Application Part 2: 2020-2021 Additional Days School Year Planning and Execution Program

Authorized by: Title IV, Part A, Section 4107; Texas Education Code Sec. 48.0051 INCENTIVE FOR ADDITIONAL INSTRUCTIONAL DAYS

IMPORTANT NOTICE: Application Part 2 is not compatible with Google Docs.

Complete the supporting budget worksheets first, i.e., 6100, 6200, 6300.... The Program Budget Summary worksheet is linked to and will auto-populate with the amounts you entered on the respective supporting budget worksheets. All budgeted amounts must be entered in whole dollar amounts. **Do not enter any cents.**

On each supporting budget worksheet, complete the Total Program Costs and Total Direct Admin Costs lines. Together these lines must equal the Grand Total otherwise the field will change color to red indicating an error. These amounts will automatically populate on the Program Budget Summary worksheet.

If pre-award costs are allowable, budget all pre-award costs in the Pre-Award Cost column on the appropriate supporting budget worksheet(s).

Payroll 6100

Complete this worksheet to request payroll costs. Do not request funds for consultants or contractors on this worksheet; those funds should be requested on the Professional and Contracted Services 6200 worksheet.

Professional and Contracted Services 6200

Complete this worksheet to request professional services, consulting services, and contracted services.

Supplies and Materials 6300

Complete this worksheet to request supplies and materials.

Other Operating Costs 6400

Complete this worksheet to request other operating costs. Be sure to comply with documentation requirements, where applicable.

Capital Outlay 6600

Complete this worksheet to request capital outlay costs.

Capital outlay means funds budgeted or expended to purchase capital assets, such as equipment, or expenditures for the acquisition cost of capital assets. Capital assets are tangible or intangible assets having a useful life of more than one year, which are valued at \$5,000 or greater per unit, or the applicant's capitalization level, whichever is less. Capital outlay may include expenditures to make improvements to capital assets that materially increase their value or useful life.

Budget Summary

This worksheet auto-populates from the supporting budget worksheets for Program Costs, Direct Admin Costs, and Pre-award Costs, if applicable. There are only a few fields that may require input from the grantee, if applicable, such as indicating *Consolidate Administrative Funds, Indirect Costs, Shared Services Arrangement,* or the *Administrative Cost Calculation*.

Consolidate Administrative Funds - If applicable, click on the cell, then click on the arrow that appears. Select "Yes, No or N/A" from the drop down selection.

Indirect Costs - Refer to the Maximum Indirect Cost Handbook to calculate the maximum indirect costs that may be claimed for the grant and enter the amount of indirect costs budgeted for this grant on line 7 under the Total Budgeted Cost column.

Maximum Indirect Cost Workbook link.

Shared Services Arrangement - If applicable, enter amount of payments to member districts on line 9.

Direct Administrative Cost Calculation - Enter the Total of All Budgeted Costs from line 8 on line 10 to determine the maximum amount allowable for direct administrative costs.

For further guidance, refer to the Budgeting Costs Guidance Handbook.

*For current year indirect cost rates, please visit the Federal Fiscal Compliance and Reporting Indirect Cost Rates page.

Indirect costs are not required to be budgeted in the grant application in order to be charged to the grant. Indirect costs are calculated and reimbursed based on actual expenditures when reported in the expenditure reporting system, regardless of the amount budgeted and approved in the grant application. Indirect costs claimed are part of the total grant award amount, not in addition to the grant award amount. Do not submit an amendment solely for the purpose of budgeting indirect costs.

To calculate the maximum indirect cost, please use the <u>Maximum Indirect Costs Worksheet</u> on the Grants Administration Division's Administering a Grant page.

Attachment II: ADSY Planning and Execution Program Assurances

The table below outlines the cohort criteria for both the Voluntary Summer Learning Cohort and the Full Year Redesign Cohort of the ADSY Planning and Implementation Program. By signing this document, the district representative agrees to implement an Additional Days School Year utilizing each of the criteria outlined in their respective cohort.

