

The Texas Education Agency (TEA) adopts new §61.1003, concerning the career and technology education allotment for Pathways in Technology Early College High School (P-TECH) and New Tech Network campuses. The new section is adopted without changes to the proposed text as published in the May 8, 2020 issue of the *Texas Register* (45 TexReg 3005) and will not be republished. The adopted new section reflects changes made by House Bill (HB) 3, 86th Texas Legislature, 2019, by explaining how TEA will calculate and make available funding under Texas Education Code (TEC), §48.106(a)(2)(B) and (C).

REASONED JUSTIFICATION: HB 3, 86th Texas Legislature, 2019, added to the calculation of the career and technology education allotment under TEC, §48.106(a)(2)(B) and (C), \$50 for each full-time equivalent student enrolled in a campus designated as a P-TECH school under TEC, §29.556, or a campus that is a member of the New Tech Network and that focuses on project-based learning and work-based education. The fiscal note for HB 3 contemplated a school district entitlement under this provision of \$50 per student in average daily attendance (ADA). There were concerns that the new language may only authorize an additional amount for a career and technical education course taken at one of those schools, significantly less than the \$50 per ADA the fiscal note contemplated in the district funding analysis.

Adopted new §61.1003 adjusts entitlement as calculated under TEC, §48.106(a)(2)(B) and (C), to reflect \$50 per student in ADA attending either a school designated as a P-TECH or a school that is a member of the New Tech Network.
