mastery in both qualitative and quantitative DOLS throughout each week. Quantitative data will be collected using All In Learning, which is a software application used for collecting and tracking data.

Data Meetings and Action Plans-

DOLS-Weekly review and discussion on DOL Tracker in All In Learning will help identify gaps in learning, students in need of small group instruction, or whole group reteach. Both small group and whole group reteach will be conducted during the regular school day due to the double-block ing of of Reading and Mathematics classes

Schedule #16—Responses	to Stat	utory Rec	quirements
------------------------	---------	-----------	------------

Amendment # (for amendments only):

Statutory Requirement 1a: Depending on if the campus is identified as a priority or a focus school, describe how the applicant will develop a school improvement plan (for priority schools) or support the focus school with the development and implementation of a targeted school improvement plan. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Elisha M. Pease Elementary is a Priority campus. Our strategic planning process includes creating a committee to develop a Comprehensive Needs Assessment(CNA), create a Root Cause Analysis(RCA), and to use these documents to create the Campus Improvement Plan (CIP).

Comprehensive Needs Assessment (CNA)-

The purpose of a CNA is to examine multiple sources of data to identify the priority needs and direction for the school. This critical process is the pre-work to the development of the district and campus improvement plans and decisions regarding the justification for use of NCLB and other funds. The data helps schools monitor and assess the impact of programs, instruction, and other resources related to student achievement by developing a school profile. When conducted thoroughly, the CNA tool provides schools with identified strengths and weaknesses and specifies priorities for addressing student achievement and meeting challenging academic and performance standards.

- Step 1: Review the purpose and outcomes
- Step 2: Establish committees
- Step 3: Determine which types of data will be collected and analyzed by committee to develop the school profile.
- Step 4: Determine areas of priority and summarize needs.

Root Cause Analysis (RCA):

- Step 1: Data Review
- Step 2: Causal Data Charting
- Step 3: Root Cause Identification
- Step 4: Recommendations and Implementation

Campus Improvement Plan (CIP):

Using data and input from the Comprehensive Needs Assessment and the Root Cause Analysis, the Campus Improvement plan is written according to federal guidelines.

Sch	edule #	16—Responses	to Statutory	Requirements	(cont.)
-----	---------	--------------	--------------	--------------	---------

Amendment # (for amendments only):

Statutory Requirement 1b: Describe how the applicant will monitor schools receiving Title I funds. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The ACE schools monitor the implementation of campus improvement strategies through a bi-monthly cycle of observation and six week data analysis cycle.

The Assistant Superintendent and Academic facilitators for ACE visit campuses weekly to monitor effective implementation of campus improvement plans. Visits follow a regular protocol of instructional exemplar rubric review, classroom visits with rubrics to calibrate and record strengths and needs, then a debrief to collaboratively plan next steps for action> Next steps include a combination of coaching, professional development, modeling, and resource allocation. All visits and action steps are recorded in a Google drive to support accountability and follow through.

Each six weeks, data is provided to measure progress towards goals. The data includes attendance, discipline offenses, interim assessment, reading progress and classroom observation data. Principals of the ACE schools review these collectively to share ideas, then make individual plans for continued improvement. When data indicates a lack of progress, the team analysis from multiple viewpoints and modified actions for greater results. Teams are encouraged to be nimble and quickly responsive to data.

Statutory Requirement 1c: Describe how the applicant uses a rigorous review process to recruit, screen, select, and evaluate any external partners with whom they will partner. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Dallas ISD utilizes a combination of procurement options authorized by Texas Education Code, Section 44.031(a). More specifically, our formal procurement process is listed below:

- Department procurement request received by Procurement Services
- Timeline set and Board of Trustees approval date identified
- Specifications/scope of work for request goods/services written
- Department review of documentation
- Procurement documentation, including all Procurement Department forms, Term or Master Agreement, and finalized specifications/scope of work, prepared
- Legal Notice of the procurement opportunity is a minimum of two consecutive weeks
- Pre-proposal conference if necessary
- Receipt of questions from potential bidders
- Addendum(s) posted if necessary
- Closing date of proposal/bid
- Evaluation and analysis of bid offers and negotiation, if necessary
- Preparation of the recommendation to the Board of Trustees for approval if the expenditure of funds will exceed
- Master Agreement, Term Agreement or contract executed after Board approval
- Process purchase orders (includes Assignments of Work, Customized Supplemental Service Agreements for

To allow for a fair and competitive bidding process for external partners Dallas ISD Board of Trustees has adopted a stringent Restricted Contact policy that is in effect throughout the entire procurement process. The Restricted Contact policy prohibits any communications between all prospective suppliers, their parent companies, and any subsidiaries.

