### 2020–2021 English Learner Reclassification Criteria Chart

At the end of the school year, a district may reclassify an English Learner (EL) as English proficient if the student is able to participate equally in a general all-English instruction program with no second language acquisition supports as determined by satisfactory performance in the following assessment areas below and the results of a subjective teacher evaluation using the state’s English Learner Reclassification Rubric. An English learner may not be reclassified as English proficient in prekindergarten or kindergarten as per Texas Administrative Code §89.1226(j).

**Subjective Teacher Evaluation** Form: [English Learner Reclassification Rubric](mailto:rubric@email.com)

**Notes:**
- Students for whom the LPAC recommends the use of Oral Administration, Content and Language Supports, or Extra Time as designated supports for English reading or English EOC assessments, may not be considered for reclassification at the end of the school year.
- English learners with significant cognitive disabilities who are receiving special education services may qualify to be reclassified using the following: [Individualized Reclassification Process for a Student with a Significant Cognitive Disability](mailto:process@email.com).
- For an EL who is deaf/hard of hearing (DHH) and exempt from participating in the listening and/or speaking domains of TELPAS due to the inability to perform these components of the exam, the decision to reclassify as English proficient should be based on the information from the remaining components of the state criteria for reclassification.
- For an EL who is blind/visually impaired (VI) and exempt from participating in the reading domain of TELPAS due to the inability of the EL to perform this component of the exam based on the EL’s disability, the decision to reclassify as English proficient should be based on the information from the remaining components of the state criteria for reclassification.
- The LPAC shall monitor the academic progress of each student who has met reclassification criteria during the first two years after reclassification.
