Special Instructions/Considerations

1. A student who uses this accommodation may need to complete the test in a separate setting to eliminate distractions to other students and to ensure the confidentiality of the test.

2. Student responses on braille tests must be transcribed onto an answer document according to the procedures outlined in the Basic Transcribing and/or Complex Transcribing accommodation policies. If this is not done, the student's test cannot be scored.
3. Specific information about administering braille tests is available in the document titled "General Instructions for Administering Braille State Assessments," located on the Accommodations for Students with Disabilities webpage.
4. Specific Braille Instructions (SBI) supplement the test administrator manuals. They are shipped with the individual braille kits and posted online at <http://www.TexasAssessment.com>.
Test administrators must review these instructions prior to test day to ensure that the test is administered properly. Testing irregularities could result if the SBIs are not used.