Schedule #16—Responses to Statuto	ry Requirements
-----------------------------------	-----------------

Amendment # (for amendments only):

Statutory Requirement 1d: Describe how the applicant will align other Federal, State, and local resources to carry out the activities supported with funds received under this subsection. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The ACE program is supported through federal, state and local dollars. In addition to regular school allocations, cohort ACE 2.0 is receiving an additional \$4.9 million dollars in general operating monies. These funds provide the following:

Stipends to recruit highly effective teachers and leaders to struggling schools

 Additional administrative personnel to assist with campus cultural changes, including increased attendance, improved discipline management, and improved instructional coaching and supervision

Additional professional developed focused on teaching, learning, and social-emotional support

 Transportation for extended school hours until 6 PM two to three nights each week to ensure all students have adequate time for tutoring, intervention and enrichment

• Funds are allocated for each student to receive new school attire as an effort to rebrand the school and set high expectations for school spirit.

ACE schools also Title I dollars according to the district's PPA. In previous years they have also received focus and priority school dollars.

Statutory Requirement 1e: Describe how the applicant will modify, as appropriate, practices and policies to provide operational flexibility that enables full and effective implantation of the plans. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

As a district initiative to transform low performing schools, the schools within the ACE network have flexibility to modify practices and provide operational flexibility in the following ways:

- One hour extended school day for additional, intensive reading and math support with longer instructional blocks
- Open until 6 PM two to three nights a week for tutoring, intervention and enrichment with transportation and dinner provided free of charge for students
- Provide intensive, additional professional development days for teachers
- Provide standard dress attire for each student
- Provide additional administrative support

Schedule #16—Responses to	Statutory	Requirements	(cont.
---------------------------	-----------	--------------	--------

Amendment # (for amendments only):

Statutory Requirement 2: Describe how the school redesign plan will incorporate one or more evidence-based strategies during the implementation. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Big Rock Educational Services, in conjunction with ACE and Elisha M. Pease Elementary have developed a three pronged, evidenced based literacy improvement plan. The plan includes a balanced literacy schedule, guided reading, and independent reading. We will incorporate the use of a literacy specialist to assist with struggling readers, a writing teacher so that our 4th grade students will receive writing instruction daily, and multiple resources that will enhance the quality of our reading program. Below is a sample of the components of the plan.

Additionally, the International Reading Association asserts widespread agreement among literacy experts concerning the particular literacy practices and experiences in which effective teachers routinely engage children. The following is a list of research based best practices posed by Gambrell and Mazzoni (1999) represent evidence-based practices that will be incorporated into the ACE Literacy Initiative.

1. Teach reading for authentic meaning-making and literacy experiences including reading for pleasure, to be informed,

and to perform a task.

a. Our classrooms will incorporate Book Clubs and Literature Circles to promote relevant literacy engagement and discussion.

b. Students will read award-winning literature independently and together in small groups with the teacher modeling and facilitating comprehension and vocabulary development activities.

2. Use of high-quality literature.

- a. The grant will support the purchase of classroom library and sets of books for Book Clubs and Literature Circles.
- b. Awarding winning, relevant literature will be purchased from the following nationally recognized lists: Newberry, Caldecott, Coretta-Scott King, National Book Award, and Library Services.

3. Integrate a comprehensive word study/phonics program into reading/writing instruction.

- a. Kindergarten through third grade will implement a daily, developmentally sequenced phonics program (Neuhaus).
- b. Throughout the ACE Literacy Initiative, instructional coaches will work with teachers to diagnose reading difficulties and provide targeted intervention in phonics for students 4-8th.

4. Use of multiple texts that link and expand concepts.

a. Genres will be balanced for wide-exposure and expansion of relevant concepts to promote reading and writing within the content areas, across the curriculum.

5. Work with students in small groups while other students read and write about what they have read.

- a. Writer's Workshop will occur daily. Students will study a mentor text, then write in response to that they have read.
- b. Students will engage with whole group modeling, then work in small groups and confer with classrooms and teachers to enhance their work.

