# Schedule #4—Program Summary and Application Requirements

# Part 1: Grant Program Information;

#### **Summary of Program: Purpose and Goals**

of TEA.

School Improvement Grants, authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA) as amended by ARRA, are grants, through the Texas Education Agency, to local educational agencies (LEAs) for use in Title I schools identified for improvement, corrective action, or restructuring and other eligible campuses that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of their students so as to enable the schools to make adequate yearly progress and exit improvement status. Under the final requirements, as amended through the interim final requirements published in the Federal Register in January 2010 school improvement funds are to be focused on each State's "Tier I" and "Tier II" schools.

Tier I schools are a State's persistently lowest-achieving Title I schools in improvement, corrective action, or restructuring and certain Title I eligible elementary schools that are as low achieving as the State's other Tier I schools. Tier II schools are a State's persistently-lowest achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds and certain additional Title I eligible secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years. An LEA may also use school improvement funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools and certain additional Title I eligible schools ("Tier III schools").

In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.

#### **Allowable Activities**

Tier I and Tier II Grantees

- Grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

#### Tier III Grantees

- Tier III grantees may select one of the four intervention models in the federal regulations or the state's Tier III Transformation Model.
- If selecting one of the four models in the federal regulations, grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

In addition, a Tier I, Tier II, Tier III grantee campus that has implemented, in whole or in part, either the Turnaround, Restart, or Transformation models within the last two years may continue or complete the implementation of the intervention model with the TTIPS grant funds. For example, if a grantee campus has replaced its principal within the last two years, the LEA/campus will not be required to hire another new principal. An LEA/campus that receives TTIPS SIG funds in accordance with this flexibility must fully implement the selected model as required by the final federal requirements. In other words, if the school had been implementing the model only in part, it must use the funds it receives to expand its implementation so that it fully complies with the federal regulatory reuirements.

The detailed required and permissible activities for each intervention model, as defined in the final federal regulations are listed on Schedule #4—Program Requirements and are incorporated by reference herein.

# Part 4: TEA Program Assurances

#### TEA Assurance Description

- The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant.
- The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, the Texas School Improvement Conference, and sharing of best practices.
- For the LEAs selecting the TEA Designed Models the applicant provide assurances that it will participate in and make use of technical assistance and coaching support provided by TEA, SIRC, and/or its subcontractors.
- The applicant will establish or provide evidence of a system of formative assessment aligned to the Texas Essential Knowledge and Skills which provides robust, targeted data to evaluate the effectiveness of the LEA's curriculum and its alignment with instruction occurring on the campus; assesses progress on student groups' academic achievement at the campus level; and guide instructional decisions by teachers for individual students.
- The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant intervention models.
- 7 The applicant will provide access for onsite visits to the LEA and campus by TEA, SIRC and its contractors.
- The applicant, if selecting the Restart Model, agrees to contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.
- The applicant, if selecting the Turnaround Model or Transformation Model (Tiers I and Tiers II only) agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership capacity.

If the LEA/Tier III campus selects to implement the <u>transformation model</u>, the campus assures That it will it implement the following federal requirements.

- 1. Develop and increase teacher and school leader effectiveness.
  - A. Evaluate the effectiveness of the current principal and use the results of the evaluation to determine whether the principal should be replaced, be retained on the campus, or be provided leadership coaching or training.
  - B. Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
  - C. Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
  - D. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school based on rigorous, transparent, and equitable evaluation systems for teachers and principals:
    - Takes into account data on student growth as a a factor as well as other factors such as multiple observation-based assessments of student performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
    - 2. Are designed and developed and with teacher and principal involvement

**Section C: Process** Responses are limited to the space provided, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Describe, in detail, the process the LEA and campus followed/will follow to identify the needs of the campus.

The campus used the information and data listed in its own comprehensive needs assessment report (San Juan Middle School, Comprehensive Needs Assessment, 2009-2010), In addition, both the LEA and campus used the No Child Left Behind (5 Step Comprehensive Needs Assessment Plan) publication as a guide when conducting a new needs assessment. Campus leaders used the recommended data sources from which information was to be collected and used for the development of the campus profile. These sources included the following: (1) demographics, (2) student performance, (3) school culture, (4) staffing, (5) curriculum, (6) instruction & assessment, (7) parental & community involvement, (8) school organization, (9) technology, and (10) support services. Teacher committees were created for each of the data sources; membership in these committees included administrators, teachers, para-professionals, students, and parents. The total number of participants per each committee was set at five (5), each member represented a different subject area, grade level, grade level team, or area of teacher certification. The campus administrative team directed the process. An information packet that included the committee's name (i.e. Demographics), the names of all members assigned to each committee, a list of sources that should be reviewed for collecting information, worksheets to be used for developing the campus profile, and a timeline for the completion of all reports. During the planning and training sessions with all committee members, the campus administrative team reviewed the TTIPS application, the comprehensive needs assessment process, and the area of responsibility assigned to each committee. All committees conducted after-school work sessions. Once all reports were completed and submitted to the administrative team, a review of all committee reports was conducted during a general staff meeting. Information was also shared with SBDM members; all were encouraged to review the copies of the reports and, if needed, suggest changes. Classroom teachers were also instructed to review the report with students and to solicit their opinions or recommendations. All reports identified existing weaknesses and problems that continue to be barriers for success by all students and the campus. It is the goal of the program proposed in this application to eliminate all barriers.

### Part 2: Project Management

**Section A: LEA (District) Capacity** Responses are limited to **one page each**, front side only, with a font size no smaller than 9 point (Arial or Verdana).

**Capacity** -- Describe the LEA's capacity to use grant funds to provide adequate resources and related services/support to the campus to implement, fully and effectively, the required activities of the school intervention model.

Pharr-San Juan-Alamo (PSJA) Independent School District educates over 30,000 students, making it the largest school district in Hidalgo County and the second-largest in the Rio Grande Valley with 26 elementary schools, five middle schools, three high schools and three alternative campuses. The student body is 98.7% Hispanic, 85.11% economically disadvantaged, and 77.74% at risk. Over 41% of the students are considered Limited English Proficient with Spanish as the primary language spoken at home.

Despite these challenges, PSJA ISD has made great strides in boosting its graduation and dropout recovery efforts and in May 2010 was awarded a \$2 million two-year grant by the Texas Education Agency to support a new model for a district-wide college readiness initiative called All Students: College Ready, College Connected. The grant award was announced by Gov. Rick Perry and Commissioner of Education Robert Scott during a press conference at Kennedy Middle School in Pharr. "As technology shrinks our world, it brings us into closer competition with people all over the globe who want the same jobs we do. If students are going to experience a successful, prosperous career, they need an education that will equip them to compete in the global marketplace," Governor Perry said. "The Pharr-San Juan-Alamo school district is part of a larger effort across the state to continue improving the quality of a Texas education and ensure every student graduates ready for college or career."

Commissioner Scott said, "PSJA has made remarkable progress in recent years. The district has 1,500 high school students currently enrolled in college courses, which provides a tremendous opportunity for these students. The district also brought 517 dropouts back into school since 2007 and not only helped them earn a high school diploma but helped them enroll in South Texas College Courses as well. As a result of what we expect to happen here in PSJA, school districts in Texas and across the country will have a working model that shows how a district can partner with institutions of higher education and work with its community to create college and career opportunities for all students."

# **Selected Additional District Accomplishments:**

- Leading the way in Early College Education with approximately 1,500 high school students currently enrolled in college courses.
- PSJA ISD has increased the number of annual graduates by more than 60% in just two years and now has a High School Completion Rate that exceeds state and regional averages.
- PSJA has reduced its annual student dropout rate by more than 75% in the last two years and has a dropout rate that is well below the state and regional averages.
- PSJA ISD and all PSJA campuses met Federal Adequate Yearly Progress (AYP) Standards for 2009.
- PSJA ISD schools received 124 Gold Performance Acknowledgements for outstanding results in 2008-2009.
- Fifteen PSJA ISD schools are recognized as 2009 Just for the Kids Higher Performing Schools in Texas by the National Center for Educational Achievement (NCEA).
- PSJA ISD has been selected as a state finalist, two consecutive years, for the H-E-B Excellence in Education Award (2009 and 2010) as one of five Outstanding Large School Districts in Texas.
- College, Career & Technology Academy and South Texas College winners of the Texas Higher Education Star Award for increasing college attendance among disadvantaged Hispanic youth.

For the 2009-2010 school year, the Texas Education Agency (TEA) labeled 11 PSJA campuses with an "Exemplary" status and 15 as "Recognized", doubling the number of Exemplary campuses in one year alone. Most recently, nine PSJA schools were named the "Best in the State" by Texas Monthly Magazine based on a study done by the National Center for Educational Accountability.

As a well established public school district that has been educating students in the Rio Grande Valley since 1919, PSJA has the human resources, facilities, infrastructure, and experience managing large, multi-year grant projects to manage this TTIPS initiative with the level of attention and integrity required to achieve all stated goals and objectives.

Funding from this TTIPS initiative will allow San Juan Middle School the added resources, flexibility, activities, staffing, and support to increase student achievement and school leader and teacher effectiveness, among many other goals so that it can rise to the level of success so many other PSJA ISD schools currently enjoy.

Partnership/Involvement of Others – Describe how the LEA/campus consulted with relevant stakeholders (students, staff, parents, community) regarding this application and proposed implementation of a school intervention model.

LEA and campus staff members agreed to contact, share information, and solicit the support of five groups of stakeholders. The groups included students, staff, parents, community residents, and others. Campus staff members also proposed ideas on how to inform the stakeholders, on the type of changes that would be made to the campus, on sharing websites and sources from where all stakeholders could access more information, and on the timeline for the implementation of the intervention model. A description of how each group was consulted follows:

**Students**: This group was consulted through classroom discussions on increasing the learning time for next year, conferences by counselors with students whose class schedules may change due to the extension of the learning time, public address announcements by the campus principal, written notices published in the local newsletter, the local access television (Channel 17), and the LEA website.

**Staff:** Teachers and staff members were consulted during staff meetings, content area meetings, grade-level team meetings, individual conferences by the campus principal with department chairpersons, emails to teachers via their campus addresses, printed publications, written notices published in the local newsletter, the local access television (Channel 17), and the LEA website.

**Parents:** This group was consulted during parents' meetings, reviews of the application during parent academy sessions, printed publications written in both English and Spanish, home-based discussions between parent and child, news reports in the campus newsletter, the local access television (Channel 17), and the LEA website.

**Community:** Consultation occurred during meetings with committee members (i.e. SBDM and Parent Advisory Council) that are active in school, through discussions with members who represent the community and businesses, and through special reports via the local television (Channel 17) and the LEA website.

**Others:** This group was consulted through emails, notifications, and printed publications were sent to local entities whose services have contributed to the success of the campus. This included the regional service center, local colleges and universities, and career-training institutes.

**Section A: LEA (District) Capacity** Responses are limited to **one page each**, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Management of Grant Activities – Describe how the LEA and campus will modify its practices and/or policies, as necessary, to ensure its implementation of the intervention(s) fully and effectively.

Pharr-San Juan-Alamo ISD is committed to the individual and collective success of each of its schools. In the case of San Juan Middle School, PSJA will ensure that the San Juan Middle School Principal has flexibility in the following practices and policies in support of full and effective implementation of the TTIPS initiative on that campus:

# Budgeting:

- Flexibility to direct funds for staffing, supplies and materials, contracted services, equipment/capital outlay, professional development, and other needs to support student achievement
- The ability to advocate for variances in previous years' budgets and models based on new data, new research, or action learning project results

#### Staffing:

- Support in identifying/recruiting staff to fill gaps in the instructional program
- o Flexibility in structuring staff time and position requirements to meet student needs

# Calendar/Time:

Flexibility in determining the amount of additional extended learning time (tutorials, summer learning)
 to add to the existing rigorous instructional day and year

#### Professional Development:

- o Flexibility to determine individual, department, grade-level, and campus-wide professional development
- Support for administrative action learning projects that investigate leader-identified issues that require further study or intensive problem-solving

The Pharr-San Juan-Alamo ISD senior leadership team (**Assistant Superintendents for Curriculum and Instruction, Students Services, and Support Services and the Director of Grants**) will work together to identify additional areas of flexibility and to monitor the modified practices and policies especially extended to San Juan Middle School to ensure success of this TTIPS initiative. The San Juan Middle School **principal** will have the additional support of the (grant-funded) district-level **TTIPS Project Shepard** and will interact with this staff position on a weekly basis to ensure progress toward and achievement of all TTIPS goals and objectives. The Project Shepard will report to the superintendent who will also offer his support and guidance to the principal, project, and stakeholders.

Throughout the project period, Pharr-San Juan-Alamo ISD will ensure adherence to all applicable federal, state, and local rules, policies, procedures, and laws involving student safety, privacy, and financial reporting requirements and will not alter any practices or policies that compromise local, state, or federal laws.

**Section A: LEA (District) Capacity** Responses are limited to **one page each**, front side only, with a font size no smaller than 9 point (Arial or Verdana).

**LEA Support** – Describe how the LEA will structure and implement an individual or office with responsibility for supporting the campus' school improvement efforts.

If awarded, the following individuals will monitor the implementation of the Texas Title I Priority School Grant. The district superintendent will be the school district representative to obligate the district to the grant activities according to the state and federal guidelines. Dr. Daniel King holds a Doctorate of Education in Educational Administration and a Texas Superintendent Certificate.

Mrs. Janet Robles, Assistant Superintendent for Finance will oversee the budgets and expenditure reports for the program and will work the finance coordinators for the budget appropriations of all accounts.

Dr. Nora T. Cantu holds a Doctorate of Education in Curriculum and Instruction and a middle management certificate in Educational Administration. She has worked in the education field for twenty-nine as a teacher, assistant principal, principal, and Director of Grants, Research, and Assessment Management.

The area administrators oversee an area of campuses divided into four areas. The principal directly reports to a central office area administrator. This person will oversee all activities in the transformation of the school and work with the superintendent and all stake holders to oversee successful implementation.