Cohort Criteria	Voluntary Summer Learning Cohort	Full Year Redesign Cohort				
Instructional Criteria	Summer learning experiences must: include at least 25 days include at least 360 operational minutes (6 hours) per day include at least 180 instructional minutes (3 hours) dedicated to math and reading per day include additional enrichment activities such as arts, science exploration, and sports	 Design a cohesive 210-day program Update daily master schedule to increase planning time for teachers and enrichment time for students Add additional days on front-end of school year (e.g., start school year in July) so a 210-day program can be completed in time for STAAR test 				
Implementation Date	Voluntary Summer Learning program to be first implemented in the summer of 2021	Full Year Redesign to start in the summer of 2021 as part of the 2021-2022 school year				
Target Students	Campuses may target a subset of students or all students on a campus for the summer learning experience	 Campuses typically target all students on the campus for a full 210-day calendar Campuses may offer a 180-day track and a 210-day track within a school There must be at least a full classroom of students participating in the 210-day track to make option feasible 				
Target Teachers	 Instructional minutes of summer program must be taught by a certified Texas teacher Teachers must be assigned students in a grade level they have taught previously during the school year Participants must develop a rigorous selection process to recruit high performing and motivated teachers 	Students participating in 210-day program must remain with the same teacher during the 210-day school year				
Additional Notes	Please note: The criteria outlined above exceed the requirements to obtain HB3 additional days funding. However, they have been developed to align with existing research on how summer learning leads to improved student outcomes and are therefore required by districts applying to this application to participate in the ADSY cohort.

Re: Grant application for 210 day school

To Whom it May Concern,

While the current traditional calendar in schools has been in place for many years, there are clear unintended consequences that have resulted in schools. This is especially true in schools that serve students who come from economically disadvantaged households. An extended school year would allow the effects of those consequences to be minimized and help schools serve students and the community exceptionally well. For example, most schools that have higher percentages of minority and students of poverty also face higher mobility rates. The movement in and out of school occurs all throughout the year, however, a great amount occurs over the extended summer vacation causing many students to not return the following school year. An extended school year may reduce that mobility rate by allowing schools more time to strengthen the social, academic and emotional support that schools already provide. Additionally, we know that all students tend to experience some amount of organic regression of academic skills learned over the summer. This is magnified in certain school populations where students don't get nutritious meals, proper child care and assistance in reading and practicing skills over the summer.

The teacher retention rate is also low in schools with high mobility rates. Allowing times throughout the year when teachers get to recharge and students re-energize will improve not only the attendance rate of both teachers and students, but also the retention rate of both parties. Besides academic slide, schools like Rockbrook ES also experience high special education numbers, as well as a significant number of students who are in crisis. Both of these situations increase the behavior intensity of students. The continuity of 210 program with shorter breaks would hopefully fulfill the need to re-energize without exacerbating the number of students with behavioral setbacks.

Again, an extended school year would allow us more time to provide consistent routines, meals, and direct instruction while minimizing the impact that an extended summer vacation has on retaining essential knowledge and skills learned during the school year.

Re: ADSY Application

To: Whom It May Concern,

Most public schools were designed around the farming calendar over a hundred years ago. This method is not feasible for some of the students attending public institutions. Not all children are developmentally in the same place and this is due to a number of reasons.

An extended school year for Lewisville Elementary will help to improve academic and enrichment efforts for our Lewisville Elementary Ponies. Our goal is to narrow the achievement gap and set our students on a path to academic and social success to ensure that we are preparing our students to meet the expectations of the 21st century workforce. Adding more time for the instruction of the standards will allow us to balance the core academic instruction with additional opportunities to participate in clubs, social emotional groups, and more engaging enrichment in arts, music, sports, and other aspects of a well-rounded education. This will result in students becoming intrinsically motivated to learn and thrive academically and socially.