Allot adequate time to read in class.

a. All classrooms will ensure twenty-minutes of silent, sustained reading with authentic, right fit literature.

b. Monitor student progress using Accelerated Reader.

7. Provide direct instruction in decoding and comprehension strategies that promote independent reading while balancing time spent with direct instruction, guided instruction, and independent learning.

8. Use a variety of assessment techniques to inform instruction.

- a. Each classroom will use reading assessments to match text, intervention and growth.
- b. Students will maintain individual portfolios to set goals and develop agency

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 057905

Amendment # (for amendments only):

TEA Program Requirement 1: Clearly communicate the district's vision for improving low-performing schools, including the strategy for increasing the number and percent of students in higher-rated schools. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Dallas ISD is committed to student success. In an effort to increase opportunities and success for student attending low performing schools, the district has created the ACE, or Accelerating Campus Excellence, Initiative.

ACE is a model intended to activate the three primary enablers of campus success: a strong leadership team, effective teachers in every classroom, and consistently high expectations for both staff and students. When these three enablers work in concert on a campus, the rate of growth for students with the greatest need is accelerated and student achievement is significantly amplified. The backbone of the ACE model is effective leadership teams and teachers. In the 2014-15 school year, the distribution of top talent in the district was inequitable: 27% of teachers at magnet schools were eligible for the Distinguished Teacher Review (DTR), and only 7.9% of teachers at Improvement Required (IR) schools were DTR-eligible. The district chose seven campuses to pilot the ACE program beginning in 2015-2016, Thomas A. Edison Middle Learning Center was among the three selected middle schools.

The seven ACE campuses prioritize:

Effective principals and teachers,

Instructional excellence in planning, delivery, and support (e.g., curriculum alignment with backwards design, data-driven instruction, and research-based pedagogy)

Extended learning time (an additional hour of instruction each day plus optional extended tutoring hours until 6 PM

Tuesday-Thursday)

Positive culture for social-emotional development (including Habits of Mind and consistent routines)

Parent and community partnerships. Principals were selected for their willingness and ability to implement the model, and each principal selected teachers from among the pool eligible for Distinguished Teacher Review. As a result of a strategic and concerted recruitment effort, distinguished teachers at ACE campuses grew from 6.8% in 2014-15 to 39.5% in 2015-16, ensuring student access to some of the district's most effective teachers. Instructional staff at each campus -including principals, assistant principals, instructional coaches, counselors, media specialists, and teachers received incentive stipends for taking on the challenge ranging from \$8,000 to \$15,000. At the end of the 2014-15 school year, parents of students at ACE campuses were able to "opt-out" of their zoned ACE campus and instead attend a nearby non-IR campus if they chose.

Based on a fall 2015 review by the Evaluation and Assessment department, the ACE campuses met or exceeded their middle-of-year learning targets on 83.3% of the ACP tests administered in December and demonstrated growth on 91.7% of tests administered, rapidly closing achievement gaps and performing competitively with peer campuses Moreover, the average number of disciplinary offenses decreased by 60.9% at each ACE campus, representing tremendous growth in campus culture, safety, and stability. The ACE program has quickly demonstrated its efficacy and impact on student achievement, and it is proposed to be continued for the existing campuses.

Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 057905

Amendment # (for amendments only):

TEA Program Requirement 2: Describe how the applicant will develop and/or implement a supported school redesign that responds directly to the unique needs of the specific campus. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Through our partnership with BRES we will ensure differentiated support for campuses aligned to unique needs via the systems and summarized and outlined below.

BRES customizes each implementation plan to the unique needs of its client organization. Below is a breakdown of its services, processes and customization model.

School Diagnostics – The end goal of the School Diagnostics service is to objectively and accurately collect data on a school's priorities or "big rocks", highlight strength and growth areas, and provide recommendations to improve student achievement.

- BRES collaboratively creates a diagnostic rubric by aligning the organization's district priorities with the BRES
 frameworks to ensure district alignment and meaningful data is collected. For instance, when working with the
 Dallas ISD ACE program the BRES rubrics were aligned with the TEI rubric. The rubric is evidence based and
 consists of clear ratings to ensure accuracy and objectivity.
- BRES utilizes the diagnostic rubric to complete a day-long comprehensive school diagnostic of the school(s).
 The diagnostic can include observation of school-wide areas (arrival area, lunchroom, dismissal area, hallways, etc.), classrooms, school performance data, staff interviews and/or surveys, shadowing the principal, etc. The exact components of the diagnostic day are determined by BRES and the client organization and the construction of the diagnostic rubric. The diagnostic day concludes with a 60 90 minute report of findings with the school leadership team in which the BRES consultant presents an overview of all data collected, highlights strengths of the school, highlights growths areas and provides recommendations for improvement.

