

Online Submission Deadlines for Accommodation Request Forms

Accommodation Request Forms must be submitted to the Texas Education Agency (TEA) in a timely manner to allow committee members the ability to process and review requests, as well as communicate to districts the appropriate procedures for administering a TEA-Approved Designated Support. Requests should be submitted no later than one week prior to the individual student’s test administration window. For circumstances that require an accommodation request but occur after this time (e.g., newly enrolled student, medical emergency, updated admission, review, and dismissal (ARD) committee decision) the district testing coordinator should contact TEA’s Student Assessment Division at 512-463-9536 and ask to speak to a member of the Accommodation Task Force for further instructions.
