Schedule #13—Needs Assessment

County-district number or vendor ID: 178904

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired outcome or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. If this application is for a district level grant that will only serve specific campuses, list the name of the campus(es) to be served and why they were selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

By following Victoria Bernhardt model of needs assessment, a root cause analysis will determine the needs at Martin MS. The TAIS process will be followed in order to set up each problem statements and annual goals. Quarterly goals will be developed, setting realistic targets in meeting the needs of our students and teachers. Various data sources will be used in measuring the progress of each annual goal such as formative assessments, lesson plans, teacher walk through's, teacher/student performance conferences. Each quarter will determine areas of refinement and reinforcement, including interventions/strategies in how each goal will be achieved.

The campus will use the data from the data analysis to develop its professional development plan to include targeted professional development that is job-embedded. Furthermore, the intense data analysis by the various teams will allow for the teams to talk collaboratively about some next steps in order to help the school reach its goal. The team will also be completing a thorough comprehensive needs assessment.

Realizing that ongoing data analysis is crucial to staying on target for any campus improvement plan, the stakeholders will continue to meet, bring forth data, and then analyze the different pieces of data. A comprehensive needs assessment is not a one time event. It is an ongoing, systematic process that needs focused attention and commitment to looking at data honestly and without pointing blame or giving excuses. Martin staff is eager and willing to continue to look at all pieces of data to ensure that our next steps are taken in the right direction to help our students. If some aspects of the project are not working, steps will be taken to modify the project plan.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The use of data from student academic performance on summative assessments and formative assessments serve as measures of the attainment of campus goals outlined in the plan. Quarterly measures of data provide identification of areas in need of improvement and adjustments. Effective utilization of fiduciary resources insures the proper support for students and teachers towards mastering academic achievement goals.

With the assistance of district personal, performance outcomes and the manner in which it was attained will be the focus in the selection of any external partners. Administrators will ascertain information from previous school district/campus with similar demographics and thoroughly disaggregate its outcomes from its start point.

By using the Continous School Improvement model, campus stakeholders for Martin MS will modify and monitor plan effectiveness. Turnaround Action Plan has been in placed for 1 year and as the plan enters its 2nd year, components of the monitoring practices will be embedded, as well as the TAIS process.

District personnel will monitor activities and budget expenditures through the Campus Improvement Plan on a quarterly basis to track progress on the project's timeline. The effectiveness of grant funds will be leveraged by the use of existing district and campus resources. Active involvement and monitoring by the Title I Office will ensure coordination with relevant district programs. Partnerships with community stakeholders will facilitate a greater sense of purpose and sustainability. Locally, many businesses and industries have committed to the support of CCISD schools. Campus personnel will work closely with community partnerships as these partners will help to provide valuable lessons, guidance, and resources for our students and families.

An analysis will be conducted in accordance with Texas Education Code paragraph 44.031(b) that includes consideration of the price, reputation of vendor, years of experience, qualifications and/or certifications, quality of service, and extent to which services meet identified needs.