School Leadership Coaching - The end goal of the School Leadership Coaching service is for BRES and the client organization to collaboratively set a metric for success on a specified school priorities or "big rocks", meet that metric via coaching services, and build the capacity of the principal or leadership team in the process.

- BRES and organization work together through a combination of phone calls and meetings to identify big rock(s) to be implemented via coaching services.
- Similar to School Diagnostics, BRES collaboratively creates a rubric by aligning the organization's district
 priorities with the BRES frameworks to ensure district alignment and accurate data is collected on the big rock(s)
 selected for coaching.
- BRES utilizes the rubric to collect baseline data to understand current state of organization's big rock(s) selected for coaching.
- BRES and organization collaboratively agree on a specified metric to attain via BRES coaching services. This
 metric can be a certain percentage increase on rubric created, percentage decrease of discipline referrals, etc.
- BRES informs organization of coaching services needed to reach agreed upon metric.
- An accountability partner is assigned at the organization level to ensure metrics are met and to learn the process involved for sustainability.
- A contract is created, signed by both parties and coaching services begin to reach the agreed upon metric.
- Data is collected at the end of the process to ensure agreed upon metric is met.

Schedule #17—Responses to TEA Program Requirements (cont.)
County-district number or vendor ID: 057905 Amendment # (for amendments only):
TEA Program Requirement 3a: Select the designated school redesign model to be implemented. Only one option may be selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.
Restart
□ Turnaround □ Turnaround
□Closure/Consolidation
TEA Program Requirement 3b: Describe the rationale for selecting the school redesign model. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.
Elisha M. Pease was rated Improvement Required (IR) two of the last three years and has experienced leadership instability. The principal is also new to the campus and is the third one during the last five years. Discipline has previously been a problem on campus, but referrals are down from 276 in 2015-16 to 101 during the 2016-17 school year. The campus was selected by the district to become a school redesign school using the ACE campus model based on a number of factors including student progress, campus climate and cultured survey, parent surveys, and disciplinary data. The ACE school redesign model was piloted by seven campuses to years ago. ACE campuses prioritize: • Effective principals and teachers
 Instructional excellence in planning, delivery, and support (e.g., curriculum alignment with backwards design, data-driven instruction, and research-based pedagogy) Extended learning time (an additional hour of instruction each day plus optional extended tutoring hours until 6 PM two or three days per week) Positive culture for social-emotional development (including Habits of Mind and consistent routines) Parent and community partnerships.
Based on a fall 2015 review by the Evaluation and Assessment department, the ACE campuses met or exceeded their middle-of-year learning targets on 83.3% of the ACP tests administered in December and demonstrated growth on 91.7% of tests administered, rapidly closing achievement gaps and performing competitively with peer campuses districtwide. Moreover, the average number of disciplinary offenses decreased by 60.9% at each ACE campus, representing tremendous growth in campus culture, safety, and stability.
The Turnaround Initiative is designed to enhance and refine the ACE Initiative by: (1) providing in-depth job-embedded supports for teachers to improve instruction, (2) creating a process for utilizing data to plan effective lessons and setting goals, and (3) developing a plan for better parent and community involvement. When implemented with fidelity, the turnaround initiative will resolve the identified root cause by: (1) providing a structure which facilitates the development of job embedded supports that improve instruction, sustain steady growth, and increase motivation for both students and teachers (2) creating a structure for using data for instructional planning, interventions, and goal setting; and (3) developing a strategic system for communicating the campus initiative so that more parents and community members become involved in the education of their students. In order to guarantee accountability for the implementation of the turnaround initiative, the following processes and procedures will be implemented effectively: (1) protocols for providing job-embedded supports to help teachers improve instruction, sustain growth, and increase motivation, (2) processes for using data to plan effective lessons, create appropriate interventions, and accelerate student growth, and (3) a proactive structure for communication that invites and motivates parent and community involvement. Finally, a process for progress monitoring will be created through a systematic instructional data analysis approach that will address instructional delivery, informal assessment, and reteaching as well as all outcomes of the turnaround initiative. This will allow for a common language and understanding for effective and timely feedback. Parent and community involvement will be monitored by using calendars, sign-in sheets, and surveys.