If awarded, PSJA ISD will hire 1 (FTE) district level project shepherd to oversee and monitor all grant activities. The individual will be selected from a pool of seasoned consultants after a thorough search for a leader with an exceptional track record of success. This person will be given the responsibilities of supporting, monitoring, and reporting on the school improvement efforts of all campuses receiving TTIPS grant funds. The qualifications for this individual include a middle management in administration. The district project shepard will be responsible for working with the project coordinator, campus principal and administrative team, teachers, area administrator, central office content area coordinators, external consultants and providers to oversee the grant. The office of this individual will be located at the district administration office. By hiring this leader as a consultant, the district builds capacity within the grant period and further ensures sustainability beyond the funding period.

Please see the preceding page for more information on the required education, experience, and other responsibilities expected of this position.

**Section A: LEA (District) Capacity** Responses are limited to **one page each**, front side only, with a font size no smaller than 9 point (Arial or Verdana).

**Program Continuation and Sustainability** – Describe how the LEA will sustain the campus reforms after the funding period ends.

PSJA ISD is committed to meeting the needs of our diverse student population. Through state and local funding, PSJA ISD will continue to offer instructional programs and needed services to meet the needs of our LEP and economically disadvantaged students beyond the grant period. To ensure that the program will continue after the grant period, the Project Coordinator will work with PSJA business office and grants staff to identify supplemental funding sources to sustain the program over the long term. PSJA ISD plans for sustainability will include an examination of what this grant initiative is trying to sustain, barriers that prevent the initiative from accomplishing its goals, fiscal constraints and resources, and the development of a sustainability plan. The sustainability plan includes an active and careful examination of the following approaches to seek effective and long-term avenues to ensure that the program continues beyond the grant period: a) making better use of existing resources; b) maximizing Federal, State, and Local Revenue; c) creating more flexibility in existing streams; d) continue building public-private partnerships; and e) generating new dedicated revenue.

The TTIPS District Project Shepard will draw on PSJA business office experience and will work with financial/accounting staff to oversee adherence to all policies and procedures relating to the following:

- Maintaining fiduciary and financial responsibility for all grant activities;
- Keeping accurate accounting data, records, and archiving of supporting documentation for all charges;
- Requesting funds through the automated payment request systems;
- Preparing and submitting written expenditure reports in coordination with the project manager;
- Certifying expenses are true and correct;
- Classifying and reporting the accounting transactions properly; and
- Procurement records.

Furthermore, many of the reform strategies and activities have been and are being designed to build staff capacity, which will support program continuation and sustainability at San Juan Middle School—in particular, site visits to campuses that are successfully implementing one or more of our identified reform practices or programs; contracted professional development; leadership coaching by SIRC, Region I, and/or other contracted service providers; The individual and combined benefits and results of each of these multiple-year reform strategies and activities will be available long past the project period.

External Providers -- Describe how the LEA will recruit, screen, and select external providers to ensure their quality.

PSJA ISD will recruit, screen, and select external providers to contract with as follows:

of TEA.

PSJA ISD will identify potential providers through recommendations from TEA and SIRC and other School Organizations as appropriate and through advertisements in publications or websites as appropriate. The District Procurement Office will utilize its formalized processes selection process that will assist the school and the district in being successful. In order to do this the District will work with the Campus to thoroughly evaluate the prospective contractor through a selection process that is rigorous, transparent, and fair and complies with all federal and Texas guidelines on procurement.

The District will assist the campus by writing and issuing request for proposals that have clear criteria and that elicit clear evidence of expertise, a good track record, and financial credentials.

The District will assist in developing transparent selection criteria, recruiting diverse teams to review proposals, and conduct due diligence to assure the process is open and competitive in selecting provider(s). A contract will be negotiated with providers to include goals, benchmarks, and plans to manage assets with an ongoing cycle of continuous progress for monitoring and adjusting. The District will prepare proactive procedures to resolve problems, eliminate strategies that do not work and plan for evaluation. The District Procurement Office with the Principal and the District Shepherd will be responsible for reviewing goals, benchmarks, and adjusting as appropriate contracts when approved.

**Site Visits** – If the intervention program includes site visits to other campuses successfully implementing the intervention model, describe the process for selecting the locations and the expected outcomes of the site visit.

The Campus Success Leadership Team (CSLT) and the Campus Success Instructional Team (CSIT) will work together to identify site visits. After the deficiencies and areas that need improvement have been identified by the comprehensive needs assessment, the Principal will work with the CSLT to establish goals for improvement. The CSLT will work to identify sites that have been identified by the Texas Education Agency and by other School Improvement groups through the TEA website and other websites and literature as having Best Practices and will identify campuses that have similar demographics and similar types of gaps in achievement or other issues. The CSIT will report to the CSLT the results of the studies and will solicit input, suggestions and recommendations, and concerns through the Teacher Leaders. The Campus Success Leadership Team will access various sources for information in goal areas. The Team will carefully review the information to determine specifics on content area instruction and the areas of weakness the prospective site had. The Team will access information about schools with similar demographics to see how other schools with the same ages and mix of students have dealt with challenges the school is currently facing. The Campus Success Leadership Team will decide along with the site Based Decision Making (SBDM) Council if the campus will be visited. Sites will be preferably chosen in the local area or in the State of Texas. A work plan will be developed to determine the information to be gathered including any sample documents, agenda, work plans, etc. and from whom the Team members need to gather the information. There will likely be various departments and staff members that will need to be visited. To assure all critical information is gathered the Team members will be assigned to gather certain information and to visit with appropriate staff identified ahead of time. In addition, the CSIT and the will SBDM Council will be consulted to develop a listing of questions to be asked and any information the Teams would like to have gathered. The campus has already expressed interest in visiting Hidalgo ISD that has implemented various successful strategies that have been identified by the Texas Education Agency.

The process for selecting the locations and expected outcomes of the site visit will include:

- Taking note of high-ranking public and charter school programs selected by national organizations, publications, and government agencies;
- Conducting preliminary research, telephone interviews, and investigations to verify the program's success via multiple sources;
- · Determining that the program merits further investigation;
- Communicating with senior leadership at those LEAs/CMOs to gather additional information;
- Scheduling site visits to conduct a more in-depth investigation and establish relationships with their staffs;
- Structuring communication after the site visit that leads to sustained relationships with the organization;
- Bringing what was learned during and after the site visits to the PSJA action learning project process;

In this way, the site visits will have a real, definable impact on those who make the trip for the benefit of stakeholders in the San Juan Middle School learning community.

PSJA ISD is focused on success and systemic change that will be sustainable after the grant period. The program will be managed as follows as per the Extended Texas Transformation Project the District will accomplish the following actions:

1.Establish and Orient two District Transformation Teams, one to determine Governance Model 
Intervention Model and one to Assess District capacity to lead change and to identify policies and procedures that to need change to facilitate improvement. District Shepherd and/or DSLT work with SIRC Technical Specialist Assistance Provider (TAP)-Transformation Various Activities Oct 2010 to March 2011

As recommended by the School Restructuring What Works When Guide for Education Leaders (referred to as Guide in following write up), the Handbook for Restructuring and Substantial School Improvement (Handbook), and the Toolkit for Implementing the School Improvement Grant Transformation Model (Toolkit) produced by The Center for Comprehensive School Reform and Improvement (CCSRI) and the Center for Innovation and Improvement (CII), the District will identify a District Success Leadership Team (DSLT) which will be an on-going Team to facilitate communication with the campus on ongoing basis and to address any issues that may arise during the Transformation Process. This Team will be led by the Superintendent or an Assistant Superintendent as determined by the Superintendent and/or the School Board. The DSLT will include the District Project Shepherd, Project Coordinator, District Staff including the Title I Programs Administrator, the Testing Coordinator or other Department Head charged with Testing and maintaining Statistics and evaluating Data, the Directors of the Departments of Human Resources, Business and Accounting, Professional Development, and Transportation, District Shepherd, and the Principal of the Campus. The District Shepherd will provide staff support for the DSLT (District Committee). The district and campus committees formed, with the exception of the TDMT, will be institutionalized in District policy and will be required to continue through any changes in district or school leadership. In addition, each committee including the TDMT will be required to develop bylaws, and maintain documentation on all meetings including agenda, minutes, and work products. All teams established will be provided professional development on effective teams. The DSLT members will receive orientation on leading the campus by reading applicable sections of the grant application and resources identified in the Transformation Toolkit - Assessing the District's Capacity to Lead Change. The DSLT Committee will meet weekly initially from October to December to assess the District's capacity to lead change and identify District behaviors that must shift in order to enable success to lead change in particular in moving toward increased school autonomy and shared responsibility for success. The District Team will work with SIRC to assess the District's strengths, weakness, opportunities, and weaknesses (SWOTs) through the District Snapshot and will utilize the information to modify policies and procedures at the District level necessary to lead the rapid school improvement process including strategic process. budgeting processes, and communication processes. The DLST will also utilize the SWOTS and other tools provided in the Guide pages 68-74 to assess district capacity to lead change and to plan stakeholder involvement. The DSLT duties will include the following: (1) examining current state and district policies and structures related to central control and making any modifications needed to fully support transformation including requesting and obtaining any waivers needed (October - December 2010), (2) as needed re-orient district culture toward shared responsibility and accountability, establish performance objectives for the school (November to December), (3) analyze, and develop information to assist campus in aligning resource allocations (money, time, human resources) with the school's instructional priorities identified later through the comprehensive needs assessment (Spring 2011 - January - March), and (4) submit Quarterly Report - QIR (November 2010).

- 2. CSLT will interview, hire, and provide orientation for the District Project Shepherd and determine any support staff needed for the District Shepherd (October November 2010) The District Project Shepherd will be provided the Grant Application submitted to TEA, the SIG Handbook, the Restructuring Handbook, the School Restructuring What Work When, and the Transformation Toolkit for orientation purposes and any other material provided by SIRC. From December 2010 to February 2011, the DLST will be the support team for the TDMT as they make the decision on intervention governance model. The DSLT will report monthly to the Superintendent and the School Board progress on the project and will meet as needed on a monthly basis to review improvement, performance, needs, and to assist the campus in the annual process of assessing SWOTS.
- 3. Jan.-August 2011Begin Comprehensive Needs Assessment Process with SIRC Guidance via Campus Snapshot CNA Process will be extensive and involve all teams established District Success Leadership Team, TIPPS Decision-Making Team, Campus Success Leadership Team, Campus Success Instructional Teams in various aspects as delineated in CNA section of the application Schedule
- 4. Appointing and Orienting TIPPS DMT to Choose the Intervention Model Dec 2010 Feb2011 In addition, as recommended by the Texas TIPPS Transformation model the District (DSLT) will appoint a TDMT - TTIPS Decision-Making Team which will be a temporary team that will analyze data provided by SIRC and the DSLT, consider situational factors specific to San Juan Middle School as per the comprehensive needs assessment described earlier, and work through checklists and school turnaround options identified in the Guide, and as applicable the Appendix A and B Tools provided by TEA or any recommended by SIRC. The District Team (DSLT), with SIRC shepherding, will recommend to the Superintendent and the School Board the members of a TTIPs Decision-Making Team which will identify the intervention governance model. The DSLT, with SIRC will utilize the Tools and Resources provided in the Toolkit to establish, and assess and orient the TDMT including What Works When tools - Restructuring Team Checklist, page 67, Organizing the District Restructuring Team, pp 57-58, Preparing for Further Action, pp 65-66 and Establishing Team Structures to Drive Improvement, CII, SIG Handbook pp 65-66. The TDMT will analyze data to be provided by the District Team and SIRC, including information from the SIRC campus site visit and the campus snapshot to consider the individual school situation, work through checklists and school turnaround options and make a recommendation to the Superintendent and the School Board regarding their recommendation on a TTIPs Intervention Model. The DSLT will receive orientation on the factors to consider in appointing a TDMT by using What Works When Guide pages 57 to 68 which provides a breakdown of the attributes the proposed Team members should have including a drive for results, relationship and influence skills, readiness for change, knowledge to do what works or the willingness to acquire it quickly and assuring the involvement by the critical stakeholder groups. The DSLT will utilize the page 67 Guide Checklist to assure the proposed members do not have a history, background, or agendas that might thwart an unbiased or a decision that might be perceived as biased. The membership of the TDMT will include a School Board Member, a Parent group representative, a principal, a District administrator, two community organization representatives including a local business, a church leader, or city council member, and a teacher representative chosen by majority vote of the teachers on the campus. The DLST and the SIRC provide team members with information on what districts can do to promote rapid improvement. TDMT determine model and submit to TEA report delineating choice of intervention (February 2011)
- 5.Designate an internal lead partner Principal for the transformation of the school and leadership of Campus Leadership Team and provide orientation and with SIRC technical assistance to review 6. Principal/Leader Competency Process Spring 2011–March to April 2011 After the governance decision is finalized, the District (DSLT) will assist in the selection of a Principal Leader to lead Transformation on the campus. 7. Orientation of Principal through District Project Shepherd and SIRC Leadership Coaching (March to June 2011)

The principal will receive orientation on leading the campus by reading the grant application and resources including the SIG Handbook, Restructuring Handbook, School Restructuring What Work When, the Transformation Toolkit, and other resources provided by the District Shepherd and the SIRC Leadership Coaching.

