Shared Services Arrangements

- Shared services arrangements (SSAs) are permitted for this grant. **Check the box below if applying as fiscal agent.**
 The organization submitting this application is the fiscal agent of a planned SSA. All participating agencies will enter into a written SSA agreement describing fiscal agent and SSA member responsibilities. All participants understand that the written SSA agreement is subject to negotiation and must be approved before a NOGA can be issued.
- SSAs are not permitted for this grant.

Identify/Address Needs

List up to three quantifiable needs, as identified in your needs assessment, that these program funds will address. Describe your plan for addressing each need.

| Quantifiable Need | Plan for Addressing Need |
|---|--|
| Lack of qualified bilingual staff with Foreign Language or Elementary Bilingual Certification | Our certified teacher population does not currently meet the needs of our latino student population. We have a steady stream of bilingual paraprofessionals and uncertified substitutes working in our system. This grant gives us the opportunity to further their education and obtain their certifications. |
| Lack of quality qualified STEM Staffing | This grant would provide an opportunity to fund paraprofessionals and substitutes who are interested in persuing degrees and certifications in STEM areas identified as teacher shortage areas. |

SMART Goal

Describe the summative SMART goal you have identified for this program (a goal that is Specific, Measurable, Achievable, Relevant, and Timely), either related to student outcome or consistent with the purpose of the grant.

To develop five of our current paraprofessional & substitute staff into high quality, certified teachers by the 2019-2020 school year.

Measurable Progress

Identify the benchmarks that you will use at the end of the first three grant quarters to measure progress toward meeting the process and implementation goals defined for the grant.

First-Quarter Benchmark:

Identify and enroll at least 7 candidates that meet our quantifiable need and that are currently employed with our district as a paraprofessional or substitute. Candidates would be identified through an application process that identifies quality of their work, as well as school activity involvement and recommendations of current staff.

Measurable Progress (Cont.)**Second-Quarter Benchmark:**

Evaluate our current candidates success in their University enrolled courses by meeting high standards of a current GPA of at least 2.75.

Third-Quarter Benchmark:

Evaluate the progress of our candidates identified as qualifying for certification programs. Candidates should have completed course work, have positive evaluation data, and registered for their content area exams.

Project Evaluation and Modification

Describe how you will use project evaluation data to determine when and how to modify your program. If your benchmarks or summative SMART goals do not show progress, describe how you will use evaluation data to modify your program for sustainability.

Evaluation of our candidates and their success completing all requirements outlined by our District's Program Guidelines for grant funding will be used to determine the success of our program. Data will be collected at each quarter and at the end of the grant year. Based on this evaluation data ongoing professional development, mentoring programs, and effective coaching can be used to support candidates who are needing assistance in meeting district goals.

All candidates will sign a Memorandum of Understanding in which they commit to remain in the LEA for a minimum of two years following receipt of grant funding.

Statutory/Program Requirements

1. Describe your plan for the implementation of the Education and Training courses, Instructional Practices and/or Practicum in Education and Training, and CTSO (TAFE/FCCLA) chapter at participating LEA high schools.

While our district is currently not applying for Pathway I funding, we do offer the Education & Training Pathway of Career & Technical Education courses. This defined coherent sequencing of courses will provide ongoing development of our current student population and their interest in Education as a career. Our Education & Training courses will provide a source of entry level candidates into our paraprofessional candidate pool. These students will obtain their Paraprofessional Industry Level Certifications while enrolled in their high school course of study. Every effort will be made to recruit bilingual and STEM candidates to enroll in our Education & Training courses.

Pathway 2: Transition of Paraprofessionals, Instructional Aides, and Long-Term Substitutes to Full-Time Teaching Roles

Program Participants: Applicant must specify the number of paraprofessionals, instructional aides, and/or long-term substitutes who will participate in the program and receive the stipend.

7

Teacher Recruitment and Selection Process: Applicant must articulate how they plan to recruit and select high potential paraprofessionals, instructional aides and/or long-term substitutes to participate in the program and receive the grant stipend to pursue their bachelor's degree and/or teacher certification.

- The plan must address their process for identifying participants, with potential indicators including evaluation ratings, involvement in school activities, recommendations from colleagues, etc.
- The plan must also address how the applicant has considered the following in their recruitment strategy: pursuit of certification in hard-to-staff areas and degree to which the diversity of the teacher population mirrors that of the student population.
- The plan must also include a description of the Memorandum of Understanding (MOU) in which the paraprofessional, instructional aide, and/or long-term substitute commits to remain in the LEA for an agreed upon length of time in a full-time teaching role as a condition of receiving the stipend.

All paraprofessionals and substitutes will be open for consideration; however, must complete a Program Application. Candidates will be selected based on a defined process that identifies the quality of their work as well as their involvement in school activities. In addition to the Application, recommendations will be collected from current staff members outlining the candidate's strengths as well as their targeted levels of proficiency in STEM, Foreign Languages, and Bilingual competencies. Candidates chosen to participate will be required to sign a Memorandum of Understanding in which they commit to remain in the LEA for a minimum of two years following receipt of grant funding.
