Charter Schools Process for Requesting an Indirect Cost Rate

Charter schools must request an indirect cost rate each year by completing and submitting the [Request for an Indirect Cost Rate for Charter Schools for 2021–2022](#) online survey. The deadline for submitting the survey and requesting an indirect cost rate for 2021–2022 is **March 31, 2021**.

Charter School Indirect Cost Rates Based on Resident School District Data

The Texas Education Agency (TEA) will access certified Public Education Information Management System (PEIMS) data related to each charter school’s resident public school districts and their respective calculated indirect cost rates to derive rates for charter schools that have requested a rate via the survey.

Completing and Submitting the Survey

The [Request for an Indirect Cost Rate for Charter Schools for 2021–2022](#) survey is available on the [Indirect Cost Rates](#) page of the TEA website and/or from any active link within this letter.