- 8. Identify members of the Campus Success Leadership Team (the School Transformation Team)-Teacher Leaders of Instructional Teams to be establish - One per Grade Level and School Community Council with assistance of District Shepherd and SIRC April - June 2011The Principal will work, with the assistance of the District Shepherd to identify the key lead staff for the campus - the Team Leaders for Instructional Teams to be established. The Principal and the District Shepherd will orient in the process by utilizing Tools and Resources identified in the Transformation Toolkit on pages 26-27 which provides candidate comparison and decision tools for establishing a pipeline of potential turnaround leaders and recruiting teachers to support transformation. In addition the Principal will work with the District Shepherd to establish the Campus Success Leadership Team and will utilize the tools for assessing and identifying Team members provided in the Toolkit, p 37 including What Works When p. 67, Establishing Team Structures to Drive Improvement, SIG Handbook p. 65-66 and Preparing for Further Action, What Works When p. 65-66. The Principal leader and the Key Staff - members of the Campus Success Leadership Team and teacher-leaders of Campus Success Instructional Teams (CSIT) will be effective at sharing responsibility for success with campus staff. As delineated previously for the person leading the grant project on the campus, the Principal, the Teacher- Leaders will have the competencies to lead transformation as delineated in pg. 90-92, of What Works When, and will exhibit the leadership actions of a successful restructuring leader. This will establish for the District a pipeline of potential turnaround leaders to assure the project continues through any turnovers or staff changes. The CSLT will be led by the Principal and made up of an Assistant Principal, the Counselor, and the Teacher Team Leaders for each grade level (7).
- 9. Orient members of the Campus Success Leadership Team (CSLT the School Transformation Team) Teacher Leaders of Instructional Teams to be establish through SIRC Leadership Coaching(April-June 2011) The Campus Success Leadership Team will receive orientation on leading the campus by reading and discussing in the Team Meetings applicable sections of the grant application and resources including the SIG Handbook, Restructuring Handbook, School Restructuring What Work When, and the Transformation Toolkit and by participating in professional development, webinars, podcasts, and publication supplied by SIRC. The Principal will develop a short-timeline to structure the orientation through a reading club

- 15. District Shepherd and CSLT Attend National Staff Development Council Summer Conference(Sum. 2011)
- 16. Establish Campus Success Instructional Teams by Grade Level and Led by CSLT member Teacher-Leaders(July 2011)Teams will be established at the campus level by assigned by grade levels and will include all teachers that teach the grade level. These Instructional Success Teams will meet after the CNA to assist in the development of the grade level improvement plans.
- 17. Identify Professional Development needs by CSIT members and the Teacher -Leader to report to Principal to develop Campus-wide professional Development plans with CSLT with assistance of SIRC(Fall 2011). The CSIT teams will be provided with the Critical Success Factors and Milestones. The Instructional grade level will look at TAKS areas of success and need by learning objectives to determine areas of need. The areas of need identified and areas of suggested professional development by the instructional teams will be reported to the campus leadership who will use the information to plan professional and curriculum and classroom changes. The Instructional teams will identify areas of need for technology, and vertical and horizontal curriculum alignment. The Team will develop 90 day action plans with specific goals The Team will also meet once a week for 90 minutes to review alignment, review student data, and to review other information as needed. The Teacher-Leaders will develop a shorttimeline to structure the orientation through a reading club strategy. The members of the CSIT will read and discuss in their Team the different Best Practices documents supplied by Teacher-Leader and summaries developed by the CSLT members, and determine ways to implement as needed to improve student achievement. The Teacher Leader will establish portfolios for each teacher on his/her Team. The CSIT will meet for 45 minutes a day to develop lesson plans, formative and summative assessments to evaluate individual student progress and differentiate instruction. The teachers will develop student portfolios that will reviewed at the meetings to determine areas that need to be reinforced or enrichment to be provided and modify lesson plans to improve the curriculum. In addition, the Teacher Leader will use the information to develop individual improvement ideas. The Team will also review the individual performance of students on periodic district assessments to determine areas of concern for individual students, classes, and teachers. Teacher Leaders will ensure that teachers align instruction with standards and benchmarks, monitor and assess student mastery of standards-based objectives in order to make appropriate curriculum adjustments, differentiate and align learning activities, assess student learning frequently using standards-based classroom assessments, prepare standards-aligned lessons and differentiated activities, provide sound instruction in a variety of modes: teacher-directed whole-class; teacher-directed small-group; student-directed small group; independent work; computer-based; homework, demonstrate sound homework practices and communication with parents, and employ effective classroom management.

This waiver allows the campus two years to effectively implement the selected turnaround or restart model of reform without additional statutory school improvement interventions being required.						
Implementing a school-wide program in a Tier I or Tier II Title I participating school that does not meet the 40 percent poverty eligibility threshold.  This waiver allows a Tier I Title I campus that otherwise does not qualify to operate a Schoolwide program to do so in order to implement the Tier I reform model selected.

**Section A: Ongoing Monitoring/Continuous Improvement -** Describe the LEA/campus' process for providing ongoing monitoring of grant activities to ensure continuous improvement

The Project Coordinator will be responsible for all day-to-day activities and will use Process and Product evaluation standards to monitor the program on an ongoing basis. The intent will be to formatively determine the level of implementation (processes) of all program activities and to measure their impact on the academic level of performance (product) of all at-risk students served by the program. Process-related monitoring practices will consist of locally-developed checklists, teacher interviews, staff meetings, and visual observations. These practices will yield information and data that the Project Manager will use to monitor the program on a daily and weekly basis. If necessary, changes to the type, the quality, and the degree of services provided to all students may immediately be made so that the probabilities for success by all students may increase.

Ongoing monitoring will also be conducted through the use of student performance scores (product). Content area grades, TAKS-guided benchmark scores, vertical scale scores, Read 180 Lexile scores, student attendance reports, discipline management referrals, and other performance measures that can be qualitatively assessed will provide evaluative data that can help monitor the program. This may include an increase in the number of students exiting special education and LEP programs, a decline in referrals to special programs, completion of high school credit courses, an increase in students involved in advanced courses and organizations. On a monthly basis, the Project Manager and grade level teams will review the performance data. The intent will be to correlate the formative assessment scores or grades to the supplemental services provided through the program. This type of monitoring will be used to determine the strengths or weaknesses of the reform strategies, as measured by the product they produced. Modifications to the program will be made if the performance level of students, parents, teachers, and other participants does not improve. Process evaluation will address implementation and will determine the degree to which project activities were implemented as designed. The Project Coordinator will meet regularly with appropriate campus personnel to monitor activities and to ensure that activities are completed on time and effective strategies were implemented. Parent, student and staff surveys will be developed and administered to determine satisfaction with program components to identify potential program modifications. Results of the evaluation will identify challenges and program successes listed below:

- □ Number of days the project activities were implemented;
- □ Number of teachers/staff who participate in program activities;
- Number of students who attended enrichment activities;
- Use data to identify and implement an instructional program that is researched based and vertically aligned
- Number of parents who participate in family enrichment activities.
- Number of teachers who attended staff training
- Number of students enrolled in dual enrollment, early college high school, or thematic learning,
- □ Track parent, student and staff surveys will be developed and administered to determine satisfaction with program components and to identify potential program modifications.

The **District TTIPS Project Shepard** will communicate with Pharr-San Juan-Alamo ISD **district and campus administrators** at least weekly throughout the three-year project period to monitor the planning, implementation, and achievement of all annual performance milestones of this TTIPS initiative. The District Project Shepard will complete and deliver written Activity/Progress Reports to TEA as required. All planned activities and contracted services will be monitored and evaluated through observations, surveys, and formal and informal evaluation methods to determine their merits and effectiveness in achieving project aims. Any observations and recommendations will be closely monitored to enable the management team to determine the extent to which project weaknesses, problems, or concerns are addressed in a timely manner as the implementation proceeds. With such close monitoring and ongoing evaluation of activities, activity schedules, participant satisfaction and participation levels, the initiative will have the opportunity to continuously improve.

PSJA ISD will comply with the evaluation requirements that are established by the Texas Education Agency (TEA) and submit all evaluation reports in the format requested. PSJA ISD will use data such as test scores and benchmarks tests for pre-assessing students to provide a beginning and process to help the students achieve their goals.

**Section B: Formative Evaluation-** Describe the LEA/campus' process for formative evaluation, including how the results of the evaluation will be used to improve the grant program

The District will implement an Improvement Cycle that will be continuous and involve in short and long cycle various levels of teams in the process. The District through the District Project Shepherd with support from the District Success Leadership Team and the Campus Principal with support of the Campus Success Leadership Team and the School Community Council will be instrumental to providing ongoing monitoring of grant activities to monitor progress and evaluate results. On an annual basis for Campus Plans and District plans, the Teams will review student learning outcomes to identify areas of concern that need to change, assess operations and diagnosis areas of need and develop or modify improvement and service plans and monitor improvement and service plans to assess operational areas that need to change in particular to the campus and district plans and the grant plan. This improvement cycle will also be implemented on the campus level by Campus Success Leadership Teams to assess and determine changes to the existing improvement and services plans and work plans. The Superintendent and the School Board will also be an integral part of the process. The Teacher Leaders will report to the Principal on a weekly basis progress and/or changes made on 90 day work plans to be established and revised on an ongoing basis. The Principal will report on a biweekly basis to the District Project Shepherd progress and changes that need to be made in the plan. The District Project Shepherd will report to the School Board on a monthly basis progress and changes that need to be made in the plan. The Superintendent will report to the School Board on a monthly basis. The Principal will report to the School Community Council on a quarterly basis and discuss possible changes and seek suggestions. The District Project Shepherd will report to TEA.

All Teams as appropriate on an ongoing basis or as per above will assess formative results and prepare a report of cumulative results including a graphic display of pre and post results and a brief but insightful narrative description of progress. All Teams as appropriate to their area of scope and responsibility will compare pre and post performance levels, report the results graphically and clearly as per above, disaggregate results when appropriate, and organize the information to assist in planning for the next cycle. All Teams will report the results of the improvement process, review the results, recognize and celebrate successes and analyze causes of unsatisfactory results. Recommendations will be developed for the next long-term - annual - and short term - 90 day - cycles.

**Section C: Qualitative and Quantitative Data Collection Methods-** Describe the LEA/campus' process for data collection methods to be implemented and 1) how the data will be disaggregated; 2) used to improve instruction; and 3) obtain continuous improvement results

PSJA ISD will use formative measures to check on implementation. The District Project Shepherd, Project Coordinator, the Principal, and other District Campus Leadership Team members will utilize the measures established to determine if efforts are on track. Rather than waiting for annual TAKS results the District will use various methods to determine if implementation strategies are working or if the District and the Campus need to make adjustments due to unanticipated events or barriers. Campus Success Leadership Team will provide training to staff on the need for interim assessments that are used as formative measures to monitor student progress toward meeting each goal. The Campus Principal, Teacher Leaders, and the District Shepherd will use formative techniques that are used to monitor implementation including but not limited:

- Classroom assessments and pre- post- achievement measures
- Surveys of Staff
- Observations of students
- Student work analysis
- Oral/written work
- · Checklists of student behavior
- Student interviews
- External review teams

As per the continuous improvement process, the Campus Success Leadership Team and the Instructional Campus Teams will meet weekly to evaluate implementation through the formative assessments. The District Success Leadership Team will meet once a month. All Teams on an ongoing basis or as per above will assess formative results and prepare a report of cumulative results including a graphic display of pre and post results and a brief but insightful narrative description of progress. Describe the process to be implemented to develop the campus' performance goals. Include the groups participating in the development of the goals.

Responses are limited to two pages, front side only, with a font size no smaller than 9 point (Arial or Verdana).

#### **Process for Developing Campus Performance Goals:**

Campus administrators created a Performance Goals Committee whose members represented two groups: (1) teachers, parents, and students who had originally served on the Comprehensive Needs Assessment Committee and (2) teachers and parents who had provided assistance to the campus in the listing of the improvement activities for each of the Critical Success Factors (re: Schedule #4B, Part 3, Section D). Administrators met with the members of the Performance Goals Committee and provided copies of both reports, the identified needs of the campus and the improvement activities for each Critical Success Factor. Committee members were grouped into work groups (CSF 1, CSF 2, CSF 3, ....CSF 7), charged with the responsibility of becoming familiar with the contents of both reports, and advised of a follow-up meeting wherein they could ask questions, discuss concerns, and be given a new assignment.

Follow-up meetings with each respective work group (CSF 1) were conducted. A review of the improvement activities listed for each group was conducted. A review of the Performance Goals was conducted; the intent was to ensure that all members visualize the correlation between the goals and the improvement activities. Members of each group were provided a copy of the work sheet detailing the requirements (instruments, data, yearly goals) for each measure and instructed to provide assistance by providing the information that pertains to their group. A campus administrator will guide the process and will be available to provide assistance. A two day work period was given for the completion of this report.

### **Texas Title I Priority Schools Grant**

#### Schedule #5—Program Budget Summary

Budget Request by Grant Year: Enter the amount of grant funds requested for each year of the three year grant period.

Year 1: SY 2010-2011 \$1,603,898

Year 2: SY 2011-2012 \$1,332,893

Year 3: SY 2012-2013 \$1,517,618

\* Any Budget Request entered for funds in Year 2 and/or Year 3 constitutes the LEA/campus requesting approval of the waiver for extending the period of availability of these grant funds, whether indicated on Schedule #4B—Program Description: Waiver Requests or not.

#### Provide any necessary explanation or clarification of budgeted costs

The expenses in the budget are to support activities of the TIPPS project. District and campus staff will travel to required trainings. In addition, the District/Campus will provide support services as required by the grant and contracts for development/purchase of a customized performance management system, Positive Behavior Intervention and Supports (PBIS), curriculum alignment with TEKS, and a comprehensive formative assessment system. The funds will support the grant implementation by providing extra duty pay for campus teachers, district staff, and principals involved in time spent on increasing learning time for students, attending specialized professional, providing operational flexibility to implement strategies leading to improved student achievement and graduation rates, and planning curriculum changes over and aligning curriculum. The district will hire consultants to be involved in assessment of staff incentives system and the development of principal and teacher evaluation system. Substitutes are provided for days teachers will spend off campus on site visits, professional development and other activities directly related to the grant activities.