Much like Rockbrook, Lewisville Elementary services an extremely mobile campus with widespread discipline issues. Lewisville Elementary is also a dual language campus with a high special education population, including two behavioral special education units. Due to the unique needs of this campus, retention of staff has been difficult. I am always willing to look for ways to improve my campus and life for my students and staff. I am willing to try new things and I am a lifelong learner who learns beside staff and students. Lewisville is a very strong candidate for a 210 day calendar school year.

I hope you will seriously consider Lewisville ES and Rockbrook ES for the ADSY Grant. We want to make positive changes in student lives.

Additional Days School Year Grant Committee Texas Education Agency 1701 North Congress Avenue Austin, Tx 78701

Dear Committee Members:

Lewisville ISD enthusiastically supports the application for participation in the cohort for the Full Year Redesign in the Additional Days School Year Planning and Execution Program. Our vision in LISD is that all of our students enjoy thriving, productive lives in a future they create. This vision is built on the four cornerstones of student learning, student experience, resource stewardship, and community engagement. These foundational areas that guide our district are aligned with the goals of the ADSY full year redesign to maximize student learning time and create a more robust student experience that meets the needs of the whole child through utilizing grant funds to collaborate with our stakeholders to create a new model that can impact our entire district.

Within the past ten years, LISD has seen a 13% increase in the students who are living at or below the poverty level. Additionally, 33% of our student population, or one in every three students, have been identified as at risk of dropping out of school. Our Superintendent of Schools and myself whole-heartedly support the selection of our proposed pilot schools: Lewisville ES and Rockbrook ES for this program. Both of these schools have leaders who are working tirelessly to meet the needs of their students, but struggling to overcome the challenges that occur with summer learning loss and a congested school day that leaves too little time for enrichment and remediation.

As you will read in our application, our district has a successful track record of implementing programs through a pilot model approach that are then able to be brought to scale for the benefit of our 50,000+ students and 68 schools. Additionally, we understand the commitment required to meet the needs of our growing low socioeconomic student population and our systems established have led to an 18% increase in the graduation rate of English Language Learners since 2010-11. At Lewisville HS, located in the feeder pattern with the largest concentration of poverty, the four-year graduation rate for the Class of 2018 was 93.8%. The district has already been exploring programs and approaches for redesigning the school year at our students serving our most at-risk students of dropping out of school. Participating in this grant and learning from technical assistance providers and other school districts will provide the collaboration and support we have been seeking to make this significant change.

If selected for participation in the Full Year Redesign cohort, LISD will be an innovative partner for others and looks forward to helping create models that can benefit the 5.3M+ students in the state of Texas. Thank you in advance for your consideration.

Additional Days School Year Grant Committee Texas Education Agency 1701 North Congress Avenue Austin, Tx 78701

Dear Committee Members:

I am writing this letter to assure the committee that the project manager hired for the Additional Days School Year Planning and Execution Program will be 100% fully dedicated to this project. The district understands the level of commitment and time needed to collaborate with campus leaders, engage with community stakeholders, participate and provide professional learning and create systems for programs of this large scope. Therefore, the project manager will spend all of their time to ensure the Full Year Redesign program is created in a way that can ultimately be brought to scale with other elementary campuses in Lewisville ISD.

With over 18 years of experience at the central office level and the oversight of implementing large scale change through the creation of, dual language programs, elementary STEM academies, restorative practices, HS Collegiate Academy, School of Global Business and Leadership and many more, I am adequately prepared to oversee the project manager. The project manager will report directly to me to ensure that they have access to cross-divisional resources due to the nature of the decisions that will need to be made in implementing this program. Our district has successfully used the project manager model to build and implement many of the aforementioned programs, many of which began as pilots.

It is with the utmost confidence, I assure the committee that our district has the systems and leadership established to successfully hire and support a project manager to coordinate this program.
