

## 2023 PAEMST Selection Committee Application

The Texas Education Agency (TEA) is looking for experts in the fields of math and science education to review and evaluate applications for the Presidential Awards for Excellence in Mathematics and Science Teaching (PAEMST). PAEMST is the highest recognition that a kindergarten through grade 12 mathematics or science teacher may receive for outstanding teaching in the United States. This year's competition is for teachers of grades 7 through 12. Also eligible are teachers of computer science, technology applications, and career and technical education (CTE) courses that include mathematics and science.

The review and evaluation of applications will occur virtually between February 7 and March 10. The first stage of the review is conducted online and must be completed between February 7 and March 1. The final stage of the review may be online and will be in early March, running from 9:00 a.m. until 4:00 p.m. on two consecutive days. A mandatory training for all reviewers will be provided via recorded webinar during the week of January 31.

Reviewers can earn CPE credit in the amount of 15 hours for the online review and an additional 12 hours for the face-to-face review.

Please consider applying to be a part of this important panel of reviewers who will choose the finalists that Texas will submit for consideration as 2023 PAEMST awardees.

To apply to serve on the PAEMST review committees, save this form to your desktop, complete all required fields, and submit it by clicking on the "Submit by E-mail" button on the form or as an attachment to an e-mail directly to [tx\\_paemst@tea.texas.gov](mailto:tx_paemst@tea.texas.gov).

Applications are due on or before 5:00 p.m. CST on **Monday, January 23, 2023**.