# Texas Title I Priority Schools Grant

Statement of provisions and assurances for the program(s) in this application:

- A. Terms defined: As used in these Provisions and Assurances,
  - Contract means the entire document, and all of TEA's attachments, appendices, schedules (including but not limited to the General Provisions and the Special Provisions), amendments and extensions of or to the Standard Contract;
  - Agency or TEA means the Texas Education Agency;
  - Contractor means the party or parties to this contract other than Agency; including its or their officers, directors, employees, agents, representatives, consultants and subcontractors, and subcontractors' officers, directors, employees, agents, representatives and consultants;
  - Project Administrator means the person representing Agency or Contractor, as indicated by the contract, for the purposes of administering the contract project;
  - Contract Project means the purpose intended to be achieved through the contract of which these Provisions and Assurances are a part;
  - Applicant means the same as Contractor;
  - SAS means the Standard Application System of which the application document is a part;
  - "Application" means the entire package submitted by the Applicant including the schedules contained in the application and so indicated on the General Information page of the application package;
  - Amendment means an application that is revised in budget categories and/or in program activities. It includes both the
    original application and any subsequent amendments; or extensions thereto;
  - Works means all tangible or intangible material, products, ideas, documents or works of authorship prepared or created by Contractor for or on behalf of TEA at any time after the beginning date of the Contract (Works includes but is not limited to computer software, data, information, images, illustrations, designs, graphics, drawings, educational materials, assessment forms, testing materials, logos, trademarks, patentable materials, etc.); and,
  - Intellectual Property Rights means the worldwide intangible legal rights or interests evidenced by or embodied in: (a) any idea, design, concept, method, process, technique, apparatus, invention, discovery, or improvement, including any patents, trade secrets, and know-how; (b) any work of authorship, including any copyrights, moral rights or neighboring rights; (c) any trademark, service mark, trade dress, trade name, or other indicia of source or origin; (d) domain name registrations; and (e) any other similar rights. The Intellectual Property Rights of a party include all worldwide intangible legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.
  - Grant means the same as Contract;
  - Grantee means the same as Contractor;
  - Grantor means the same as Agency; and
  - DCC means the Document Control Center of Agency.
- **B.** Contingency: This contract is executed by Agency subject to the availability of funds appropriated by legislative act for the purposes stated. All amendments and/or extensions or subsequent contracts entered into for the same or continued purposes are executed contingent upon the availability of appropriated funds. Notwithstanding any other provision in this contract or any other document, this contract is void upon appropriated funds becoming unavailable. In addition, this contract may be terminated by Agency at any time for any reason upon notice to Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency. This contract may be extended or otherwise amended only by formal written amendment properly executed by both Agency and Contractor. No other agreement, written or oral, purporting to alter or amend this contract shall be valid.
- C. Contractor's Application: Furnished to Agency in response to a request for application, is incorporated in this contract by reference for all necessary purposes. It is specifically provided, however, that the provisions of this contract shall prevail in all cases of conflict arising from the terms of Contractor's application whether such application is a written part of this contract or is attached as a separate document.
- **D.** Requirements, Terms, Conditions, and Assurances: Which are stated in the Request for Application, in response to which Applicant is submitting this application, are incorporated herein by reference for all purposes although the current General Provisions shall prevail in the event of conflict. The instructions to the Standard Application System, as well as the General and Fiscal Guidelines and Program Guidelines, are incorporated herein by reference.

GENERAL PROVISIONS & ASSURANCES

County-District No.

- E. Signature Authority; Final Expression; Superseding Document: Applicant certifies that the person signing this application has been properly delegated this authority. The Contract represents the final and complete expression of the terms of agreement between the parties. The Contract supersedes any previous understandings or negotiations between the parties. Any representations, oral statements, promises or warranties that differ from the Contract shall have no force or effect. The Contract may be modified, amended or extended only by formal written amendment properly executed by both TEA and Contractor.
- **F. State of Texas Laws:** In the conduct of the contract project, Contractor shall be subject to Texas State Board of Education and Commissioner rules pertaining to this contract and the contract project and to the laws of the State of Texas governing this contract and the contract project. This contract constitutes the entire agreement between Agency and Contractor for the accomplishment of the contract project. This contract shall be interpreted according to the laws of the State of Texas except as may be otherwise provided for in this contract.
- **G. Monitoring**: Desk reviews or on-site monitoring reviews may be conducted by Agency to determine compliance with the approved application and the applicable statute(s), law(s), regulations, and guidelines.
- H. Sanctions for Failure to Perform or for Noncompliance: If Contractor, in Agency's sole determination, fails or refuses for any reason to comply with or perform any of its obligations under this contract, Agency may impose such sanctions as it may deem appropriate. This includes but is not limited to the withholding of payments to Contractor until Contractor complies; the cancellation, termination, or suspension of this contract in whole or in part; and the seeking of other remedies as may be provided by this contract or by law. Any cancellation, termination, or suspension of this contract, if imposed, shall become effective at the close of business on the day of Contractor's receipt of written notice thereof from Agency.
- I. Contract Cancellation, etc.: If this contract is canceled, terminated, or suspended by Agency prior to its expiration date, the reasonable monetary value of services properly performed by Contractor pursuant to this contract prior to such cancellation, termination or suspension shall be determined by Agency and paid to Contractor as soon as reasonably possible.
- J. Indemnification:
  - For local educational agencies (LEAs), regional education service centers (ESCs), and institutions of higher education (IHEs) and state agencies: Contractor, to the extent permitted by law, shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.
  - For all other grantees, subgrantees, contractors, and subcontractors, including nonprofit organizations and forprofit businesses: Contractor shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.
- K. Encumbrances/Obligations and Liquidations: All encumbrances/obligations shall occur on or between the beginning and ending dates of the contract. All goods must be received and all services rendered between the beginning and ending dates of the contract. The contractor must liquidate (record as an expenditure) all obligations (encumbrances) incurred under the contract no later than 30 days after the ending date of the contract, to coincide with the submission of the final expenditure report, due 30 days after the ending date of the contract. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures, and an encumbrance cannot be considered an expenditure or accounts payable until the goods have been received and the services have been rendered. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. This applies to all grant programs, including state and federal, discretionary and formula.

# SCHEDULE #6A - cont. GENERAL PROVISIONS & Standard Application System School Years 2010-2013 Texas Title I Priority Schools Grant

- L. Financial Management and Accounting: Grantee assures it will maintain a financial management system that complies with federal standards established in 34 CFR 80.20 and 74.21 and that provides for accurate, current, and complete disclosure of the financial results of each grant project. The financial management system records will identify adequately the source and application of funds and will contain information pertaining to grant awards, authorizations, obligations, unobligated balances, assets, outlays (i.e., expenditures), income, and interest. Fiscal control and accounting procedures will permit the tracing of funds to a level of expenditure adequate to establish that funds have been used in accordance with the approved grant application. The applicant agrees to maintain effective control over and accountability for all funds, property, and other assets. Public school districts, open enrollment charter schools, and regional education service centers in Texas must comply with the accounting requirements in the Financial Accounting and Reporting (FAR) module of the Financial Accountability System Resource Guide, Texas Education Agency (34 CFR 74.21; 34 CFR 80.20; TEA Financial Accountability System Resource Guide).
- M. Expenditure Reports: Contractor shall submit expenditure reports in the time and manner requested by Agency as specified in the instructions to the Standard Application System (SAS) which are incorporated by reference. Unless otherwise specified, interim reports are due to TEA within 15 days after the end of each reporting period. Unless otherwise specified, the final expenditure report is due within 30 days after the ending date of the grant. Revised expenditure reports, where the grantee is claiming additional expenditures beyond that originally requested, must be submitted within 60 days after the ending date of the grant, or as specified in the applicable Program Guidelines.
- N. Refunds Due to TEA: If Agency determines that Agency is due a refund of money paid to Contractor pursuant to this contract, Contractor shall pay the money due to Agency within 30 days of Contractor's receipt of written notice that such money is due to Agency. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset, counterclaim, cancellation, termination, suspension, total withholding, and/or disapproval of all or any subsequent applications for said funds.
- O. Records Retention: Contractor shall maintain its records and accounts in a manner which shall assure a full accounting for all funds received and expended by Contractor in connection with the contract project. These records and accounts shall be retained by Contractor and made available for programmatic or financial audit by Agency and by others authorized by law or regulation to make such an audit for a period of not less than five years from the date of completion of the contract project or the date of the receipt by Agency of Contractor's final claim for payment or final expenditure report in connection with this contract, whichever is later. If an audit has been announced, the records shall be retained until such audit has been completed.
  - Contractor understands that acceptance of funds under this contract acts as acceptance of the authority of the State Auditor's office, or any successor agency, to conduct an audit or investigation in connection with those funds. Contractor further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. Contractor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Contractor and the requirements to cooperate is included in any subcontract it awards.
- P. Time and Effort Recordkeeping: For those personnel whose salaries are prorated between or among different funding sources, time and effort records will be maintained by Applicant that will confirm the services provided within each funding source. Applicant must adjust payroll records and expenditures based on this documentation. This requirement applies to all projects, regardless of funding source, unless otherwise specified. For federally funded projects, time and effort records must be in accordance with the requirements in the applicable OMB cost principles.
- **Q. Forms, Assurances, and Reports:** Contractor shall timely make and file with the proper authorities all forms, assurances and reports required by federal laws and regulations. Agency shall be responsible for reporting to the proper authorities any failure by Contractor to comply with the foregoing laws and regulations coming to Agency's attention, and may deny payment or recover payments made by Agency to Contractor in the event of Contractor's failure so to comply.
- **R. Intellectual Property Ownership**: Contractor agrees that all Works are, upon creation, works made for hire and the sole property of TEA. If the Works are, under applicable law, not considered works made for hire, Contractor hereby assigns to TEA all worldwide ownership of all rights, including the Intellectual Property Rights, in the Works, without the necessity of any further consideration, and TEA can obtain and hold in its own name all such rights to the Works. Contractor agrees to maintain written agreements with all officers, directors, employees, agents, representatives and subcontractors engaged by Contractor for the Contract Project, granting Contractor rights sufficient to support the performance and grant of rights to TEA by Contractor. Copies of such agreements shall be provided to TEA promptly upon request.

# **Texas Title I Priority Schools Grant**

Contractor warrants that (i) it has the authority to grant the rights herein granted, (ii) it has not assigned or transferred any right, title, or interest to the Works or Intellectual Property Rights that would conflict with its obligations under the Contract, and Contractor will not enter into any such agreements, and (iii) the Works will be original and will not infringe any intellectual property rights of any other person or entity. These warranties will survive the termination of the Contract. If any preexisting rights are embodied in the Works, Contractor grants to TEA the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such preexisting rights and any derivative works thereof and (ii) authorize others to do any or all of the foregoing. Contractor agrees to notify TEA on delivery of the Works if they include any such preexisting rights. On request, Contractor will provide TEA with documentation indicating a third party's written approval for Contractor to use any preexisting rights that may be embodied or reflected in the Works.

**For School Districts and Nonprofit Organizations**: The foregoing Intellectual Property Ownership provisions apply to any school districts, nonprofit organizations, and their employees, agents, representatives, consultants and subcontractors. If a school district or nonprofit organization or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Education Service Centers (ESCs): The foregoing Intellectual Property Ownership provisions apply to an Education Service Center (ESC) and its employees, agents, representatives, consultants, and subcontractors. If an ESC or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Colleges and Universities: The foregoing Intellectual Property Ownership provisions apply to any colleges and universities and their employees, agents, representatives, consultants, and subcontractors; provided, that for all Works and derivative works created or conceived by colleges or universities under the Contract, they are granted a non-exclusive, non-transferable, royalty-free license to use the Works for their own academic and educational purposes only. The license for academic and educational purposes specifically excludes advertising, offering for sale, selling, distributing, publicly displaying, publicly performing, or reproducing the Works, or making derivative works from the Works that are created or conceived under this Contract and colleges and universities and their employees, agents, representatives, consultants, and subcontractors are prohibited from engaging in these uses and activities with regard to the Works unless the prior express written permission of the TEA Copyright Office is obtained.

- **S. Unfair Business Practices: Unfair Business Practices**: By signing this Contract, Contractor, if other than a state agency, certifies that Contractor, within the preceding 12 months, has not been found guilty, in a judicial or state agency administrative proceeding, of unfair business practices. Contractor, if other than a state agency, also certifies that no officer of its company has, within the preceding 12 months, served as an officer in another company which has been found, in a judicial or state agency administrative proceeding, to be guilty of unfair business practices.
  - Contractor, whether a state agency or not a state agency, certifies that no funds provided under this Contract shall be used to purchase supplies, equipment, or services from any companies found to be guilty of unfair business practices within 12 months from the determination of guilt.
- **T. Subcontracting:** Contractor shall not assign or subcontract any of its rights or responsibilities under this contract, except as may be otherwise provided for in this application, without prior formal written amendment to this contract properly executed by both Agency and Contractor.
- **U. Use of Consultants:** Notwithstanding any other provision of this application, Applicant shall not use or pay any consultant in the conduct of this application if the services to be rendered by any such consultant can be provided by Applicant's employees.
- V. Capital Outlay: If Contractor purchases capital outlay (furniture and/or equipment) to accomplish the objective(s) of the project, title will remain with Contractor for the period of the contract. Agency reserves the right to transfer capital outlay items for contract noncompliance during the contract period or as needed after the ending date of the contract. This provision applies to any and all furniture and/or equipment regardless of unit price and how the item is classified in Contractor's accounting record.

