00:09:47 Meredith Austin (Humble ISD): Elementary - Focusing on Enrichment and Assisint with Content Differentiation

00:09:49 Melanie Harlan: Struggling to find extension ideas for k-4 that kids can do at home with little guidance

00:10:03 Meredith Austin (Humble ISD): Secondary - Focus on Content Differentiation

00:10:07 Meredith Austin (Humble ISD): What we are doing

00:10:14 Diana Smith: I made a Choice GT Menu board

00:10:15 Yolanda Flores: Hello Monica, I'd like to hear more about the Virtual TPSP.

00:10:20 cynthia.bills@boerneisd.net: We are continuing with units and developing lessons that can be done with and without technology. Using Google Classroom, SeeSaw and Zoom.

00:10:20 Carla Cheshire: Diana, I feel the same way! We learned how to submit time accounting yesterday.

00:10:22 Michelle: Seesaw for GT classes along with a SEL activity every week.

00:10:26 TeresaFrancis: We sent out a link of resources and extensions to all of our GT families. I am meeting with my campus specialists this week to give them ideas. I hope to get some today...

00:10:30 Mallory Pouliasis-Jacksonville ISD: I am designing a google site with activities and sites. I have sent parents a smore of links already, but want it to be a google site for kids to navigate

00:10:30 Omega Loera: ECISD made a Choice menu for GT kids

00:10:40 Brittany Rogers: Here is my google site if you want to check it out. It isn't perfect but I am working on improving it! <https://sites.google.com/nixonsmiley.net/nsegt/home?authuser=0>

00:10:47 phammer: For elementary, we have set up Google Classrooms for virtual TPSP and Social and Emotional support.

00:11:01 Melanie Harlan: Thank you Brittany!

00:11:07 cynthia.bills@boerneisd.net: I would like to see what optional choice menus folks are using

00:11:23 Holley Nasky: Our teachers are differentiating for their self-contained classrooms and a lot is being pushed out through Google Classroom. We created a collection of resources for families at www.irvingisd.net/gt

00:13:28 Joyce Baumann: For my Thank you, Brittany.

00:13:29 Christine Williamson: We are sending out a weekly smore (<https://www.smore.com/2k835>) with options for students. All GT kids are connected to a Google classroom where they can respond and connect with their GT Specialist. We are trying to keep it simple as teachers ramp up core content for online learning...

00:14:51 Mallory Pouliaxis-Jacksonville ISD: <https://www.smore.com/etd42>

00:14:52 Christine Williamson: We also have some resources posted on the District's Digital Learning Playground (said.net/2020). Scroll down to the bottom.

00:14:57 Michelle: My sister is noticing this with my nephew and how little challenge he is receiving.

00:15:30 Christine Williamson: Sorry, full link - www.saisd.net/2020

00:15:58 Amy Gresham: Pursuit of Passion, Renzulli Learning

00:16:15 Ellen.Gay: The first thing that we did was send out a survey. Many of our families are overwhelmed and do not want/need anything additional. We are trying to continue some of the projects we were working on. We have a webpage of general information and have provided a lot of Depth & Complexity resources for teachers. I am connecting with students through SeeSaw & Classroom.

00:17:28 Joyce Baumann: I am keeping things simple as our families are stressed out. Many of the parents are non-English speakers and having trouble working on general education class work.

00:18:10 Chris Reichelt: Anyone have a sample of parent survey questions I could look at for examples?

00:18:16 nesparza8: We have a platform with resources listed for all students. We are concerned with inequities. We have students with internet access and some without. Students with packets are going to have a different learning experience from those with access to online resources. In our district, students are not to spend more than 2 hours on the computer total. Our teachers and district instructional specialists are working hard to provide the best learning experience considering the new environment we are in. We still have challenges and are learning each day.

00:18:59 Brittany Rogers: This is my simple survey I sent out

00:19:27 Chris Reichelt: Thank you, Brittany!

00:20:04 jperry: I sent information home in a letter for students to have virtual activities. We are also calling weekly to check on students.

00:22:10 Lisa Taylor: Do we know anything on the six-hour g/t update requirement IF we are out of school for the rest of the year?

00:23:24 Diana Smith: I have my students send me an emoji each day to let me know how they are feeling during these times. I also have weekly Zoom meetings. I also give them a daily picture challenge to think about each day.

00:24:01 TeresaFrancis: we are doing or 6 hour updates in 1 hour chunks via TEAMS. we are also using our service center for updates and TAGT On Demand.

00:24:07 Cheree Smith: Lisa, We are offering all of our professional learning right now through Zoom, expect if this continues into the summer, those opportunities will be Zoom from ESC this summer.

00:26:25 Chris Reichelt: Anyone have Program Evaluation parent survey questions they could share?

00:27:14 TeresaFrancis: Monica- what suggestions do you have to convince content people that students NEED to have the opportunity to learn advanced content? I get some resistance from some other departments, and little support from my supervisor.

00:27:15 Amy Gresham: Guidance on GT updates, especially as we move closer to summer would be appreciated

00:34:08 nesparza8: Will you be sending this FAQ to those in this webinar? Or how can we get it once it is ready?

00:34:19 Mallory Pouliasis-Jacksonville ISD: What if we will be adding them to our "at home" services---can we add them to PEIMS once that is set up?
