Special Instructions/Considerations

1. A student who uses this designated support may complete the test in a separate setting to eliminate distractions to other students and to ensure the confidentiality of the test.

2. The student must give specific directions about how the test administrator should manipulate test materials, online tools, and equipment, as well as where the test administrator should place the student’s notes (e.g., next to a particular paragraph in a reading selection, underlining certain words or numbers in a question or answer choice). The test administrator may not provide feedback regarding the correctness of the student’s directions.

3. Manipulating test materials must be done by a trained test administrator who has signed the Oath of Test Security and Confidentiality for Test Administrator document. This includes the bottom section of the oath for test administrators who are authorized to view secure state assessments. Responding to test questions, making notes about test questions, and discussing the content of the test at any time are prohibited.

4. If a student needs his or her responses to test questions (i.e., multiple choice, griddable, writing prompt) transcribed onto an answer document or into the STAAR Assessment Management System for online administrations, refer to the Basic Transcribing or Complex Transcribing policies.

5. LPACs may not recommend designated supports for an ELL whose parents have denied bilingual or ESL services.