# SCHEDULE #6A - cont. GENERAL PROVISIONS & Standard Application System ASSURANCES School Years 2010-2013 Texas Title I Priority Schools Grant

- W. Agency Property (terms): In the event of loss, damage or destruction of any property owned by or loaned by Agency while in the custody or control of Contractor, its employees, agents, consultants or subcontractors, Contractor shall indemnify Agency and pay to Agency the full value of or the full cost of repair or replacement of such property, whichever is the greater, within 30 days of Contractor's receipt of written notice of Agency's determination of the amount due. This applies whether the property is developed or purchased by Contractor pursuant to this contract or is provided by Agency to Contractor for use in the contract project. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset or counterclaim against any money otherwise due to Contractor by Agency.
- X. Travel Costs: Amounts authorized for maximum recovery for travel and per diem costs against any state or federal funding source are restricted to those amounts which are approved in the State of Texas Appropriations Bill in effect for the particular funding period. Any amount over this limit must come from local funding sources. Applicant must recover funds at a lesser rate if local policy amounts are less than the maximum allowed by the state. Out-of-state travel may not exceed the federal government rate for the locale. Travel allowances are not allowable costs.
- Y. Funds for Religious Worship, Instruction: No funds will be used to pay for religious worship, instruction, or proselytization, or for any equipment or supplies for such, or for any construction, remodeling, repair, operation, or maintenance of any facility or part of a facility to be used for religious worship, instruction, or proselytization (34 CFR 76.532 and P. L. 107-110, section 9505).
- **Z. Disclosure of Gifts and Campaign Contributions:** The grantee shall file disclosures of gifts and campaign contributions as required by State Board of Education Operating Rule 4.3, which is incorporated as if set out in full. The grantee has a continuing obligation to make disclosures through the term of the contract. Failure to comply with State Board of Education Operating Rule 4.3 is grounds for canceling the grant.
- AA. Submission of Audit Reports to TEA: Grantees which are public school districts and open enrollment charter schools agree to submit the required annual audit report, including the reporting package required under OMB Circular A-133, if an audit is required to be conducted in accordance with OMB Circular A-133, to the TEA Division of School Financial Audits in the time and manner requested by the Agency.

Grantees which are **nonprofit organizations** (other than charter schools) and universities/colleges that expend \$500,000 or more total in federal awards in any fiscal year and are thus required to conduct a Single Audit or program-specific audit in accordance with the requirements in OMB Circular A-133, agree to submit a copy of such audit to TEA when the schedule of findings and questioned costs disclosed audit findings relating to any federal awards provided by TEA. A copy of such audit shall also be submitted to TEA if the summary schedule of prior audit findings reported the status of any audit findings relating to any federal awards provided by TEA.

A **nonprofit organization or university/college** grantee shall provide written notification to TEA that an audit was conducted in accordance with OMB Circular A-133 when the schedule of findings and questioned costs disclosed no audit findings related to any federal awards provided by TEA or when the summary schedule of prior audit findings did not report on the status of any prior audit findings related to any federal awards provided by TEA. Nonprofit organizations (other than charter schools) and universities/colleges shall submit the audit report to the TEA Division of Discretionary Grants. Audit reports must be submitted to TEA within 30 days of receipt of the report from the auditor. Failure to submit a copy of the audit to TEA could result in a reduction of funds paid to the grantee, a refund to TEA, termination of the grant, and/or ineligibility to receive additional grant awards from TEA.

- **BB. Federal Rules, Laws, and Regulations That Apply to all Federal Programs:** Contractor shall be subject to and shall abide by all federal laws, rules and regulations pertaining to the contract project, including but not limited to:
  - 1. Americans With Disabilities Act, P. L. 101-336, 42 U.S.C. sec. 12101, and the regulations effectuating its provisions contained in 28 CFR Parts 35 and 36, 29 CFR Part 1630, and 47 CFR Parts 0 and 64;
  - Title VI of the Civil Rights Act of 1964, as amended (prohibition of discrimination by race, color, or national origin), and the regulations effectuating its provisions contained in 34 CFR Part 100;
  - 3. **Title IX of the Education Amendments of 1972**, as amended (prohibition of sex discrimination in educational institutions) and the regulations effectuating its provisions contained in 34 CFR Part 106, if Contractor is an educational institution;
  - Section 504 of the Rehabilitation Act of 1973, as amended (nondiscrimination on the basis of handicapping condition), and the regulations effectuating its provisions contained in 34 CFR Part 104 and 105;

- 5. the **Age Discrimination Act of 1975**, as amended (prohibition of discrimination on basis of age), and any regulations issued thereunder, including the provisions contained in 34 CFR Part 110;
- the Family Educational Rights and Privacy Act (FERPA) of 1975, as amended (ensures access to educational records for students and parents while protecting the privacy of such records), and any regulations issued thereunder, including Privacy Rights of Parents and Students (34 CFR Part 99), if Contractor is an educational institution (20 USC 1232g);
- 7. Section 509 of H.R. 5233 as incorporated by reference in P. L. 99-500 and P. L. 99-591 (prohibition against the use of federal grant funds to influence legislation pending before Congress);
- 8. **Pro-Children Act of 2001**, which states that no person shall permit smoking within any indoor facility owned or leased or contracted and utilized for the provision of routine or regular kindergarten, elementary, or secondary education or library services to children [P. L. 107-110, Section 4303(a)]. In addition, no person shall permit smoking within any indoor facility (or portion of such a facility) owned or leased or contracted and utilized for the provision of regular or routine health care or day care or early childhood development (Head Start) services [P. L. 107-110, Section 4303(b)(1)]. Any failure to comply with a prohibition in this Act shall be considered to be a violation of this Act and any person subject to such prohibition who commits such violation may be liable to the United States for a civil penalty, as determined by the Secretary of Education (P. L. 107-110, Section 4303(e)(1)].
- 9. Fair Labor Standards Act (29 USC 207), Davis Bacon Act (40 USC 276(a), and Contract Work Hours and Safety Standards Act (40 USC 327 et seq.), as applicable, and their implementing regulations in 29 CFR 500-899, 29 CFR Parts 1,3,5, and 7, and 29 CFR Parts 5 and 1926, respectively.
- 10. **Buy America Act**: Contractor certifies that it is in compliance with the Buy America Act in that each end product purchased under any federally funded supply contract exceeding \$2,500 is considered to have been substantially produced or manufactured in the United States. End products exempt from this requirement are those for which the cost would be unreasonable, products manufactured in the U. S. that are not of satisfactory quality, or products for which the agency head determines that domestic preference would be inconsistent with the public interest. Contractor also certifies that documentation will be maintained that documents compliance with this requirement (FAR 25.1-.2).
- 11. P.L. 103-227, Title X, Miscellaneous Provisions of the GOALS 2000: Educate America Act; P.L. 103-382, Title XIV, General Provisions of the Elementary and Secondary Education Act, as amended; and General Education Provisions Act, as amended.
- 12. **Prohibition of Text Messaging and E-mailing while Driving during Official Federal Grant Business:**Personnel funded from federal grants and their subcontractors and subgrantees are prohibited from text messaging while driving an organization-owned vehicle, or while driving their own privately owned vehicle during official grant business, or from using organization-supplied electronic equipment to text message or e-mail while driving. Recipients must comply with these conditions under Executive Order 13513, "Federal Leadership On Reducing Text Messaging While Driving," October 1, 2009 (pursuant to provisions attached to federal grants funded by the U.S. Department of Education).

- Availability of Information: Any application, evaluation, periodic program plan, or report relating to each program
  described in this application will be made readily available to parents and other members of the general public (20 USC
  1232(e)).
- 3. **Sharing of Information:** Contractor certifies that it has adopted effective procedures for acquiring and disseminating to teachers and administrators participating in each program described in this application significant information from educational research, demonstrations, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects (20 USC 1232(e)).
- 4. **Prohibition of Funds for Busing**: The applicant certifies that no federal funds (except for funds appropriated specifically for this purpose) will be used for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to overcome racial imbalance in any school or school system, or for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to carry out a plan of racial desegregation of any school or school system (20 USC 1228).
- 5. **Direct Financial Benefit**: Contractor certifies that funds expended under any federal program will not be used to acquire equipment (including computer software) in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity or its employees or any affiliate of such an organization [20 USC 1232(b)(8)].
- **EE. Payment for Services:** Payment for service(s) described in this Contract is contingent upon satisfactory completion of the service(s). Satisfaction will be determined by TEA's Project Administrator, in his sole discretion but in accordance with reasonable standards and upon advice of his superiors in TEA, if necessary.
- **FF. Family Code Applicability**: By signing this Contract, Contractor, if other than a state agency, certifies that under Section 231.006, Family Code, that Contractor is not ineligible to receive payment under this Contract and acknowledges that this Contract may be terminated and payment may be withheld if this certification is inaccurate. TEA reserves the right to terminate this Contract if Contractor is found to be ineligible to receive payment. If Contractor is found to be ineligible to receive payment and the Contract is terminated, Contractor is liable to TEA for attorney's fees, the costs necessary to complete the Contract, including the cost of advertising and awarding a second contract, and any other damages or relief provided by law or equity.
- **GG. Interpretation**: In the case of conflicts arising in the interpretation of wording and/or meaning of various sections, parts, Appendices, General Provisions, Special Provisions, Exhibits, and Attachments or other documents, the TEA Contract and its General Provisions, Appendices and Special Provisions shall take precedence over all other documents which are a part of this contract.
- **HH.** Registered Lobbyists: No state or federal funds transferred to a contractor/grantee may be used to hire a registered lobbyist.
- II. Test Administration and Security: This contract is executed by Agency subject to assurance by Contractor that it has at all times been and shall remain in full compliance with Title 19, Texas Administrative Code Chapter 101, and all requirements and procedures for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Notwithstanding any other provision in this contract or any other document, this contract is void upon notice by Agency, in its sole discretion, that Contractor or any school, campus, or program operated by Contractor has at any time committed a material violation of Title 19, Texas Administrative Code Chapter 101, or any requirement or procedure for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency.
- **31. Social Security Numbers:** Social Security numbers will not be provided by TEA as a part of this agreement. TEA is not requiring or requesting school districts or other grantees to provide Social Security numbers as a part of this agreement.
- **KK. Student-identifying Information**: Contractor agrees that in executing tasks on behalf of TEA, Contractor will not use any student-identifying information in any way that violates the provisions of FERPA and will destroy or return all student-identifying information to TEA within thirty (30) days of project completion.

**LL. High-Risk Status, Special Conditions, and Enforcement Actions:** Pursuant to the provisions in 34 CFR 80.12 and 74.14, a grantee may be identified by TEA as high-risk if the grantee has a history of unsatisfactory performance; is not financially stable; has a financial management system that does not meet federal financial management standards or the requirements in TEA's Financial Accounting and Reporting (FAR) module; has not conformed to terms and conditions of previous awards; or is otherwise not responsible. TEA may impose one or more special conditions or restrictions on a high-risk grantee, including payment on a reimbursement basis; withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period; requiring additional, more detailed financial reports; additional project monitoring; requiring the grantee to obtain technical or management assistance; establishing additional prior approvals; or other conditions that may be legally available. A grantee identified as high-risk will be notified in writing by TEA of the special conditions imposed and the process for removing the high-risk status and special conditions.

Pursuant to the provisions in 34 CFR 80.43 and 74.62, if a grantee materially fails to comply with any term of an award, whether stated in a federal statute or regulation, an assurance, in a grant application, or elsewhere, TEA may take one or more of the following enforcement actions as appropriate in the circumstances: temporarily withhold cash payments pending correction of the deficiency or more severe enforcement action; disallow all or part of the cost of an activity or action not in compliance; wholly or partly suspend or terminate the current award; withhold further awards for the program; or take other remedies that may be legally available. If an enforcement action is imposed, the grantee will be notified in writing by TEA of the actions imposed and the process for remedying the noncompliance or removing the enforcement actions.

TEA reserves the right to not award a discretionary grant to a high-risk grantee or to a grantee that is materially non-compliant with the terms and conditions of another award.

# SCHEDULE #6 B

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions

# **TEXAS EDUCATION AGENCY**

# **Standard Application System**

School Years 2010-2013

108-909

County-District No.

# **Texas Title I Priority Schools Grant**

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.11.

# Terms defined: As used in these Provisions and Assurances

- "Covered Transaction"— A transaction under Federal non-procurement programs, which can be either a primary covered transaction or a lower tier covered transaction.
- "Lower Tier Covered Transaction"— (1) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction; (2) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold of \$25,000; (3) Any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount.
- "Participant" Any person who submits a proposal for, enters into, or reasonably may be expected to enter into a covered transaction, including an agent or representative of another participant.
- "Principal"— An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or a consultant or other person, whether or not employed by the participant or paid with Federal funds, who (1) is in a position to handle Federal funds; (2) is in a position to influence or control the use of those funds; or (3) occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction.
- "Excluded Parties List System (EPLS)"— The list maintained and disseminated by the General Services Administration (GSA) containing names and other information about persons who are ineligible.
- "Debarment"— Action taken by a debarring official (Federal agency) to exclude a person (recipient) from participating in covered transactions.
- "Suspension"— An action taken that immediately prohibits a person from participating in covered transactions for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue.
- "Ineligible" generally refers to a person who is either excluded or disqualified.
- "Person"— Any individual, corporation, partnership, association, unit of government or legal entity, however organized, except: foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities.
- "Proposal"—A solicited or unsolicited bid, application, request, invitation to consider or similar communication by or on behalf of a person seeking to participate or to receive a benefit, directly or indirectly, in or under a covered transaction.
- "Voluntarily Excluded"—A status of nonparticipation or limited participation in covered transactions assumed by a person pursuant to the terms of a settlement.
- 1. By signing SAS Schedule #1 and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
- 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- 3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4. The terms "covered transaction", "debarred", "suspended", "ineligible", "lower tier covered transaction", "participant", "person", "primary covered transaction", "principal", "proposal", and "voluntarily excluded", as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
- 5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

- 6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled **Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions**, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to, check the Non-procurement List.
- 8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

#### Certification

- (1) The prospective lower tier participant certifies, by signature on SAS Schedule #1 and by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

# **Texas Title I Priority Schools Grant**

The following special provisions apply to all programs funded under the Elementary and Secondary Education Act, as amended by P. L. 107-110, No Child Left Behind (NCLB) Act of 2001. By signing Schedule #1 of this SAS, the applicant is assuring it is in compliance with the following provisions:

