Revision	2019–2020 Student Attendance Accounting Handbook:
	Version 2
	Texas Education Agency January 2020
Revision	3.2.1.3 Code 2 Eligible for Half-Day Attendance
	Code 2 indicates that a student is eligible to generate half-day attendance. Code 2 applies to all students entitled to enroll under the
	TEC, §25.001, who are scheduled for and provided instruction at least two hours but fewer than four hours each school day for the
	purposes of ADA. These students include prekindergarten (pre-K) students who meet the eligibility requirements in Section 7
	Prekindergarten (Pre-K) (see 7.5 Eligible Days Present and ADA Eligibility). Additionally, districts providing a full-day pre-K program to eligible four year olds would need to provide 75,600 operational minutes unless they have received a waiver from the agency.
Revision	
	3.2.1.4 Code 3 Eligible Transfer Student Full Day
	Charter schools are only approved to serve students in the geographic boundary authorized in the charter school's charter agreement, unless the student is a child of an employee of the school and regardless of whether the child resides in the geographic boundary served by the school.

Type of Change	Changes to 2019–2020 SAAH
Revision	3.2.3 Age Eligibility
	a student with a disability who graduated by meeting the requirements of 19 TAC §89.1070(b)(2)(A), (B), or (C) or (g)(4)(A), (B), or (C) as determined by an admission, review, and dismissal (ARD) committee and who is still in need of special education services ¹ (This student may be served through age 21 inclusive. ²)
	a student with disabilities who has graduated with a high school diploma under 19 TAC §89.1070(b)(1) or (g)(1) or (3) (This student is no longer eligible to receive services or generate ADA.)
Addition	3.3.1 Residency
	A student whose parent or guardian is an active duty member of the armed forces of the United States may establish residency for the purposes of being enrolled in a school district by providing a copy of a military order that requires the parent or guardian to transfer to a military installation in or adjacent to the district's attendance zone. Proof of residency must be provided within 10 days of the arrival date specified in the order. See the TEC, §25.001(c-1).
Addition	3.3 Enrollment Procedures and Requirements
	A charter school may enroll a child of an employee of the school regardless of whether the child resides in the geographic boundary served by the school under the <u>TEC</u> , §12.117(d).
Addition	3.3.6 Student Entitlement to Attend School in a Particular District
	 Under the TEC, §25.001(b), your school district must admit a student who meets age eligibility requirements if the student: and either parent resides in your school district; does not reside in your school district but has a parent who does and that parent is a joint or the sole managing conservator or possessory conservator of the student; and the student's guardian or other person having lawful control of the person under a court order resides within your school district;

If all the criteria are met for the additional days of incentive funding, a school district or charter school that is entitled to both the incentive and funding for a campus under the TEC, §48.252, may receive only the incentive or the funding for the campus under the TEC, §48.252, whichever would result in the greater amount of funding. Additional funding does not start until September 1, 2020. See the TEC, §48.0051, for more information.
	The Optional Extended Year Program, a grant program that allows for state funding of school days beyond the 75,600 minutes that make up the state funding year, has not been funded for the 2019–2020 school year.
	If a student is in membership for additional days beyond the 75,600 minutes, including intermissions and recesses, that make up the state funding year, the attendance that exceeds the 75,600 minutes will not generate state funding other than the exceptions noted above, assuming eligibility requirements have been met such as providing a 180-day calendar for Additional Days School Year funding. For the purposes of calculating state funding, the state funding calendar year begins the fourth Monday in August unless a district uses a year-round system_or is a District of Innovation that changes its start date.
	Situations sometimes occur in which a student who has been served in one public school throughout the school year moves to another public school that is operating a calendar track during the summer. To account for situations in which school calendars do not align, up to 77,700 minutes of state funding will be allowed for individual students. However, no public school will be funded in excess of a 180-day calendar except for the schools that meet all the criteria for the additional days incentive funding that becomes available starting in the 2020–2021 school year. The criteria are defined in the TEC, §48.0051.
	TEA will adjust the state funding accordingly for any school district or charter school that reports a student whose membership exceeds 77,700 minutes during a state funding year. TEA will not make such adjustments when additional attendance is reported for eligible special education extended school year services.
	If a student attends additional instructional days, the school in which they are enrolled is held accountable to the 180-day requirement, regardless of if the student is attending a different campus. Additionally, the funding for additional days will go the campus in which the student is officially enrolled, even if the services are offered at a different location.
	The following table provides details specific to additional days incentive funding implications for three situations for campuses not providing a full 180-day calendar.

	Eligible children with disabilities aged three through 21 years are entitled to receive a FAPE under the Individuals with Disabilities
	Education Act (IDEA). In Texas, special education and related services for eligible children with disabilities, aged three through five years, have historically been referred to as preschool programs for children with disabilities (PPCD). In an effort to clarify and promote
	understanding that a child who qualifies for these services must be served in the least restrictive environment specified in the
	child's IEP, TEA will phase out references to PPCD in this and other TEA publications over time. Instead, children aged three through five who qualify for special education and related services will receive services through ECSE.

