## USCO Policy

The LEA, as a condition of receiving funds under the Every Student Succeeds Act, must establish and implement a policy requiring that

- a student attending a persistently dangerous public elementary school or secondary school (as determined by the Texas Education Agency), or
- a student who becomes a victim of a violent criminal offense, while in or on the grounds of a public elementary or secondary school that the student attends,

is offered and allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school.

Note: If another campus is not available within the LEA, the policy should provide for other types of services to ensure the safety of the student. In addition, the LEA is encouraged to attempt to secure a cooperative agreement with another LEA to accept transfers when reasonable and appropriate. [Section 8532]