- A. Each such program will be administered in accordance with all applicable statutes, regulations, program plans, and applications.
- B. The control of funds provided under each such program and title to property acquired with program funds will be in a public agency or in a nonprofit private agency, institution, organization, or Indian tribe, if the law authorizing the program provides for assistance to such entities.
- **C.** The public agency, nonprofit private agency, institution, or organization, or Indian tribe will administer such funds and property to the extent required by the authorizing statutes.
- D. The applicant will adopt and use proper methods of administering each such program, including the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program and the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation.
- E. The applicant will cooperate in carrying out any evaluation of each such program conducted by or for the Texas Education Agency, the Secretary of Education or other federal officials.
- F. The applicant will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, federal funds paid to such applicant under each such program.
- **G.** The applicant will submit such reports to the Texas Education Agency (which shall make the reports available to the Governor) and the Secretary of Education, as the Texas Education Agency and the Secretary of Education may require to enable the Texas Education Agency and the Secretary of Education to perform their duties under each such program.
- **H.** The applicant will maintain such records, provide such information, and afford access to the records as the Agency (after consultation with the Governor) or the Secretary may find necessary to carry out the Agency's or the Secretary's duties.
- I. Before the application was submitted, the applicant afforded a reasonable opportunity for public comment on the application and has considered such comment.
- J. **Gun-Free Schools Act:** The local education agency assures that it is in compliance with Section 37.007(e) of the Texas Education Code, which requires expulsion of a student who brings to school or possesses at school a firearm as defined by 18 U.S.C. Section 2891 [pursuant to the requirements in P. L. 107-110, Section 4141(d)(1)]. In addition, the local educational agency certifies that it has a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm or weapon to school [P. L. 107-110. Section 4141(h)(1)].
- K. Student Records Transfer: The local educational agency shall ensure that a student's records and, if applicable, a student's individualized education program as defined in section 602(11) of the Individuals with Disabilities Education Act, are transferred to a charter school upon the transfer of the student to the charter school, and to another public school upon the transfer of the student from a charter school to another public school, in accordance with applicable state law (P. L. 107-110, section 5208).
- L. **Consolidation of Administrative Funds**: A local educational agency, with the approval of TEA, may consolidate and use for the administration of one or more programs under the No Child Left Behind Act not more than the percentage, established in each program, of the total available for the local educational agency under those programs. A local educational agency that consolidates administrative funds shall not use any other funds under the programs included in the consolidation for administration for that fiscal year. Consolidated administrative funds shall be used for the administration of the programs covered and may be used for coordination of these programs with other federal and non-federal programs and for dissemination of information regarding model programs and practices.
- M. Privacy of Assessment Results: Any results from an individual assessment referred to in the No Child Left Behind Act of a student that become part of the education records of the student shall have the protections provided in section 444 of the General Education Provisions Act [P. L. 107-110, section 9523 and the Family Educational Rights and Privacy Act (FERPA) of 1975, as amended].

- N. School Prayer: The local educational agency certifies that it is in compliance with Section 25.901 of the Texas Education Code. In addition, as a condition of receiving funds under the No Child Left Behind Act, the local educational agency certifies that no policy of the local educational agency prevents, or otherwise denies participation in, constitutionally protected prayer in public elementary schools and secondary schools, as detailed in the guidance provided by the U. S. Secretary of Education pertaining to such. The state educational agency shall report to the Secretary of Education each year a list of those local educational agencies that have not filed this assurance or against which complaints have been made to the State educational agency that the local educational agencies are not in compliance with this requirement (P. L. 107-110, section 9524(b).
- O. Equal Access to Public Schools Facilities Boy Scouts of America Equal Access Act: No public elementary school, public secondary school or local educational agency that has a designated open forum or a limited public forum and that receives funds made available from the U. S. Department of Education shall deny equal access or a fair opportunity to meet, or to discriminate against, any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society), that wishes to conduct a meeting within that designated open forum or limited public forum, including denying such access or opportunity or discriminating for reasons based on the membership or leadership criteria or oath of allegiance to God and country of the Boy Scouts of America or of the youth group listed in Title 36 of the United States Code (as a patriotic society). For the purposes of this section, an elementary school or secondary school has a limited public forum whenever the school involved grants an offering to, or opportunity for, one or more outside youth or community groups to meet on school premises or in school facilities before or after the hours during which attendance at the school is compulsory. Nothing in this section shall be construed to require any school, agency, or a school served by an agency to sponsor any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society). Compliance with this provision will be enforced through rules and orders issued by the Office for Civil Rights. If the public school or agency does not comply with the rules or orders, no funds made available through the Department of Education shall be provided by a school that fails to comply with such rules or orders or to any agency or school served by an agency that fails to comply with such rules or orders (P. L. 107-110, section 9525).
- P. General Prohibitions: None of the funds authorized under the No Child Left Behind Act shall be used to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; to provide sex education or HIV-prevention education in schools that instruction is age appropriate and includes the health benefits of abstinence; or to operate a program of contraceptive distribution in schools (P. L. 107-110, section 9526).
- Q. Armed Forces Recruiter Access to Students and Student Recruiting Information: In accordance with guidance issued by the U. S. Department of Education, each local educational agency receiving assistance under the No Child Left Behind Act shall provide, on a request made by military recruiters or an institution of higher education, access to secondary school students names, address, and telephone listings, upon prior written consent of a student or the parent of a student. A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent, and the local educational or private nonprofit school shall notify parents of the option to make a request and shall comply with any request. Each local educational agency receiving assistance under the No Child Left Behind Act shall provide military recruiters the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers of those students (P. L. 107-110, section 9528).
- R. Unsafe School Choice Option: The local educational agency certifies that it shall establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by the Texas Education Agency, or who becomes a victim of a violent criminal offense, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school (P. L. 107-110, section 9532).
- S. Civil Rights: Nothing in the No Child Left Behind Act shall be construed to permit discrimination on the basis of race, color, religion, sex (except as otherwise permitted under Title IX of the Education Amendments of 1972), national origin, or disability in any program funded under the No Child Left Behind Act (P. L. 107-110, section 9534).

- T. Student Privacy, Parental Access to Information, and Administration of Certain Physical Examinations to Minors: The local educational agency assures that it is in compliance with Chapter 26 of the Texas Education Code concerning parental rights and responsibilities. In addition, the local educational agency receiving funds under the No Child Left Behind Act certifies that it shall develop and adopt policies, in consultation with parents, regarding certain rights of a parent to access and inspect information; student privacy; the administration of physical examinations or screenings (except for examinations or screenings required by state law); and the collection, disclosure, or use of personal information collected from students for the purpose of marketing or selling that information. The local educational agency also assures that it is in compliance with the requirements for annually notifying parents of such policies and specific events (P. L. 107-110, Title X, Part F, section 1061).
- U. Assurances related to the education of homeless children and youths:
  - (1) The LEA assures that each child of a homeless individual and each homeless youth shall have equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youth.
  - (2) The LEA assures that homeless children and youth are afforded the same free, appropriate public education as provided to other children and youth.
  - (3) The LEA assures that it will review and undertake steps to revise any laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth.
  - (4) The LEA assures that it will not separate students from the mainstream school environment on the basis of homelessness alone.
  - (5) The LEA assures that homeless children and youth have access to the education and other services that they need to in order to meet the same challenging State student academic achievement standards to which all students are held.
- V. **Definitions**: The following terms shall be defined as follows for programs authorized and carried out under the No Child Left Behind Act of 2001:
  - 1. **CharterSchool:** An open enrollment charter school receiving federal funds of any type must meet the federal definition of a charter school as provided in P. L. 107-110, Section 5210(1). The term "charter school" means a school that:
    - (A) is created by a developer as a public school, or is adapted by a developer from an existing public school, and is operated under public supervision and control;
    - (B) operates in pursuit of a specific set of educational objectives determined by the school's developer and agreed to by the authorized public chartering agency [i.e., the State Board of Education (SBOE)];
    - (C) provides a program of elementary or secondary education, or both;
    - (D) is nonsectarian in its programs, admissions policies, employment practices, and all other operations, and is not affiliated with a sectarian school or religious instruction;
    - (E) does not charge tuition:
    - (F) complies with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, and Part B of the Individuals with Disabilities Education Act;
    - (G) is a school to which parents choose to send their children, and that admits students on the basis of a lottery, if more students apply for admission than can be accommodated;
    - (H) agrees to comply with the same Federal and State audit requirements as do other elementary schools and secondary schools in the State, unless such requirements are specifically waived for the purpose of this program;
    - (I) meets all applicable Federal, State, and local health and safety requirements;
    - (J) operates in accordance with State law; and
    - (K) has a written performance contract with the authorized public chartering agency in the State (i.e., SBOE) that includes a description of how student performance will be measured pursuant to State assessments that are required of other schools and pursuant to any other assessments mutually agreeable to the SBOE.
  - 2. **Community-Based Organization**: A public or private nonprofit organization of demonstrated effectiveness that is representative of a community or significant segment of a community and that provides educational or related services to individuals in the community.
  - 3. **Core Academic Subjects**: English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, art, history, and geography.

# 4. Highly Qualified:

- (A) when used with respect to any public elementary school or secondary school teacher teaching in a State, means that-
  - (i) the teacher has obtained full State certification as a teacher (including certification obtained through alternative routes to certification) or passed the State teacher licensing examination, and holds a license to teach in such State, except that when used with respect to any teacher teaching in a public charter school, the term means that the teacher meets the requirements set forth in the State's public charter school law; and
  - (ii) the teacher has not had certification or licensure requirements waived on an emergency, temporary, or provisional basis;
- (B) when used with respect to-
  - (i) an elementary school teacher who is new to the profession, means that the teacher-
    - (I) holds at least a bachelor's degree; and
    - (II) has demonstrated, by passing a rigorous State test, subject knowledge and teaching skills in reading, writing, mathematics, and other areas of the basic elementary school curriculum (which may consist of passing a State-required certification or licensing test or tests in reading, writing, mathematics, and other areas of the basic elementary school curriculum); or
  - (ii) a middle or secondary school teacher who is new to the profession, means that the teacher holds at least a bachelor's degree and has demonstrated a high level of competency in each of the academic subjects in which the teacher teaches by-
    - (I) passing a rigorous State academic subject test in each of the academic subjects in which the teacher teaches (which may consist of a passing level of performance on a State-required certification or licensing test or tests in each of the academic subjects in which the teacher teaches); or
    - (II) successful completion, in each of the academic subjects in which the teacher teaches, of an academic major, a graduate degree, coursework equivalent to an undergraduate academic major, or advanced certification or credentialing; and
- (C) when used with respect to an elementary, middle, or secondary school teacher who is not new to the profession, means that the teacher holds at least a bachelor's degree and—
  - (i) has met the applicable standard in clause (i) or (ii) of subparagraph (B), which includes an option for a test; or
  - (ii) demonstrates competence in all the academic subjects in which the teacher teaches based on a high objective uniform State standard of evaluation that—
    - (I) is set by the State for both grade appropriate academic subject matter knowledge and teaching skills;
    - (II) is aligned with challenging State academic content and student academic achievement standards and developed in consultation with core content specialists, teachers, principals, and school administrators;
    - (III) provides objective, coherent information about the teacher's attainment of core content knowledge in the academic subjects in which a teacher teaches;
    - (IV) is applied uniformly to all teachers in the same academic subject and the same grade level throughout the State;
    - takes into consideration, but not be based primarily on, the time the teacher has been teaching in the academic subject;
    - (VI) is made available to the public upon request; and
    - (VII) may involve multiple, objective measures of teacher competency.
- 5. **Parental Involvement**: The participation of parents in regular, two-way and meaningful communication involving student academic learning and other school activities, including ensuring:
  - (A) that parents play an integral role in assisting their child's learning;
  - (B) that parents are encouraged to be actively involved in their child's education at school;
  - (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and
  - (D) the carrying out of other activities, such as those described in section 1118 of P. L. 107-110.

# 6. Professional Development includes activities that:

- (A) improve and increase teachers' knowledge of the academic subjects the teachers teach, and enable teachers to become highly qualified;
- (B) are an integral part of broad schoolwide and districtwide educational improvement plans;
- (C) give teachers, principals, and administrators the knowledge and skills to provide the students with the opportunity to meet challenging State academic content standards and student academic achievement standards;
- (D) improve classroom management skills;
- (E) are high quality, sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction and the teacher's performance in the classroom and are not one-day or short-term workshops or conferences:
- (F) support the recruiting, hiring, and training of highly qualified teachers, including teachers who became highly qualified through State and local alternative routes to certification;
- (G) advance teacher understanding of effective instructional strategies that are:
- (H) based on scientifically based research (except for programs under Title II, Part D, Enhancing Education Through Technology of this Act); and
- strategies for improving student academic achievement or substantially increasing the knowledge and teaching skills of teachers; and
- (J) are aligned with and directly related to State academic content standards, student academic achievement standards, and assessments and the curricula and programs tied to the standards;
- (K) are developed with extensive participation of teachers, principals, parents, and administrators of schools to be served under this Act:
- (L) are designed to give teachers of limited English proficient children, and other teachers and instructional staff, the knowledge and skills to provide instruction and appropriate language and academic support services to those children, including the appropriate use of curricula an assessments;
- (M) to the extent appropriate, provide training for teachers and principals in the use of technology so that technology and technology applications are effectively used in the classroom to improve teaching and learning in the curricula and core academic subjects in which the teachers teach;
- (N) as a whole, are regularly evaluated for their impact on increased teacher effectiveness and improved student academic achievement with the findings of the evaluations used to improve the quality of professional development;
- (O) provide instruction in methods of teaching children with special needs;
- (P) include instruction in the use of data and assessments to inform and instruct classroom practice;
- (Q) include instruction in ways that teachers, principals, pupil services personnel, and school administrators may work
  more effectively with parents; and
- (R) may include activities that:
  - (i) involve the forming of partnerships with institutions of higher education to establish school-based teacher training programs that provide prospective teachers and beginning teachers with an opportunity to work under the guidance of experienced teachers and college faculty;
  - (ii) create programs to enable paraprofessionals (assisting teachers employed by an LEA receiving assistance under Title I Part A) to obtain the education necessary for those paraprofessionals to become certified and licensed teachers; and
  - (iii) provide follow-up training to teachers who have participated in activities described previously in this definition that are designed to ensure that the knowledge and skills learned by the teachers are implemented in the classroom.