	For a district to claim eligible days present for bilingual education program funding, a district must show that its bilingual education program meets at least one of the three following state requirements. ¹⁰			
	 A student is served in a full-time bilingual instructional program by staff members certified to teach bilingual education. The amount of instruction in each language (the student's home language and English) must align with TEA guidelines specific to either transitional bilingual programs (early exit, late exit) or dual language programs (one-way, two-way). The appropriate bilingual program type code should be recorded for each student served in a bilingual program. 			
	2. A student is served in an alternative language program approved by TEA under an exception to the bilingual education program. A TEA-approved exception remains valid for the current year only (the TEC, §29.061; 19 TAC §89.1207). 	7.2.1 Pre-K Eligibility and Age			
	A child who is three years old is eligible for pre-K only if your district operates a three-year-old pre-K program. A child who is eligible and enrolls in a pre-K class at the age of three remains eligible for enrollment in a pre-K class for the following school year. A child who is five years of age on September 1 of the current school year is not eligible for enrollment in a pre-K class.

	7.2.2 Pre-K Eligibility Based on a Student's Being Limited English Proficient (LEP)			
	If preregistration has not occurred, starting on the first day of school, a district has up to four calendar weeks ¹¹ to complete this documentation. However, as stated before, a district may not claim a student as eligible for pre-K funding until this documentation is on file (see <u>6.10.1 Home Language Survey Requirements</u>).			
Revision				
	7.5 Eligible Days Present and ADA Eligibility			
	Pre-K classes for eligible four year olds must operate on a full-day basis unless the district has applied for and received a waiver. Pre-K classes for eligible three year olds and ineligible three and four year olds may be operated as a half-day program. [42] In general,

	7.5 Eligible Days Present and ADA Eligibility			
	For every student eligible for the program, district personnel must record the total number of eligible days present for each six-week reporting period in the Student Detail Report. For every student who is served in the program but did not meet the eligibility requirements, district personnel must record the total number of ineligible half-days present for each six-week reporting period in the Student Detail Report.			
Revision				
	7.6.7 Example 7			
	A student is served in the pre-K program for the day . The student is eligible for the pre-K program because he is LEP. The district in which the student attends pre-K has a certified bilingual teacher teaching the pre-K class.			
Revision and Deletion				
	8.2 Eligibility			
	Final selection of students to be served in the gifted/talented program must be made by a committee of at least three local district educators who have received training in the nature and needs of gifted students. ¹³			
	Your district must identify a kindergarten student for participation in the gifted/talented program and serve him or her in the program before March 1 of the current school year , unless the student has moved to your district from another district where he or she was previously served.			
	The gifted/talented indicator code must reflect the student's services in the gifted/talented program for each six-week reporting period. If a student stops being served during a reporting period, he or she is shown with a 0 indicator code in the subsequent period unless the gifted/talented program services are resumed for the student during that subsequent period. 14			
	Your district should include all students identified and served in the gifted/talented program as part of its gifted/talented enrollment. [However, not more than 5 percent of your district's students in average daily attendance are eligible for gifted/talented funding. 15]

Revision	Section 13 Appendix: Average Daily Attendance (ADA) and Funding				
	Information on Weights				
	Special Education — Weight: 1.15 to 5.0				

Type of Change	nge Changes to 2019–2020 SAAH				
	A special education student is assigned one of 12 special education instructional settings, each with a varying weight (from 1.15 to 5.0) that is based on the duration of the daily service provided and the location of the instruction.				
Revision					
	Section 13 Appendix: Average Daily Attendance (ADA) and Funding				
	Dyslexia—Weight: 0.1 per student				
	Funding is based on actual counts of students receiving services for dyslexia or related disorders.				
	Compensatory Education—Weight: based on five tiers, 0.225, 0.2375, 0.25, 0.2625, and 0.275; 2.41 for a student receiving PRS Compensatory education funding provides funding for programs and services designed to supplement the regular education program for students identified as at risk of dropping out of school.				
	Funding is based on a student who is educationally disadvantaged and resides in an economically disadvantage census block group. The weights assigned to the five tiers are from least to most severe economically disadvantaged. If insufficient data is available for any school year to evaluate the level of economically disadvantaged in a census block group, a district is entitled to an annual allotment equal to the basic allotment multiplied by 0.225 for each student who is economically disadvantaged and resides in that census block group.				
Addition	Section 13 Appendix: Average Daily Attendance (ADA) and Funding CTE—Weight: 1.35; and \$50.00 for each of the following in which the student is enrolled: • two or more advanced CTE classes for a total of three or more credits; • a campus designated as a P-TECH school under the TEC, §29.556; or • a campus that is a member of the New Tech Network and focuses on project-based learning and work-based education.				
Addition	Section 13 Appendix: Average Daily Attendance (ADA) and Funding Bilingual/ESL—Weight: 0.1 or 0.15 if the student is in a bilingual education program using a dual language immersion/one-way or two-way program model; additional 0.05 weight for programs using a dual language immersion/two-way program model for students not described by the TEC, §48.105(1).				
Deletion	Section 13 Appendix: Average Daily Attendance (ADA) and Funding Gifted/Talented—Weight 0.12 The number of students eligible for this funding is capped for each district at 5 percent of the district's refined ADA.