Schedule #17—Responses to TEA Program Requirements (cont.)
County-district number or vendor ID: 057905 Amendment # (for amendments only):
TEA Program Requirement 4a: Select the designated school redesign implementation plan. Only one option may be selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.
☐ Phase-in Redesign
☑ Whole-School Redesign
TEA Program Requirement 4b: Describe the rational for choosing the selected implementation plan. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.
We are choosing the whole school redesign because our data and our campus needs assessment shows that our scholars are in need of additional targeted literacy interventions at each grade level. To build a successful vertically aligned literacy program at each campus we saw a need for the entire campus to have:
 Access to supplemental literacy materials including leveled readers, classroom libraries and ancillary literacy materials.
 Additional personnel to support literacy training, instruction and interventions.
 Providing afterschool literacy interventions with campus and outside agencies.
Adequate access to technology to integrate digital learning.
Social emotional support by choosing culturally relevant and high interest texts.
 Parent outreach and training to support literacy on campus in and in the community
We also recognized an opportunity to tightly align literacy instruction across the school that exists because Pease is an ACE campus that will be staffed with teachers who are new to the campus and therefore practices can be standardized across grade levels through a school wide roll out.

Schedule #17—Responses to TEA Program Requirements (cont.)
County district number or yender ID: 057905 Amendment # (for amendments only):
TEA Program Requirement 6a: Select whether grant funds will be used for planning and implementation or implementation only of a supported school redesign. Only one option may be selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.
☐ Planning and Implementation
TEA Program Requirement 6b: Describe the rationale for selecting either planning and implementation or implementation only. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.
The rationale for selecting "implementation only" is based on the amount of campus pre-work conducted throughout the past school year, 2016-17. With the advent of a new leadership team, the campus conducted an in-depth needs assessment and root cause analysis. Data was gathered through teacher observations, campus resource inventory review, and teacher surveys. The analysis determined that literacy remains a priority.
Campus leaders then met with district Reading/Language Arts specialists and ACE district-level leaders to study best practice related to balanced literacy. Research reviewed was consistent with next steps related to balanced literacy and the campus team is ready to embrace implementation. The team choose implementation because support is also being offered through the ACE program, such as a longer school day for more literacy instruction, an instructional coach, and ACE core team walks and coaching.
We have selected planning and implementation because BRES's collaborative model ensures that all services will be grounded in Dallas ISD district priorities. This facilitates planning sessions because both organizations are focused on common goals, which are those of the district. BRES will also be instrumental in implementation because their coaching model is metrics-based with the end goal of building the capacity of school leadership teams. This will be valuable as it empowers our principals with the necessary leadership skills to be successful.

Schedule #17—Responses to TEA Program Requirements (co
--

Amendment # (for amendments only):

TEA Program Requirement 8: Describe how the applicant will recruit and select high-capacity leadership teams with a track record of increasing student achievement in low-performing schools and/or similar learning environments to develop and implement the school redesign. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

As a result of high turnover in staff and campus leadership, once Elisha M. Pease ES became an ACE campus, a strategic vetting process was created and implemented, which has resulted in greater retention, and higher quality applicants who are dedicated to the campus. Below is an outline of how we recruit and select high-capacity leadership teams with a track record of increasing student achievement in low-performing schools, who are capable of ensuring implementation of school goals and priorities with fidelity.

Strategic Staffing and Vetting Process

- Replaced Two Assistant Principals with Veteran APs that are Proven in Content and Management
- Veteran Candidates Participated in a 4 Step Vetting Process
 - Admin Team Carefully Screened Candidate Applications
 - TEI Rating of Proficient 1 or Higher
 - ACP/STAAR Data within 5-10 Percentage Points of District
 - Past and Current Evaluations
 - Attendance
 - Lesson Cycle Powerpoint
 - 90 Day Entry Plan (CIC/AP Candidates)
 - Selected Candidates Interviewed with CILT
 - Top 3 Candidates Participated in a Classroom Demonstration, and/or Observation and Feedback Sess
 - Candidate was Provided Coaching Feedback