# 7. Scientifically Based Research:

- (A) means research that involves the application of rigorous, systematic, and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs; and
- (B) includes research that:
  - (i) employs systematic, empirical methods that draw on observation or experiment:
  - (ii) involves rigorous data analyses that are adequate to test the stated hypotheses and justify the general conclusions drawn;
  - (iii) relies on measurements or observational methods that provide reliable and valid data across evaluators and observers, across multiple measurements and observations, and across studies by the same or different investigators;

- (iv) relies on measurements or observational methods that provide reliable and valid data across evaluators and observers, across multiple measurements and observations, and across studies by the same or different investigators;
- (v) is evaluated using experimental or quasi-experimental designs in which individuals, entities, programs, or activities are assigned to different conditions and with appropriate controls to evaluate the effects of the condition of interest, with a preference for random-assignment experiments, or other designs to the extent that those designs contain within-condition or across-condition controls;
- (vi) ensures that experimental studies are presented in sufficient detail and clarity to allow for replication or, at a minimum, offer the opportunity to build systematically on their findings; and
- (vii) has been accepted by a peer-reviewed journal or approved by a panel of independent experts through a comparably rigorous, objective, and scientific review.
- 8. Teacher Mentoring: Activities that-
  - (A) consist of structured guidance and regular and ongoing support for teachers, especially beginning teachers, that-
    - (i) are designed to help the teachers continue to improve their practice of teaching and to develop their instructional skills; and part of an ongoing developmental induction process that-
      - (I) involves the assistance of an exemplary teacher and other appropriate individuals from a school, local educational agency, or institution of higher education; and
      - (II) may include coaching, classroom observation, team teaching, and reduced teaching loads; and
      - (III) may include the establishment of a partnership by a local educational agency with an institution of higher education.
- 9. **Technology**: State-of-the-art technology products and services.
- W. ESEA Performance Goals, Indicators, and Performance Reporting: The LEA assures it has adopted the five performance goals and the related performance indicators established by the U. S. Department of Education and as submitted in the Texas Consolidated State Application for Funds Under the No Child Left Behind Act. The LEA also assures that it will develop and implement procedures for collecting data related to the performance indicators where such data is not already collected through the Academic Excellence Indicator System (AEIS) or PEIMS and that it will report such data to the Agency in the time and manner requested.
- X. Transfer of School Disciplinary Records: The LEA assures it has a procedure in place to transfer disciplinary records, with respect to a suspension or expulsion, to any private or public elementary school or secondary school for any student who is enrolled or seeks, intends, or is instructed to enroll, on a full- or part-time basis, in the school. This requirement shall not apply to any disciplinary records with respect to a suspension or expulsion that are transferred from a private, parochial or other nonpublic school, person, institution, or other entity, that provides education below the college level (P. L. 107-110, section 4155).

# **Federal Statutory Requirements**

- The LEA must demonstrate that the LEA has analyzed the needs of each school and selected an intervention for each school.
- 2) The LEA must demonstrate that it has the capacity to use these grant funds to provide adequate resources and related support to each Tier campus identified in the LEA's application in order to implement, fully and effectively, the required activities of the school intervention model it has selected.
- 3) If the LEA is not applying to serve each Tier I school (through a separate application for each campus), the LEA must explain why it lacks capacity to serve each Tier I school.
- 4) The LEA must describe actions it has taken, or will take, to design and implement interventions consistent with the final federal requirements, including the services the campus will receive or the activities the campus will implement.
- 5) The LEA must describe actions it has taken, or will take, to recruit, screen, and select external providers, if applicable, to ensure their quality.
- 6) The LEA must describe actions it has taken, or will take, to align other resources with the interventions.
- 7) The LEA must describe actions it has taken, or will take, to modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively.
- 8) The LEA must describe actions it has taken, or will take, to sustain the reforms after the funding period ends.
- 9) The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each campus.
- 10) The LEA must describe the annual goals for student achievement on the State's assessments in both reading/language arts and mathematics that it has established in order to monitor its Tier I and Tier II schools that receive school improvement funds.
- 11) As appropriate, the LEA must consult with relevant stakeholders regarding the LEA's application and implementation of school improvement models on its campus.
- 12) Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.
- 13) Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal requirements.
- 14) Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive grant funds.
- Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization (CMO), or education management organization (EMO) accountable for complying with the final federal requirements.
- 16) Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final federal requirements.
- 17) If the LEA/campus selects to implement the <u>turnaround model</u>, the campus **must** implement the following federal requirements.
  - a. Replace the principal and grant the principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates;
  - b. Using locally adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students;
    - 1. Screen all existing staff and rehire no more than 50 percent; and
    - 2. Select new staff.
  - Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school;
  - d. Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies;
  - e. Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a

- f. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards;
- g. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students;
- h. Establish schedules and implement strategies that provide increased learning time (as defined in this notice); and
- i. Provide appropriate social-emotional and community-oriented services and supports for students.
- 18) If the LEA/campus selects to implement the <u>turnaround model</u>, the campus **may** implement the following federal requirements.
  - 1. Any of the required and permissible activities under the transformation model; or
  - 2. A new school model (e.g., themed, dual language academy).
- 19) If the LEA/campus selects to implement the school **closure model**, the campus **must** implement the following requirement.
  - a. Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available.
  - b. A grant for school closure is a one-year grant without the possibility of continued funding.
- 20) If the LEA/campus selects to implement the <u>restart model</u>, the campus **must** implement the following federal requirements.
  - a. Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides "whole-school operation" services to an LEA.
  - b. Enroll, within the grades it serves, any former student who wishes to attend the school.
- 21) If the LEA/campus selects to implement the <u>transformation model</u>, the campus **must** implement the following federal requirements.
  - 1. Develop and increase teacher and school leader effectiveness.
    - (A) Replace the principal who led the school prior to commencement of the transformation model;
    - (B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that--
      - (1) Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
      - (2) Are designed and developed with teacher and principal involvement:
    - (C) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
    - (D) Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
    - (E) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school.
  - 2. Comprehensive instructional reform strategies.
    - (A) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and
    - (B) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of

- 3. Increasing learning time and creating community-oriented schools.
  - (A) Establish schedules and strategies that provide increased learning time; and
  - (B) Provide ongoing mechanisms for family and community engagement.
- 4. Providing operational flexibility and sustained support.
  - (A) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and
  - (B) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).
- 22) An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as--
  - (A) Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school;
  - (B) Institute a system for measuring changes in instructional practices resulting from professional development; or
  - (C) Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority.
- 23) An LEA may also implement comprehensive instructional reform strategies, such as-
  - (A) Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if ineffective;
  - (B) Implement a schoolwide "response-to-intervention" model;
  - (C) Provide additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited English proficient students acquire language skills to master academic content:
  - (D) Use and integrate technology-based supports and interventions as part of the instructional program; and
  - (E) In secondary schools--
    - (1) Increase rigor by offering opportunities for students to enroll in advanced coursework (such as Advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), earlycollege high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework:
    - (2) Improve student transition from middle to high school through summer transition programs or freshman academies;
    - (3) Increase graduation rates through, for example, credit-recovery programs, reengagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or
    - (4) Establish early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.
- 24) An LEA **may** also implement other strategies that extend learning time and create community-oriented schools, such as--

- (A) Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs;
- (B) Extend or restructure the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;
- (C) Implement approaches to improve school climate and discipline, such as implementing a system of Positive Behavior Intervention and Supports (PBIS) or taking steps to eliminate bullying and student harassment; or
- (D) Expand the school program to offer full-day kindergarten or pre-kindergarten.
- 25) The LEA may also implement other strategies for providing operational flexibility and intensive support, such as-
  - (A) Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA: or
  - (B) Implementa per-pupil school-based budget formula that is weighted based on student needs.

# **Statutory Program Assurances**

- 1) Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.
- Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an
  intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal
  requirements.
- 3) Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive school improvement funds.
- 4) Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final federal requirements.
- 5) Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final federal requirements.
- 6) Applicant provides assurance that it will participate in any evaluation of the grant conducted by the U.S. Department of Education, including its contractors, or the Texas Education Agency, including its contractors.

# **TEA Program Assurances**

- Before full implementation funds are made available, the grantee must demonstrate that all early implementation activities have been completed. Successful completion of the early implementation will be measured in the <u>Quarterly Implementation Reports</u>, the <u>Model Selection and Description Report</u>, and through participation in TEA technical assistance. Copies of the above named reports can be found on the TTIPS website at the following link: <a href="http://www.tea.state.tx.us/index4.aspx?id=7354&menu">http://www.tea.state.tx.us/index4.aspx?id=7354&menu</a> id=798
  - a. The Model Selection and Description Report must be submitted to TEA no later than **February 1, 2011**. This report may be submitted at any time prior to the deadline. Grantees must demonstrate successful completion of the following activities:
    - i. Comprehensive Needs Assessment process.
    - ii. Establish the grant budget by the required categories.
    - iii. Identification and Selection of the intervention model.
    - iv. Development of activities to implement selected intervention model.
    - v. Development of Timeline of Grant Activities.
- 2) The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant.
- The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, the Texas School Improvement Conference, and sharing of best practices.

- 4) For LEAs selecting the TEA Designed Model, the applicant must participate in and make use of technical assistance and coaching support provided by TEA, SIRC, and/or its subcontractors.
- 5) The applicant will establish or provide evidence of a system of formative assessment aligned to the Texas Essential Knowledge and Skills which provides robust, targeted data to evaluate the effectiveness of the LEA's curriculum and its alignment with instruction occurring on the campus; assesses progress on student groups' academic achievement at the campus level; and guide instructional decisions by teachers for individual students.
- 6) The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant intervention models.
- 7) The applicant will provide access for onsite visits to the LEA and campus by TEA, SIRC and its contractors.
- 8) The applicant, if selecting the Restart Model, agrees to contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.
- 9) The applicant, if selecting the Turnaround Model or Transformation Model (Tiers I and Tiers II only) agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership capacity.
- 10) If the LEA/Tier III campus selects to implement the **transformation model**, the campus assures that it will it implement the following federal requirements.
  - 1. Develop and increase teacher and school leader effectiveness.
    - A. Evaluate the effectiveness of the current principal and use the results of the evaluation to determine whether the principal should be replaced, be retained on the campus, or be provided leadership coaching or training.
    - B.Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
    - C.Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
    - D.Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school based on rigorous, transparent, and equitable evaluation systems for teachers and principals:
      - 1. Takes into account data on student growth as a a factor as well as other factors such as multiple observation-based assessments of student performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
      - 2. Are designed and developed and with teacher and principal involvement
  - 2. Comprehensive instructional reform strategies.
    - A. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and
    - B. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.
  - 3. Increasing learning time and creating community-oriented schools.
    - A. Establish schedules and strategies that provide increased learning time; and

  - 4. Providing operational flexibility and sustained support.
    - A. Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and
    - B. Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).
  - 11) An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as-
    - A. Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school:
    - B. Institute a system for measuring changes in instructional practices resulting from professional development; or
    - C. Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority.

- 12) An LEA may also implement comprehensive instructional reform strategies, such as-
  - A. Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if ineffective;
  - B. Implement a school wide "response-to-intervention" model;
  - C. Provide additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited English proficient students acquire language skills to master academic content;
  - D. Use and integrate technology-based supports and interventions as part of the instructional program; and
  - E. In secondary schools--
    - 1) Increase rigor by offering opportunities for students to enroll in advanced coursework (such as advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework;
    - 2) Improve student transition from middle to high school through summer transition programs or freshman academies;
    - 3) Increase graduation rates through, for example, credit-recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or
    - 4) Establish early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.
- 13) An LEA may also implement other strategies that extend learning time and create community-oriented schools, such as--
  - A. Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs:
  - B. Extend or restructure the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;
  - C. Implement approaches to improve school climate and discipline, such as implementing a system of Positive Behavior Intervention and Supports (PBIS) or taking steps to eliminate bullying and student harassment; or
  - D. Expand the school program to offer full-day kindergarten or pre-kindergarten.
- 14) The LEA may also implement other strategies for providing operational flexibility and intensive support, such as-
  - A. Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or
  - B. Implementa per-pupil school-based budget formula that is weighted based on student needs.
- 15) The LEA/campus assures TEA that data to meet the following federal requirements will be available and reported as requested.
  - a. Number of minutes within the school year.
  - b. Average scale scores on State assessments in reading/language arts and in mathematics, by grade, for the "all students" group, for each achievement quartile, and for each subgroup.
  - c. Number and percentage of students completing advanced coursework (e.g., AP/IB), early-college high schools, or dual enrollment classes. (High Schools Only)
  - d. College enrollment rates. (High Schools Only)
  - e. Teacher Attendance Rate
  - f. Student Completion Rate
  - g. Student Drop-Out Rate
  - h. Locally developed competencies created to identify teacher strengths/weaknesses
  - i. Types of support offered to teachers
  - j. Types of on-going, job-embedded professional development for teachers
  - k. Types of on-going, job-embedded professional development for administrators
  - I. Strategies to increase parent/community involvement
  - m. Strategies which increase student learning time

**Texas Title I Priority Schools Grant** 

By submitting the application for American Recovery and Reinvestment Act (ARRA) funds (P.L. 111-5), the applicant agrees to comply with the following provisions and assurances for all programs authorized in Division A of the ARRA, Title I School Improvement Grant (SIG). The applicant understands that failure to comply with one or more of these provisions and assurances may result in the Texas Education Agency (TEA) taking one or more enforcement actions authorized in Title 34 of the Code of Federal Regulations (CFR) §§ 74.62 and 80.43.

In addition to the standard terms of award, all funding provided under the Recovery Act will be subject to the provisions, assurances and conditions for American Recovery and Reinvestment Act of 2009 (ARRA or Recovery Act).

#### Terms defined:

RECIPIENT – The term "recipient" means a State and includes the Texas Education Agency (TEA). It also includes any entity that applies for and receives a grant directly from the federal government.

RECOVERY FUNDS —The term "recovery funds" means any funds that are made available from appropriations made under the Recovery Act.

RECOVERY ACT - the American Recovery and Reinvestment Act (ARRA) of 2009 (P.L. 111-5)

STIMULUS FUNDS – The term "stimulus funds" means any funds that are made available from appropriations under the Recovery Act; the term may be used interchangeably with "recovery funds."

GRANTEE – the subrecipient of TEA and applicant of funds. **A. One-Time Funding:**Unless otherwise specified, ARRA funding is considered one-time funding that is expected to be temporary. Grantees should expend funds in ways that do not result in unsustainable continuing commitments after the funding expires. Grantees must move rapidly, while using prudent grant management practices, to develop plans for using funds, consistent with the ARRA's reporting and accountability requirements, and promptly begin spending funds to

help drive the nation's economic recovery. All ARRA funds must be separately accounted for and tracked in their obligation, expenditure, and reporting.

**B. Period of Availability and Encumbrances/Obligations**: Unless otherwise specified in the Notice of Grant Award (NOGA), all funds are effective from the beginning date specified on the Notice of Grant Award (NOGA) through June 30, 2013. Carryover of funds will not be available beyond that date. Unobligated/unexpended funds will be returned to the Department of Treasury. The paragraph in the General Provisions pertaining to Encumbrances and Obligations applies as follows:

All encumbrances shall occur on or between the beginning and ending dates of the contract. All goods must be received and services rendered and subsequently liquidated (recorded as an expenditure or accounts payable) within the contract dates. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. When an obligation is made is defined in 34 CFR 76.707.

- C. Compliance with Other Provisions and Assurances: All provisions and assurances stated in the General Provisions, Certification Regarding Debarment and Suspension, Lobbying Certification and Disclosure of Lobbying, No Child Left Behind Act (NCLB) Special Provisions and Assurances, and all other program-specific provisions and assurances apply unless they conflict or are superseded by the following terms and conditions implementing the American Recovery and Reinvestment Act of 2009 (ARRA) requirements below. This includes compliance with Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; and all other nondiscrimination provisions. It also includes Title VII of the Civil Rights Act of 1964 (prohibiting race, color, national origin, religion, and sex discrimination in employment; the Americans with Disabilities Act (prohibiting disability discrimination in employment and in services provided by entities receiving federal funds); as well as any other applicable civil rights laws. By submitting this application, the applicant agrees to comply with all such provisions and assurances.
- **D.Compliance with Other Program Statutes:** The applicant agrees to comply with the authorizing program statutes, regulations, non-regulatory guidelines, and other guidance in the implementation of the programs receiving funding under ARRA. This includes compliance with comparability; supplement, not supplant; maintenance of effort (MOE); equitable participation for private nonprofit school students and teachers; and all other program-specific provisions and requirements. All such are hereby incorporated by reference.
- **E. DUNS Number:** All entities receiving any federal funds, including ARRA funds, are required to have a DUNS (Dunn & Bradstreet) number. The DUNS number serves as the grantee organization's unique identifier for reporting federal funds received and expended. TEA must use this same DUNS number to report grant awards and expenditures for subrecipients under ARRA to the website specifically provided for in ARRA <a href="http://www.FederalReporting.gov/">http://www.FederalReporting.gov/</a>. The assignment of a DUNS number is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds. (Section 1512[c][4] of ARRA and the federal Office of Management and Budget (OMB) to comply with the Federal Funding Accountability and Transparency Act [FFATA], P.L. 109-282. OMB adopted the DUNS number as the "unique identifier" required for reporting under FFATA).
- **F. Central Contractor Registration (CCR):** All grantees receiving ARRA funds, as well as any other federal funds, are required to register and maintain current registration with the Central Contractor Registration (CCR) database at <a href="http://www.ccr.gov">http://www.ccr.gov</a>. Registration in CCR is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds.
- **G. ARRA Reporting Requirements:** The federal Office of Management and Budget (OMB) has issued guidance related to reporting the use of ARRA funds to the various websites. The definition of terms and data elements, as well as any specific instructions for reporting, including required formats, are provided in separate guidance issued by the TEA.

The Texas Education Agency as a direct recipient of funds is required to report certain information at certain intervals throughout the grant period as required in Section 1512 of ARRA. In order to meet the reporting requirements, grantees will be required to provide certain information to TEA. By submitting this application, the grantee agrees to provide information in the form, time, and manner requested so that TEA can meet its reporting requirements and deadlines.

1. **Separate Tracking and Monitoring of ARRA Funds**: ARRA funds must be separately tracked and monitored independently of any non-Recovery Act funding. Grantees must submit certain information to TEA in order for TEA to comply with quarterly reporting requirements established in Section 1512 of the Recovery Act. Recovery Act-related reporting requirements are incorporated as a special condition of this award.

- 3. Quarterly Reporting for ARRA: Not later than 10 calendar days after the end of each calendar quarter, TEA and any other direct recipient of ARRA funds must report to the U.S. Department of Education with regard to recovery funds received in accordance with number 4 below (Section 1512[c]). (A "direct recipient" is a state agency or any entity that applies for and receives funds directly from a federal government agency.) TEA must obtain certain information from grantees in order to comply with this reporting requirement. By submitting this application, the grantee agrees to submit information to TEA in the time, form, and manner requested.
- 4. Data Elements for Quarterly Reporting for ARRA: In accordance with Section 1512(c) of ARRA and the Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282), TEA is required to provide quarterly reports to the U.S. Department of Education or through a central government-wide portal (http://www.FederalReporting.gov). The information adopted by OMB contains the following data elements: submitting this application, the grantee agrees to submit the information to TEA in the time, form, and manner requested. The information may change pending final adoption by OMB.

# For each grant that equals or exceeds \$25,000 in total grant award amount:

- a. The grantee organization's DUNS number (TEA will need to collect this information from grantees)
- b. The grant award number (i.e., NOGA ID number) assigned by TEA (TEA will have this information on file)
- c. The legal name of the grantee organization (as registered in the Central Contractor Registration (CCR), if registered) (TEA will have this Information on file provided it is the same legal name on file with TEA)
- d. The physical location (street address) (as listed in the CCR, if registered) (TEA will have this information on file provided it is the same street address on file with TEA)
- e. The (federal) Congressional district number
- f. The grantee organization type (i.e., independent school district, nonprofit organization, etc) (TEA will have this information on file)
- q. The total amount of the grant award (TEA will have this information on file)
- h. The total amount paid to the grantee as of date of report (TEA will have this information on file)
- i. The physical location (street address) of the primary place of performance of the grant (TEA will have this information on file provided it is the same address on file with TEA.)
- j. An evaluation (i.e., status report) of the completion status of the project or activity (for example, Not Started; Less than 50% Completed; Completed 50% or More; Fully Completed) (It is not clear at this time whether this information will need to be collected from the grantees. TEA will notify the grantee in the event status information needs to be collected.)
- k. An estimate of the number of jobs created and the number of jobs retained by the project or activity and a brief description of the types of those jobs (i.e., job titles) (TEA will need to collect this information from grantees.)
- I. The names and total compensation of the five most highly compensated officers of the grantee organization if the organization in its preceding year received 80% or more of its annual gross revenues in Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards and the public does not have access to information about the compensation of senior executives. (It is not known at this time whether this data element will be required once the data elements are finalized by OMB. If it is required in the final data elements, TEA will need to collect this information from the grantees.)

For grants that equal less than \$25,000 in total grant award amount or for grantees that in the previous tax year had gross income under \$300,000, amounts will be reported in the aggregate according to the following:

- a. The total number of grants awarded less than \$25,000 (TEA will have this information file)
- b. The total award (aggregate) amount for all grants less than \$25,000 (TEA will have this information on file)
- c. The total (aggregate) amount paid to grantees for all grants less than \$25,000 as of date of report (TEA will have this information on file)

5. **Posting the Information on Public Website**: Not later than 30 days after the end of each calendar quarter, each federal agency, including the U.S. Department of Education, shall make the information in those reports publicly available by posting the information on the designated public website (Section 1512[d]). Grantees will not be required to post information on the public website unless they apply for and receive other ARRA grants directly from a federal government agency.

Once OMB adopts the final data reporting elements and TEA receives specific instructions for reporting, TEA will provide subsequent guidance to grantees related to required reporting information.

- H. Electronic Drawdown of ARRA Funds from TEA and Use of FAR Fund Codes: Recipients will draw down ARRA funds on an award-specific basis. Pooling of ARRA award funds with other funds for drawdown or other purposes is not permitted. Recipients must account for each ARRA award separately by referencing the assigned FAR (Financial Accounting and Resource) fund code for each award.
- **I. Availability of Records:** The applicant agrees to make all financial and programmatic records available in detail for inspection by TEA auditors, local independent auditors, and the offices described below.
- 1. **Examination of Records:** The Comptroller General of the United States and any of its employees, contractors, agents, representatives, or designees, may examine any records related to obligations and use by any state or local government of funds made available under ARRA. (Section 901[b]).
- 2. Access of Government Accountability Office (GAO): Each contract and each subcontract awarded using funds made available under ARRA shall provide that the Comptroller General of the United States and his representatives are authorized to examine any records of the contractor or any of its subcontractors, or any State or local agency administering such contract, that directly pertain to, and involve transactions relating to, the contract or subcontract and to interview any officer or employee of the contractor or any of its subcontractors, or of any State or local government agency administering the contract, regarding such transactions (Section 902).
- 3. Reviews by Inspector General: The inspector general of the U.S. Department of Education shall review, as appropriate, any concerns raised by the public about specific investments using funds made available in this Act. Any findings of such reviews shall be relayed immediately to the Secretary of Education. In addition, the findings of such reviews, along with any audits conducted by any inspector general of ARRA funds, shall be posted on the inspector general's website and linked to the recovery.gov website, except that portions of reports may be redacted to the extent the portions would disclose information that is protected from public disclosure under sections 552 and 552a of Title 5, United States Code (Section 1514).
- 4. Access of Offices of Inspector General to Certain Records and Employees: With respect to each contract or grant awarded using ARRA funds, any representative of an Inspector General of the U.S. Department of Education or other appropriate federal agency is authorized to examine any records of the contractor or grantee, any of its subcontractors or subgrantees, or any State or local agency administering such contract, that pertain to, and involve transactions relating to, the contract, subcontract, grant, or subgrant, and to interview any officer or employee of the contractor, grantee, subgrantee, or agency regarding such transactions (Section 1515).
- 5. **Recovery Accountability and Transparency Board:** Section 1521 of the ARRA establishes the Recovery Accountability and Transparency Board to coordinate and conduct oversight of ARRA funds to prevent fraud, waste, and abuse. The Board shall submit "flash reports" on potential management and funding problems that require immediate attention; quarterly reports; and annual reports to the President and Congress, including the Committees on Appropriations of the Senate and House of Representatives, summarizing the findings on the use of ARRA funds. The Board may conduct its own independent audits and reviews of ARRA funds. All reports shall be made publicly available on the <a href="https://www.recovery.gov">www.recovery.gov</a> website established by the Board. See paragraphs 3 and K below with regard to reports of suspected fraud or abuse (Sections 1523 and 1524).

- 6. **Recovery Independent Advisory Panel**: Section 1541 of the ARRA establishes the Recovery Independent Advisory Panel to make recommendations to the Recovery Accountability and Transparency Board on action the Board could take to prevent fraud, waste, and abuse relating to ARRA funds.
- **J. Disclosure of Fraud or Misconduct:** Each grantee awarded funds made available under the ARRA shall promptly refer to the USDE Office of Inspector General any credible evidence that a principal, employee, agent, contractor, subrecipient, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.
- **K. Protection for Whistleblowers**: Section 1553 of the ARRA provides protection for State and local government and contractor whistleblowers. Any employee of any employer receiving ARRA funds may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee's duties, to the Recovery Accountability and Transparency Board, an inspector general, the U. S. Comptroller General, a member of Congress, a State or federal regulatory or law enforcement agency, a person with supervisory authority over the employee (or such other person working for the employer who has the authority to investigate, discover, or terminate misconduct), a court or grand jury, the head of a federal agency, or their representatives, information that the employee reasonably believes is evidence of (1) gross mismanagement of an agency contract or grant relating to ARRA funds; (2) a gross waste of ARRA funds; (3) a substantial and specific danger to public health or safety related to the implementation or use of ARRA funds; (4) an abuse of authority related to the implementation or use of ARRA funds; or (5) a violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract), or grant, awarded or issued relating to ARRA funds. A person who believes that he or she has been subjected to a reprisal may submit a complaint regarding the reprisal to the inspector general for the appropriate federal agency (in most cases, the U.S. Department of Education).
- **L. Use of Funds:** The grantee agrees to comply with the applicable federal cost principles in the obligation and expenditure of ARRA funds as identified in the General Provisions and Assurances as well as other limitations or restrictions and expenditures identified therein. The grantee also agrees to the following:
- Consolidation of ARRA Administrative Funds: Due to the significant reporting requirements under ARRA, it is
  not known at this time whether grantees may consolidate ARRA administrative funds with other NCLB
  consolidated administrative funds. TEA will issue further guidance with regard to this provision once guidance is
  provided by the U.S. Department of Education. If ARRA funds are permitted to be consolidated with other NCLB
  consolidated administrative funds, grantees must still be able to report the types and number of jobs that were
  created or saved with ARRA funds.
- 2. **Combining ARRA funds on a Schoolwide Program.** ARRA funds are permitted to be used on a Title I Part A schoolwide Campus/Program, funds may be combined with other funding sources, but grantees still must be able to identify precisely the items of obligation and expenditure for ARRA reporting. You must also be able to report the types and number of jobs that were created or saved with ARRA funds.
- 3. **Special Contracting Provisions**: To the maximum extent possible, contracts funded under the ARRA shall be awarded as fixed-price contracts through the use of competitive procedures. A summary of any new contract awarded with ARRA funds that is not fixed-price and not awarded using competitive procedures shall be posted in a special section of the <a href="https://www.recovery.gov">www.recovery.gov</a> website established by the Recovery Accountability and Transparency Board (Section 1554).
